Independent Auditor's Report

To the Plan Administrator
Kontoor Brands 401(k) Savings Plan
Greensboro, North Carolina

Opinion

We have audited the financial statements of the Kontoor Brands 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to

each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Kontoor Brands 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by Kontoor Brands, Inc. (the "Company" or "Kontoor"), is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering substantially all U.S. employees of Kontoor and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is the Kontoor Brands, Inc. Retirement Plans Committee (the "Committee" or "Plan Administrator"). The Plan year begins each year on January 1 and ends on December 31 ("Plan Year").

Eligibility

Employees of the Company become eligible to participate in the Plan as of the first day of the month following the date of hire.

Contributions

Participants may elect to contribute between 1% and 75% of their annual compensation on a pre-tax or Roth 401(k) basis or any combination of the two, as defined in the Plan, subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions up to 75% of their annual compensation, as defined by the Plan, subject to the IRC limitation on catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan utilizes a safe harbor design under Internal Revenue Service ("IRS") regulations in which employee pre-tax, employee Roth and employer matching contributions are not subject to discrimination testing, and the Company matches 100% of the first 6% of eligible compensation that a participant contributes to the Plan ("safe harbor matching contributions"). The Company makes safe harbor matching contributions each payroll period, except for the true-up contribution discussed below.

In 2023, the Plan adopted a year-end true-up contribution ("true-up contribution") for employees who have not received their full maximum safe harbor matching contribution for the year. The Company calculates its matching obligation based on the participant's full Plan Year contributions, and contributes any true-up contributions necessary, so that the maximum safe harbor matching contribution allowed under the Plan Year is made for each participant, if applicable. Any required true-up contribution is included within Employer contributions receivable as of the Plan year-end.

The Plan includes an automatic enrollment feature known as an Eligible Automatic Contribution Arrangement ("EACA"). Under the Plan's EACA provisions, if eligible employees do not elect to make pre-tax salary deferrals or Roth contributions or do not elect to opt out of EACA, the Plan will automatically withhold 2% of the participant's eligible earnings from each pay period and contribute that amount to the Plan as a pre-tax salary deferral contribution.

Participant Accounts

Individual accounts are maintained by the Plan's record-keeper for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions and investment funds' earnings. In addition, each participant's account is charged with investment funds' losses and withdrawals, including benefit payments, and an allocation of administrative expenses based on participant earnings or account balances, as defined within the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately vest in their contributions, and in the Company's safe harbor matching contributions, plus actual earnings thereon.

Investment Options

Fidelity Management Trust Company ("Fidelity" or the "Trustee") currently serves as Trustee for all Plan investments. Participants may direct the investment of their contributions and the Company's safe harbor matching contributions into one or more formal investment options offered by the Plan, including mutual funds, collective investment trusts, the Kontoor Brands, Inc. Common Stock fund, a fully benefit-responsive investment contract and various other mutual funds and exchange-traded funds available through a self-directed brokerage account. Dividends paid on shares in the Kontoor Brands, Inc. Common Stock fund are automatically reinvested in Kontoor Brands, Inc. Common Stock.

If a participant does not direct the investment of contributions, they will be invested in the age-appropriate target date fund. Participants may change their deferral percentage and investment direction at any time.

Payment of Benefits

Participants may withdraw the vested value of their accounts upon retirement, disability, death or termination of employment. Participants may elect to receive distributions in a lump sum or installments, or accounts may be rolled over into another IRS-approved tax deferral account. The Plan provides for mandatory distribution of account balances less than \$5,000 following termination of employment with (i) the automatic rollover to an Individual Retirement Account ("IRA") of any mandatory distributions exceeding \$1,000 but equal to or less than \$5,000 for which the participant does not elect a direct rollover to an IRA or another qualified plan; or (ii) a direct payment to the participant of any mandatory distributions less than \$1,000. Subject to certain limitations, in-service hardship withdrawals are permitted on demonstration of financial hardship, and in-service withdrawals of all fully vested balances are available for distribution after the participant reaches the age of 59 ½.

Forfeitures

Forfeitures can be used to pay Plan expenses or to reduce safe harbor matching contributions.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance. They may borrow only from their participant contribution and rollover account balances. Notes receivable are collateralized by the participant's vested account balance. Participants are charged interest at the Reuters prime rate plus one percent, based on the rate in effect on the first business day of the month in which funds are borrowed, and the interest rate is fixed for the term of the loan. Participants must repay the principal within 60 months, or 120 months if the loan is for the purchase of their primary residence. Loan payments are made through payroll deductions. At termination of employment, a participant may elect to continue paying their outstanding loan directly through Fidelity. Loan interest rates on participant loan balances ranged from 3.25% to 9.50% at December 31, 2023.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate or modify the Plan at any time, subject to the Plan provisions of applicable law. In the event of plan termination, participants will remain 100% vested in their accounts.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. See Note 6 and Note 7 to the Plan's financial statements for additional information on investments measured at fair value and contract value, respectively. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities, including gains and losses thereon, are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest is recorded on the accrual basis. Net appreciation in the fair value of investments includes realized gains (losses) from investments that were purchased and sold during the year as well as the net change in unrealized gains (losses) on investments held at year end.

Contributions

Participants' contributions and the Company's safe harbor matching contributions are recorded in the period that the related payroll deductions are made, except for the true-up contribution which is accrued as of the Plan year-end and paid in the following Plan Year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan considers a loan as in default if any repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. Based on evaluation of current and expected conditions, no allowance for credit losses was recorded at December 31, 2023 or 2022.

Payment of Benefits

Benefits paid to participants are recorded upon distribution.

KONTOOR BRANDS 401(k) SAVINGS PLAN
Notes to Financial Statements

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid by the Company are excluded from these financial statements. Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan. Each participant's account is charged with an allocation of the Plan's general administrative expenses. Allocations are based on participant earnings and losses or account balances, as defined within the Plan document. Expenses relating to specific participant transactions such as notes receivable, distributions and investment advisory services are charged directly to the participant's account. All allocated and participant-specific Plan expenses are included within administrative expenses in the statement of changes in net assets available for benefits. Investment management fees are recorded within net appreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

NOTE 3 — TAX STATUS

The Plan uses a prototype non-standardized Plan document sponsored by Fidelity, who received an opinion letter from the IRS dated June 30, 2020, which states that the prototype plan is qualified under the appropriate sections of the IRC. Although the Plan has been amended since receiving its determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan continues to be qualified.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements as of December 31, 2023 or 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 — RISKS AND UNCERTAINTIES

The Plan provides for investment in mutual funds, collective investment trusts and a fully benefit-responsive investment contract, all of which invest in equity, fixed income or other securities. The Plan also provides for investment in the Kontoor Brands, Inc. Common Stock fund and self-directed brokerage accounts. Investments are exposed to market, interest rate, credit and other risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term, including risks related to macroeconomic conditions, would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The following are transactions considered exempt party-in-interest transactions:

Certain plan investments are managed by Fidelity, who is the Trustee as defined by the Plan. During the 2023 Plan Year, total fees paid by the Plan directly to Fidelity were \$173,940 for administrative services and \$84,036 for investment advisory services.

Additionally, notes receivable from participants, as well as the Plan's investments in Kontoor Brands, Inc. Common Stock, qualify as exempt party-in-interest transactions. As of December 31, 2023 and 2022, the Plan held \$7,103,898 (113,886 shares) and \$5,242,117 (130,630 shares), respectively, of Kontoor Brands, Inc. Common Stock.

Delinquent participant contributions also represent non-exempt party-in-interest transactions. Plan management identified certain instances of delinquent participant contributions related to the 2023 Plan Year. Delinquent participant contributions of \$1,381 and associated lost earnings were deposited into the Plan in the 2023 Plan Year.

NOTE 6 — INVESTMENTS MEASURED AT FAIR VALUE

Accounting standards provide a three-level fair value hierarchy that prioritizes inputs to valuation techniques used to measure and report financial assets and financial liabilities at fair value. Categorization within the valuation hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The hierarchy is based on the observability and objectivity of the pricing inputs, as follows:

- Level 1 — Quoted prices for identical assets or liabilities in active markets accessible by the Plan.
- Level 2 — Significant directly observable data (other than Level 1 quoted prices) or significant indirectly observable data through corroboration with observable market data. Inputs would normally be (i) quoted prices in active markets for similar assets or liabilities, (ii) quoted prices in inactive markets for identical or similar assets or liabilities or (iii) information derived from or corroborated by observable market data.
- Level 3 — Prices or valuation techniques that require significant unobservable data inputs.

The following is a description of the valuation methodologies used for the underlying assets of the Plan measured at fair value:

Mutual funds – Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value ("NAV") per share as reported by the fund, and are required to publish their daily NAV and to transact at that price. Mutual funds held by the Plan are registered with the Securities and Exchange Commission and are deemed to be actively traded.

Self-directed brokerage accounts – These accounts may include mutual funds, common stock and exchange-traded funds, all of which are valued at the closing price reported in the active market in which the securities are traded. Short-term investments held in these accounts are mutual funds valued as noted above.

Kontoor Brands, Inc. Common Stock fund – This is a unitized fund which invests in Kontoor Brands, Inc. Common Stock and short-term investments. The Plan owns units in the underlying investments of the fund. Kontoor Brands, Inc. Common Stock is valued at the closing price reported in the active market in which the security is traded. Short-term investments held by the fund are mutual funds valued as noted above.

Collective investment trusts – These funds are valued at the NAV per share of the individual collective trusts included in each respective fund. The NAV is based on the fair value of the underlying investments held by the fund that are traded in an active market, less its liabilities. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Each of these collective investment trusts file a Form 5500 as a direct filing entity. As such, significant investment strategies have not been disclosed for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 — INVESTMENT MEASURED AT CONTRACT VALUE

The Plan offers an investment in a group annuity contract ("Anchor Account") through a fully benefit-responsive investment contract with New York Life Insurance Company ("NYL"). Contributions to the contract are held in a pooled separate account that invests primarily in a diversified portfolio of high-quality, fixed income securities, which are owned and managed by NYL. NYL is contractually obligated to repay the principal and accumulated interest to the Plan. Interest is accrued daily and credited monthly at rates determined by NYL under the contract based on the investment experience of the pooled separate account. The crediting interest rate is updated at least annually and not more frequently than daily, and guaranteed by NYL to not be less than zero.

The Anchor Account meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value in the statements of net assets available for benefits. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Certain events would limit the ability of the Plan to transact at contract value with NYL, including: (i) termination of the Plan's interest by the Plan Administrator with less than twelve months' notice, (ii) termination of the Plan's interest due to loss of qualified status or (iii) withdrawals and transfers of more than five percent of amounts held under the contract due to a Plan Administrator event including, but not limited to, a total or partial plan termination, merger, spin-off, lay-off, early retirement incentive program, sale or closing of all or part of the Plan sponsor's operations, bankruptcy or receivership. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
