Independent Auditor's Report

To the Plan Administrator
Beauty Enterprises Inc. Profit Sharing Plan

Opinion

We have audited the financial statements of Beauty Enterprises Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of September 30, 2023 and 2022 (In Liquidation), and the related statements of changes in net assets available for benefits for the years ended September 30, 2023 and 2022 (In Liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2023 and 2022 (In Liquidation), and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Notes 1 and 4 to the financial statements, the Board of Trustees of Beauty Enterprises Inc., the Plan's sponsor, approved a plan of liquidation on January 1, 2022, and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed the basis of accounting used to determine the amounts at which Plan assets are stated to the liquidation basis for the periods after September 30, 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of September 30, 2023 (In Liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Beauty Enterprises, Inc. Profit Sharing Plan
Notes to Financial Statements
September 30, 2023 and 2022 (In Liquidation)

Note 1 - Description of the Plan

The following description of Beauty Enterprises Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established effective September 30, 1979, and most recently amended on January 1, 2022. Employees of Beauty Enterprises, Inc. (the "Company") became eligible to make employee contributions and receive an allocation of the Company's contributions upon completing six months of service and attaining the age of 20½. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees was responsible for oversight of the Plan. The Pension Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Plan's Board of Trustees.

Plan termination

On October 15, 2021, Beauty Enterprises, Inc. announced the sale of the Company. Effective January 1, 2022, the Plan was amended to cease employee and discretionary employer contributions into the Plan. The amendment also initiated the termination process of the Plan effective January 1, 2022. All participant directed investments were distributed on April 25, 2022. On December 22, 2022, final distributions of nonparticipant-directed investments from the Plan were distributed to participants and effective November 1, 2023, the Plan was completely liquidated.

As a result of the termination, in accordance with accounting principles generally accepted in the United States of America ("GAAP"), the financial statements are presented on the liquidation basis of accounting for periods after September 30, 2021 (see Note 2).

Contributions

Prior to the Plan termination, each year participants could contribute an amount up to 100% of their compensation, as defined in the Plan agreement. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participant contributions were recorded in the period during which the Company made payroll deductions from the participant's earnings. Participants could have also made rollover contributions from other qualified plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Company could have made discretionary matching and nonelective contributions. The Company made no contributions for the years ended September 30, 2023 and 2022 (In Liquidation). Discretionary matching and nonelective contributions, if any, were recorded annually. Participants must have been employed on the last day of the Plan year to receive these contributions. Employer contributions were invested directly in the Plan's pool of nonparticipant-directed investments. Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account was credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Beauty Enterprises, Inc. Profit Sharing Plan

Notes to Financial Statements September 30, 2023 and 2022 (In Liquidation)

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of service as follows:

<u>Years of service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Following the decision to terminate the Plan, all participants became 100% vested in their account balances.

Forfeited accounts

Prior to the Plan termination, when a participant was terminated, nonvested contributions were forfeited. At September 30, 2023 and 2022 (In Liquidation), there were no unused forfeited nonvested Company contributions. These accounts could have been used first to reduce the employer's nonelective contribution, then restore participant forfeitures and then offset Plan expenses. There were no forfeited amounts used to reduce employer contributions during the years ended September 30, 2023 and 2022 (In Liquidation).

Payment of benefits

On termination of employment, retirement, the attainment of age 59½, death or permanent and total disability, a participant would receive either a lumpsum amount equal to the value of the vested interest in his or her account or partial payments with a minimum amount of \$5,000. Distributions were subject to the applicable provisions of the Plan agreement.

Note 2 - Summary of accounting policies

Basis of accounting

In accordance with GAAP, due to the termination of the Plan on January 1, 2022 (see Notes 1 and 4), the financial statements as of September 30, 2023 and 2022 (In Liquidation) and for the years then ended were prepared using the liquidation basis of accounting to determine the amounts at which Plan assets are stated.

Use of estimates

The preparation of financial statements in accordance with accounting GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 6 for discussion of fair value measurements.

Beauty Enterprises, Inc. Profit Sharing Plan

Notes to Financial Statements September 30, 2023 and 2022 (In Liquidation)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative charges related to distributions are deducted directly from the respective participant's account. Investment expenses charged by the Plan's investments are paid directly from the underlying assets of the respective investment and are included in the net appreciation (depreciation) in fair value of each type of investment or administrative expenses in the statements of changes in net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through June 5, 2024, which is the date the financial statements were available to be issued. See Note 8 - Subsequent event.

Note 3 - Nonparticipant-directed investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

Beauty Enterprises, Inc. Profit Sharing Plan

Notes to Financial Statements September 30, 2023 and 2022 (In Liquidation)

Note 4 - Plan termination

As discussed in Note 1, the Plan was terminated effective January 1, 2022, subject to the provisions of ERISA. The participant-directed net assets were distributed to participants on April 25, 2022. On December 22, 2022, final distributions of nonparticipant-directed investments from the Plan were distributed to participants and effective November 1, 2023, the Plan was completely liquidated.

Note 5 - Tax status

The prototype Plan document, which the Plan has adopted through a nonstandardized adoption agreement, obtained its latest opinion letter on June 30, 2020, in which the IRS stated the prototype Plan document was in compliance with applicable requirements of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements September 30, 2023 and 2022 (In Liquidation)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022 (In Liquidation).

Money market funds: Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Hedge fund: Valued at the NAV using the audited financial statements of the hedge fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur quarterly. If the Plan initiates a full redemption of the hedge fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023 and 2022 (In Liquidation). Classification within the fair value hierarchy tables is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of September 30, 2023 (In Liquidation)			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,292	\$ -	\$ -	\$ 3,292
Total investments at fair value	\$ 3,292	\$ -	\$ -	\$ 3,292
	Assets at fair value as of September 30, 2022 (In Liquidation)			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 5,715,434	\$ -	\$ -	\$ 5,715,434
Total assets in the fair value hierarchy	5,715,434	-	-	5,715,434
Investments measured at NAV (a)	-	-	-	201,635
Total investments at fair value	\$ 5,715,434	\$ -	\$ -	\$ 5,917,069

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
