REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Stockholders of
One Network Enterprises, Inc.

Opinion

We have audited the consolidated financial statements of One Network Enterprises, Inc. and subsidiaries (the “Company”), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the related consolidated statements of comprehensive income, stockholders’ equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of their operations and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ONE NETWORK ENTERPRISES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2023 and 2022

A. Nature of Business

One Network Enterprises, Inc. (the “Company”) is a Delaware corporation incorporated in 2000 as Elogex, Inc. The Company provides cloud-based, on-demand software solutions that enable companies to collaborate with their supply chain partners. The Company’s corporate offices are located in Dallas, Texas, and has additional offices in the Washington, D.C. area, India, China, and the United Kingdom.

B. Summary of Significant Accounting Policies

A summary of the Company’s significant accounting policies consistently applied in the preparation of the accompanying consolidated financial statements follows:

Basis of Accounting

The accounts are maintained and the consolidated financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries, all of which are wholly owned. Significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect certain reported amounts in the consolidated financial statements and accompanying notes. Actual results could differ from these estimates and assumptions.

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. At December 31, 2023 and 2022, the Company had \$5,156,132 and \$0, respectively, in such cash equivalents, which were made up of money market accounts. The Company maintains deposits in several financial institutions, which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (“FDIC”). The Company has not experienced any losses related to amounts in excess of FDIC limits.

ONE NETWORK ENTERPRISES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

B. Summary of Significant Accounting Policies – continued

Short-Term Investments

The Company's short-term investments consist of certificates of deposit with maturities in April and May 2024. These investments are reported at historical cost, which approximates fair value. All short-term investments are securities which the Company has the ability and intent to hold to maturity. The investments earn interest at 6.50%. Short-term investments as of December 31, 2023 and 2022 were \$1,804,698 and \$0, respectively.

Accounts Receivable and Allowance for Credit Losses

Accounts receivable are recorded at the invoiced amount and do not typically bear interest. The Company regularly monitors and assesses its risk of not collecting amounts owed by customers. At each balance sheet date, the Company recognizes an expected allowance for credit losses. In addition, at each reporting date, this estimate is updated to reflect any changes in credit risk since the receivable was initially recorded. This estimate is calculated on a pooled basis where similar risk characteristics exist. If applicable, accounts receivable are evaluated individually when they do not share similar risk characteristics which could exist in circumstances where amounts are considered at risk or uncollectible.

The allowance estimate is derived from a review of the Company's historical losses based on the aging of receivables. This estimate is adjusted for management's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Company. The Company believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses as the Company's portfolio segments have remained constant since the Company's inception.

The allowance for credit losses for accounts receivable and the related activity as of December 31:

	<u>2023</u>	<u>2022</u>
Beginning balance	\$ 831,582	\$ 372,489
Provision for credit losses	1,388,131	1,902,977
Write-offs	(1,833,348)	(1,443,884)
Recoveries	-	-
Ending balance	<u>\$ 386,365</u>	<u>\$ 831,582</u>

ONE NETWORK ENTERPRISES, INC.

B. Summary of Significant Accounting Policies – continued

Property and Equipment

Property and equipment are carried at cost. Depreciation is provided on the straight-line method over the assets' estimated service lives, ranging from 3 to 7 years. Leasehold improvements are amortized using the straight-line method over the shorter of the remaining lives of the respective leases or the service lives of the improvements. Expenditures for maintenance and repairs are charged to expense in the period in which they are incurred, and betterments are capitalized. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are reflected in the accompanying consolidated statements of comprehensive income.

Revenue Recognition

The Company follows Accounting Standards Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers* (Topic 606), Accounting Standards Codification ("ASC") 606. The core principle of ASC 606 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled for those goods or services. Almost all of the Company's revenue is recognized over time.

Revenue streams include pilots, consulting, implementation fees, and licensing fees. Pilot revenue and consulting revenue is recognized as the services are completed. Implementation fees are recognized over the expected customer life. Licensing fees are recognized over the subscription period. Contract assets represent the Company's right to consideration based on satisfied performance obligations from contracts with customers. Contract liabilities represent payments received from customers prior to the satisfaction of the corresponding performance obligations. Contract liabilities are recognized as revenue once the corresponding performance obligations are satisfied based on the contract with the customer. Contract assets consist of accounts receivable and unbilled accounts receivable. Contract assets related to accounts receivable were \$13,505,546, \$16,138,635, and \$8,403,186 and contract assets related to unbilled accounts receivable were \$453,654, \$6,991,474, and \$10,816,324 as of December 31, 2023, 2022, and 2021, respectively. Contract liabilities consist of deferred revenue which were \$23,806,277, \$15,270,452, and \$10,341,572 as of December 31, 2023, 2022, and 2021, respectively.

Stock-Based Compensation

Share-based payments are recognized in the consolidated statements of comprehensive income based on their fair values which are calculated at the grant date using the Black-Scholes option pricing model for stock option awards. These amounts are recognized on a straight-line basis over the anticipated vesting period.

Taxes Collected from Customers

In the course of doing business, the Company collects taxes from customers, including but not limited to sales taxes. It is the Company's policy to record these taxes on a net basis in the statements of comprehensive income; therefore, the Company does not include the taxes collected as a component of revenues.

Advertising

Advertising costs are expensed as incurred. Advertising expense was \$1,285,531 and \$836,575, respectively, for the years ended December 31, 2023 and 2022, and is included within sales and marketing expenses on the consolidated statements of comprehensive income.

Income Taxes

The Company utilizes the asset and liability method of accounting for income taxes. Deferred income tax assets and liabilities are computed for differences between the consolidated financial statements and income tax bases of assets and liabilities. Such deferred income tax asset and liability computations are based on enacted tax laws and rates applicable to periods in which the differences are expected to reverse. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

Tax positions are evaluated in a two-step process. The Company first determines whether it is more likely than not that a tax position will be sustained upon examination. If a tax position meets the more likely than not threshold, it is then measured to determine the amount of expense to record in the financial statements. The tax position is measured as the largest amount of expense that is greater than 50 percent likely to be realized upon ultimate settlement. The Company recognizes the potential accrued interest and penalties related to unrecognized tax benefits within income tax expense. The Company has not recorded any liability related to uncertain tax positions.

Research and Development Costs

Research and development costs are expensed as incurred.

Foreign Currency Translation

All assets and liabilities in the balance sheet of foreign subsidiaries whose functional currency is other than the U.S. dollar are translated at year-end exchange rates. All revenues and expenses in the statements of comprehensive income, of these foreign subsidiaries, are translated at average exchange rates for the year. Translation gains and losses are not included in determining net income but are shown in accumulated other comprehensive loss on the consolidated balance sheets. Foreign currency transaction losses were \$116,250 and \$172,641 for the years ended December 31, 2023 and 2022, respectively, and are included within other income (expense) on the consolidated statements of comprehensive income.

Software Development Costs

The Company capitalizes the costs of computer software developed for internal use. Software development costs are capitalized during the application development phase of the software. Allowable costs to be capitalized include any direct external costs of services and any payroll and/or payroll related costs for employees who are directly associated with the development of the software. Once the software is “Production Ready,” any ongoing costs associated with the maintenance, bug fixes, or minor enhancements to existing functionality will be expensed in the period in which the cost is incurred. No software development costs were capitalized during the years ended December 31, 2023 and 2022.

Leases

The Company has leases for its office spaces. A lease provides the lessee the right to control the use of an identified asset for a period of time in exchange for consideration. Operating lease right-of-use assets (“ROU assets”) represent the Company’s right to use an underlying asset for the lease term. Operating lease liabilities represent the Company’s obligation to make lease payments arising from the lease. The Company determines if an arrangement is a lease at inception. ROU assets and lease liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. The Company excludes short-term leases having initial terms of 12 months or less from ROU assets and lease liabilities and recognizes rent expense on a straight-line basis over the lease term.

Operating leases are included in right of use asset – operating leases and operating lease liabilities on the accompanying balance sheets.

Leases may contain renewal options that provide for rent increases based on prevailing market conditions. The terms used to calculate the ROU assets and lease liabilities include the renewal options that the Company is reasonably certain to exercise.

The discount rate used to determine the commencement date present value of lease payments is the interest rate implicit in the lease, or when that is not readily determinable, the Company utilizes the applicable risk-free rate in effect at the time of the lease inception. ROU assets include any lease payments required to be made prior to commencement and exclude lease incentives. Both ROU assets and lease liabilities exclude variable payments not based on an index or rate, which are treated as period costs. The Company’s lease agreements do not contain significant residual value guarantees, restrictions or covenants.

The Company’s office lease agreements contain lease and non-lease components, which are accounted for as a single lease component. For these leases, there may be variability in future lease payments as the amount of non-lease component is typically revised from one period to the next. These variable lease payments, which are primarily comprised of common area maintenance, utilities, taxes, and other related fees that are passed on from the lessor in proportion to the leased space, are recognized in operating expenses in the period in which the obligation for those payments was incurred.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations.

Adoption of New Accounting Standards

In June 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU” or “standard”) 2016-13, *Financial Instruments – Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*. Subsequently, the FASB issued several clarifying standard updates to clarify and improve the ASU. These ASUs significantly change how entities will measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model that will be based on an estimate of current expected credit loss (“CECL”). Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity’s exposure to credit risk and the measurement of credit losses. Financial assets held by the Company that are subject to the guidance in Topic 326 were trade accounts receivable. The Company adopted the standard effective January 1, 2023. The impact of the adoption was not material to the financial statements.

D. Line-of-Credit

The Company had a line-of-credit with a financial institution with a maximum borrowing capacity of \$6,000,000 that matured in 2021. In August 2021, the Company entered into a new line-of-credit with a maximum borrowing capacity of \$25,000,000. This line-of-credit bears interest at the greater of 3.25% and the Federal Funds Rate plus 0.5%, and matures in August 2024. The Company incurred borrowing fees of \$188,641 to obtain the line-of-credit, which are being amortized over a period of 3 years. Interest expense on the line-of-credit was \$0 for the years ended December 31, 2023 and 2022, respectively. There was no balance outstanding under the line-of-credit at December 31, 2023 or 2022.

E. Notes Payable, Related Party

The Company has executed promissory notes with the majority shareholder for amounts ranging from \$40,000 to \$7.7 million. The notes were executed from 2004 to 2011 and bear interest at 6%, compounded annually, and are unsecured. The total principal amount outstanding at December 31, 2023 and 2022, was \$9,985,214 and \$11,690,786, respectively. Subsequent to year-end, the Company paid off the notes payable and accrued interest in full in February 2024.

F. Stockholders' Equity (Deficit)

The authorized capital stock of the Company consists of 600,000,000 shares of common stock, par value \$.01 per share, and 500,000,000 shares of preferred stock, par value \$.01 per share. The Company had 89,538,622 shares of common stock and 452,454,106 shares of Preferred Stock outstanding as of December 31, 2023.

The preferred stockholders are entitled to receive dividends when and if declared by the Board of Directors. Liquidation preference per share of the Company's preferred stock is as follow:

Series A-1	\$	0.2030
Series B-1	\$	0.0556
Series C-1	\$	0.1204
Series D-1	\$	0.0090

Each share of common stock entitles the holder to one vote on voting matters. The holders of Series A, B, C, and D preferred stock shall have one vote for each share of common stock into which their shares are convertible at a conversion price of \$0.70 per share.

G. Stock Based Compensation

In 2003 the Company adopted the One Network Enterprises, Inc. Omnibus Incentive Plan (the “Plan”). The Plan was amended in 2013. Pursuant to the Plan, the Board of Directors may grant common stock options to non-employee directors and full-time employees as well as eligible part-time employees, consultants, contractors, or advisory rendering substantial services to the Company. For all stock options issued under the Plan the term is 10 years.

The Company adopted Accounting Standards Update No. 2021-07 (“ASU 2021-07”), *Determining the Current Price of an Underlying Share for Equity-Classified Share-Based Awards*. ASU 2021-07 allows for a practical expedient for a nonpublic entity to determine the current price of equity-classified share-based awards issued to both employees and nonemployees using the reasonable application of a reasonable valuation method. The Company applied this practical expedient and utilized a 409A valuation to calculate the fair value of stock options granted.

To date, the Company has granted stock options. The Plan authorizes grants to purchase up to 118,368,116 shares of authorized common stock. Stock options can be granted with an exercise price less than, equal to or greater than the stock’s fair value at the date of grant. Awards typically vest ratably over four years.

Since the Company’s shares are not publicly traded and its shares are rarely traded privately, expected volatility is estimated based on the average historical volatility of similar entities with publicly traded shares. The risk-free rate for the expected term of the option is based on the U.S. Treasury yield curve at the date of grant.

For the years ended December 31, 2023 and 2022, the Company recognized stock-based compensation expense of \$467,291 and \$379,164, respectively.

At December 31, 2023 and 2022, there were 6,792,401 and 3,265,103 additional shares available for the Company to grant under the Plan, respectively. The grant-date fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option-pricing model.

The weighted average assumptions for 2023 and 2022 grants are provided in the following table:

	<u>2023</u>	<u>2022</u>
Expected dividend yield	0.0%	0.0%
Expected volatility	45.0%	45.0%
Expected term (years)	4.0	4.0

H. Income Taxes – continued

The Company continually reviews the realizability of its deferred tax assets, including an analysis of factors such as future taxable income, reversal of existing taxable temporary differences, and tax planning strategies. The Company assessed whether a valuation allowance should be established against its deferred tax assets based on consideration of all available evidence, using a “more likely than not” standard. In assessing the need for a valuation allowance, the Company considered both positive and negative evidence related to the likelihood of realization of deferred tax assets. As of December 31, 2023, the Company does not believe a valuation allowance is needed for its deferred tax assets.

I. Commitments and Contingencies

Major Customers

The Company had one customer that accounted for 13% and 12% of the Company’s revenue during the years ended December 31, 2023 and 2022, respectively. Two customers accounted for 25% of accounts receivable at December 31, 2023. Two customers accounted for 40% of accounts receivable at December 31, 2022. The loss of these customers could have a material adverse effect on the Company.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No		Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a				
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b				
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c				
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d				
e Was this plan covered by a fidelity bond?	4e				
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f				
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	4g				
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	4h				
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	4i				
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	4j				
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	4k				
l Has the plan failed to provide any benefit when due under the plan?	4l				
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	4m				
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	4n				

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.
