INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Johns Manville Employees 401(k) Plan

Opinion

We have audited the financial statements of the Johns Manville Employees 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year ended December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

General — The following description of the Johns Manville Employees 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan sponsored by Johns Manville Corporation (the “Plan Sponsor”) and offered through its wholly owned subsidiary, Johns Manville (the “Company”). The Plan provides eligible employees a convenient means for regular and systematic savings with several investment options. Fidelity Management Trust Company (“Fidelity” or the “Trustee”), the trustee of the Plan, administers, manages, and reports the Plan’s investment transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments — Participants direct the investment of their contributions into the various funds offered by the Plan. The Plan offers mutual funds, target date common collective trust funds and a unitized stock fund that includes Berkshire Hathaway Class B common stock (“Berkshire Common Stock”), related parent company of Johns Manville Corporation.

Eligibility — All regular employees including full-time, part-time, interns, non-union hourly and union hourly employees at participating locations are eligible to become Plan participants on the first day of employment or immediately upon reemployment.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan 31 days following their dates of hire, unless they affirmatively elect not to participate in the Plan or make their own election. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in the T. Rowe Price Retirement Date Trust that aligns with their projected year of retirement until changed by the participant.

Company Contributions — The Company contribution for salaried employees and non-union hourly employees is based on a 50% fixed match on the first 6% of pre-tax employee contributions up to a maximum of 3% of eligible compensation, plus up to 50% variable match on the first 6% of pre-tax employee contributions up to a maximum of 3% of eligible compensation based on the operating performance of the Company and management’s sole discretion. The Company may also, at its sole discretion, contribute an additional variable match of up to 1% of eligible compensation if the participant is contributing between 6% and 7% in pre-tax contributions.

The Company will make fixed matching contributions of 50% of the first 6% of pre-tax employee contributions up to a maximum of 3% of eligible compensation for union hourly employees. The Company may make variable matching contributions in a specified percentage (as agreed upon in each collective bargaining agreement) up to 50% of the first 6% of pre-tax employee contributions up to a maximum of 3% of eligible compensation. Such variable matching contributions are based upon the operating performance of the Company and management’s sole discretion. All employer contributions are based on negotiated rates within the collective bargaining agreements.

Company contributions of \$13,834,837 and \$12,648,255 related to the Company’s variable match were accrued for as of December 31, 2023 and 2022, respectively. Voluntary after-tax contributions, catch-up contributions and rollover contributions are not matched by the Company. The Company’s annual contribution made on behalf of any one employee is subject to certain maximums as specified in the Plan and regulated by the Internal Revenue Service (IRS).

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, which represents a rollover to the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Contributions — Pre-Tax Contributions — Eligible employees may contribute to the Plan through a reduction in salary on a pretax basis from 1% to 75% of eligible compensation.

Contributions — After-Tax Contributions — Employees may elect to contribute 1% to 9% of eligible compensation on an after-tax basis regardless of the percentage of pretax contributions.

Contribution Limitations — Amounts invested by a participant in the Berkshire Hathaway Class B Unitized Stock Fund (Berkshire Fund), an investment option of the Plan that invests in Berkshire Common Stock cannot exceed 25% of their contributions or total value of their account.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary contributions, participant forfeitures and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their deferral percentage of authorized payroll deductions at any time in accordance with administrative notice requirements.

Vesting — Participant contributions and earnings thereon vest to the participant immediately. Company contributions and the earnings thereon vest 100% to the participant after three years of service.

Withdrawals — Active employees may take a distribution of their vested Company matching contributions according to the provisions of the Plan. Company matching contributions must have been in the Plan for at least 24 months or the member must have a minimum of five years participation to qualify for an in-service distribution. All other vested amounts (except those relating to participant pre-tax and conversion contributions and earnings thereon) may be withdrawn by the participant at any time subject to the maximum number of withdrawals available. For eligible contributions made to the Plan prior to July 1, 2010, participants can take up to four in-service withdrawals from their vested account balance in any plan year. For eligible contributions made to the Plan on and after July 1, 2010, participants can take "Extreme Hardship" withdrawal and one in-service withdrawal not due to "Extreme Hardship" from their vested account balance each calendar year. Employee pre-tax contributions and earnings thereon may not be withdrawn until the participant attains age 59-1/2, leaves the Company, or furnishes satisfactory proof of financial hardship. Rollover contributions are available for immediate withdrawal. Conversion contributions are not eligible for withdrawal. The minimum amount per non-hardship in-service withdrawal is \$200. The Plan allows for payments from the Berkshire Fund to be distributed in shares of Berkshire Common Stock, in accordance with the participant's election.

If a participant's employment is terminated for reasons other than death, disability, or retirement, the participant forfeits any unvested Company contributions and applicable earnings. Participants with vested balances (excluding rollover contributions) greater than \$5,000 can elect to defer distribution of their account until the minimum required distribution rules apply. All other participants cannot defer and are subject to a lump sum payout or rollover to Fidelity Individual Retirement account. If the participant dies before receiving a full distribution of their account, the vested portion must be distributed to the designated beneficiary no later than certain deadlines established by law.

Notes Receivable from Participants — Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at Reuter's prime rate plus 1% as of the last business day of the month preceding the month in which the loan is processed. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2023, participant loans have maturities through 2048 at interest rates ranging from 4.25% to 10%.

Forfeited Accounts — Forfeitures serve to reduce future contributions from the Company. As of December 31, 2023 and 2022, the forfeitures account balances were \$221,524 and \$228,547, respectively. During 2023, employer contributions were reduced by approximately \$1,240,000 from forfeited nonvested accounts. If a participant is not rehired by the Company and does not make a withdrawal, the nonvested accounts will be forfeited after five years, or upon a total distribution if earlier. A participant who takes a total distribution and is subsequently rehired by the Company within five years has the option of repaying to the Plan, within five years of the reemployment date, cash in one lump-sum equal to the full amount received from the Plan at termination. If such repayment is made, the Company will restore to the participant's account, the amounts previously forfeited.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in these financial statements, including disclosures of contingent assets and liabilities. Actual results may differ from those estimates and assumptions.

Risks and Uncertainties — The Plan provides various investment options to participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — Investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of the fair value methodology by investment type.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Contributions — Employee contributions and Company contributions are recorded when withheld and when earned, respectively.

Administrative Expenses — In general, as provided in the Plan document, all expenses incurred in connection with administering the Plan, including but not limited to legal, accounting, and consulting fees, will be paid by the Plan, at the discretion of the Benefits Committee, except to the extent such expenses are paid by the Company.

The Plan is permitted to require Participants to pay certain fees in connection with the operation of the Plan from individual Participant accounts. As a result, each Participant's account is charged an annual fee to help cover the cost of Plan administration. The annual fees were \$52 in 2023. The Plan also has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to participants who hold investments in the funds generating the credits. For the year ended December 31, 2023, revenue credits of \$38,236 were applied to individual participant accounts that invested in the funds generating the revenue credits. In addition, the Plan periodically distributes float income ratably to all active participants. Float income results from funds that are held in short-term investment accounts by Fidelity pending distribution to individual participant accounts. In 2023, \$175,000 in float income was distributed to active participants. The Plan held undistributed revenue credits and float income of \$61,553 and \$189,259, as of December 31, 2023 and 2022, respectively.

Payments of Benefits — Benefit payments to participants are recorded upon distribution. There were no participants, who have elected to withdraw from the Plan, but have not yet been paid as of December 31, 2023 and 2022.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques - Maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Berkshire Fund - A separately managed account that is a unitized stock fund that operates similarly to a mutual fund, in that it is composed of stock, and a small percentage of cash or another short-term interest-bearing vehicle. The inclusion of cash provides liquid assets to allow for the daily processing of transfers, loans, and withdrawals. The value of a unit in a unitized stock fund is based on the Net Asset Value (NAV), which is the value of the underlying common stock and the cash piece held by the fund. The market value of the stock portion of the Berkshire Fund is based on the closing market price of the Berkshire Common Stock on the New York Stock Exchange multiplied by the number of shares held in the fund. The money market portion of the fund is cash and cash equivalents. The individual assets of a stock fund are considered separately as individual investments for accounting, auditing, and financial statement reporting purposes.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Valued at the NAV of units of a collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2023.

	Fair Value Measurements as of December 31, 2023, Using

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2022.

	<u>Fair Value Measurements as of December 31, 2022, Using</u>

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables for December 31, 2023 and 2022, set forth a summary of the Plan investments with a reported NAV.

	<u>Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>2023</u>			
Collective trust funds	\$522,217,478	Immediate	None
<u>2022</u>			
Collective trust funds	\$354,920,275	Immediate	None

There are no unfunded commitments, in addition, there are no other redemption restrictions related to the Plan's holding of the various collective trust funds.

4. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated January 26, 2018, that the Plan and related trust was designed in accordance with the applicable regulations of the IRC requirements. The Plan has been amended since receiving the letter. Also, during the Plan year, the Plan had certain administrative issues occur. To prevent the Plan from incurring a qualification defect, the Company has taken the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS). The Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated by the Company, participant accounts would become fully vested. The assets of the Plan would be distributed to the participants based on their account balances. In addition, any previously forfeited amounts that had not been applied to reduce Company contributions would be credited ratably to the accounts of the participants remaining in the Plan at the time of such termination.

6. RELATED-PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund, and a common collective trust fund managed by Fidelity. Fidelity is the trustee and recordkeeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund within the Plan. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Berkshire Fund includes shares of Berkshire Hathaway Class B common stock issued by Berkshire Hathaway Inc., the ultimate parent of the Plan Sponsor. As of December 31, 2023 and 2022 the Berkshire Fund held 113,416 shares of the common stock with a cost basis of \$16,329,871 and 113,184 shares of common stock with a cost basis of \$14,741,568, respectively. During 2023 the plan purchased 8,200 shares of common stock with a value of \$2,688,272 and sold 7,968 shares with a value of \$2,653,832. These transactions in the Berkshire Common Stock qualify as exempt party-in-interest transactions.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2023 participant contributions of \$3,691 to the Trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transactions for the Plan year 2023 by the applicable due dates. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.
