INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee, Plan Administrator and Participants of
Roland Park Country School Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Roland Park Country School Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended August 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of August 31, 2023 and 2022, and for the year ended August 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to September 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

To the Retirement Plan Committee, Plan Administrator and Participants of
Roland Park Country School Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of August 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Roland Park Country School Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan of Roland Park Country School (the School) and was established on September 1, 1946. The Plan is subject to the provisions of ERISA.

Eligibility - The Plan covers all employees of the School. Employees who have attained age 21 and have completed one year of service, as defined, are eligible for the School discretionary contribution. For eligible part-time employees, 1,000 hours of service is required annually as an additional condition to receive the School contribution. Employees may enter the Plan immediately for employee deferral contributions and on the first day of the month coinciding with or following their hire date for the School's discretionary contribution.

Contributions - Each year, participants may elect to make pre-tax and after-tax Roth deferral contributions, up to the maximum allowable contribution amount under the Internal Revenue Code (IRC). Participants who have worked at least fifteen years for the School may make special 403(b) catch-up contributions, as defined. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Participants additionally may contribute amounts representing distributions from other qualified plans permitted by the IRC (as defined).

The School provides a discretionary contribution in an amount to be determined by the School. The School elected to contribute 5% of eligible employees' qualifying compensation (as defined). For the year ended August 31, 2023, the School's discretionary contribution totaled \$485,165.

The School may also make Qualified Nonelective Contributions (QNECs), as defined in the Plan. No QNECs were made for the year ended August 31, 2023.

Participant Accounts - Each participant's account is credited with the participant's contributions and School contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants direct the investment of their contributions and the School contributions into an insurance annuity contract with TIAA (Teachers Insurance and Annuity Association – an insurance company), a pooled separate account with TIAA, various variable annuity contracts with CREF (College Retirement Equities Fund) and various registered investment companies offered by the Plan. For those participants who do not make an investment selection, their contributions and the related School contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in all contributions plus earnings thereon.

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their pre-tax deferral contributions account balance. The notes are secured by the balance in the participant's account, bear interest at prime plus 1% and can only exceed a repayment period of five years for the purchase of a principal residence.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - continued - Only one note may be outstanding at a time. Principal and interest is paid ratably through monthly deductions from the participants' personal bank account.

Payment of Benefits - Benefit payments may be in the form of lump sums, partial or installment payments, or an annuity contract. Distributions of all participant and School contributions are payable upon termination of employment, upon incurring a disability, or attainment of age 59 1/2. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals of participant deferral contributions are also permitted, subject to provisions defined in the plan document. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. The annuity contract with TIAA contains additional limits as described in Note 5.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive (FBR) investment contracts, which should be reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBR investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the TIAA Traditional Annuity which, under the Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA) and Retirement Choice Plus (RCP) contracts, is considered to be FBR. The Statements of Net Assets Available for Benefits present the contract value of the FBR investment contracts.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for FBR contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and TIAA and CREF. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the pooled separate account and variable annuity contracts (collectively, the accounts) are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts earn interest which is automatically reinvested in additional units. Generally, each account maintains a separate accumulation unit value. The current value of each unit is based on the market value of the account's investments.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Unit Values - continued - Additions to and deductions from each account are converted to units by dividing the amounts of such transactions by the unit values (see Note 3), and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of August 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Contributions - Contributions from plan participants and School contributions are recorded in the year in which the employee contributions are withheld from compensation or in which participant compensation is earned.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment. Fees related to the initial setup and annual administration of notes receivable from participants are deducted from loan proceeds or charged directly to the participant's account and included in administrative expenses, respectively. Expenses paid by the Plan for investment management, audit and administrative services are paid through a Revenue Credit Account which is funded by revenue sharing and are included in administrative expenses - net on the Statement of Changes in Net Assets Available for Benefits for the year ending August 31, 2023.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2023 and 2022:

TIAA Traditional Annuity (TA): Valued at the accumulated balance which equals the accumulated cash contributions and interest credited to the Plan's contracts and transfers, if any, less any withdrawals and transfers, if any. The TA is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. However, TIAA represents that while transactions involving the purchases/sales of individual TA contracts are not observable in a public marketplace, contract value may provide a good approximation of fair value as supported by several events described by TIAA.

TIAA Real Estate Account (REA): Daily unit values for the REA are listed on Nasdaq's website and are updated overnight for each day the Nasdaq is open. The value of a participant's investment rises and falls with the return on the underlying assets in the REA along with the income generated by those assets.

CREF Accounts: The variable annuity contracts invest principally in equity securities, fixed-income instruments and short-term investments. Daily unit values for the CREF accounts are listed on Nasdaq's website and are updated overnight for each day the Nasdaq is open. The value of a participant's investment rises and falls with the return on the underlying assets in the CREF accounts. CREF Money Market account holdings are generally valued at amortized cost.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2023.

	<u>Assets at Fair Value as of August 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

REA

TIAA has the right to limit the lump-sum withdrawals from the REA to one per calendar quarter and at an amount not less than \$1,000. Although the underlying assets cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee. TIAA ensures that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values. Endorsements have been added to the TIAA contracts limiting internal funding vehicle transfers to the Real Estate Fund accumulations.

CREF Accounts

CREF has the right to limit the lump-sum withdrawals from each account to one per calendar quarter and at an amount not less than \$1,000. In an effort to reduce market timing and excessive trading, shareholders are not permitted to make electronic transfers back into that same account through a purchase or exchange for 90 calendar days, if a purchase, sale and repurchase within that account is made within a 60 day period, other than for the CREF Money Market Account.

Changes in Fair Value of Level 3 Assets

During the year ended August 31, 2023, there were purchases and issuances of \$3,258 and \$226,886, respectively, and no transfers in/out of the Plan's level 3 assets.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Investment	Fair Value		Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Inputs

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at August 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividend income for the year ended August 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and CREF. The certification extends to investments held by TIAA, FSB, custodian of certain assets through July 14, 2023, and TIAA Trust, N.A., custodian of certain assets effective July 15, 2023, that were recordkept by TIAA.

NOTE 5 - TIAA TRADITIONAL ANNUITY (TA)

The TA is a fixed rate annuity contract offered to participants in employer-sponsored retirement plans through contracts with TIAA. Under these contracts are sub-contracts. Participants make contributions to TIAA contracts that purchase a specific amount of lifetime income based on contractual rate schedules in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TA provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. Together, the guaranteed minimum (between 1% - 3%) and additional amounts make up the "crediting rate" in the accumulation phase of the account. The interest income, as reported in the Statement of Changes in Net Assets Available for Benefits for the TA, represents the guaranteed rate plus the additional amounts.

The TA is offered through a variety of contracts, including Retirement Annuities (RA), Supplemental Retirement Annuities (SRA) (offered through December 2006), Group Supplemental Retirement Annuities (GSRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The Plan currently directs all contributions to the RC and RCP contracts only. The type of contract through which a participant allocates to the TA determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's accumulation and the options for receiving income upon retirement.

Average yields for the Non-FBR portion of these contracts for the years ended August 31 were:

	<u>2023</u>	<u>2022</u>
RA Contracts:		
Based on annualized earnings	4.41%	3.72%
Based on interest rate credited to participants	4.59%	3.90%
RC Contracts:		
Based on annualized earnings	4.65%	3.94%
Based on interest rate credited to participants	5.31%	4.38%

Participants may direct the withdrawal of their accumulated balance in the TA using various income options, as defined. In addition, they may transfer some or all of their TA (SRA, GSRA and RCP contracts only) and REA accumulation not less than \$1,000 to their companion TIAA or CREF certificate.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 5 - TIAA TRADITIONAL ANNUITY (TA) - CONTINUED

TIAA has the right to stop accepting internal transfers to the TA and REA at any time and reserves the right to limit transfers to/from the TA (SRA, GSRA and RCP contracts only) and REA to not more than one per calendar quarter. Under the RA contract, a participant may make withdrawals in the form of a life annuity or the participant may transfer their accumulation to their companion TIAA or CREF certificate or the REA in ten annual installments over a nine year period. Such transfer is referred to as a Transfer Payout Annuity.

Under the RC and RCP contracts, a participant may transfer their TA accumulation to their companion CREF certificate or the REA over a five year period, subject to no surrender charge. Under the RC contract, participants may make a lump-sum withdrawal of their TA accumulation within 120 days of termination of employment, subject to a 2.5% surrender charge. Subsequent to the 120 day period, participants may apply all or any part thereof not less than \$10,000, of their TA accumulation to a Transfer Payout Annuity, which will be paid over a 7 year period. Under the RCP contract, lump-sum withdrawals are not subject to a surrender charge. In addition, TIAA has the right to limit transfers and lump-sum withdrawals from each account to one per calendar quarter, at an amount not less than \$1,000 and may defer payment for up to six months.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against the investment contract for credit risk of the contract issuer or otherwise.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The plan investments consist of an insurance annuity contract with TIAA, a pooled separate account with TIAA, various variable annuity contracts with CREF and various registered investment companies managed by TIAA and CREF, TIAA, FSB (through July 14, 2023) and TIAA Trust, N.A. (effective July 15, 2023), and therefore, these transactions qualify as party in interest transactions.

Certain administrative services are provided to the Plan by TIAA pursuant to the Recordkeeping Services Agreement (the Agreement). Under this Agreement, TIAA may be compensated for its services by payments made by providers of the investment companies invested in by the Plan, or their affiliates. Certain of the non-proprietary mutual funds held by the Plan, may pay cost-sharing payments which will be collected by TIAA and used to pay or offset the costs of administering such funds. These payments reduce the amount of expenses that would otherwise be payable pursuant to the Agreement. Excess cost-sharing payments are deposited to the Plan's Revenue Credit Account (RCA). The balance in the RCA as of August 31, 2023 and 2022 is \$13,162 and \$45,344, respectively. The Plan or School may make payments to TIAA for administrative expenses not covered by revenue sharing. Fees paid by the Plan to TIAA amounted to \$96,749 for the year ended August 31, 2023 and are reflected in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

ROLAND PARK COUNTRY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2023 AND 2022

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed TIAA by a letter dated August 7, 2017, that the TIAA ERISA 403(b) Volume Submitter Plan is designed in accordance with Section 403(b) of the IRC. Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN NOTES

Participants may borrow from TIAA and CREF using a portion of their plan account as security for the note. When a plan allows for notes from the TIAA and CREF RA, RC and RCP contracts, the participant also accepts the Retirement Loan (RL) contract. These contracts provide individual contract provisions regarding available accumulations, interest rates and repayment schedules. Notes are also allowed from the TIAA and CREF GSRA contracts. During June 2019, the Plan ceased issuance of all plan notes and currently allows participant notes only (see Notes 1 and 2).

At least 110% of the plan note must be kept as collateral in the RL contract for RA, RC and RCP notes. For GSRA notes, at least 110% of the note must be kept as collateral in the TIAA Traditional Annuity. The plan note balances as of August 31, 2023 and 2022 are \$12,693 and \$45,587, respectively. Under the borrowing terms, \$13,962 and \$50,146, respectively, of plan assets serve as collateral to these plan notes. As of August 31, 2023 and 2022, there were no plan notes in default. The plan notes are not reported on Form 5500 and therefore are not included in the financial statements.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of August 31, 2023 and 2022, 24% and 23%, respectively, of net assets available for benefits is invested in the TIAA-CREF Lifecycle Index Funds; however, by their nature, the TIAA-CREF Lifecycle Index Funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - RISKS AND UNCERTAINTIES - CONTINUED

Additionally, for the years ended August 31, 2023 and 2022, 42% and 45%, respectively, of the Plan's investments were held in two accounts with TIAA and CREF, as noted below. As such this is considered to be a concentration of credit risk.
