Independent Auditor's Report

To the Trustees of
PTA Corporation 401(k) Savings and Retirement Plan
Oxford, Connecticut

Scope and Nature of ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the PTA Corporation 401(k) Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of August 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the PTA Corporation 401(k) Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended August 31, 2023 and 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PTA Corporation 401(k) Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the PTA Corporation 401(k) Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PTA Corporation 401(k) Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PTA Corporation 401(k) Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PTA CORPORATION
401(k) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
August 31, 2023 and 2022

Note A - Description of the Plan

The following description of the PTA Corporation (“Company”) 401(k) Savings and Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a salary deferral defined contribution plan established effective March 1, 1993 and subsequently amended and restated effective September 1, 2010. The Plan covers all employees of the Company who have completed 90 days of service with at least 250 hours of service and having attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan provides that all eligible employees be automatically enrolled in the Plan. The automatic enrollment provision sets forth an initial deferral of 3% of compensation for all newly eligible employees after 90 days and 250 hours of service from the employee’s date of hire.

Administration

The Company is the Plan’s named fiduciary and plan administrator. PASI, LLC (“PASI”) is the TPA of the Plan. Empower Annuity Insurance Company of America (“EAIC”), formerly known as Great-West Life & Annuity Insurance Company is the custodian of the Plan, who holds the Plan’s investment assets and executes investment transactions. EAIC prepares statements for participants, which include amounts of contributions, investment income, disbursements and fair value of investments, along with calculating distributions and forfeitures in the event of a participant’s termination of employment.

Contributions

Participant’s salary reduction election:

The total deferral in 2023 and 2022 fiscal years may not exceed \$22,500 and \$20,500, in each year respectively. This amount will be adjusted annually in accordance with the Internal Revenue Service. Participants have the option of making either 401(k) elective deferral contributions or designating some or all as ROTH 401(k) elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants who will reach age 50 by the end of the tax year may contribute an additional \$7,500 and \$6,500 for the fiscal years 2023 and 2022, respectively.

Employer matching contribution:

The Company may make a discretionary matching contribution provided that the total matching contribution shall not exceed 50% of the first 5% of base compensation. Any participant actively employed during the Plan year having attained age 18 and 12 months of service in which the employee works or receives credit for at least 1,000 hours of service shall be eligible to share in the matching contribution for the Plan year. The Company’s matching contributions to the Plan for the years ended August 31, 2023 and 2022 were \$263,621 and \$230,377, respectively.

NOTES TO FINANCIAL STATEMENTS
August 31, 2023 and 2022

Note A - Description of the Plan (continued)

Employer discretionary contribution:

The Company may make a discretionary contribution. Only participants who have completed a year of service and are actively employed on the last day of the Plan year shall be eligible to share in the discretionary contribution for the year. The Company did not make a discretionary contribution to the Plan for the years ended August 31, 2023 and 2022.

Participant accounts

Each participant's account is credited with the participant's deferrals and the Company's matching contribution and Plan earnings. Plan contributions are participant directed and are invested in one or more investment vehicles available to participants under the Plan. Earnings and losses are determined by individual investment vehicle performance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions and employer discretionary matching contributions in any whole percent increments in any of the various investment options available by the Plan. Participants may change their investment options on a daily basis.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the non-forfeitable accrued benefit of the participant under the Plan. Loan terms range from 1-5 years, unless the proceeds are used for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% to 9.50% for the years ended August 31, 2023 and 2022.

Note A - Description of the Plan (continued)

Payment of benefits

Every participant may terminate his employment with the employer and retire for the purposes hereof on their normal retirement date or early retirement date. Upon such normal retirement date or early retirement date, benefits payable must begin no later than ninety (90) days after the end of the Plan year in which the latest of the following events occur: normal retirement date, the 5th anniversary of the date of becoming a participant in the Plan or the date employment is terminated with the employer. Also, benefits must commence by April 1 following the end of the calendar year in which a participant attains age 72, unless employment has not been terminated and the participant is not a greater than 5% owner of the Company. The Plan custodian shall distribute to a participant or his beneficiary any amount to which he is entitled under the Plan either in one lump sum, in installment payments, by the purchase of a qualified joint and survivor annuity, or any other form of annuity.

Forfeitures

Forfeited balances of terminated participants' accounts are made available for several purposes such as (i) to restore previously forfeited account balances of returning participants who are so entitled, (ii) pay Plan expenses and (iii) reduce future employer contributions. During the years ended August 31, 2023 and 2022, \$24,773 and \$24,634 was used to reduce the Company matching contributions, respectively. Forfeited non-vested accounts totaled \$26,554 and \$20,486 at August 31, 2023 and 2022, respectively.

Note B - Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
August 31, 2023 and 2022

Note B - Significant Accounting Policies (continued)

Investment valuation and income recognition

The fair value of assets is determined using various methods, which are impacted by a number of factors, including the availability of observable market data over the contractual term of the underlying assets. For some of the Plan's assets, fair value is determined based on directly observable market data or data available for similar assets in similar markets. For other assets, the fair value may be determined based on these inputs as well as other assumptions related to estimates of these assets, such as the creditworthiness of the issuer. Changes in net unrealized appreciation or depreciation are captured in the carrying value of the underlying investments in the Statements of Net Assets Available for Benefits in accordance with US GAAP guidance. Dividends are recorded on the ex-dividend date.

Plan investments in mutual funds are stated at fair value based upon quoted market prices. Shares of common/collective trust funds are valued at net asset value. The valuation of investment contracts are measured at fair value, which approximated contract value

Contributions

Employee and employer matching contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

Notes receivable from participants

Participant loans are classified as notes receivable, and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for loan losses has been recorded as of August 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Company has elected to charge administrative fees to the Plan's trust and all other expenses are paid by the Company.

Note C - Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 Inputs: Valuation based on quoted prices in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date, and where transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Inputs: Valuation based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, that is markets in which there are few transactions, prices are not current, or prices vary substantially over time.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs: Valuation based on inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at August 31, 2023 and 2022.

Shares of Registered Investment Companies:

The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of August 31, 2023 and 2022.

Common Collective Trusts

The Plan has investments in common / collective trust funds. The Company determined the valuation measurement inputs of all common / collective trust fund investments reflect prices based upon quoted market prices utilizing public information and required no independent third-party valuation or pricing services. Accordingly, the Company concluded the valuation measurement inputs of these securities reflect, at the lowest level, quoted market prices for identical or similar assets in markets where there are few transactions for the assets and categorized such investments within Level 2 of the hierarchy framework. The common / collective trust funds have a daily redemption frequency with one day redemption notice. There are no unfunded commitments.

401(k) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
August 31, 2023 and 2022

Note C - Fair Value Measurements (continued)

Fixed Annuities/General Account

The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The fixed annuities have a daily redemption frequency with one day redemption notice. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis:

		Based on:

NOTES TO FINANCIAL STATEMENTS

Note D – Fully Benefit-Responsive Investment Contract

The Plan is invested in the Key Guaranteed Portfolio Fund (“GPF”). The GPF is a fully benefit-responsive stable value fund. THE GPF is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is based on the contract spot rate. The crediting rate is reviewed on a monthly or quarterly basis depending on each contract for resetting.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for the fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of August 31, 2023 and 2022, the group annuity contract is presented on the face of the Statement of Net Assets Available for Benefits at contract value, which approximates fair value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include; amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or the failure of the Plan to qualify for the exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believe that any events that would limit the Plan’s ability to transact at contract value with participants are not probable of occurring.

Note E - Certified Financial Information

The plan administrator having determined it is permissible in the circumstances, has elected to have the audit of the PTA Corporation 401(k) Savings and Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditor not to extend audit procedures to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Note E - Certified Financial Information (continued)

Management has obtained a certification from EAIC as of and for the plan years ended August 31, 2023 and 2022 stating that the certified investment information listed below is complete and accurate:

	<u>2023</u>	<u>2022</u>
Registered investment companies	\$ 20,306,055	\$ 17,873,654
Insurance company general account	759,040	891,023

Total investments	<u><u>\$ 21,084,472</u></u>	<u><u>\$ 18,783,701</u></u>
Net change in fair value of investments	\$ 1,077,452	\$ (5,415,189)
Interest and dividends	1,039,339	1,911,400
Other income	9,672	-
Net investment income (loss)	<u><u>\$ 2,126,463</u></u>	<u><u>\$ (3,503,789)</u></u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note F - Deposits with Insurance Company

Insurance company general account

The Plan participates in a benefit-responsive group annuity contract with EAIC. EAIC maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals. The contract is included in the financial statements at fair value as reported to the plan by EAIC, which approximates contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for the years ended August 31, 2023 and 2022 for credit risk of the contract issuer or for any other reason or event. The average yield and crediting interest rates were approximately .6% and .9% as of August 31, 2023 and 2022, respectively. Such interest rates are reviewed on a monthly basis for resetting.

Note G - Related Party and Party In Interest

Certain Plan investments are managed by affiliates of EAIC, who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant loans are also considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan also made payments to PASI, LLC for third party administration in the amount of \$3,145 and \$5,625 for plan years ended August 31, 2023 and 2022, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

PTA CORPORATION
401(k) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
August 31, 2023 and 2022

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full termination, partial termination, or the complete discontinuance of contributions by the Company, all amounts credited to the affected participants' combined accounts shall become 100% vested.

Note I - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note J - Risk and Uncertainties

The Plan provides the participant with options of investing in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statements of Changes in Net Assets Available for Plan Benefits.

Note K - Subsequent Events

Management has evaluated subsequent events through June 11, 2024, the date on which the financial statements were available to be issued.
