To Custom Produce Sales 401(k) Profit Sharing Plan Trustees and Administrators:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of Custom Produce Sales 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(c) (ERISA Section 103 (a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year of 2023 ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Custom Produce Sales 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103 (a)(3)(c), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the auditors' responsibilities for the audit of the financial statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Custom Produce Sales 401(k) Profit Sharing Plan and to meet our other ethical responsibilities. In accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Custom Produce Sales 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Custom Produce Sales 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, which raise substantial doubt about Custom Produce Sales 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters-Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes (Schedule I) for the year ended December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rule and Regulations for reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our Opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Custom Produce Sales (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have one year of service with at least 1,000 hours worked and are age 21 or older. The Plan was established on April 1, 1996, as a nonparticipant-directed plan; however, it converted to a participant-directed plan on October 1, 2013. The Plan is subject to the provisions of ERISA. The Plan's trustees are responsible for the oversight of the Plan and the appropriateness of the Plan's investment offerings. The plan participants are responsible for monitoring the performance of the investments in which they choose to allocate plan contributions.

Contributions

Each year, participants may contribute pre-tax and post-tax annual compensation as defined by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes a provision whereby all newly eligible employees are provided an opportunity by plan administrators to defer a portion of their salary into the Plan. Additionally, profit sharing amounts may be contributed at the option of the Company's officers (the Plan's trustees) and are invested into a portfolio of investments are directed by the plan participants. For year of 2022, the company made profit sharing of \$52,426 to the Plan. For the year ended December 31, 2023, the Company did not make any profit sharing contributions because most of the Plan sponsor's business was sold.

Participation Accounts

Each participant's account is credited with the participant's contributions and investment earnings. Additionally, each participant's account is credited with an allocation of the Company's profit-sharing contributions and charged with an allocation of administrative expenses based on its respective investments. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (cont.)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Employer contributions are vested as follows:

20 percent:	after two years
40 percent:	after three years
60 percent:	after four years
80 percent:	after five years
100 percent:	after six years

Participant Loans

Loans are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement at the normal retirement age of 65, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of not more than his or her assumed life expectancy (or the assumed life expectancy of his or her beneficiary.) However, if the participant's vested balance does not exceed \$5,000 at the time of termination of service due to death, disability, or retirement, the participant's vested balance can only be distributed to him or her in a single lump sum payment.

A participant whose service is terminated for reasons other than death, disability or retirement and has a vested account balance in excess of \$5,000 may elect to have his or her vested account balance distributed to him as soon as administratively feasible in accordance with plan provisions. However, if the value of his or her vested account balance does not exceed \$5,000, then a distribution will be made to the participant regardless of whether he or she consents to receive it.

NOTE 1 - DESCRIPTION OF PLAN (cont.)

Payment of Benefits (cont.)

If a mandatory payment is being made to a participant because his or her vested interest in the plan exceeds \$1,000 but is less than \$5,000, then the Plan will roll over the distribution to an IRA if the participant does not make an affirmative election to either receive a rollover or distribution.

The plan administrator will notify the employee if the automatic rollover provisions apply to the distribution. After receiving this notice, the employee will have an opportunity to decide whether they wish to receive an automatic payment directly in cash or have it rolled into an eligible retirement plan or IRA. The automatic rollover will be invested in an investment product designed to preserve principal and provide a reasonable rate of return and liquidity, whether or not such return is guaranteed, consistent with liquidity.

The Plan was amended to add the following option of the distribution. A participant is entitled to receive an in-service distribution from his or her vested interest in the Plan once he or she reaches the in-service distribution age of 59 ½.

Hardship withdrawals are not allowed according to the Plan provisions.

Forfeited Accounts

On December 31, 2023 and 2022, forfeited nonvested accounts all totaled \$2,763 and \$5,206 respectively. Forfeited nonvested accounts will be applied to reduce future expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, the participants' accounts shall be 100 percent vested and non-forfeitable. Accounts will be distributed as soon as administratively practicable after the Plan is terminated.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual method of accounting.

Recent Accounting Pronouncements

In July 2019, the AICPA Auditing Standards Board (ASB) issued as a final standard, Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plan Subject to ERISA (EBP SAS)*. The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA).

In an effort to enhance the communicative value and transparency of the auditor's report, SAS No. 136 (1) Reflects a new reporting model for audits of ERISA Plans that among other things, changes the form and content of the auditor's report when management elects to exclude from the audit certain investment information held and certified by a qualified institution, as permitted by ERISA. (2) Includes incremental performance requirements to effect certain of the new reporting requirements in addition to those currently set forth in the existing AU-C sections in AICPA Professional Standards. The effective date of SAS No. 136 was delayed to December 15, 2021, and permitted the early implementation.

The AICPA has issued Statements on Auditing Standards (SAS) 143-145, for audits of financial statements for period ending on or after December 12, 2023. Following the release of several auditing standards effective on 2021 (SAS 134-141) which brought significant changes to the auditor's report, and the release of SAS 142 effective in 2022 related to audit evidence, the AICPA has release further updates applicable to audits of financial statements as follows:

- SAS 143, Auditing Accounting Estimates and Related Disclosures
- SAS 144, Amendments to AU-C Section 501,540, and 520 Related to the Use of Specialists
- SAS 145, Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deletions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

All the estimates carried forward from prior years are revisited in the light of COVID-19 risks and developments, subject to the accounting and disclosure provisions of Accounting Standards Codification (ASC) Topic 250, Accounting Changes and Error Corrections.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Investment Valuation and Income Recognition

The Plan's investments are mostly reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchase and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

On July 31, 2015, the FASB issued ASU 2015-12, under this new standard, plan reporting entities within the scope of ASC 962 and ASC 965 no longer need to measure Fully Benefit-Responsive Investment Contracts (FBRIC) at fair value and would only measure them at contract value. Consequently, plan reporting entities should no longer present a reconciliation of a FBRIC's fair value to its contract value on the face of the financial statements.

Part II of ASU 2015-12 deals with plan investment disclosure. The ASU's amendments to the plan investment disclosure requirements for employee benefit plans, including disclosure requirements for investments in master trusts, within the scope of ASC 960, ASC 962, and ASC 965 (for both participant-directed and nonparticipant-directed investments) include the following: Plan investments need to be disaggregated only by general type within the statement of net assets available for benefits or within the footnotes. Plans are no longer required to provide the disclosures by investment class in accordance with ASC 820-10-50 but must instead provide such disclosures by general type.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company such as audit expense and third-party administrative expense and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The new ASC 2018-13 updated ASC 820 with fair value disclosure changes. Those changes do not apply to this Plan's investment assets.

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying balance sheet, as well as the general classification of such instruments pursuant to the valuation hierarchy.

NOTE 3 – FAIR VALUE MEASUREMENTS (cont.)

Mutual funds valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued at fair value. The Plan's fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. The net asset value is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	4,658,091	-	-	4,658,091
Pooled Separate Account	<u>43,443</u>	-	-	<u>43,443</u>
Total Investment	<u>4,701,534</u>			<u>4,701,534</u>

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	4,306,347	-	-	4,306,347
Pooled Separate Account	<u>42,950</u>	-	-	<u>42,950</u>
Total Investment	<u>4,349,297</u>			<u>4,349,297</u>

The fair value of the investment has been measured to be listed in more accurate categories.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (cont.)

The Plan's financial information included in the financial statements is certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Total investments were \$4,701,534 and \$4,349,297 on December 31, 2023 and 2022, respectively. Total new appreciation (depreciation), interest and dividends combined were \$612,512 and \$(722,190) for the years ended December 31, 2023 and 2022, respectively.

NOTE 5 – RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The trustees of the Plan, who are also the owners of the plan sponsor, are also participants in the Plan and, therefore, qualify as parties-in-interest.

The Trustees holding plan assets provide various services to the Plan and receive compensation and other fees for these services and, therefore, qualify as parties-in-interest. Total fees and commissions paid to these parties-in-interest totaled \$56,976 and \$51,869 for the year ended December 31, 2023 and 2022, respectively.

According to the DOL Regulations, Baker, Chi & Parkey Accountancy Corporation, the Plan's Auditor and Pension Design, the Plan's Third-Party Administrator are also defined as the parties-in-interest.

There are no reportable related party or party-in-interest transactions in 2023 or 2022.

NOTE 6 – TAX STATUS

The IRS has determined and informed the company by a letter dated April 1, 1996, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan's administrator and plan's tax counsel believe that the plan is designed and has been operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 6 – TAX STATUS (cont.)

The Plan was amended to be a participant-directed plan in 2013; and to add an option of distribution in 2018.

The PPA restatement of the Plan was done in 2021 to comply with IRS requirement. The Plan has been updated to the SECURE Act and CARE Act related provisions to the Plan.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

There are possible risks and uncertainties related to the Plan's financial statements given the current Situation. The war between Russia and Ukraine started in February and has not yet ended. COVID seems to be slowing down, but it is still present. Inflation is causing interest rate hikes by the Federal Reserve. All these factors could materially affect Plan's financial statements and the Plan Sponsor's operations. The management is closely monitoring the effects. As of now, the impact on the operation and the Plan is minimal.

NOTE 8 – WITHDRAWING PARTICIPANTS

On December 31, 2023 and 2022, no amounts were allocated to participants who had elected to withdraw from the Plan but had not been paid.

NOTE 9 – ADMINISTRATIVE EXPENSES

The partial administrative expense in the amount of \$2,276 to Pension Design was paid by the Plan Sponsor in 2023. The Plan Sponsor also absorbed the audit fee of \$7,800 in 2023.

NOTE 10 – PARTICIPATION AGREEMENT ADOPTED BY THE PLAN

Most of the participants transferred their assets completely to the ADP TotalSource Retirement Savings Plan by the end of January 2024. The new ADP Plan is sponsored by the company that acquired the Plan sponsor's business, Custom Produce Sales, in 2023 and has been the employer of these participants since May 2023. The few participants remaining in the Plan are employees of Custom Produce Transportation, LLC.

The last payroll of the Plan sponsor dated on May 18, 2023, was taken over by ADP and reported under the acquiring company. During the transition, the Plan elected the acquiring company, Grubmarket, Inc., to be a participating employer. As a result, the deferred contributions from the aforementioned payroll were continuously submitted to John Hancock, the Plan's asset custodian, until the end of May 2023.

The Participation Agreement was executed on May 1, 2023.
