Independent Auditors' Report

**To the Participants and Plan Administrator of
PEI/Genesis, Inc. Tax Deferral and Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PEI Genesis, Inc. Tax Deferral and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended August 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 31, 2023 and 2022, and for the year ended August 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PEI Genesis, Inc. Tax Deferral and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PEI Genesis, Inc. Tax Deferral and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PEI Genesis, Inc. Tax Deferral and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PEI Genesis, Inc. Tax Deferral and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year)) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEI/Genesis, Inc. Tax Deferral and Savings Plan

Notes to Financial Statements Years Ended August 31, 2023 and 2022

1. Description of the Plan

The following description of the PEI Genesis, Inc. Tax Deferral and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established as a profit-sharing plan in 1956 and was restated in 1998 to include a 401(k) provision. The Plan was most recently restated in July 2015. The Plan is sponsored by PEI/Genesis, Inc. (the “Company”).

Employees are eligible to become a Plan participant on the entry date coincident with or next following the date on which he/she attains the age of 21.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective January 1, 2017, all employees of related employer, FilConn, Inc., who met eligibility requirements were eligible to become Plan participants. Effective February 1, 2023, the Plan was amended to include the related employer Testco, LLC. as participating in the Plan after the Plan Sponsor, PEI Genesis acquired this subsidiary.

Contributions

Participants may elect to defer on a pre-tax basis up to 50% of their regular annual compensation, and up to 100% of bonus compensation, as defined in the Plan. Participants may also elect to make after-tax contributions. Total deferrals in any taxable year may not exceed a dollar limit, which is determined by the Internal Revenue Service each year. Participants may also contribute amounts representing distributions from other qualified plans which are reflected as rollovers in the accompanying statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants.

The Plan automatically enrolls any new employee who is eligible to participate in the Plan, and who does not affirmatively elect to make or not make contributions, at a deferral rate of 1% of the employee’s eligible compensation. The contribution will also automatically increase by 1% each year, up to a maximum of 6% for all employees who do not affirmatively elect otherwise.

Company contributions are made at the discretion of the Board of Directors of PEI/Genesis, Inc. Amounts contributed are allocated using a formula as follows:

- a. A profit-sharing contribution allocated pro rata to each participant who has been credited with at least 1,000 hours of service for the year and is employed on the last day of the Plan year based on the relationship of eligible compensation to the total eligible compensation of all participants. This discretionary amount shall be designated by the Company. No profit-sharing contribution was made for the 2023 plan year.
- b. A Company matching contribution, if any, is determined by the Board of Directors of the Company prior to the end of each Plan year. Participants credited with at least 501 hours of service for the year and employed on the last day of the plan year are eligible to receive matching contributions. For the plan year 2023, the Company matched participant contributions based on a formula applied to each qualifying participant’s first \$3,000 of elective deferrals up to a total matching contribution of \$2,000. The Company matched 150% of each participant’s first \$500 of elective deferrals and 50% of each participant’s elective deferrals between \$500 and \$3,000.

PEI/Genesis, Inc. Tax Deferral and Savings Plan

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the Company's profit-sharing contribution, and an allocation of Plan earnings and losses which are credited or charged on a daily basis based on the specific funds in which the accounts are invested. Participant accounts are also charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are fully vested with respect to their own contributions, plus actual earnings thereon.

Effective March 3, 2014, Company matching contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year of service	None
1 year of service, but fewer than 2	33%
2 years of service, but fewer than 3	66%
3 years of service or more	100%

Active participants hired prior to March 3, 2014, with Company match balances are fully vested in their Company matching contributions.

Company profit-sharing contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years of service	None
2 years of service, but fewer than 3	20%
3 years of service, but fewer than 4	40%
4 years of service, but fewer than 5	60%
5 years of service, but fewer than 6	80%
6 years of service or more	100%
Attainment of age 65, regardless of service	100%

Forfeitures

Forfeitures of non-vested Company contributions are first used to pay administrative expenses then to reduce future employer contributions. Unallocated forfeitures as of August 31, 2023 and 2022 were \$162,773 and \$152,263, respectively.

Notes Receivable from Participants

The Plan has a loan provision which allows participants to borrow amounts with a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance. These loans are subject to current interest rates at the time of application considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. Each participant cannot have more than two loans outstanding at any point in time. Principal and interest are paid ratably through payroll deductions for a period of five years, unless the loan is for the purchase of a principal residence in which case the loan period may extend to ten years.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) death or disability of the participant, (ii) termination of employment, (iii) attainment of normal retirement age (65), or (iv) defined hardship.

Distributions of a participant's account under the Plan can be made in the form of:

- Lump-sum payment
- Life annuity
- Installment payments
- Joint and survivor annuity

PEI/Genesis, Inc. Tax Deferral and Savings Plan

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000. Such distributions must be processed and distributed by December 31, 2020 under current law, unless that date is extended.

Plan management intends to formally amend the Plan for this relief provision no later than December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan’s income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options, which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold as well as held during the year.

The Plan does not maintain any insurance contracts or other investments that are excluded from Plan assets.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of August 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan’s administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

PEI/Genesis, Inc. Tax Deferral and Savings Plan

Subsequent Events

Management evaluated subsequent events for the Plan through June 10, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies: Shares are valued using quoted market prices in an active market.
- Pooled separate account: Shares are valued at the net asset value of the underlying assets, which represent the net asset value of units held by the pooled separate accounts. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions.
- Common collective trusts: Composed of units of underlying trusts which primarily are composed of fully-benefit responsive investment contracts and are valued at the net asset value ("NAV") of units of the underlying trust. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions.

There have been no changes in the methodologies used at August 31, 2023 and 2022. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PEI/Genesis, Inc. Tax Deferral and Savings Plan

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31:

	2023	
	Level 1	Total
Registered investment companies	\$ 28,001,907	\$ 28,001,907
Total investments in the fair value hierarchy	<u>\$ 28,001,907</u>	<u>28,001,907</u>
Pooled separate account and common collective trusts measured at net asset value (a)		<u>3,708,957</u>
Total investments at fair value		<u>\$ 31,710,864</u>

	2022	
	Level 1	Total
Registered investment companies	\$ 26,909,382	\$ 26,909,382
Total investments in the fair value hierarchy	<u>\$ 26,909,382</u>	<u>26,909,382</u>
Stable value fund measured at net asset value (a)		<u>1,778,144</u>
Total investments at fair value		<u>\$ 28,687,526</u>

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures on information certified by the trustee except for comparing such information to information included in the Plan's financial statements and supplemental schedule. Fidelity Management Trust Company, trustee of the Plan, has certified the following information as complete and accurate:

- Investment balances, at fair value, and notes receivable from participants included in the statements of net assets available for benefits as of August 31, 2023 and 2022, and the supplemental schedule of assets (held at end of year) as of August 31, 2023.
- Investment income and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended August 31, 2023.

5. Plan Termination

Although it has not expressed any interest in doing so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Company shall make no further contributions after the termination of the Plan. In the event of Plan termination, amounts credited to the participants' accounts as of the date of termination will be fully vested.

6. Party-In-Interest Transactions

At August 31, 2023 and 2022, the Plan invested in shares of investments managed by Fidelity Advisor, an affiliate of the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

PEI/Genesis, Inc. Tax Deferral and Savings Plan

For the year ended August 31, 2023, administrative fees of \$74,072 were incurred by the Plan, of which \$45,784 was paid to the trustee. Certain other administrative fees were paid by the Company on behalf of the Plan.

7. Tax Status

The Plan is a prototype non-standardized safe harbor profit sharing plan with CODA sponsored by Fidelity Management & Research Co. ("Fidelity"). Fidelity has obtained an opinion letter on the prototype plan dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Generally, the Plan administrator and the Plan may rely on the opinion letter received by Fidelity as to the form of the Plan qualifying under the Code. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2020.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	August 31,	
	2023	2022
Net assets available for benefits per the financial statements	\$ 32,712,143	\$ 29,631,342
Employer contribution receivable	(504,365)	(444,329)
Net assets available for benefits per Form 5500	<u>\$ 32,207,778</u>	<u>\$ 29,187,013</u>

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended August 31, 2023 to net income per Schedule H of Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 3,080,801
Less: Employer contribution receivable at August 31, 2023	(504,365)
Add: Employer contribution receivable at August 31, 2022	<u>444,329</u>
Net income per Form 5500	<u>\$ 3,020,765</u>
