INDEPENDENT AUDITORS' REPORT

June 11, 2024

Trustees
Tireman/World Tire 401(k) Plan
Toledo, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of *Tireman/World Tire 401(k) Plan* (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 21, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to August 21, 2023, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of August 21, 2023 and December 31, 2022, and for the period from January 1, 2023 to August 21, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of Tireman Auto Service Centers, LLC and World Tire Corporation, the Plan Sponsors, approved a plan of liquidation on March 23, 2023, which was completed on August 21, 2023. In accordance with accounting principles generally accepted in the United States of America, the Plan used the liquidation basis in the presentation of these financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the *Tireman/World Tire 401(k) Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan, which covers all employees of *Tireman Auto Service Centers, LLC* and *World Tire Corporation* (collectively, the "Company") who are age 18 or older and completed 60 days of service as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 23, 2023, the Board of Directors of the Company made a decision to terminate the Plan, with no further contributions to be made. At that date, all participants of the Plan became 100% vested, with the plan to distribute all benefits held under the Plan to participants as soon as administratively feasible pursuant to the terms of the Plan. The final and full liquidation of the Plan occurred on August 21, 2023.

Reliance Trust (the "Custodian") is the custodian and recordkeeper of the Plan. The Company is the administrator of the Plan (the "Plan Administrator"). The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Each year participants could contribute up to 100% of annual compensation on a pretax basis, Roth 401(k) contributions, or a combination thereof, as defined in the Plan agreement subject to certain Internal Revenue Service ("IRS") limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Plan also allowed participants to make rollover contributions from other qualified retirement plans. The Company matched a portion of a participant's compensation deferral at the discretion of the Board of Directors. The Company made matching contributions of 50% of employee compensation deferrals up to 6% of compensation, for a maximum matching contribution of 3% of employee compensation. The Company, at its discretion, could have made an additional profit sharing contribution to the Plan with such contribution allocated to eligible participants' accounts based upon a formula which multiplies eligible compensation by a percentage, to determine each participant's allocation. No such profit sharing contributions were made in the period from January 1, 2023 to August 21, 2023. Participants directed the investment of contributions into various investment options offered by the Plan. The Plan offered a money market fund and mutual funds as investment options for participants.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's matching contributions (when made), earnings based on the performance of the investment options elected by the participant, an allocation of the Company's profit sharing contributions (when made), and charged with an allocation of administrative expenses. Participants who initiated a loan or benefit payment were charged a fee for that transaction. Allocations were based on participant compensation, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions was based on years of continuous service. Prior to termination, a participant vested 20% per year of credited service, becoming 100% vested after five years of credited service or upon retirement, permanent disability, or death.

With the effective termination of the Plan on March 23, 2023, all participants became fully vested as of that date.

Notes Receivable from Participants

Participants were allowed to borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 maximum note amount is reduced by the highest outstanding note balance during the previous 12-month period. Participants were not allowed to have more than one note outstanding at any time, and the loan term could not exceed five years unless the proceeds are used for the purchase of a principal residence, in which case the term is ten years. The notes receivable were secured by the balance in the applicable participant's account and bear interest at rates ranging from 4.25% to 8.75%, which were commensurate with local prevailing rates, fixed at the inception of each loan. Principal and interest was collected ratably through payroll deductions, until loans were offset as part of liquidating distributions.

Payment of Benefits

Upon termination of service due to death, disability, financial hardship, retirement or any other distributive event, as defined in the Plan agreement, participants or their beneficiaries would receive an amount equal to the value of the participant's vested interest in their account in a lump-sum payment. The Plan also allowed distributions on attainment of 59 1/2 years of age equal to the value of the participant's vested interest in their account. All benefits accumulated were distributed from the Plan on or before August 21, 2023.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Forfeited Accounts

Forfeited nonvested accounts were used to reduce Plan administrative expenses, with any remaining amounts being used to reduce future employer contributions. Forfeiture assets of \$12,811 were used to reduce Plan administrative expenses for the period January 1, 2023 to August 21, 2023. At August 21, 2023, there were no forfeited nonvested accounts. At December 31, 2022, forfeited nonvested accounts totaled \$1,044.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the Company's decision to terminate the Plan, the Plan's statements of net assets available for benefits and statement of changes in net assets available for benefits are prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The adoption of the liquidation basis of accounting had no impact on the Plan's financial statements as its assets available for benefits were already reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of mutual funds includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expenses when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Certain administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid by the Company are excluded from these financial statements. Fees for custodial, third party administrative and record keeping services are paid by the Plan. Participant accounts are charged directly for loan fees and fees related to certain distribution types.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to August 21, 2023, the most recent statement of net assets available for benefits presented herein, through June 11, 2024, the date these financial statements were available to be issued. No such significant events or transactions were identified.

3. CERTIFIED INVESTMENTS

Certain information related to investments, including investments held at December 31, 2022, and net change in fair value of investments, interest and dividends for the period January 1, 2023 to August 21, 2023, was obtained by management and agreed to and derived from information certified as complete and accurate by Custodian.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2022.

Money market fund: Shares held in the money market fund are comprised of debt securities with individual maturities of 13 months or less and an average maturity of 75 days or less. The composition of securities is structured to maintain a value of \$1 per share.

Mutual funds: Shares held in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 647,976	\$ -	\$ -	\$ 647,976
Mutual funds	12,609,465	-	-	12,609,465
Total investments at fair value	\$ 13,257,441	\$ -	\$ -	\$ 13,257,441

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2022 or for the period ended August 21, 2023.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds and accounts that are managed by T. Rowe Price or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Pension Innovations & Consulting, the Plan's third party administrator, by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which were secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option were paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. TAX STATUS

The Plan uses a prototype plan document sponsored by Pension Innovations & Consulting, LLC. The prototype plan agreement has received an opinion letter from the IRS dated November 30, 2020, stating that the written form of the underlying prototype plan agreement is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan was required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan was being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan was qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress.
