**Plumbers' Union Local No. 12
Pension Plan
EIN# 04-6023174 Plan 001
Form 5500 Year End 08/31/2023**

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Plumbers' Union Local No. 12
Pension Fund
Boston, Massachusetts

Opinion

We have audited the accompanying financial statements of Plumbers' Union Local No. 12 Pension Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of August 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding Plumbers' Union Local No. 12 Pension Fund's net assets available for benefits as of August 31, 2023 and 2022 and changes therein for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumbers' Union Local No. 12 Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers' Union Local No. 12 Pension Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumbers' Union Local No. 12 Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers' Union Local No. 12 Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of common operating expenses paid by the administrative agent for the years ended August 31, 2023 and 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedule of assets (held at end of year) and the schedule of reportable transactions as of and for the year ended August 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Summary of Plan Provisions

Plumbers' Union Local No. 12 Pension Plan
EIN: 04-6023174 PN:001

SUMMARY OF PRINCIPAL PLAN PROVISIONS

Effective Date: September 1, 1954. The Plan was most recently restated effective September 1, 2014 to reflect the provisions of PPA, HEART, and the Windsor decision. The restatement also included the new "buy-in" provision, effective September 1, 2014. The Plan received a Favorable Determination Letter on January 27, 2016. There have been five Amendments to the Plan since the Plan restatement, through the date of the 2022 valuation, which have all been reflected in this valuation.

Plan Year: September 1 to August 31.

Credited Future Service: Credited Future Service is comprised of five separate service bands, defined as follows:

First Period: Years of service from September 1, 1954 through September 1, 1980.

Second Period: Years of service from September 1, 1980 through September 1, 2000.

Third Period: Years of service from September 1, 2000 through September 1, 2005.

Fourth Period: Years of service from September 1, 2005 through September 1, 2015.

Fifth Period: Years of service on/after September 1, 2015.

A member receives full credit in the period if the sum of all hours worked during the period averages 1,400 or more hours in a plan year. If the member averages fewer than 1,400 hours per plan year in the period, the member receives Future Service credit by dividing the sum of the hours by 1,400 and the result is taken to years and nearest tenths.

Eligibility Credits: Years of Credited Past Service, plus one full Eligibility Credit for each plan year after September 1, 1954 in which a member averages 1,000 or more hours of service per year. If the member averages fewer than 1,000 hours per year, the member receives one Eligibility Credit for each 1,000 hours worked. The number of Eligibility Credits will not be fewer than the total years of Credited Service earned as of any date.

SUMMARY OF PRINCIPAL PLAN PROVISIONS
(continued)

Break in Service:	Two or more consecutive years with fewer than 160 hours constitute a Break in Service and a loss of all prior credit (if not vested). The two-year period is extended in cases of involuntary unemployment and disability. Prior service and Eligibility Credits are reinstated under certain conditions of re-employment after a Break.
Special Retirement:	Pensions of \$600 per month are being paid to certain members who retired during the early years of the Plan and who were unable to fulfill the requirements for regular Plan benefits.
Normal Retirement:	
<i>Requirements</i>	Age 60 and 5 Eligibility Credits. Age 62 and 10 Eligibility Credits (or 65 and 5th anniversary of participation) for Local 448.
<i>Monthly Pension</i>	\$1.50 times Past Service, plus \$54 times Credited Future Service earned up to September 1, 1980, plus \$119 times Credited Future Service earned from September 1, 1980 to September 1, 2000, plus \$140 times Credited Future Service earned from September 1, 2000 to September 1, 2005, plus \$170 times Future Credited Service earned from September 1, 2005 to September 1, 2015, plus \$240 times Future Credited Service earned on/after September 1, 2015. Previously, before the Fifth Amendment was adopted, Future Credited Service earned on/after September 1, 2015 was at \$200. Effective September 1, 2014, the amount of monthly normal retirement pension based on work as a residential journeyman or residential apprentice is equal to \$100 times Credited Future Service earned while working as a residential journeyman or residential apprentice. The minimum benefit is \$600 per month for all retirees (other than former Local 138 members). However, for residential journeymen or residential apprentices, the minimum benefit is \$500 per month.
<i>Supplemental Benefit</i>	If 12,000 hours worked in the last 10 years and no break in service, then: \$200 per month until age 65 if retired at or after age 60 or a prorated amount if retired between ages 55 and 60. The pro-rata is based on age at retirement. An age 55 retirement would produce a \$100 supplement.

Early Retirement:

<i>Requirements</i>	Age 55 and 5 Eligibility Credits.
<i>Monthly Pension</i>	Same as for Normal Retirement, based on service to Early Retirement, but reduced by $\frac{1}{4}$ of 1% ($\frac{1}{2}\%$ prior to September 1992) for each month by which retirement age precedes age 60 (age 62 for Local 448 benefits).
<i>Supplemental Benefit</i>	As described under Normal Retirement above.

Delayed Retirement:

<i>Requirements</i>	Retirement after age 60 with 5 Eligibility Credits. Age 62 with 10 Eligibility Credits for Local 448. But, not later than a Participant's Required Beginning Date, which is the April 1st following the calendar year the member attains age 72 or stops working (if later) under the SECURE Act of 2019.
<i>Monthly Pension</i>	Benefits calculated at Normal Retirement using Credited Service and the benefit rate set in effect at that date, increased by 1% for each month (on a compound basis) between Normal Retirement and Delayed Retirement. If greater, the benefit rate set with continued accruals to Delayed Retirement will be used.

Disability Retirement:

<i>Requirements</i>	Total and Permanent Disability with 5 Eligibility Credits.
<i>Monthly Pension</i>	Same as for Normal Retirement, based on Credited Service to date of disability plus up to 780 hours.

Vesting:

<i>Requirements</i>	Completion of at least 5 Eligibility Credits or attainment of Normal Retirement Date before incurring a Break in Service.
<i>Monthly Pension</i>	Same as for Normal Retirement, based on service and benefit formula earned before the Break in Service; vested benefit begins upon application at or before Normal Retirement age. To be eligible for vested benefit before Normal Retirement age, must satisfy the Service requirement for Early Retirement.

Pre-Retirement Death Benefits:

A. Lump Sum

<i>Requirements</i>	Death before retirement but after 2,800 hours of Future Service. The member must be active or terminated vested.
---------------------	--

<i>Benefit Amount</i>	100% of contributions made to the Fund on the member's behalf.
-----------------------	--

B. Surviving Spouse's Pension

<i>Requirements</i>	Death of a member after completing the later of the requirements for Normal Retirement or 5 Eligibility Credits; member must have been married for one year or more at death; member must have at least 1 hour of service on or after September 1, 1976.
---------------------	--

<i>Monthly Pension</i>	Commencing on the later of the earliest retirement date or at death, 100% of the monthly benefit the member would have received had he terminated the day before his death and elected a reduced 100% Joint and Survivor Form of Annuity.
------------------------	---

Note: In the event that the actuarial equivalent of the surviving spouse's benefit exceeds the lump sum death benefit above, the spouse shall be entitled to receive the lump sum amount plus the monthly lifetime pension that is actuarially equivalent to such difference.

Normal Form of Pension: Single members: Life annuity with the provision that if the member dies before receiving pension payments in an amount equal to contributions made on his/her behalf, the difference will be paid to his/her beneficiary.

Married members: Actuarially reduced Joint and 50% Survivor annuity (referred to as the "Married Couple Form") with a pop-up feature if the member's spouse predeceases the member.

Optional Forms of Pension: Single Life Pension
Married Couple Form (with pop-up)
Joint and 100% Survivor Annuity (with pop-up)

Plumbers Union Local No. 12 Pension Plan
For the Plan Year Beginning September 1, 2022**

Plan Name Plumbers Union Local No. 12 Pension Plan
Employer Identification Number /Plan Number 04-6023174 / 001
Plan Sponsor Board of Trustees,
Plumbers Union Local No. 12 Pension Plan
Plan Sponsor Address 1240 Massachusetts Avenue, Dorchester, MA 02125

Plan Year of Certification September 1, 2022 – August 31, 2023

Background

The Pension Protection Act of 2006 (“PPA06”) added Internal Revenue Code §432(b)(3)(A) and ERISA §305(b)(3)(A), which require that multiemployer pension plans receive an annual certification by the plan actuary of the plan’s funded status no later than the 90th day of each plan year. The certification requires the actuary to:

1. Determine the ratio of the Plan’s Actuarial Value of Assets to the Plan’s Accrued Liability using the traditional unit credit funding method (the “Funded Percentage”);
2. Project the Plan’s Funding Standard Account Credit Balance to determine whether a negative Credit Balance (a “Funding Deficiency”) is expected to occur;
3. Project the Plan’s assets;
4. Project the Plan’s Normal Cost, Contributions, and Accrued Liability; and
5. Project the Plan’s liabilities separately for active participants and inactive participants.

Certification of Funded Status under the Pension Protection Act of 2006

In compliance with Title II of the Pension Protection Act of 2006, as amended by the Multiemployer Pension Reform Act of 2014, I hereby certify that the Plumbers Union Local No. 12 Pension Plan is not in “Endangered Status”, “Critical Status”, or “Critical and Declining Status” for the plan year beginning September 1, 2022, nor is it projected to be in Critical Status for any of the succeeding five plan years.

Selected Assumptions Used in the Certification Calculations

1. We estimated the Plan’s “accrued liability” as of September 1, 2022 by projecting its September 1, 2021 accrued liability. In performing the projection, we:
 - a. Used the “traditional unit credit” funding method;
 - b. Used the September 1, 2021 census data projected forward assuming a stable active population (1,635 active members) using a new entrant profile that was based on the characteristics of the new entrants and rehires within the last five Plan Years;
 - c. Assumed that all active members worked the number of hours needed to earn one year of Credited Service (1,400 hours) during the 2021-2022 Plan Year; and
 - d. Reflected the increased Benefit Rate for Credited Service earned after September 1, 2015 from \$200 to \$240, effective March 1, 2022, and the 3% increase to retirees’ monthly benefits.
2. We used the same actuarial assumptions and actuarial funding method that we used for the September 1, 2021 actuarial valuation for purposes of determining the value of all other Plan liabilities and to project the Plan’s Minimum Funding Standard Account. We have assumed Administrative Expenses will increase by 1% per year, and future PBGC premium rates per participant will increase by \$1 each year from 2024 through 2030, with a \$10 increase to \$52 in 2031, then a \$1 increase each year thereafter.

3. We used the contribution rates that are described in the current Collective Bargaining Agreements: \$11.56 per hour effective March 1, 2022 as the Journeyman Contribution Rate and \$4.60 per hour effective December 1, 2016 as the Residential Journeyman Contribution Rate, with no assumed future increase in these rates.
4. For Plan assets, we used unaudited SEI asset information as of August 31, 2022. We incorporated this value as the Plan's "Market Value of Assets (MVA)" for purposes of calculating the Plan's "Actuarial Value of Assets (AVA)" on September 1, 2022. For this calculation, we used a "5-year smoothing" method for all of the Plan's investment gains and losses.
5. Our projection of assets and the Minimum Funding Standard Account includes an assumption regarding anticipated employer contributions for the current and succeeding plan years based on a reasonable projection of industry activity (including future Covered Employment) as provided by the Plan Sponsor. The current assumption is that the expected industry activity will remain level at its pre-COVID-19 level for the current and future plan years, and that active members will work 1,500 hours each year.
6. We have not applied any provision of the American Rescue Plan Act of 2021 ("ARPA"), except we have reflected the increase in the PBGC premium rate to \$52 per participant in 2031.

Certification by Plan Actuary

We have prepared this Certification, based on our understanding of Internal Revenue Code §432 and ERISA §305, to meet the requirements of the Pension Protection Act of 2006 as amended by the Multiemployer Pension Reform Act of 2014. This Certification may not be appropriate for other purposes, such as determining benefit security or the Plan's annual funding requirements.

In preparing this Certification, we relied upon participant data and financial information provided by the Fund Office and other organizations designated by the Board of Trustees of the Plumbers Union Local No. 12 Pension Plan. While we did not audit this data, we have reviewed it for reasonableness and consistency with prior years, and we believe that the information is sufficiently complete to be relied upon for the purposes intended.

In our opinion, the projections, calculations, and procedures used in this Certification are based on reasonable actuarial estimates and assumptions, and offer our best estimate of anticipated experience under the Plan. However, as noted above, we relied on the Plan Sponsor's good faith projection of industry activity when determining future plan contributions.

CBIZ's relationship with the Plan and Plan Sponsor is strictly professional. There are no aspects of the relationship that may impair or appear to impair the objectivity of our work. The undersigned credentialed actuary meets the Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States and is qualified to render the actuarial opinion contained herein.

Justification for Change in Actuarial Assumptions

Plumbers' Union Local No. 12 Pension Plan
EIN: 04-6023174 PN:001

Changes to the assumptions for the plan year beginning September 1, 2022 follow:

- ❶ The interest rate used to calculate the RPA current liability increased from 2.30% to 2.33% to remain within an allowable rate of interest within the "permissible range."
- ❷ The mortality table used to calculate the RPA current liability was updated from the IRS 2021 Static Mortality Table to the IRS 2022 Static Mortality Table per IRS Notice 2020-85.
- ❸ The retirement rate assumption was changed from 100% retire at age 60 to rates varying by age starting at age 55 through age 65. In addition, an actuarial increase for delayed retirement has been added for Active Participants currently beyond their Normal Retirement Date, and those expected to retire beyond their Normal Retirement Date. This change better reflects recent Plan experience, based on an informal experience study for Plan Years 2012 through 2022, and anticipated future Plan experience.
- ❹ The form of payment election assumption was changed from all retiring Participants elect a Single Life Annuity to various election assumptions for a Joint and Survivor Annuity for Active Participants. This change better reflects recent Plan experience, during the last six Plan Years, and anticipated future Plan experience.

ERISA requires that the actuary use assumptions that represent his or her best estimate of future experience under the plan and reasonably relate to the experience of the plan. We believe that the current actuarial basis meets this requirement. We will monitor the actuarial experience under the plan in future years in order to judge the continuing appropriateness of these assumptions.

Plumbers' Union Local No. 12 Pension Plan
EIN: 04-6023174 PN:001

ACTUARIAL ASSUMPTIONS AND METHODS

Interest Rates:

Funding: 8.00% per year, compounded annually.
RPA Current Liability: 2.33% per year, compounded annually. (Previously, 2.30% was used.)
FASB ASC 960: 8.00% per year, compounded annually.
Withdrawal Liability: 8.00% per year, compounded annually (same as Funding).

Mortality:

Healthy: 1994 GAM Table (male and female) with one year set forward. This table reflects no expected mortality improvements after the valuation date.

Disabled: Same as Healthy Mortality assumption above.

RPA Current Liability: IRS 2022 Static Mortality Table. This is the same Mortality Table used by single employer plans under the PPA of 2006. This table is assumed to reflect both expected mortality rates as of the valuation date and any expected mortality improvement after the valuation date.

Turnover Rates:

Participants are assumed to stop working in Covered Employment due to termination in accordance with annual rates varying by age. Sample rates are as follows:

Age	Rates of Termination
20	8.00%
25	7.80%
30	7.32%
35	6.41%
40	5.35%

Age	Rates of Termination
45	4.33%
50	3.21%
55	1.98%
60+	0.00%

The above rates of termination do not continue after retirement eligibility.

Retirement:

Active Participants:

Active participants are assumed to retire in accordance with annual rates varying by age. Sample rates are as follows, with an actuarial increase for Delayed Retirements after age 60:

Age	Rates of Retirement
55-58	5%
59	10%
60-61	20%
62	35%

Age	Rates of Retirement
63	40%
64	55%
65+	100%

Weighted average retirement age is 61.

Previously, active participants were assumed to retire at age 60.

ACTUARIAL ASSUMPTIONS AND METHODS
(continued)

Retirement (Continued):

**Terminated Vested
Participants:**

Age 60, or age on valuation date if beyond age 60, with an actuarial increase for Delayed Retirement.

Disability Rates:

None assumed.

Administrative Expenses:

The Administrative Expense assumption is determined by averaging the Administrative Expenses (excluding investment expenses) actually paid by the Plan during the three Plan Years immediately preceding the Valuation Date. For the 2022 valuation, assumed expenses were equal to \$573,000 added to the Normal Cost.

Future Credited Service:

It is assumed for estimating future benefits that active Participants will work the number of hours needed to earn one year of Credited Service.

Form of Payment:

Active participants are assumed to elect their form of payment at retirement as follows:

- 40% will elect the Single Life Annuity (SLA)
- 20% will elect the 50% Joint and Survivor Annuity
- 10% will elect the 75% Joint and Survivor Annuity
- 30% will elect the 100% Joint and Survivor Annuity

Terminated vested participants are assumed to elect the SLA.

Previously, all participants were assumed to elect the SLA.

Marital Status:

85% of male members are married.
50% of female members are married.

**Participants Included in
Valuation:**

All eligible Participants on the valuation date.

Actuarial Valuation Method:

Entry Age Normal Cost Method.

Asset Valuation Method:

A smoothed market value method which reflects the investment gains and losses (the difference between the actual investment return and the expected investment return) during each of the last 5 years at a rate of 20% per year. The actuarial value is subject to a restriction that it not be less than 80% or more than 120% of the market value.

ACTUARIAL ASSUMPTIONS AND METHODS
(continued)

Shortfall Funding Method:	Used from 1976 to 2015. Cease using effective for the 2016 Plan Year. Plan received automatic approval under the Pension Protection Act of 2006 because certain criteria met.
Delayed Retirement:	All participants who retire beyond their Normal Retirement Date, age 60, receive an actuarial increase for Delayed Retirement.
Missing Dates of Birth:	An active member with a missing date of birth is assumed to be born on September 1, 1990.
Data:	Updated Participant information is provided by the Fund Office as generated by ISSI. Members who have not incurred a Break in Service are treated as Active members. Members who have incurred a Break in Service on the Valuation Date are treated as Terminated Vested members if they have at least 5 years of Vesting Service and are not yet in receipt of a pension benefit. Non-vested terminated members are excluded from the valuation. We rely on the Check Register provided by the Fund Office to confirm the members and beneficiaries who are in receipt of a pension benefit. The Fund Office prepares benefit calculations and CBIZ relies on the Fund Office for newly retired members. The Fund Office notifies CBIZ of deaths that occur, and CBIZ performs an annual death search using PBI.
Methodology for Creating New Amortization Base:	Unfunded Accrued Liability not less than \$0.
Changes since the Prior Valuation:	The interest rate used to calculate the RPA current liability was increased from 2.30% to 2.33%. The mortality table used to calculate the RPA current liability was changed from the IRS 2021 Static Mortality Table to the IRS 2022 Static Mortality Table under IRS Notice 2020-85. The retirement rate assumption was changed from 100% retire at age 60 to rates varying by age starting at age 55 through age 65. In addition, an actuarial increase for delayed retirement has been added for Active Participants currently beyond their Normal Retirement Date, and those expected to retire beyond their Normal Retirement Date. The form of payment election assumption was changed from all retiring Participants elect a Single Life Annuity to various election assumptions for a Joint and Survivor Annuity for Active Participants.

RATIONALE FOR SELECTION OF ACTUARIAL ASSUMPTIONS

Interest rate

The interest rate assumption used for funding purposes is based on historical data, both current and future market expectations, and professional judgment. To confirm reasonableness of the current long-term investment return assumption, the Plan's Investment Consultant provided future investment expectations based on the Plan's asset allocation.

Mortality

The mortality assumption is based on historical and current demographic data, adjusted to reflect estimated future experience, and professional judgment. To confirm reasonableness, experience studies wherein actual experience is compared to expected experience, are performed annually.

Termination of Employment

Because the Plan does not have enough data to do a fully credible experience analysis with respect to termination from active employment, the current assumption has been determined to be reasonable based on observations of recent terminations (including terminations due to disability), the actuary's experience with plans of a similar size, plan design, workforce composition, geography, and discussions with the Plan Sponsor.

Retirement from Active and Terminated Vested Status

Based on an informal experience study performed using actual experience for the last ten valuation years (from 2012 to 2022), the retirement rate assumption was changed from a single age to rates varying by age from 55 to 65 for Active Participants. Terminated Vested Participants are still assumed to retire at the Plan's Normal Retirement Age, or actual age if older.

Administrative Expenses

Averaging the actual Administrative Expenses paid by the Plan during the prior three years, and rounding to the nearest \$1,000, is representative of the expected Administrative Expenses during the valuation year.

Form of Payment

Based on an informal analysis of recent retirements from Active status, the form of payment assumption was changed from the Single Life Annuity to various forms of payment for Active Participants reflecting the marital status assumption. Terminated Vested Participants are still assumed to elect the Plan's Normal Form of Payment.

Marital Status

The current assumption has been selected based on the actuary's experience with plans of a similar size, plan design, and workforce composition.

Hours Worked

To smooth out the fluctuations in hours worked by active members from year to year, we have assumed that members will always work the number of hours needed to earn a full year of Credited Service.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Plumbers' Union Local No. 12
Pension Fund
Boston, Massachusetts

Opinion

We have audited the accompanying financial statements of Plumbers' Union Local No. 12 Pension Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of August 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding Plumbers' Union Local No. 12 Pension Fund's net assets available for benefits as of August 31, 2023 and 2022 and changes therein for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumbers' Union Local No. 12 Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers' Union Local No. 12 Pension Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumbers' Union Local No. 12 Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers' Union Local No. 12 Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of common operating expenses paid by the administrative agent for the years ended August 31, 2023 and 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedule of assets (held at end of year) and the schedule of reportable transactions as of and for the year ended August 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following brief description of the Plumbers' Union Local No. 12 Pension Fund (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description Booklet for more complete information.

General

The Plumbers' Union Local No. 12 Pension Fund (the "Plan") is a defined benefit pension fund that became effective on September 1, 1954 under an agreement between the Plumbing, Heating, Cooling Contractors of Greater Boston, Inc. (the Employers) and Local Union No. 12 of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (the "Union"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Retirement Benefits & Vesting

The Plan provides for retirement income for all members of the union who work under Local No. 12 collective bargaining agreements, or other written agreements, which provide for contributions to the Plan. The pension benefit is based on credited service determined by years of credited past service (year of Union membership before September 1, 1954, to a maximum of 20 years) plus an additional year for each Fund year after September 1, 1954, in which an employee has 1,400 or more hours of service (future service). Fractional credit is given for years of less than 1,400 hours. Eligibility credits are years of service which count for purposes of eligibility for benefits and include credited past service plus a full year in any Fund year beginning on or after September 1, 1954 in which the participant is credited with at least 1,000 hours of service plus fractional credit in any such Fund year when the participant has less than 1,000 hours of service. A break in service (two or more consecutive years with less than 160 hours of service in each year) prior to completion of 10 eligibility credits results in loss of service credits; however, lost credit may be reinstated if the employee returns to employment within a specified period of time and works at least 750 hours in one Plan year.

The Trustees may enter into an agreement with the trustees of another local of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada, whereby an individual transferring membership from or into the other local may retain eligibility credits in the fund from which he transfers, thus, averting a break in service. The participant will become vested in each plan when the combined eligibility credits earned in the two plans meet the requirements of each plan.

A participant is eligible for normal retirement at age 60 if he has 10 years of credited service (5 years of credited service (i) effective September 1, 1998, provided the Participant is credited with at least one Hour of Service on or after September 1, 1998, or (ii) effective September 1, 1989, in the case of a Participant whose employment is not governed by the terms of the Collective Bargaining Agreement and who is credited with at least one Hour of Service on or after September 1, 1989) or 5 years of continuous service immediately preceding the date of retirement. Effective March 1, 2022, the amount of monthly normal retirement pension is equal to \$1.50 times Past Service plus \$54 times Future Service from 1954 to 1980, plus \$119 times Future Service earned from 1980 to 2000, plus \$140 times Future Service earned from 2000 to 2005, plus \$170 times Future Service earned from 2005 to 2015, plus \$240 times Future Service earned after September 1, 2015. The minimum benefit is \$600 per month (other than former Local 138 members).

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The Plan also provides for early retirement with reduced monthly benefits, disability benefits, delayed retirement benefits, preretirement death benefits and a surviving spouse pension. Plan vesting requirements are age 60 and 5 (five) eligibility credits or for Local 448, age 62 and 10 (ten) eligibility credits. If 12,000 hours or more are worked in the last ten years before retirement, and the member did not incur a break in service, then an additional \$200 per month supplemental benefit is added to the normal pension amount until age 65 if retired at or after age 60 or a prorated amount, based on retirement age, if retired between ages 55 and 60. An age 55 retirement would produce a \$100 per month supplemental benefit.

A Special Retirement Benefit of a \$600 per month pension is paid to certain members who retired during the early years of the Plan and were unable to fulfill the requirements for regular Plan benefits.

An Amendment adopted by the Board of Trustees during the Plan Year beginning September 1, 2021 increased the monthly benefit for all eligible retirees by 3%, effective April 1, 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Accounting Changes

Effective September 1, 2022 the Plan adopted Accounting Standards Codification Topic 842, Leases, which requires lessees to recognize leases on the balance sheet as a right-of-use asset and a lease liability. The Plan elected to apply the modified retrospective transition approach, which resulted in the recognition of a lease liability and a right-of-use asset for all leases that were in effect at the effective date (adoption date) and a recognizes a cumulate effect adjustment to the opening balance or retained earnings, if any, as of that date. The adoption date therefore represents the application date under this method. The comparative periods presented in the financial statements remain under the legacy lease guidance (ASC 840).

Institutional Cash

For the purposes of these statements, institutional cash includes amounts held in interest bearing checking accounts and money market accounts.

Cash

For the purposes of these statements, cash includes amounts held in non-interest bearing checking accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

For financial statement purposes, realized and unrealized gains and losses on securities are computed using the historical cost of securities measured against the current value of securities. This method differs from the Department of Labor Form 5500, which requires the revaluing of securities to be used in the computation of realized and unrealized gains and losses.

Employers' Contribution Receivable

Employers' contributions receivable are determined from information submitted by the Employers for hours worked through August 31. Amounts due from Employers who have not submitted their reports on a timely basis are estimated. Delinquent amounts due from Employers are subject to collection through legal action.

The Plan considers contributions receivable to be fully collectible; accordingly, no allowance for doubtful accounts has been established. If accounts become uncollectible, they will be charged to contributions when that determination is made. Collections on accounts previously written off are included in contributions income as received.

Reciprocity Payments

The Plan collects contributions from contractors on behalf of plumbers from other unions working in the Plan's jurisdiction. These amounts are then reciprocated back to the other unions. If the other locals do not have a defined benefit plan, the worker is permitted to keep their defined benefit contribution with the Plan. The reciprocal payments amounted to \$86,833 and \$65,270 for the years then ended August 31, 2023 and 2022, respectively. These amounts are netted with employer contributions on the Statements of Changes in Net Assets Available for Benefits.

Property and Equipment

Property and equipment consist of the allocated cost of data processing equipment, office furniture and leasehold improvements. Depreciation, including amortization of leasehold improvements, is computed using the straight-line method. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The allocated cost of maintenance and repairs is charged to income as incurred through operating expenses as explained in Note 4.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Funding Policy

The Plan's funding policy is governed by the Collective Bargaining Agreement between the Union and the Employers. The amount of contributions is determined using time worked in covered employment (hours) multiplied by the hourly rate. Per the most recent collective bargaining agreement, the contribution rate was \$11.56 per hour for the period September 1, 2021 through August 31, 2023.

Included in employer contributions are amounts received from employers who are not within the jurisdiction of the Union but who employ members of the Union. Those contributions received under reciprocal agreements with other unions allow members of the Union to accumulate benefits while working outside the Union area. Contributions received by the Plan for hours worked by members of other locals working within the jurisdiction of the Union are remitted to such other locals and are excluded from employer contributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from the estimates.

Subsequent Events

The Plan has evaluated subsequent events through June 4, 2024, the date the financial statements were available to be issued.

Affiliated Funds

The Plumbers' Union Local No. 12 affiliated funds are comprised of various funds providing services and benefits to their members. The Funds are as follows: Health & Welfare Fund, Annuity Fund, Pension Fund, Labor Management Cooperation Trust, Christmas and Vacation Fund, Plumbers Local 12 Union, and other funds.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at August 31, 2023 and 2022.

Corporate Obligations - other:

Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may be observable, such as credit and liquidity risks.

Mutual Funds:

Mutual funds are valued at the daily closing price, without adjustment by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trusts:

The Plan participates in common/collective trusts in which it owns units of participation in the fair value of the assets and liabilities underlying the trust. These trusts are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trust is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the market value of each asset invested in the trust. Traded securities in the Plan will be valued at their last reported sale price on the valuation date. U.S. Government Bonds in the Plan will be valued using the last bid price on the valuation date. Real estate and mortgage investments held in the Plan shall be valued based on current appraisals of such properties by an independent appraiser and/or recent transactions involving similarly located properties. These funds are maintained for the collective investment and reinvestment of retirement plan assets. The assets invested in the funds are from retirement trusts that qualify for exemption from federal income taxation pursuant to Section 501(a) of the Internal Revenue Code of 1986, as amended.

Each trust is divided into units of equal value. The Net Asset Value (NAV) per Unit is determined by the aggregate value of the investments of the Trust, adding to it any uninvested cash balance and deducting all payables, accrued expenses, fees and other liabilities chargeable to the Trust. Each common/collective trust is valued at its current NAV, without adjustment by the Plan.

New Tower Trust Company Multi-Employer Property Trust invests primarily in commercial rental real estate properties, with fair value estimated quarterly by the trustee, principally based on the capitalization of the property's estimated future cash flows, without adjustment by the Plan. Independent appraisals of the real estate are also obtained annually as a basis for the trustee's valuation.

Chevy Chase Trust – ASB Allegiance Real Estate Fund invests primarily in commercial, industrial and residential real estate properties. The Fund's underlying investments are stated at estimated fair value as determined by annual appraisals obtained by the manager of the fund, without adjustment by the Plan.

Amalgamated Longview Ultra Construction Loan Fund is a comingled trust established under the laws of the state of New York. It invests in a portfolio of high-quality, short-term construction loans secured by the projects being built. All projects financed by the Trust use 100% union labor. The construction loans are valued at the total of the drawdowns made by each loan participant. The fund is valued at fair value determined by the trustee of each Trust, without adjustment by the Plan. Such valuation procedures used by the trustee include independent MAI appraisals of real estate investments.

The SEI Structured Credit Collective Fund is a common collective trust established for the purpose of investing in tax qualified pension plans, profit sharing plans, and other related trusts. The fund is valued at the NAV of units for the fund. The NAV, as provided by the fund, is used as a practical expedient to estimate fair value. The SEI Structured Credit Collective Fund is valued at its current NAV, without adjustment by the Plan.

The SEI Global Private Assets V CIT Fund is a common collective trust established for the purpose of providing capital growth and income by investing in global equity and fixed income markets. The fund is valued at the NAV of units for the fund. The NAV, as provided by the fund, is used as a practical expedient to estimate fair value. The SEI Global Private Assets V Fund is valued at its current NAV, without adjustment by the Plan.

Common/Collective Trusts (Continued):

The SEI Global Private Assets VI CIT Fund is a common collective trust established for the purpose of providing for the collective investment of assets of pension plans, profit sharing plans, and government plans. The fund is valued at the NAV of units for the fund. The NAV, as provided by the fund, is used as a practical expedient to estimate fair value. The SEI Global Private Assets VI Fund is valued at its current NAV, without adjustment by the Plan.

The SEI Secondary Opportunities Fund is a common collective trust established for the purpose of providing for the collective investment of assets of pension plans, profit sharing plans, and government plans. The fund is valued at the NAV of units for the fund. The NAV, as provided by the fund, is used as a practical expedient to estimate fair value. The SEI Secondary Opportunities Fund is valued at its current NAV, without adjustment by the Plan.

Joint Venture/Partnerships:

The Plan has invested in joint venture/partnership funds. These funds are maintained for the collective investment and reinvestment of retirement plan assets. The joint venture/partnership funds are valued at fair value, as estimated by General Partner. The fair value of the subscriptions is based on return of capital and an allocation of profit from fund net assets. Each Joint Venture/Partnership is valued at fair value, without adjustment by the Plan.

The Plan entered into membership/partnership agreements with certain limited liability partnerships during the years ended August 31, 2023 and 2022. These agreements call for capital commitments from the Plan and also impose certain restrictions as to capital withdrawals or distributions.

Landmark Equity Partners XIV invests primarily in established venture capital funds, buy-out funds, mezzanine funds, and other pooled investment vehicles which primarily invest in equity oriented investments and direct private equity related investments. The Plan has a subscription for \$6 million. Capital contributed for the year ended August 31, 2023 was \$5,605, and the cumulative capital contributed over the course of the subscription was \$5,843,572 as of August 31, 2023. As a result, the unfunded capital commitment as of August 31, 2023 was \$156,428. The fair value of the investment is based on return of capital and or allocations of profit from fund net assets. Because of the uncertainty of the valuation, the manager's estimate of fair values may differ significantly from the values that would have been used had a ready market existed for the investments. The fair values are not adjusted by the Plan.

Landmark Equity Partners XV, similarly to Landmark Equity Partners XIV, invests primarily in established venture capital funds, buy-out funds, mezzanine funds, and other pooled investment vehicles which primarily invest in equity oriented investments and direct private equity related investments. The Plan entered into a commitment for \$2.8 million investment. Capital contributed for the year ended August 31, 2023 was \$0 and the cumulative capital contributed over the course of the subscription was \$2,247,641 as of August 31, 2023. As a result, the unfunded capital commitment as of August 31, 2023 was \$552,359. The fair value of the investment is based on return of capital and or allocations of profit from fund net assets. Because of the uncertainty of the valuation, the manager's estimate of fair values may differ significantly from the values that would have been used had a ready market existed for the investments. The fair values are not adjusted by the Plan.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2023 and 2022.

In accordance with ASU 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended August 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2, or 3. The following table sets forth a summary of the changes in the fair value of the Plan's level 3 assets for the years ended August 31, 2023 and 2022.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of August 31, 2023 and 2022, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value as of August 31, 2023	Fair Value as of August 31, 2022	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Averages
Joint Venture/Partnership - Landmark Partners XIV	356,693	501,442	Discounted Cash Flow	Adjusted Valuation Multiples (EBITDA)	Variable	Variable
Joint Venture/Partnership - Landmark Partners XV	567,326	667,341	Discounted Cash Flow	Adjusted Valuation Multiples (EBITDA)	Variable	Variable
Total Investments Measured at Fair Value Level 3	924,019	1,168,783				

During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$13,428,417. This is comprised of unrealized appreciation of \$6,725,976 and realized gains of \$6,702,441. During 2022, the Fund's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$37,927,363. This is comprised of unrealized depreciation of \$53,695,569 and realized gains of \$15,768,206.

Gains and losses (realized and unrealized) included in charges in net assets available for benefits for the years ended August 31, 2023 and 2022 are reported in investment income in the Statements of Changes in Net Assets Available for Benefits.

NOTE 4 – ALLOCATED OPERATING EXPENSES (Continued)

Expenses are paid by an administrative agency account, which is reimbursed by the affiliated funds periodically during the year. The difference between the expenses finally allocated and the estimated reimbursements is shown in the Statements of Net Assets Available for Benefits as either an advance to or from the administrative agent.

NOTE 5 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on total years of credited service times the benefit credit. Benefits payable under all circumstances-retirement, death, disability, and termination of employment-are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from CBIZ Savitz and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of September 1, 2022 and 2021 were (a) life expectancy of healthy participants (1994 GAM Table (male and female) with one year set forward, and disabled participants (mortality rates per Revenue Ruling 96-7 for post December 31, 1994 disablements) (b) retirement age assumptions of varying rates starting at age 55 through age 65 (the previous assumed average retirement age was 60 with 5 Eligibility Credits) and (c) investment return. The September 1, 2022 and 2021 valuations included assumed average rates of return of 8.00%, including \$573,000 and \$535,000, respectively, added to the Normal Cost for anticipated administrative expenses (other than investment expenses) associated with providing benefits.

Changes made to the actuarial assumptions used include the retirement rate assumption being changed from 100% retire at age 60 to rates varying by age starting at age 55 through age 65. In addition, an actuarial increase for delayed retirement has been added for active participants currently beyond their Normal Retirement Date, and those expected to retire beyond their Normal Retirement Date.

The form of payment election assumption was changed from all retiring Participants electing a Single Life Annuity to various election assumptions for a Joint and Survivor Annuity for Active Participants.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of September 1, 2022 and 2021. Had the valuation been performed as of August 31, 2023 and 2022 there would be no material differences.

NOTE 6 – PENSION PROTECTION ACT ZONE STATUS

For the years ended August 31, 2023 and 2022, the PPA funded percentage was estimated to be at least 80% for the annual Actuarial Certification. Therefore, the Plan was certified to be in “safe status”, within the meaning of the Pension Protection Act of 2006 (PPA).

NOTE 7 – LEASE COMMITMENTS

The Trust Funds, consisting of the Health & Welfare Fund, Annuity Fund, Pension Fund, Labor Management Cooperation Trust, and Christmas and Vacation Fund, occupy space at 1240 Massachusetts Avenue in a building owned by the Local No. 12, United Association of Plumbers and Gasfitters Building Corporation. This corporation was formed under Chapter 180 of the General Laws of Massachusetts as a nonprofit organization solely for the benefit of the members of the union. The lease is a five (5) year lease commencing February 1, 2003 and requires annual lease payments of \$30,360. At the end of the five-year lease, the Plan can exercise up to six (6) renewal periods. The renewal period is automatic unless notice is given. The Trust Funds will also pay additional rent that is comprised of real property tax, insurance, utilities and repair expenses. This rent is included in operating expenses, which are allocated to the individual funds as explained in Note 4.

Future minimum lease payments under the operating lease in accordance with legacy lease guidance ASC 840 are as follows for the year ended August 31:

September 1, 2023 through August 31, 2024	\$ 10,853
September 1, 2024 through August 31, 2025	10,853
September 1, 2025 through August 31, 2026	10,853
September 1, 2026 through August 31, 2027	10,853
September 1, 2027 through August 31, 2028	4,522
	<u>\$ 47,934</u>

Effective September 1, 2022 the Plan reports monthly lease payments for the building rent which has met the criteria of being an operating lease under ASC 842. The estimated minimum payments due on the lease agreement for each subsequent year to August 31 are as follows:

September 1, 2023 through August 31, 2024	\$ 10,853
September 1, 2024 through August 31, 2025	10,853
September 1, 2025 through August 31, 2026	10,853
September 1, 2026 through August 31, 2027	10,853
September 1, 2027 through August 31, 2028	4,522
	<u>\$ 47,934</u>

NOTE 8 – TAX STATUS

A determination letter was obtained from the Internal Revenue Service on January 27, 2016, stating that the Plan and its underlying trust qualify under Section 401(a) of the IRC and as a result are exempt from federal income taxes. Subsequent to such determination, the Plan has been amended. The fund administrator believes the Plan and its underlying trust is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECLASSIFICATION

Items for the year ended August 31, 2022 have been reclassified for comparative purposes.

NOTE 10 - PLAN TERMINATION

Although the Plan has not expressed any intention to do so, the Plan has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations. Benefits are guaranteed by the Pension Benefit Guaranty Corporation to the extent provided by ERISA.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

For Plan termination occurring during 2023, that ceiling is the product of (1) 100% of the monthly benefit accrual rate up to \$11 plus 75% of the lesser of \$33 or the accrual rate, if any, in excess of \$11 and (2) the number of the participant's years of credited service. The PBGC will not guarantee a benefit or benefit increases that have been in effect for less than 60 months. The monthly benefits eligible for the guarantee are limited to retirement benefits which would otherwise be subject to guarantee, are not greater than the plan benefit payable at normal retirement age as a life annuity and are determined without regard to reductions permitted on account of cessation of contributions by an employer. The accrual rate is determined by dividing a participant's monthly benefits eligible for the guarantee by the number of full and fractional years of service credited to the participant. A year of credited service is a year in which the participant completed a full year of participation in the plan or any period of service before participation that is credited for purposes of benefits accrual as the equivalent of a full year of participation.

NOTE 10 - PLAN TERMINATION (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefits obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 11 – COMPENSATED ABSENCES

Employees of the Plan are entitled to paid vacation, paid sick days and personal days off, depending on job classification, length of service, and other factors. It is the policy of the Plan that the compensated absences have non-vesting rights, and the rights expire at the end of the year in which they are earned. Accordingly, no liability has been recorded in the accompanying financial statements. The Plan's policy is to recognize the costs of compensated absences when actually paid to employees. This expense is included in operating expenses, which are allocated to the individual funds as explained in Note 4.

NOTE 12 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In the normal course of operations, the Plan may be subject to certain claims and litigations. In the opinion of management, the outcome of any such matters will not have a material effect on the financial position of the Plan.

NOTE 13 – CONCENTRATION OF CREDIT RISK

The Plan maintains the majority of their cash balances in one financial institution, Rockland Trust. The balances in this financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to the applicable limit of \$250,000.

NOTE 16 – CONTRIBUTIONS TO MULTIEMPLOYER PLANS

The Plan made contributions to a multiemployer health plan in the amount of \$53,730 and \$43,419 for the years ended August 31, 2023 and August 31, 2022, respectively. The amounts of contributions to the multiemployer plan are based upon the current percentage of administrative expenses allocated to the Plan as described in Note 4. The multiemployer health plan provides medical benefits to active and retired employees. The contribution rate to the health fund for the period March 1, 2022 through August 31, 2023 was \$14.07. The contribution rate to the health fund for the period September 1, 2021 through February 28, 2022 was \$13.57.

The amounts of contributions to the multiemployer plan are based upon the current percentage of administrative expenses allocated to the Plan as described in Note 4. The multiemployer annuity plan provides deferred income benefits to participants in the plan. The contribution rate to the annuity fund for the period March 1, 2023 through August 31, 2023 was \$7.00. The contribution rate to the annuity fund for the period September 1, 2021 through February 28, 2023 was \$6.50 per hour.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
