Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		100000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Genworth Financial, Inc. Retirement and Savings Plan:

Opinion

We have audited the financial statements of Genworth Financial, Inc. Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Genworth Financial, Inc. Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan. The Plan qualifies under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Genworth Financial, Inc. (the Company or Genworth) is the Plan sponsor. The Company's Board of Directors has appointed the Fiduciary & Investments Committee to be responsible for the general administration of the Plan.

The trustee and recordkeeper for the Plan are The Bank of New York Mellon and Alight Solutions, respectively.

(b) Eligibility

Eligible full-time employees (those scheduled to perform at least 1,000 hours of service within a plan year) may participate in the Plan upon their date of employment. Eligible part-time employees may join the Plan once they are scheduled to or actually do perform at least 1,000 hours of service within a plan year.

(c) Contributions

Employee-directed 401(k) Savings: Subject to limitations imposed by law, participants may elect to contribute up to 50% of their eligible pay on a pre-tax and/or Roth basis. Eligible pay generally includes salary, overtime, first year commissions and bonuses. The maximum allowable aggregate (combined pre-tax and Roth) participant contribution under the Code was \$22,500 and \$20,500 per individual for 2023 and 2022, respectively. The Company makes matching contributions equal to 100% of the first 4% of eligible pay contributed by an eligible participant and 50% of the next 2% of eligible pay contributed by an eligible participant for such Plan year.

In addition, participants reaching age 50 or older by the end of the Plan year may elect to make catch-up contributions to the Plan on a pre-tax and/or Roth basis subject to IRS limits.

The Plan has pre-tax automatic enrollment features with respect to newly hired or re-hired employees. If the employee is eligible to participate, he or she will be automatically enrolled in the Plan with pre-tax contributions being made at the rate of 3% of eligible pay the first year. As part of the automatic enrollment, participant contribution rates are automatically increased by 1% each year until they reach 6% of eligible pay. Eligible participants may decline participation in the Plan, change the pre-tax contribution rate from 3% of eligible pay or modify the automatic rate escalation for both pre-tax and Roth. These contributions based on automatic enrollment are invested in the BlackRock LifePath Index Fund associated with a participant's anticipated retirement date, until the participant directs investment of the automatic deferrals into another investment option offered by the Plan.

Rollover contributions as shown in the accompanying statement of changes in net assets available for benefits represent account balances rolled over into the Plan by participants from other qualified plans.

Supplemental Contributions: The Company also makes additional annual supplemental, pre-tax contributions, based upon each participant's eligible pay. The annual supplemental contribution is 3% of eligible pay. Supplemental contributions are nonparticipant-directed investments that are invested as directed by the Company (see note 4).

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(d) Participant Accounts

Each participant's account is credited with his or her contributions, the Company's matching contributions, and the earnings or losses based on their individual fund elections. The participant is also eligible for supplemental contributions that are funded by the Company and invested in an age-appropriate BlackRock LifePath Index Fund that is subject to market driven earnings or losses. Each participant is entitled to the benefits that can be provided from his or her vested account.

(e) Vesting

Participants hired after December 31, 2010, and who have no recognized service with the Company before January 1, 2011, must attain two years of service to reach full vesting on Company matching contributions. Company supplemental contributions are fully vested after three years of service. Participants hired before January 1, 2011, or re-hired after December 31, 2010, with any recognized service before January 1, 2011, were immediately vested in their account balances excluding their supplemental contribution accounts. Forfeitures are used to reduce future employer contributions to the Plan. Forfeitures available to reduce future employer contributions as of December 31, 2023 and 2022 were \$7,946 and \$2,059, respectively, and forfeitures used to reduce employer contributions were \$360,000 and \$374,500 in 2023 and 2022, respectively.

(f) Investment Options

Participants are permitted to allocate their account balances, excluding supplemental contributions, to one or more investment options currently available under the Plan. The Fiduciary & Investments Committee determines the Plan's investment offerings and generally monitors investment performance. Participants may change investment options for future contributions as frequently as daily, and subject to time constraints by certain investment managers, may initiate transfers among investments daily. Direct transfers from the T. Rowe Price Stable Value Common Trust Fund to the BlackRock Short-Term Investment Fund are not permitted. Instead, participants who wish to transfer from the T. Rowe Price Stable Value Common Trust Fund to the BlackRock Short-Term Investment Fund must first transfer to one of the other Plan investment options and remain in that option for 90 days before transferring into the BlackRock Short-Term Investment Fund.

The Genworth Common Stock Fund invests primarily in common stock of the Company. A small portion of the fund is held in cash or other short-term investments to provide liquidity. Within the Notes to Financial Statements and Supplemental Schedule I – Schedule H, Line 4i – Schedule of Assets (Held at End of Year), the assets of the fund are presented separately as common stock of Genworth Financial, Inc. and short-term investments.

Prior to January 2021, employees had the option of directing contributions or rebalancing assets to the Genworth Common Stock Fund. The Plan had contracted with Newport Trust Company (Newport) to act as an independent fiduciary and investment manager with respect to Genworth stock in the Plan. On January 8, 2021, Newport, acting in its capacity as independent fiduciary, froze the Genworth Common Stock Fund indefinitely. However, participants may transfer assets out of the Genworth Common Stock Fund to other investments permitted by the Plan, but no participants, including those who are currently or were previously invested in the Genworth Common Stock Fund, can make any additional investments or transfer amounts into the fund. Participants may also take a distribution if over age 59 ½ or when terminating employment.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(g) Notes Receivable from Participants

Participants may borrow from their Plan account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (excluding their supplemental contribution account). There is a charge for each loan that is reflected as a reduction from the appropriate participant's account. Loan transactions are treated as transfers between the respective investment funds and the loan fund.

The period of repayment of any loan is determined by mutual agreement between the Plan administrator and the borrower, but such period may not exceed five years from the effective date of the loan. Loans are secured by the balance in the participant's account and bear interest at an effective annual percentage rate that is 2% above the Prime interest rate in effect as of the second business day of each calendar quarter before the loan was requested. Principal and interest are paid ratably through payroll deductions. Participant loans in default are recorded as deemed distributions based on the terms of the Plan document.

(h) Benefits Paid to Participants

(i) Withdrawals

Withdrawals for financial hardship are permitted (excluding supplemental contribution accounts) provided they are for a severe and immediate financial need and the distribution is necessary to satisfy that need. Beginning January 1, 2019, participants were no longer required to fully use the Plan loan program, described above, before requesting a hardship withdrawal. In-service withdrawals are permitted, allowing participants who have reached age 59 ½ or older to obtain withdrawals of their contribution and rollover accounts.

(ii) Payment of Benefits

Upon termination of service for any reason, a participant (or a designated beneficiary) may elect to receive the vested interest in his or her account in a lump-sum amount or via partial lump-sum distributions. Upon termination, participants with assets in the group variable annuity investment option may elect to annuitize that portion of their account and begin receiving their guaranteed minimum income if they are age 55 or older. Alternatively, upon termination, participants with assets in the group variable annuity investment option may elect to receive the vested interest in his or her group variable annuity account in a lump-sum amount and forfeit the lifetime retirement income guarantee. In the event of annuitizations for participants ages 55 to 64, the guaranteed amount will be less than the amount that would be received at age 65 because payments are projected to be made over a longer period of time.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in net assets available for benefits and disclosure of related assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value (NAV) of shares held on the last day of the Plan year. Investments in common/collective trust funds are valued at the NAV as determined using the estimated fair value of the assets and liabilities in the respective funds on the last day of the Plan year. The common stock of the Company is traded on the New York Stock Exchange (NYSE) and is valued at the quoted market price on the last business day of the Plan year.

The ClearCourse® group variable annuity is valued daily by Genworth Life and Annuity Insurance Company (GLAIC) (see note 6), an indirect, wholly-owned subsidiary of the Plan sponsor, using the quoted market price of the underlying mutual fund (Vanguard Balanced Institutional Index Fund) less the applicable ClearCourse® asset charge.

The change in the difference between the fair value and the cost of the investments held at the beginning and end of each year, adjusted for realized gains and losses on investments sold during the year, is reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments.

The cost of investments sold is determined on the basis of average cost. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Notes Receivable from Participants

Notes receivable from participants equal the outstanding principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

(e) Benefits

Benefit payments to participants are recorded when paid.

(f) Expenses

Substantially all expenses related to the administration of the Plan are paid by the Company, including Trustee fees, record-keeping administrator fees and accountant and counsel expenses. Investment management fees and expenses attributable to an investment fund are offset against that fund's earnings in the affected Participant's account. The Plan's loan and qualified domestic relations order (QDRO) fees are paid from participants' accounts. Participants paid \$19,000 and \$20,300 in 2023 and 2022, respectively, for loan fees and QDRO fees. A QDRO is a judgment or order that relates to the provision of child support, alimony payments, or marital property rights for the benefit of a spouse, former spouse, child, or other dependent of a participant. To be recognized as a QDRO, an order must be a domestic relations order.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(3) Investments, at Fair Value

(a) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

Fair value measurements are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our view of market assumptions in the absence of observable market information. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. All assets carried at fair value are classified and disclosed in one of the following three categories:

- Level 1—Quoted prices for identical instruments in active markets.
- Level 2—Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations for which inputs are observable or where those significant value drivers are observable.
- Level 3—Instruments for which significant value drivers are unobservable.

Level 1 primarily consists of financial instruments whose value is based on quoted market prices such as actively traded equity securities and actively traded mutual fund investments. Financial instruments in this category include short-term investments, mutual funds, common stock of Genworth Financial, Inc., and the ClearCourse® group variable annuity.

Level 2 is comprised of investments in common/collective trust funds that are valued at NAV as determined using the estimated fair value of the assets and liabilities in the respective funds on the last day of the Plan year.

The Plan had no Level 3 assets as of December 31, 2023 or 2022.

As of each reporting period, all investments at fair value are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset, such as the relative impact on the fair value as a result of including a particular input. The Plan reviews the fair value hierarchy classifications each reporting period. Changes in valuation techniques used to measure fair value are monitored at least annually by the Plan to determine if a change results in a measurement that is equally or more representative of fair value. Changes in valuation techniques or their application are accounted for as changes in accounting estimates. See note 2(c) for additional information related to fair value measurements.

(b) Valuation Methodologies

The following is a description of the valuation techniques and inputs used to determine fair value by class of instrument.

Short-term investments: Short-term investments are classified as Level 1 and are valued at quoted prices for the identical instrument.

Mutual funds: Mutual funds are valued at NAV and traded on a market exchange, resulting in the funds being classified as Level 1. Each fund's NAV is calculated as of the close of business of the NYSE and National Association of Securities Dealers Automated Quotations.

Common/collective trust funds: The funds are classified as Level 2 and are valued at NAV as determined by using estimated fair value of the underlying assets and liabilities held in the funds. Standard models are used to estimate the fair value of the underlying assets using observable market inputs.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

Group variable annuity: The ClearCourse® group variable annuity is classified as Level 1 and valued daily by GLAIC using the quoted market price of the underlying mutual fund (Vanguard Balanced Institutional Index Fund) less the applicable ClearCourse® asset charge. See note 6 for additional information.

Common stock of Genworth Financial, Inc.: Common stock is classified as Level 1 and valued at the closing stock price reported in the active market in which the individual securities are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the end of the reporting period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2023

(5) Risks and Uncertainties

The Plan investment options include various investment securities, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. It is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect the account balances of the Plan participants.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the Genworth Common Stock Fund, which primarily invests in a single security. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who make such decisions.

The value, liquidity, and related income of the securities in which the Plan invests are sensitive to changes in economic conditions, including but not limited to, persistent elevated inflation and interest rates, supply chain disruptions, geopolitical tensions and war, energy prices, real estate values, delinquencies and/or defaults. Moreover, monetary policy set by the U.S. Federal Reserve to combat inflation by slowing economic growth could heighten the risk of a future recession. Any of these economic conditions and/or a future recession could result in a significant decline in asset valuations, which may adversely impact the Plan's net assets and changes in net assets available for benefits.

Genworth Financial, Inc. Retirement and Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

(6) Related-Party and Party-in-Interest Transactions

One investment option available to participants is the ClearCourse® group variable annuity provided under the Plan. Each contribution into ClearCourse® provides a guaranteed amount of retirement income to the participant. GLAIC offers the guaranteed amount of retirement income provided by this ClearCourse® group variable annuity product. Fees paid by the participants to GLAIC for the Plan years ended December 31, 2023 and 2022 were approximately \$182,500 and \$195,000, respectively. ClearCourse® is only available to participants that have maintained a balance in this fund since December 31, 2013.

Prior to January 2021, another investment in the Plan was an investment fund comprised primarily of shares of common stock issued by the Company. The Plan owned 1,377,456 and 1,601,722 shares of common stock of the Company as of December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the shares had a cost basis of \$6,158,365 and \$7,161,019, respectively, and a fair value of \$9,201,406 and \$8,473,109, respectively. During the year ended December 31, 2023, 224,266 shares were sold at a total cost of \$1,002,654.

Certain Plan investments are held by The Bank of New York Mellon. The Bank of New York Mellon is the Trustee as defined by the Plan and, therefore, is a party-in-interest. Participant loans are considered exempt party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

(8) Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 13, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of the Plan for any tax periods in progress. The Plan administrator believes it is no longer subject to federal or state tax examinations of the Plan for years prior to 2020.

(9) Transfer of Funds from First Colony Life Insurance Company Pension Plan

The First Colony Life Insurance Company Pension Plan (FCL Plan) was a defined benefit pension plan which covered substantially all employees of First Colony Life Insurance Company. The FCL Plan was sponsored by Genworth North America Corporation, an indirect, wholly owned subsidiary of Genworth. The FCL Plan was terminated in 2022 and the associated projected benefit obligation was settled by distributing Plan assets to Plan participants in the form of lump sum payments in exchange for their rights to receive specified pension benefits and/or by purchasing nonparticipating annuity contracts from a third-party insurer to cover vested benefits, as elected by eligible plan participants. Residual assets of \$4,101,781 were transferred to the Genworth Retirement and Savings Plan on December 28, 2022 as a "qualified replacement plan" and such assets will be used in accordance with legal requirements to provide additional benefits to participants under the qualified replacement plan. No reversion tax was incurred as a result of the FCL Plan termination. Residual assets plus interest were used in February 2024 to support funding of the annual Retirement Account Feature contribution.
