Report of Independent Auditors

To the Administrator of Woodbridge Group Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Woodbridge Group Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Woodbridge Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

1 Description of the Plan

Woodbridge Group Retirement Savings Plan (the Plan) is a defined contribution pension plan. The Plan covers eligible salaried employees and hourly employees not covered by a collective bargaining agreement unless such agreements specifically provide for participation in the Plan, as defined in the Plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Plan documents describing employee benefits for a more complete description of the Plan's provisions, copies of which are available from the Plan administrator.

Contributions

Each participant enters into a salary reduction agreement with Woodbridge Holdings, Inc. and Participating Employers (the Company) whereby contributions are made to the Plan under Section 401(k) of the Internal Revenue Code (IRC) in an amount equal to the participant's salary reduction. The voluntary salary reduction is a specified percentage of not less than 1% and not greater than 100% of the participant's annual earnings, up to a maximum as defined in the IRC.

For all eligible salaried employees and all hourly employees not covered by a collective bargaining agreement, the employer's contribution to the Plan is non-discretionary. The Company provides an Employer Matching Contribution in an amount specified in the Plan documents.

The participants direct their contributions and the employer contributions to their investment choices.

On February 27, 2019, Roth contributions were added to the Plan. A Roth 401(k) contribution is a contribution designated as such under Section 402A of the IRC. A participant may designate 100% of the Employee Deferral Contribution as either a pre-tax 401(k) contribution or a Roth 401(k) contribution, or the Participant may choose to allocate a portion of the contribution to both types of 401(k) contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions; and (b) Plan earnings, and is charged with an allocation of administrative expenses and investment losses. Allocations are based on the participant's earnings or account balances, as defined. Forfeited employer contributions of terminated participants' non-vested accounts are used to reduce future Company contributions.

Participant loans

Participants may borrow from their accounts an amount that may not exceed the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing local rates, as determined monthly by the Plan administrator. Interest rates ranged from 4.25%-9.25% during 2022 (4.25%-9.25% during 2021). Principal and interest are paid through payroll deductions.

Any loan shall by its terms require that repayment (principal and interest) be in level monthly payments, over a period not extending beyond 60 months from the date of the loan, unless the purpose of the loan is to acquire within a reasonable time a house, condominium, mobile home or other dwelling unit that is to be used as the principal residence of the participant, in which case the repayment period shall not exceed 180 months from the date of

approval of the loan; otherwise, the loan is deemed distributed and written off from notes receivable from participants.

Benefit payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Distributions from the Plan are made in the form of lump sum payments. Benefits become payable at normal retirement age. Benefits are also payable on disability, death or termination of employment with the Company.

Vesting

Participants are 100% vested in all amounts at the time of contribution, except employer match contributions allocated to their accounts under the terms of the Plan. A participant receiving employer match contributions is vested as follows:

Years of credited service		Percent vested		
Less than two years		nil %		
At least two years		100 %		

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their participant accounts.

2 Summary of significant accounting policies

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Woodbridge Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Distributions are recorded on the effective date. Mutual funds are valued based on quoted market prices. The Plan also invests in the Wells Fargo Collective Stable Return (Fund N35). This fund has invested all of its assets in Wells Fargo Stable Return Fund G, a common collective trust fund sponsored by Wells Fargo. The Wells Fargo Stable Return Fund G carries its investments at contract value. In accordance with GAAP, investments are to be reported at fair value. The value of this investment is based on the underlying unit value reported by Wells Fargo Stable Return Fund.

Notes receivable from participants

Participant loans are valued at the carrying value of the notes receivable from participants, together with accrued interest, under the amortized cost method. The fair value of the notes receivable from participants closely approximates the carrying value.

Interest income earned on participant loans is recognized on an accrual basis.

Contributions

Employer and employee contributions are recorded when due to the Plan.

Benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses may be paid by the Plan or the Company, at the discretion of the Plan administrator. All administrative expenses incurred with regard to the purchase, sale or transfer of investments and other assets in connection with the operation of the Plan and certain professional fees are borne by the Plan.

3 Risks and uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Significant market disruptions, such as those caused by global pandemics, natural or environmental disasters, acts of terrorism, war or other geopolitical situations, or other events, can adversely affect local and global markets and normal market operations. Any such disruptions could have an adverse impact on the value of the Plan's investments and the Plan's performance.

4 Investments

As at December 31, 2022 and 2021 and for the year ended December 31, 2022, the Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company has certified to the Plan administrator the following information as complete and accurate:

- investment balances at cost and fair value, in the aggregate and by fund, as at December 31, 2022 and December 31, 2021;
- net change in fair value of Plan investments, distribution income and interest on notes from participants, in the aggregate and by fund, for the year ended December 31, 2022;
- purchases and sales of investments, including gain or loss on sales by fund for the year ended December 31, 2022;
- notes receivable from participants balances as at December 31, 2022 and December 31, 2021; and
- Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as at December 31, 2022.

The preparation of financial statements by the Plan administrator relies on, but is not limited to, the above certified financial information provided by Principal Trust Company. Such information has not been examined by an independent auditor.

The following presents investments representing 5% or more of the Plan's net assets available for benefits as at December 31, 2022 and 2021:

5 Income tax status

The Plan has received a determination letter from the Internal Revenue Service dated November 12, 2013 stating the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained on examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as at December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6 Related party transactions

Fees paid by the Plan in 2022 to parties-in-interest amounted to \$231,434. Additionally, there were \$6,080 paid in participant loan fees included in notes receivable from participants.

7 Fair value measurements

The Financial Accounting Standards Board Accounting Standard Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority on unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority on unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as at December 31, 2022:

- Mutual funds – valued based on quoted market prices, which represent the net asset values (NAV) of units held by the Plan as at year-end and are classified as Level 1 within the hierarchy.
- Common collective trusts – valued using NAV, which represents fair value, other than the Wells Fargo Stable Return Fund, which is valued using a NAV as a practical expedient for fair value (and not included in the levelling table).

Woodbridge Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets available for benefits at fair value as at December 31:

	2022			
	Level 1	Level 2	Level 3	Total

8 Reconciliation of financial statements to Form 5500

There were no reconciling items between the financial statements and Form 5500 for the years ended December 31, 2021 and 2022.

9 Subsequent events

Management of the Plan has evaluated subsequent events from the statement of net assets available for benefits date of December 31, 2022 through October 18, 2023, the date the financial statements were issued. During this period, Plan management has not identified any subsequent events requiring recognition or disclosure.
