INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of The Davey 401KSOP and ESOP

Opinion

We have audited the financial statements of The Davey 401KSOP and ESOP (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Predecessor Auditor's Opinion on the 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by other auditors whose report, dated June 24, 2022, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of The Davey 401KSOP and ESOP

Opinion

We have audited the financial statements of The Davey 401KSOP and ESOP (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Predecessor Auditor's Opinion on the 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by other auditors whose report, dated June 24, 2022, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2022

A. Description of the Plan

The following description of The Davey 401KSOP and ESOP (the "Plan") provides general information about the Plan's provisions. The Davey Tree Expert Company is the Plan Sponsor (the "Company" and "Sponsor"). Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Sponsor.

The Plan was established for the benefit of eligible employees as of January 1, 1979 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (sometimes referred to as "ERISA").

General--The Plan is a defined contribution plan covering substantially all eligible employees of the Company and each subsidiary of the Company that has adopted the Plan. The eligibility of employees to participate in the Plan is based, in general, on both attaining age 21 and completing one year of continuous service.

The Plan, known for periods prior to January 1, 1997 as The Davey Tree Expert Company Employee Stock Ownership Plan, was last amended and restated effective January 1, 2022. The portion of the Plan consisting of The Davey Tree Expert Company Stock Fund (the "ESOP feature") is an employee stock ownership plan within the meaning of Section 4975(e)(7) of the Internal Revenue Code (the "Code") as a stock bonus plan. The portion of the Plan that is not the ESOP feature is a profit-sharing plan that is intended to qualify under Section 401(a) of the Code and includes a cash or deferred arrangement intended to qualify under Section 401(k) of the Code.

Argent Trust Company ("Argent") serves as trustee for the assets of The Davey Tree Expert Company Stock Fund and Principal Trust Company ("Principal") serves as trustee for all other assets of the Plan. Principal provides custodial services, as well as other services, including executing all buy, sell and reinvestment transactions, and collecting and reporting all dividend and interest payments.

Contributions--Participating employees have the option to make elective contributions, subject to the limit allowed by the Code (\$20,500 for 2022, excluding catch-up contributions), further limited by other maximum contribution limits established by federal law, and subject to a weekly minimum contribution of 1% of the participant's compensation. Participants may also contribute amounts representing rollover distributions from other qualified plans (403(b) plans, 457 plans, conduit IRAs and other 401K plans). Additionally, participants who are 50 or older by the end of the calendar year are also allowed to make additional "catch-up" contributions on either a pre-tax basis or after-tax basis, up to \$6,500 per year.

The Plan is a safe harbor plan. Under the safe harbor plan, the Company made changes to the hardship provisions and is required to make quarterly matching contributions in Company stock equal to 100% of the first three percent and 50% of the next two percent of the participant's W-2 wages, subject to IRS limit of \$305,000 in 2022 which will be 100% vested. This represents a potential maximum contribution of 4% of wages.

Participant Accounts--Each participant's account is (a) credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) plan earnings, and (b) charged with an allocation of administrative expenses. Allocations are based on the participant's selected investment mix. A participant is entitled to the benefit that can be provided from the participant's vested account balance.

Vesting--Participants are immediately vested in their contributions and the Company's matching contribution plus actual earnings thereon.

The Davey 401KSOP and ESOP
Notes to Financial Statements
December 31, 2022

Investment Options--Participants are provided with various fund options to choose, as of December 31, 2022, including directing up to 25% of their total contributions to The Davey Tree Expert Company Stock Fund, subject to diversification provisions. Participants may change their investment options daily.

Payments of Benefits--Participants who terminate may receive distributions of vested benefits either in cash or common shares of the Company based on the participant's specific investments in Plan options. Participants who terminate have one year after termination to receive distributions in cash or common shares but, if that one year lapses, then the participant's investment in the Company Stock Fund will be liquidated and reinvested in other funds. Former participants who receive a distribution of common shares of the Company have two 60-day put option periods in which they may require that the Company purchase those shares at a per share price equal to the value determined by an independent stock valuation firm as of the valuation date immediately preceding the exercise of the put option. Former participants wishing to sell their shares of the Company must offer such shares first to the Plan and then to the Company, although the Plan and the Company are under no obligation to repurchase the shares, other than pursuant to the put option. Should neither the Plan nor the Company desire to purchase the shares, former participants have the right to sell those shares to any other person.

Forfeited Accounts--Forfeited accounts arise from participants whose employment terminates before vesting occurs. However, if a former participant is rehired, in certain instances, forfeited accounts will be restored to the employee's Plan account. Amounts forfeited are used to restore previously forfeited accounts when necessary. Remaining amounts forfeited are used to offset future Company contributions. Forfeited amounts totaling \$77,960 were used to reduce employer matching contributions in 2022. At December 31, 2022, forfeited accounts totaled \$0.

Voting Rights--Each participant is entitled to exercise voting rights attributable to the common shares of the Company allocated to his or her account and is notified by the Trustee at least thirty days prior to the time such rights are to be exercised. Participants are requested to instruct the Trustee as to how shares should be voted. If a participant does not provide the Trustee with instructions as to how shares should be voted, then such shares are voted, as provided in the Plan, proportionately in accordance with instructions received from other participants in the Plan.

B. Summary of Significant Accounting Policies

Basis of Financial Statement Presentation--These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates--The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect reported amounts. Actual results could differ from those estimates.

Evaluation of Subsequent Events Disclosure--The Plan has evaluated subsequent events through June 29, 2023, which is the date the financial statements were available to be issued. No significant matters were identified for recording or disclosure during the evaluation.

Investment Valuation and Income Recognition--The investments of the Plan are reported at fair value.

The Davey 401KSOP and ESOP
Notes to Financial Statements
December 31, 2022

The change in net unrealized appreciation or (depreciation) on investments is included in the statement of changes in net assets available for benefits. Net appreciation (depreciation) in the fair value of investments includes the realized gain or loss on investments sold and unrealized gains/losses on investments held during the year determined on a revalued cost basis.

Purchases and sales of securities are accounted for on the trade date. Dividend income is accounted for on the ex-dividend date.

Administrative Expenses--The costs of administering the Plan are paid by the Company, except for trustee and recordkeeping fees, Company stock valuation services and audit fees, which are paid by the Plan.

C. Fair Value Measurements

Financial Accounting Standards Board ASC 820, "Fair Value Measurements and Disclosures" ("Topic 820") defines fair value based on the price that would be received to sell an asset or the exit price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. Market participants are defined as buyers or sellers in the principal or most advantageous market for the asset or liability that are independent of the reporting entity, knowledgeable and able and willing to transact for the asset or liability.

Valuation Hierarchy--Topic 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value. The hierarchy prioritizes the inputs into three broad levels:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2 inputs are observable inputs other than prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.

Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Valuation Methodology and Valuation Hierarchy Classification

The following is a description of the valuation methodology used for the investments measured at fair value, including the general classification of the investments within the valuation hierarchy.

The Davey Tree Expert Company Common Stock Fund--The Davey Tree Expert Company Common Stock Fund is comprised of the Company's common shares and a small portion of short-term investments. The Company's common shares are not listed or traded on an established public trading market and market prices are, therefore, not available. Semiannually, for purposes of the Davey 401KSOP and ESOP, the fair market value of the common shares is determined by an independent stock valuation firm. The semiannual valuations utilize two approaches in determining the fair value of the common shares, a market approach and an income approach. Each approach utilizes Company performance and financial condition, using a peer group of comparable companies selected by the firm as well as significant

The Davey 401KSOP and ESOP
Notes to Financial Statements
December 31, 2022

unobservable inputs such as projected earnings and cash flow, EBITDA and cost of capital. The results of each valuation approach are averaged to arrive at the fair market value.

The peer group at December 31, 2022 consisted of: ABM Industries Incorporated; Comfort Systems USA, Inc.; Dycom Industries, Inc.; FirstService Corporation; MYR Group, Inc.; Quanta Services, Inc.; Rollins, Inc.; and Scotts Miracle-Gro Company. The semiannual valuations are effective for a period of six months and the per-share price established by those valuations is the price at which the Board of Directors of the Company has determined that the common shares will be bought and sold during that six-month period in transactions involving the Company or one of its employee benefit or stock purchase plans. The Company provides a ready market for all shareholders through its direct purchase of their common shares, although the Company is under no obligation to do so (other than for repurchases pursuant to the put option, as described in Note A).

Mutual Funds--Mutual funds are public investment vehicles valued using publicly-available net asset values ("NAV"). The NAV is a quoted price in an active market.

Common Collective Trust Funds--Common collective trust funds are stated at NAV as determined by the issuer of the common collective trust funds as a practical expedient, based on the fair value of the underlying investments. The Principal and Wells Fargo common collective trust funds have no redemption restrictions and no future commitments from the Plan.

The Plan's investments measured at fair value on a recurring basis at December 31, 2022 were as follows:

Investments Recorded at Fair Value on a Recurring Basis	Total Carrying Value at December 31, 2022	Fair Value Measurements at December 31, 2022:		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Common shares	\$ 168,145,551	\$ —	\$ —	\$ 168,145,551
Mutual funds	139,827,511	139,827,511	—	—

The Davey 401KSOP and ESOP
Notes to Financial Statements
December 31, 2022

The Plan's investments measured at fair value on a recurring basis at December 31, 2021 were as follows:

Investments Recorded at Fair Value on a Recurring Basis	Total Carrying Value at December 31, 2021	Fair Value Measurements at December 31, 2021:		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Common shares	\$ 168,653,897	\$ —	\$ 168,653,897	\$ —
Mutual funds	171,163,786	171,163,786	—	—
Common collective trust funds measured at net asset value ^(a)	33,296,840	—	—	—
	<u>\$ 373,114,523</u>	<u>\$ 171,163,786</u>	<u>\$ 168,653,897</u>	<u>\$ —</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The carrying value amounts presented in these tables are intended to provide reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The changes in Level 3 investments measured on a recurring basis for the year ended December 31, 2022 follow:

	January 1, 2022	Net gains/(losses)	Purchases	Sales	Transfers into (out of) Level 3 (a)	December 31, 2022
Common shares	\$ 168,653,897	3,644,916	16,377,222	(20,530,484)	168,653,897	\$ 168,145,551

- (a) Transfers in and out of Level 3 are considered to occur at the beginning of the period.

Management has evaluated the classification of the common shares and determined that due to significant unobservable inputs used in the independent stock valuation, the shares are more appropriately categorized as Level 3 investments.

D. Concentration of Market Risks and Other Uncertainties

The Plan had investments in the common stock of The Davey Tree Expert Company at December 31, 2022 of \$168,145,551, approximating 49.0% of net assets, and at December 31, 2021 of \$168,653,897, approximating 44.7% of net assets.

The investments in the common stock of The Davey Tree Expert Company are exposed to market risk--the potential economic loss that may result from adverse changes in fair value. Other investments of the Plan are also exposed to various risks, such as market risk, interest risk and credit risk, including risks related to pandemics and international conflicts. See Note A.

Due to the level of risk associated with the common stock of The Davey Tree Expert Company and other investments of the Plan, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

From time to time the Plan may hold cash in excess of Federal Deposit Insurance Corporate limits. However, management believes they are transacting with entities with high credit scores which reduces this risk.

The Davey 401KSOP and ESOP
Notes to Financial Statements
December 31, 2022

E. Transactions with Related Parties and Parties-in-Interest

Certain plan investment choices include funds managed by Principal, one of the trustees for the Plan, and, therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. Fees paid to trustees during 2022 totaled \$378,576. In addition, the Plan holds The Davey Tree Expert Company common stock, see Note D.

F. Prohibited transactions

The Company remitted participant contributions of \$154,152 for certain participants to the Trustee, which was later than required by Department of Labor ("DOL") Regulation 2510.3-102. The Company will file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, the participants' accounts were credited with the amount of investment income that would have been earned had the employee deferrals been remitted on a timely basis.

G. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts, to the extent not already vested.

H. Tax Status of the Plan

The Internal Revenue Service (the "IRS") has determined and informed the Company, in a letter dated September 12, 2016, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter the Plan Sponsor believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and therefore, believes the Plan and related trust continue to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liabilities in the financial statements if the Plan has taken uncertain tax positions that more-likely-than-not, based solely on technical merits, would not be sustained upon examination by the IRS. Plan management has evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition.

The Plan is subject to routine audits by tax jurisdictions for tax years for which the applicable statutes of limitations have not expired. Plan management believes it is no longer subject to income tax examinations for years prior to 2019. Currently, no audits relative to the Plan are in progress.
