INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants
National Distributors, Inc. Profit Sharing and
Employees Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of National Distributors, Inc. Profit Sharing and Employees Retirement Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan Administrator and Participants
National Distributors, Inc. Profit Sharing and
Employees Retirement Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

The Plan Administrator and Participants
National Distributors, Inc. Profit Sharing and
Employees Retirement Savings Plan

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan Administrator and Participants
National Distributors, Inc. Profit Sharing and
Employees Retirement Savings Plan

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NATIONAL DISTRIBUTORS, INC. PROFIT SHARING AND
EMPLOYEES RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following description of National Distributors, Inc. Profit Sharing and Employees Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a pre-approved defined contribution plan covering eligible employees of National Distributors, Inc. (the Company). Full-time employees who have 3 months of service and are 21 years of age are eligible to participate in the Plan and certain part-time seasonal or temporary employees who have completed at least 1,000 hours of service, in addition to completing 3 months of service and attaining age 21, are also eligible.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible participants can also make Roth deferral contributions, which are contributions based on after-tax compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Safe harbor match contributions are 100% of the amount of a participant's elective deferrals up to 3% of the participant's compensation, plus 50% of the amount of a participant's elective deferrals in excess of 3%, but not more than 5% of the participant's compensation. The Company also may make a profit-sharing contribution at management's discretion. There were no profit-sharing contributions for the years ended December 31, 2023 or 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employees are automatically enrolled in the Plan once the Plan's eligibility requirements are met. Participants are initially enrolled at 5% of their eligible compensation and may execute a salary deferral agreement at any time to select an alternative deferral amount or elect not to defer under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit-sharing contribution and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

EMPLOYEES RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, Company matching contributions and rollover accounts. Vesting in the Company profit-sharing contribution portion of their accounts is based on years of continuous service. Participants vest at a rate of 20% per year beginning with the second year of service. A participant is 100% vested after 6 years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time the loan is established. Participants may only have one loan outstanding at any given time. No loan shall be for a term exceeding five years unless the proceeds are used to acquire a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides benefits to participants upon death, disability, retirement or termination of employment. Participants may elect to receive a lump-sum payment, partial withdrawal, or payments under a systematic withdrawal plan (installments), up to the value of the participant's vested interest in their account. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts included in net assets available for benefits were not material. Forfeitures may be used to reduce future Company contributions or to pay administrative expenses. During 2023 and 2022, an immaterial amount of forfeited nonvested amounts were used to reduce Company contributions and pay administrative expenses.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, to the extent they are not paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accrual basis of accounting is utilized for reporting purposes.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from participants are recorded in the year in which payroll deductions are made. Employer matching contributions are recorded in the same year as the corresponding participant contributions.

Notes Receivable From Participants

Notes receivable are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and becomes eligible for a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options which invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through June 19, 2024, which is the date the financial statements were available to be issued.

3. Tax Status

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

The Plan has adopted a pre-approved defined contribution plan sponsored by Fidelity Management & Research Company. The pre-approved plan provider has received an opinion letter from the IRS, dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Information Certified and Provided by the Trustee

The Plan's assets, including investments and notes receivable from participants, related investment income, and investment and notes receivable transactions, including net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants, were certified by Fidelity Management Trust Company (Fidelity), the trustee, as of and for the years ended December 31, 2023 and 2022. The Plan Administrator has determined that Fidelity meets the requirements of a qualified institution as defined by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, in accordance with the request of the Plan Administrator and as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to generally accepted auditing procedures by the Plan's independent public accountants.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, has established a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described, as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs that are unobservable inputs for the asset.

The money market fund and mutual funds are valued at the closing price reported in the active market in which the security is traded. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

6. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity, the Trustee. Therefore, in addition to administrative fees, transactions involving the Plan's investments also qualify as party-in-interest transactions. Administrative fees paid by the Plan to Fidelity in 2023 and 2022 were \$44,583 and \$45,025, respectively. Additionally, notes receivable from Plan participants, the related interest income and transactions are also considered party-in-interest transactions.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the significant differences between the financial statements and Form 5500 as of and for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$11,431,681	\$ 9,960,510
Company contributions receivable	<u>(243,312)</u>	<u>(191,247)</u>
Net assets available for benefits per Form 5500	<u>\$11,188,369</u>	<u>\$ 9,769,263</u>
Net increase (decrease) in net assets available for benefits per financial statements	\$ 1,471,171	\$ (1,998,003)
Change in contributions receivable	<u>(52,065)</u>	<u>(27,702)</u>
Net income (loss) per Form 5500	<u>\$ 1,419,106</u>	<u>\$ (2,025,705)</u>

Notes receivable from participants are reflected as a receivable on the financial statements, which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption "participant loans."
