Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blue Cross of Idaho Health Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following brief description of the Blue Cross of Idaho Health Service, Inc. 401(k) Plan (the Plan), is provided for general information only. Participants should refer to Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established effective October 1, 1984. On January 1, 1996, an adoption agreement was signed between the Blue Cross and Blue Shield Association (the Association), an Illinois non-profit corporation, and Blue Cross of Idaho Health Service, Inc. (the Employer / Plan Sponsor) whereby Blue Cross of Idaho Health Service, Inc. adopted the Association-sponsored Tax Favored Savings Program (the Program). Under this agreement, Blue Cross of Idaho Health Service, Inc. 401(k) Plan became a participating plan under the Program. The National Employee Benefit Administration is the Plan Administrator for all participating plans under the Program which utilizes Fidelity Management Trust Company (the Trustee) for the years ended December 31, 2022 and 2021, as the trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is a participating Plan Sponsor in the Blue Cross and Blue Shield Association National Tax Favored Savings Program. The National Employee Benefits Committee (NEBC) is the Blue Cross and Blue Shield Association National Tax Favored Savings Program Plan Administrator. The National Employee Benefits Administration (NEBA) is the administrative arm for the Blue Cross and Blue Shield Association National Tax Favored Savings Program and is under the supervision of the NEBC. One of the more significant roles of the NEBC, and its investment sub-committee (ISC), is to select and monitor the Blue Cross and Blue Shield Association National Tax Favored Savings Program investment menu. The NEBC has the authority to hire outside experts with respect to this cause. The Employer's internal Benefits committee regularly reviews the performance materials provided by NEBA.

Eligibility

Under the Plan, each employee of the Employer shall become an eligible participant in the Plan as of the latter of date of hire or attainment of age 18. Employees under age 18 and interns are not eligible to participate in the Plan.

Entry Date

Employees may enter the Plan on the first date of the next payroll period following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Plan also allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Employer makes safe harbor-matching contributions equal to 100% of the employee's deferral up to 3% of the employee's annual compensation, plus 50% of the next 2% of deferred compensation. Catch up amounts are not eligible for Employer matching.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated age weighted fund until changed by the participant.

Additionally, each July 1, a participant whose contribution election is between 1% and 5% of compensation will have their contributions automatically increased 1%, not to exceed 10% of compensation, unless the participant opts out of such automatic increase.

Employees are eligible to receive a 2.5% non-contributory employer contribution based on eligible earnings, if they are employed on the last day of the year, except those participants who die or become disabled during the year shall receive a prorated non-elective contribution. Employees are not required to make deferrals to the Plan to receive the additional non-contributory employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer matching contributions, as well as allocations of the Employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment elections daily. Participants are eligible to elect a self-directed brokerage option, which includes mutual funds.

Vesting

Participants are vested immediately in their contributions and employer match, plus actual earnings thereon. Non-contributory employer contributions, and any associated earnings or losses on these contributions, are subject to the following vesting schedule:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeitures

At December 31, 2022 and 2021, forfeited non vested accounts totaled \$20,182 and \$25,512, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2022 and 2021, employer contributions were reduced by \$160,882 and \$116,666, respectively, from forfeited non vested accounts.

In 2020, approximately \$8,155,000 of assets were transferred into the Plan from the trust of the Non-Contributory Retirement Program for Certain Employees of Blue Cross of Idaho Health Service, Inc. and held in a suspense account to be used to reduce future employer non-contributory contributions and/or offset plan expenses. At December 31, 2022 and 2021, the balance in the suspense account totaled \$3,970,142 and \$6,386,515, respectively. During the years ended December 31, 2022 and 2021, employer non-contributory contributions were reduced by \$2,500,000 and \$2,500,000, respectively, for amounts applied to employer contribution receivables from the suspense account.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their respective vested account balance. The notes are secured by the balance in the participant's account. Notes bear interest at the prime lending rate as published by Reuters on the last business day of the month plus 1%, and applied to new notes beginning in the following month. Principal and interest is paid ratably to the participant's account through payroll deductions over a period not to exceed five years, unless proceeds of the note were used to acquire the participant's residence, in which case the maximum term of the note is 30 years. A participant may have no more than two outstanding notes at any time.

Payments of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Participants with \$5,000 or more in their account may leave the vested interest in the account until age 72. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or upon financial hardship as defined in the Plan document.

As required by the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), the Plan implemented the following provisions effective January 1, 2020: increase the age requirement for required minimum distributions from age 70 ½ to age 72, for participants born after June 20, 1949; change in the distribution rules for benefits payable upon the death of a participant to generally require distributions within 10 years after the participant's death unless the beneficiary is the participant's spouse or an "eligible designated beneficiary".

The Plan will be formally amended to adopt these provisions prior to December 31, 2025.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would be 100% vested in all employer contributions.

Note 2 - Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Interest and dividends were \$320,023 and \$5,279,434, during the years ended December 31, 2022 and 2021, respectively. The decrease was primarily due to a change in investment funds, which resulted in a change in the treatment of net investment income and net realized gains. Beginning June 30, 2021, net investment income (including securities lending fee income) and net realized gains are reinvested and not distributed to the plans.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Plan Sponsor, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 5, 2023, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Fund: Valued at fair value based on NAV of units held of the collective fund. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

December 31, 2022 and 2021

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

- (a) The Fidelity Growth Company Commingled Pool Class 3 Fund's objective is to seek capital appreciation through investing primarily in common stocks of foreign issuers that offer the potential for above-average growth.
- (b) The SP 500 index's objective is to replicate the performance and overall characteristics, before fees and expenses, of the S&P 500® Index in a risk-managed and cost-effective way.
- (c) The DH Large Cap Fee Fund seeks to provide long term capital appreciation.
- (d) The BTC Total Return Bond Fund generally seeks to realize a total return that exceeds the total rate of return of the Bloomberg Barclays U.S. Aggregate Bond Index, by investing and reinvesting in a portfolio of fixed income securities.
- (e) Principal Diversified Real Asset CIT Tier 1 The Fund seeks a long-term total return in excess of inflation. The fund allocates its assets among the following general investment categories: inflation indexed bonds, securities of real estate companies, commodity futures, fixed-income securities, securities of natural resource companies, master limited partnerships (MLPs), publicly listed infrastructure companies, and floating rate debt. It concentrates its investments (invests more than 25% of its net assets) in securities in the real estate and energy/natural resources industries.

- (f) SMID Cap Research Equity Fund seeks long-term return in excess of the Russell 2500 Index. The Fund invests primarily in common stock and depository receipts and typically invests in companies with a market cap between \$100 million and \$5 billion.
- (g) The Galliard Stable Return Fund's objective is to seek safety of principal and consistency of returns while attempting to maintain minimal volatility. The Fund is designed for investors seeking more income than money market funds without the price fluctuation of stock or bond funds. The Funds strategy is a conservative style that utilizes disciplined value investing process to build a portfolio with broad diversification and emphasis on risk management. Majority of funds are invested in fixed income portfolios wrapped by stable value contracts.
- (h) The Wells Fargo ("WF") Stable Value Fund's objective is to preserve capital and maintain a stable level of return with low volatility with a vehicle for collective investment and reinvestment in a portfolio in a fixed-income security portfolio of investment contracts and security-backed with value guarantees (wrapper) provided by third parties.
- (i) The Vanguard Total Stock Fund employs an indexing investment approach designed to track the performance of the FTSE Global All Cap ex US index, a float adjustment market capitalization weighted index designed to measure equity market performance of companies located in developing and emerging markets.
- (j) The Harding Loevner International Equity Fund seeks long-term capital appreciation through investments in equity securities of companies based outside the United States.
- (k) The State Street target retirement funds seek capital growth and income over the long term.

Note 4 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated December 31, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Subsequent to this issuance of the determination letter, the Plan was amended. However, the Employer and plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of common collective funds, mutual funds, and money market mutual funds managed by the Trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) of fair value of investments, as they are paid through revenue sharing, rather than as a direct payment.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
