INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants, Board of Directors and Retirement Plan Committee
Third Federal 401(k) Savings Plan
Cleveland, Ohio

Opinion

We have audited the financial statements of the Third Federal 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December, 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Third Federal 401(k) Savings Plan

1 Description of Plan

The following description of the Third Federal 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a complete description of the Plan's provisions.

General:

The Plan is a profit sharing plan and provides for employee contributions under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). A portion of the administrative costs related to the Plan are absorbed by the Company.

The Plan was restated effective January 1, 2013 and amended effective July 22, 2014 to make adjustments in the Plan document as required by the IRS.

Eligibility:

Employees of Third Federal Savings and Loan Association of Cleveland (Third Federal) shall be deemed to have met eligibility requirements to participate in the Plan on the first date he/she first completes 30-days of employment. Employees shall be deemed to have met eligibility requirements for Employer Matching Contributions upon completion of six months of service. A participant must also be at least 18 years of age to become eligible for matching contributions (Tier I) and discretionary profit sharing contributions (Tier II) and at least 18 years of age for discretionary contributions (Tier III).

Contributions:

Employee Contributions: The Plan allows participants to contribute up to 75% of their eligible compensation to the Plan, up to the IRS maximum. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified plans.

Associates can elect to make contributions on the Third Federal 401(k) Savings Plan on a Roth after-tax basis in addition to contributions on a pre-tax basis. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Employer Matching Contributions: Third Federal makes a matching contribution (Tier I) equal to 100% of 401(k) deferrals up to the first 4% of compensation deferred.

Employer Discretionary Contributions: Third Federal may make a discretionary profit sharing contribution (Tier II) or a discretionary contribution (Tier III) to eligible participants. There were no Tier II profit sharing contributions made in 2023 or 2022. For 2023 and 2022, Tier III contributions of 2.5% of eligible wages were made.

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's contribution, an allocation of Third Federal's contributions, if eligible, and Plan earnings net of administrative expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Participants are 100% vested in their own contributions and income thereon, at all times. Amounts contributed to a participant's Tier I and Tier II will be immediately 100% vested. Vesting of Tier III contributions is based on years of service in accordance with the table below:

Years of Service	%
Less than 2	—%
2	25%
3	50%
4	75%
5 or more	100%

Retirement, Death and Disability:

A participant is entitled to 100% of his or her account balance upon normal retirement, death or disability.

Forfeitures:

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,928 and \$89, respectively. Forfeitures used to reduce employer contributions were \$41,383 in 2023 and \$60,651 in 2022. The Plan also allows forfeitures to be used to pay administrative expenses. For Plan years ended December 31, 2023 and 2022, \$1 and \$4 of forfeitures were used to pay administrative expenses.

Payment of Benefits:

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or transfer the value of the vested interest in his or her account to the trustee or custodian of another qualified retirement plan.

1 Description of Plan, Continued

Plan Termination:

Although it has not expressed any intent to do so, Third Federal has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

Investment Options:

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any of the investment options offered by the Plan. Participants are allowed to change their investment options once per day.

Investments in TFS Financial Corporation stock, the employer stock of Third Federal Savings, are based upon each employee's investment allocation. Purchases of stock occur when the custodian receives the employee and employer contributions. These purchases are conducted through a broker at the prevailing market price of the stock on the exchange in which these shares trade.

Notes Receivables from Participants:

Participants may borrow from their Tier I fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loan Fund. The term of the loan shall not exceed five years unless the loan is for the purchase of a primary residence. The loan must bear interest at a reasonable prevailing rate. Participant loans are categorized as notes receivable from participants. These loans are valued at unpaid principal balance plus any accrued but unpaid interest.

The Plan considers a loan in default when the participant fails to comply with the loan note and security agreement for a period of 90 days. In the event of default, the Plan Administrator may declare the loan payable due in full immediately. At that time, there shall be a "deemed distribution" from the participant's account in the amount of the outstanding loan balance. Participant loans continue to accrue interest until the loan is settled by repayment or distribution from participant's account, including "deemed distribution". There were no participant loans in non-accrual status at December 31, 2023 or 2022.

Transfer from Associate Stock Ownership Plan (ASOP):

Participants in the ASOP who are at least age 55 with at least five years of vested service may elect to transfer all or any portion of their accounts in the ASOP to the Plan under the diversification provision of the ASOP. During 2023 and 2022, participants elected to transfer \$2,159,380 and \$2,027,290, respectively, from their accounts in the ASOP to their accounts in the Plan.

2 Summary of Significant Accounting Policies

The policies and principles which significantly affect the determination of net assets and results of operations are summarized below.

Accounting Method:

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments and Income Recognition:

The Plan's investments are stated at fair value. Quoted market prices are used to value investments in registered investment companies and TFS Financial Corporation stock. Units of pooled separate accounts are valued by the asset custodian at the daily net asset value, which represents the cumulative market values of the pooled separate accounts' underlying investments. The Third Federal CD Portfolio consists of Certificates of Deposit valued at the original cost plus accrued interest and money market accounts valued at their carrying amount, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts and disclosures, and actual results could differ from these estimates.

Risks and Uncertainties:

The Plan provides for various investment options including any combination of mutual funds, pooled separate accounts, and other investment securities. The investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Payment of Benefits:

Benefits are recorded when paid.

3 Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$24,279,374 in 2023, and depreciated in value by \$32,706,303 in 2022. TFS Financial Corporation common stock value appreciated \$250,201 in 2023, and depreciated \$3,616,491 in 2022.

In 2023 and 2022, the Plan's investments earned interest and dividend income of \$2,741,273 and \$2,205,459, respectively. Of these amounts, \$228,693 (2023) and \$203,005 (2022) was interest earned on the Third Federal CD portfolio. Dividends earned on TFS Financial Corporation common stock in 2023 and 2022 were \$1,071,676 and \$1,236,139, respectively.

Fair Value Measurements:

Under generally accepted accounting standards, a framework has been established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the framework are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2

Inputs to the valuation methodology include:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs that are unobservable inputs for the asset or liability.

The investment strategies for the Plan's investments are varied and include long term growth of capital and income, market capitalization, high level of current income consistent with preservation of principal and maintenance of liquidity. They may invest in a broad range of domestic and foreign equities, real estate investments and fixed income funds with the objective of matching or exceeding the total return of certain market indices.

3 Investments, Continued

Fair Value Measurements, Continued:

The following is a description of the valuation methodologies used for assets measured at fair value:

Common stock and Registered Investment Companies: Valued using the market approach at the closing price reported on the active market on which the individual securities were traded.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of shares held by the Plan at the year-end.

CD Portfolio: Valued at the original cost plus accrued interest.

There were no changes to the valuation techniques used in fair value measurements at December 31, 2023 or 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value Measurements, Continued:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. The investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period lapses (30 or 90 days depending on the investment).

Investments Measured Using the Net Asset Value per Share Practical Expedient as of December 31, 2023

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 96,467,541	\$ —	Daily	30 days
Total	\$ 96,467,541	\$ —		

Investments Measured Using the Net Asset Value per Share Practical Expedient as of December 31, 2022

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 66,418,292	\$ —	Daily	30 days
Total	\$ 66,418,292	\$ —		

If the Plan were to initiate a full redemption of the pooled separate account, the investment adviser reserves the right to temporarily delay disbursements from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4 Concentration of Investments

Included in investments are shares of TFS Financial Corporation common stock amounting to \$16,247,869 (2023) and \$16,599,667 (2022). This represents 9% and 10% of total investments as of December 31st for the years 2023 and 2022, respectively. A significant decline in the market value of TFS Financial Corporation's stock would significantly affect the net assets available for benefits.

5 Tax Status

The Internal Revenue Service has determined and informed Third Federal, by letter dated October 21, 2014, that the restated Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Recent plan amendments were not included in the 2014 favorable determination. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, the Plan continues to qualify under the IRC and the related trust continues to be tax-exempt as of December 31, 2023. Accordingly, the accompanying financial statements do not include a provision for federal income taxes.

5 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

6 Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During 2023 and 2022, the Plan paid professional fees totaling \$186,796 and \$233,973, respectively, for the administration of the Plan. Certain Plan expenses relate to investments managed by Principal Financial Group, the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Plan expenses are paid in part by revenue credits which are based on an agreement between the Plan sponsor and the Trustee.

Certain Plan investments consist of shares of TFS Financial Corporation. Third Federal is the Plan sponsor, and TFS Financial Corporation is the parent company of the Plan sponsor. Certain Plan investments also consist of balances in Third Federal CD, which is managed by Third Federal. Therefore, these related transactions qualify as party-in-interest transactions.

7 Subsequent Events

Management evaluated events occurring through June 14, 2024, the date the financial statements were available to be issued in determining the accounting for and disclosure of transactions and events that affect the financial statements.

The Board of Directors approved a dividend of \$0.2825 per share to stockholders of TFS Financial Corporation stock on February 22, 2024, payable on March 21, 2024 to shareholders of record as of March 7, 2024. On May 30, 2024, the Board of Directors approved another dividend of \$0.2825 per share to stockholders of record on June 11, 2024 to be paid on June 25, 2024.

Effective January 1, 2024, the Plan was amended to reduce the Company's 401k match from 4% to 2% which ended the Plan's Safe Harbor status. Additionally, the Plan was amended to make all employees hired on or after January 1, 2023, eligible for Employer Matching Contributions after completing 6 months of service and attaining age 18.
