Independent Auditors' Report

To the Trustees of the
POY Holdings LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of POY Holdings LLC 401(k) Savings Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of POY Holdings 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of POY Holdings LLC 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about POY Holdings LLC 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of POY Holdings LLC 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about POY Holdings LLC 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POY Holdings LLC 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following brief description of the POY Holdings LLC 401(k) Savings Plan (the “Plan”) is for general information only. Participants should refer to the summary plan description and plan document for more complete information.

General

The Plan was established on September 1, 1995 and amended and restated on March 31, 2016 and again on August 1, 2022. The Plan is a defined contribution plan that covers substantially all employees of POY Holdings, LLC, (the “Company” or the “Employer”) and its subsidiaries. The subsidiaries include Empire Auto Parts, LLC (NJ), Empire Auto Parts, LLC (MA), Empire Auto Parts, LLC (MD), and Empire Auto Parts, LLC (NC). On September 24, 2021, Empire Auto Parts GA, LLC was incorporated as an additional subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective August 1, 2022, the custodian of the Plan was transitioned from Reliance Trust Company to Principal Trust Company (“Principal”) and the recordkeeper changed from ADP Retirement Services to Principal.

Eligibility

Employees are eligible to participate in the Plan and receive employer matching contributions upon the attainment of 18 years of age and the completion of six months of service. Employees eligible to participate in the Plan can enroll on the first day of each month coinciding with or next following the day they complete their eligibility requirements.

Contributions

Participants may elect to contribute pre-tax and Roth deferral contributions, up to one hundred percent (100%) of their compensation.

The Company is required to make a safe harbor matching contribution equal to 100% of a participant's salary deferral contributions up to 3% of their compensation and 50% of the participant's salary deferral contributions that exceed 3% of their compensation not to exceed 5%. The Company may make discretionary non-elective contributions to the Plan in accordance with the provisions contained in the Plan document. There were no non-elective contributions made by the Company for the year ended December 31, 2022.

Vesting

Participants are fully vested in their own contributions and safe harbor matching contributions plus earnings thereon. Participants vest 20% after one year of service and an additional 20% each subsequent year until they are fully vested after completing five or more years of service in the Company's discretionary non-elective contributions.

POY Holdings LLC 401(k) Savings Plan

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated ("reinstatement period"), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Subsequent to the reinstatement period, plan participants' forfeitures may be used to pay plan expenses or reduce the employers' contribution for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. For the year ended December 31, 2022, forfeitures amounting \$8,007 were applied in conjunction with the payment of the safe harbor matching contributions, and \$1,866 was forfeited from participant accounts. The available balance of forfeitures as of December 31, 2022 and 2021 was \$0 and \$6,557, respectively.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Notes Receivable from Participants

Participants are permitted to borrow 50% of their vested account balance up to a maximum of \$50,000. As of January 1, 2009, loans are only permitted for hardships. The plan was amended with effect from August 1, 2022 to allow loans for general purposes. The term of the loan cannot exceed five years except when the loan is used to acquire or construct a principal residence, which can be repaid over a longer period. Loans are repaid through payroll deductions and monitored by the plan administrator. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate, as determined by the plan administrator. As of December 31, 2022, the interest rates on the outstanding loans range from 4.25% to 8.50%.

Benefits

A participant's vested interest in the Plan's assets is distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the Plan.

Administrative Expenses

Substantially all administrative expenses of the Plan are paid directly by the Company.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

POY Holdings LLC 401(k) Savings Plan

Subsequent Events

The Plan has evaluated subsequent events through May 29, 2024, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Plan's Custodians

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements, that was prepared or derived from information provided by Reliance Trust Company as of December 31, 2021 and for the period from January 1, 2022 through July 31, 2022 and from Principal Trust Company as of December 31, 2022 and for the period from August 1, 2022 through December 31, 2022, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

Information relating to investments and participant loans held by the custodians at December 31, is as follows:

	2022	2021
Mutual Funds	\$ 10,911,478	\$ 13,292,366
Common Collective Trust	1,671,504	2,056,416
Pooled Separate Accounts	100,550	-
Guaranteed Interest Contract	274,664	-
Notes Receivable from Participants	376,472	211,963
	<u>\$ 13,334,668</u>	<u>\$ 15,560,745</u>

The following was also certified by the custodians for the year ended December 31, 2022:

Net depreciation in fair value of investments	\$ (2,964,546)
Dividend income	655,792
Interest income on notes receivable from participants	<u>10,920</u>
	<u>\$ (2,297,834)</u>

Investment Contract with Insurance Company

The guaranteed interest account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. The contract is reflected in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit- responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issue or otherwise. Certain events limit the ability of the Plan to transact at contract value with Principal. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the participants, is probable. The guaranteed interest account does not permit Principal to terminate the agreement prior to the scheduled maturity date.

POY Holdings LLC 401(k) Savings Plan

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology during 2022.

- Mutual funds: Shares held by the Plan at year-end are valued at unadjusted quoted prices in an active market.
- Pooled separate accounts: The fair value of the pooled separate accounts is determined by the fair value of the underlying mutual funds or stocks and fixed income securities. The fair value of the underlying securities is based on quoted prices of similar assets.
- Common collective trust: The fair value of the common collective trust is determined by the trustee of the common collective trust based on the underlying assets which include cash equivalents, guaranteed investment contracts and other financial instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Common Collective Trust	\$ -	\$ 1,671,504	\$ -	\$ 1,671,504
Pooled Separate Accounts	-	100,550	-	100,550

Total investments at fair value	\$ 10,911,478	\$ 1,772,054	\$ -	\$ 12,683,532

POY Holdings LLC 401(k) Savings Plan

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Common Collective Trust	\$ -	\$ 2,056,416	\$ -	\$ 2,056,416
Mutual Funds	13,292,366	-	-	13,292,366
Total investments at fair value	\$ 13,292,366	\$ 2,056,416	\$ -	\$ 15,348,782

5. Related-Party Transactions

Fees paid to ADP and Principal by the Plan for administrative services qualify as party-in-interest transactions and amounted to \$1,185 and \$26,849 respectively for the year ended December 31, 2022. Services rendered by the investment advisor qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of the ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

7. Tax Status

On June 30, 2020, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan's investments are concentrated in a common collective trust and mutual funds that invest in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible the changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Delinquent Contributions

During 2022, the Company did not remit to the Plan's Trustee certain participant contributions and loan repayments, totaling \$12,362 within the time period prescribed by the Department of Labor regulations. Delays in remitting the contributions to the trustee were due to administrative errors. The Company intends to make a contribution to the Plan to compensate for lost earnings resulting from the late payments and to file the required forms with the IRS and or the Department of Labor.
