The Board of Trustees

Columbia Academy 403(b) Employee Savings and Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Columbia Academy 403(b) Employee Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended August 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of August 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

(1) Description of plan

The following description of the Columbia Academy 403(b) Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on September 1, 1992 to provide retirement benefits for employees of Columbia Academy, Inc. (the "Plan Sponsor"). The Plan covers substantially all full-time employees and employees expected to normally work more than 20 hours per week and who are age twenty-one or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 403(b) of the Internal Revenue Code ("IRC") or may be made on an after-tax basis in the form of a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations.

The Plan Sponsor will match up to \$1,500 of the participant's contributions during the Plan year. Once participants reach one year of service, the participant is eligible to receive a nonelective contribution. No nonelective contributions were made during 2023 or 2022. Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

(d) Vesting

Prior to June 30, 2016, participants were immediately vested in their elective salary deferral and Plan Sponsor matching and nonelective contributions, plus actual earnings (losses) thereon. Effective July 1, 2016, participants are immediately vested in their elective salary deferral plus actual earnings (losses) and vesting in the Plan Sponsor's contributions is based on years of continuous service as follows:

<u>Full Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Plan loans

Under the terms of the Plan, participants may borrow funds directly from TIAA. Adequate security is required and a portion of the participant's account is held in the fixed annuity funds as collateral in case of default. As of August 31, 2023 and 2022, there were no plan loans outstanding.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or monthly, quarterly, or annual installments equal to or exceeding the annual required minimum distribution amount equal to his or her entire account if the participant's balance exceeds \$5,000. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. A terminated participant with a vested balance less than \$5,000 will automatically receive a distribution to an individual retirement account designated by the Plan Sponsor for the participant. Benefits may be received while a participant is employed by the Plan Sponsor, but only after either reaching age 59.5 or normal retirement age, due to hardship, qualified reservist status, or deemed severance distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. At August 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,654 and \$611, respectively. These accounts will be used to reduce future Plan Sponsor contributions.

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

(c) Participant loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between August 31, 2023 and June 11, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value and contract value of investments held at August 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended August 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") and New York Life Insurance and Annuity Corporation ("New York Life").

Notes to the Financial Statements

August 31, 2023 and 2022

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2023 and 2022.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.
- (ii) *Investment contracts*: Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of August 31, 2023 and 2022:

Fair Value Measurements as of August 31, 2023 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,924,680	\$ -	\$ -	\$ 3,924,680
Investment contracts	<u>-</u>	<u>-</u>	<u>805,983</u>	<u>805,983</u>
Total	\$ <u>3,924,680</u>	\$ <u>-</u>	\$ <u>805,983</u>	4,730,663
Investments measured at NAV as a practical expedient (a)				<u>24,697</u>
Investments at fair value				\$ <u>4,755,360</u>

Fair Value Measurements as of August 31, 2022 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,228,285	\$ -	\$ -	\$ 3,228,285
Investment contracts	<u>-</u>	<u>-</u>	<u>750,935</u>	<u>750,935</u>
Total	\$ <u>3,228,285</u>	\$ <u>-</u>	\$ <u>750,935</u>	3,979,220
Investments measured at NAV as a practical expedient (a)				<u>27,852</u>
Investments at fair value				\$ <u>4,007,072</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV practical expedient as of August 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

There were purchases of level 3 investments of \$7,700 and \$255,261 in the years ending August 31, 2023 and 2022, respectively.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

(5) Fixed and tax sheltered annuity contracts with insurance companies

Fixed annuity contracts

The Plan holds fixed annuity contracts that are guaranteed and backed by the claims-paying ability of the life insurance company, TIAA. The nonbenefit responsive contracts are included in the financial statements at fair value, which approximates contract value as reported to the Plan by TIAA. The benefit responsive contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The contract value of the nonbenefit responsive fixed annuity investment contracts were \$478,139 and \$453,229 as of August 31, 2023 and 2022, respectively. The contract value of the benefit responsive fixed annuity investment contract was \$7,115 and \$2,289 as of August 31, 2023 and 2022, respectively. The crediting interest rate is between 1% and 3% and is subject to change every six months.

Notes to the Financial Statements

August 31, 2023 and 2022

The fixed annuity contracts with TIAA are offered through a variety of sub-contracts which determines the applicability of certain account features, such as the degree of liquidity of the participant's account and the options for receiving income upon retirement. The sub-contract, Retirement Annuity ("RA"), does not allow lump-sum cash withdrawals from the fixed annuity contract and transfers must be spread over a period of 10 annual installments. The sub-contract, Group Retirement Annuity ("GRA"), permits lump-sum withdrawals only within 120 days after termination of employment and is subject to a surrender charge. All other withdrawals and transfers from the RA or GRA fixed annuity contracts to other investment options available to the Plan must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment).

Tax sheltered annuity

The Plan also holds a fixed annuity contract that is guaranteed and backed by the claims-paying ability of the life insurance company, New York Life. The nonbenefit responsive contract is included in the financial statements at fair value, which approximates contract value as reported to the Plan by New York Life. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The contract value of the nonbenefit responsive tax sheltered annuity investment contract was \$327,844 and \$297,706 as of August 31, 2023 and 2022, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

(6) Income tax status

The Plan Sponsor adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2017, which stated that the Plan was designated in accordance with the applicable sections of the IRS. The Plan itself has not received a determination letter from the IRS stating the Plan is qualified under Section 403(b) of the IRC. The plan has since been amended, however, the plan administrator believes that the adopted volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

Certain plan investments are shares or units of mutual funds, a pooled separate account, and investment contracts managed by TIAA, CREF, or New York Life and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of August 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 4,772,232	\$ 4,016,693
Individual participant annuity contracts	<u>726,331</u>	<u>727,080</u>
Net assets available for benefits per the Form 5500	\$ <u>5,498,563</u>	\$ <u>4,743,773</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended August 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Change in net assets available for benefits per the financial statements	\$ 755,539	\$ (536,742)
Change in contributions receivable	-	(1,204)
Change in individual participant annuity contracts	<u>(749)</u>	<u>13,929</u>
Change in net assets available for benefits per the Form 5500	\$ <u>754,790</u>	\$ <u>(524,017)</u>

COLUMBIA ACADEMY 403(B) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to the Financial Statements

August 31, 2023 and 2022

Individual participant annuity contracts consist of insurance contracts with individual participants that the Plan Sponsor determined should be excluded from Plan assets for 5500 reporting purposes.

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent event

Effective September 1, 2023, the Plan Sponsor match will increase to up to \$2,000 of the participant's contributions.
