INDEPENDENT AUDITOR'S REPORT

To The Plan Participants
Rahr Corporation Employees' Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rahr Corporation Employees' Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended August 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 31, 2023 and 2022, and for the year ended August 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of August 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RAHR CORPORATION EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AUGUST 31, 2023 AND 2022 AND FOR THE YEAR ENDED AUGUST 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Rahr Corporation Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering substantially all employees of Rahr Corporation and its participating business units (the "Employer" or "Company") who are not covered by another plan and not subject to a collective bargaining agreement. Eligible employees must be 18 years of age and can begin participating in the Plan on September 1, December 1, March 1, or June 1 of each Plan year following 30 days of active employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Empower Trust Company, LLC, formerly known as Great-West Trust Company, LLC, ("Empower" or "Trustee") is the trustee of the Plan. Effective August 1, 2022, Great-West Trust Company, LLC was renamed to Empower Trust Company, LLC.

Plan Amendments—Effective February 1, 2023, the Plan was amended to allow for Roth contributions to the Plan.

Contributions—Participants may defer their eligible compensation to the Plan as pretax and/or Roth contributions up to the Internal Revenue Code (IRC) maximum. The Plan also allows participants age 50 and older to make catch-up contributions.

The Employer contributes to the participants' account 15% of eligible wages during the Plan year, for all eligible employees with more than one year of service. For non-elective employer contribution, eligible employees must complete one year of service and can begin receiving non-elective contribution on September 1 or March 1 following one year of active employment. Participants may also contribute amounts representing rollover distributions from other qualified plans. Contributions are subject to certain IRC limitations.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, the Employer's contributions, and allocations of investment results and administrative expenses. Allocations are based on participant earnings or account balances, as defined, or based on specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions portion of each participant's account, plus actual earnings thereon, is based on years of service. A year of service is defined as an employment year for each specific employee. A participant is 100% vested after six years of credited service or at the time of death, normal retirement age, or incapacity, as defined by the Plan agreement.

See vesting table below.

Years of Service	Vested Percentage
Less than two	- %
Two but less than three	20
Three but less than four	40
Four but less than five	60
Five but less than six	80
Six or more	100

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to thirty years for the purchase of a primary residence with interest rates based on market rates at the time of the borrowing. The notes are secured by the balance in the participant's account. As of August 31, 2023, participant loans have maturities through 2036 at interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance.

Payment of Benefits—Upon death, termination, retirement or becoming permanently disabled, a participant with an account balance of \$5,000 or more may be paid in the form of a lump-sum distribution, an installment payment or a rollover distribution as directed by the participant. If a participant terminates employment and the participant's account balance was never greater than \$5,000 and not less than \$1,000, the Plan Administrator will authorize a rollover of the account balance to an individual retirement account without the participant's consent, unless elected otherwise by the participant within a reasonable amount of time, as defined. If the amount is less than \$1,000, the Plan Administrator will authorize a lump-sum payment to the participant, unless elected otherwise by the participant within 60 days of termination of employment. During employment, participants may withdraw account balances upon the attainment of age 59 1/2 or financial hardship, as defined.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At August 31, 2023 and 2022, forfeited nonvested accounts totaled \$130,616 and \$103,531, respectively. During the year ended August 31, 2023, employer contributions were reduced by \$123,481 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates—The preparation of the financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by investment advisors and the Plan’s trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at August 31, 2023 or 2022. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Contributions – Employee contributions and employer matching contributions are recorded when received by the Plan.

Payment of Benefits—Benefit payments are recorded upon distribution. There were no participants or beneficiaries who elected to withdraw from the Plan but had not yet been paid at August 31, 2023 or 2022.

Administrative Expenses—The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan’s administrative expenses. Future Plan expenses can be paid from any excess remaining revenue-sharing amounts. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. For the year ended August 31, 2023, administrative expenses amounted to \$168,689 and participant revenue credits are \$7,937.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the information regarding the Plan as of August 31, 2023 and 2022, and for the year ended August 31, 2023, included in the Plan’s financial statements and supplemental schedule that were prepared by or derived from information prepared by Empower, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

Statements of net assets available for benefits as of August 31:

	2023	2022
Participant-directed investments, at fair value	\$ 60,563,906	\$ 53,487,462
Notes receivable from participants	634,247	617,624

Statement of changes in net assets available for benefits for the year ended August 31, 2023:

Interest and dividends	\$ 1,015,965
Net appreciation in fair value of investments	3,570,864
Interest income on notes receivable from participants	30,768

In addition, all investment balances and investment information included in the supplemental schedule of assets (held at end of year) as of August 31, 2023, and in Note 4, were certified by the Trustee, with the exception of the leveling information in Note 4 and the unfunded commitment, redemption frequency, redemption restrictions, and redemption notice period information mentioned therein.

4. FAIR VALUE MEASUREMENTS

The Plan classifies its assets that are carried at fair value in accordance with the three-level valuation hierarchy:

- **Level 1**—Quoted prices in active markets for identical assets.
- **Level 2**—Observable inputs other than Level 1 prices, such as quoted prices for similar instruments; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by market data for substantially the full term of the asset.
- **Level 3**—Unobservable inputs that are supported by little or no market information and that are significant to the fair value measurement.

Classification within the hierarchy is based upon the lowest-level input that is significant to the fair value measurement of the asset. For instruments classified in Levels 1 and 2 where inputs are primarily based upon observable market data, there is less judgment applied in arriving at the fair value. For instruments classified in Level 3, management judgment is more significant due to the lack of observable market data.

The Plan periodically reviews and updates the fair value hierarchy classifications. Changes related to the observability of inputs in fair value measurements may result in a reclassification between the fair value hierarchy levels.

The Plan utilizes the following valuation techniques to measure its assets at fair value:

Registered Investment Companies—Registered investment companies are valued at quoted prices for identical assets in active markets for the shares held by the Plan at year-end. These investments held by the Plan are deemed to be actively traded.

Collective Trust Funds—Valued at the net asset value (NAV) of units of a collective trust fund. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner. The Plan does not have any unfunded commitments with the collective trust funds, redemption frequency is immediate, and there are no redemption restrictions or notice periods of the collective trust funds.

Pooled Separate accounts—pooled separate accounts with readily determinable fair value are valued at the daily closing price as reported or published by the pooled separate account. The pooled separate accounts have been determined to have a readily determinable fair value based on the published price and transact at that price. The pooled separate accounts included in the fair value hierarchy are deemed to be actively traded. The pooled separate accounts are not exchange-traded funds; however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold. The Plan's pooled separate accounts with readily determinable fair value are included in the fair value hierarchy.

Money Market Accounts—The money market accounts are valued using the amortized cost method, which is cost plus accretion of discount or minus amortization of premium over the period ending at maturity of the underlying investments, which approximates fair value determined from or corroborated by observable market data by correlation or other means. The fund primarily invests in US dollar—denominated money market securities and repurchase agreements for those securities and high-quality, short-term money market securities that are backed by the US government.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables present the financial instruments carried at fair value as of August 31, 2023 and 2022, in the statements of net assets available for benefits by the valuation hierarchy defined above:

August 31, 2023	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ 18,541,081	\$ -	\$ -	\$ 18,541,081
Money market accounts		4,790,021		4,790,021
Pooled separate account		4,223,919		4,223,919

Total investments at fair value	<u>\$ 18,541,081</u>	<u>\$ 9,013,940</u>	<u>\$ -</u>	<u>\$ 60,563,906</u>
August 31, 2022	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ 20,100,957	\$ -	\$ -	\$ 20,100,957
Money market accounts	-	4,310,245	-	4,310,245
Collective trust funds *				29,076,260
Total investments at fair value	<u>\$ 20,100,957</u>	<u>\$ 4,310,245</u>	<u>\$ -</u>	<u>\$ 53,487,462</u>

* These investments are measured at fair value using the net asset value per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. RELATED-PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. TAX STATUS

Effective May 1, 2022, the Plan is a prototype plan developed by Empower. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, that the prototype plan was designed in accordance with the applicable sections of the IRC. Prior to May 1, 2022, the Plan was an individually designed plan and received a determination letter dated August 24, 2017, from the IRS noting the Plan and trust were designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

9. SUBSEQUENT EVENTS

The Plan sponsor has evaluated events that occurred subsequent to August 31, 2023, through June 14, 2024, the date the financial statements were available to be issued. The Plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
