Plan Administrator
Catlin Gabel School Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Catlin Gabel School Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Catlin Gabel School Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Catlin Gabel School Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Catlin Gabel School Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements – Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Catlin Gabel School Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Catlin Gabel School Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements

1. Plan Description

The following brief description of the Catlin Gabel School Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established September 1, 1993. The Plan is a defined contribution plan covering employees of Catlin Gabel School (the School) who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the School's board of directors.

The custodians of the Plan are Principal Trust Company (Principal), Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (collectively, the custodians). All participant account balances are held by the custodians. Prior to engaging Principal as custodian of the Plan, the Plan name was Catlin Gabel School 403(b) Defined Contribution Plan. The participant directs the investment of all contributions and earnings thereon, and may change their investment directive at any time.

Eligibility - All permissible employees of the School, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. Participation in the Plan begins the month following the participant's date of hire. Employees who complete 800 hours of service during the Plan year become participants in the Plan for purposes of receiving employer contributions after attaining age 18. Students performing services and employees who are not normally scheduled to work more than 20 hours per week are excluded from the Plan.

Contributions - The Plan requires a 2 percent participant contribution. In addition, participants may make elective salary deferral contributions to the Plan, subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The School matches participant contributions up to 6 percent for employees who have worked for the School for 15 years or less and up to 7 percent for employees who have worked for the School for more than 15 years. For the years ended December 31, 2023 and 2022, the employer matching contribution was \$1,009,060 and \$930,150, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions and the School's matching contributions, and Plan earnings. Deducted from each participant's account are any distributions made to the participant and an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements - Continued

1. Plan Description - Continued

Vesting - Participants are immediately vested in their contributions and the School's matching contributions plus actual earnings on those contributions.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's vested account. In accordance with the Plan provisions, the rate of interest on participant loans approximates current market rates and ranges between 4.25 and 9.5 percent as of December 31, 2023, with maturities through 2028. The term of the loan may not exceed 60 months unless the proceeds of such loan are to be used to acquire any dwelling unit, which within a reasonable time is to be used as the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon attaining normal retirement age of 65, termination of service, death, or disability, a participant may elect to receive a lump-sum distribution of the entire vested account balance. Terminated participants whose account balance is \$5,000 or less will automatically receive a lump-sum distribution. Hardship distributions are available only for the purpose of meeting immediate and heavy financial needs.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of net assets at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period, as well as disclosure of any contingent assets or liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments in pooled separate accounts, shares of registered investment companies, and non-benefit responsive fixed annuity contracts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. Additional information about fair value measurements can be found in *Note 4*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net increase (decrease) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements - Continued

2. Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued - The Plan's investments in fully benefit responsive fixed annuity contracts are reported at contract value (*Note 5*). Contract value is the relevant measure for fully benefit responsive fixed annuity contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value approximates fair value for the fixed annuity contracts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants - Benefits are recorded when paid. At December 31, 2023 and 2022, there were no benefits processed and approved for payment, but not paid.

Expenses - Substantially all administrative expenses and fiduciary fees are paid by the School and are excluded from these financial statements. Certain administration and asset fees are paid by the Plan. Investment related expenses are included in net increase (decrease) in fair value of investments.

3. Certified Investments

Certain information related to assets disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net investment income (loss) and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, the custodians of the Plan.

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements - Continued

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used during the years ended December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Shares of registered investment companies - Valued at the daily closing prices provided by the custodians. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements - Continued

4. Fair Value Measurements - Continued

TIAA Real Estate pooled separate account - The TIAA Real Estate account, which is a pooled separate account, is a single account that invests primarily in real estate holdings. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. Participants redeeming units from the TIAA Real Estate account may only do so once per calendar quarter. Units of the pooled separate account are valued using the NAV of units held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded or listed. As such, pursuant to ASU 2015-10, plan management has presented this as a Level 1 investment in the fair value hierarchy.

TIAA Access pooled separate accounts - Fair value of the TIAA Access pooled separate accounts is determined by reference to NAV per unit as provided by TIAA. NAV per unit are derived from values of similar investments that have quoted prices in active markets. The NAV is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments less liabilities.

TIAA Traditional Annuity - Investments in TIAA Traditional Annuity non-benefit responsive fixed annuity contracts are contract based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31:

4. Fair Value Measurements - Continued

The following table sets forth a summary of certain changes in fair value of the Plan's Level 3 assets for the years ended December 31:

	2023	2022
Purchases	\$ 278,459	\$ 499,530
Sales	(281,881)	(516,080)

There were no transfers into or out of Level 3 investments during the years ended December 31, 2023 and 2022.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per unit (or its equivalent) as of December 31:

	Fair Value		Redemption Frequency	Redemption Period
	2023	2022		
Pooled separate accounts	\$ 1,027,501	\$ 754,063	Quarterly	1 day

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of value for those inputs at December 31:

	Fair Value		Valuation Technique	Unobservable Inputs	Range of Input Values (Weighted Average)
Instrument	2023	2022			
Fixed annuity contracts	\$ 4,370,473	\$ 4,397,277	Discounted cash flows	Risk-adjusted discount rate applied	3-5 percent

5. Fixed Annuity Contracts (Unaudited)

The Plan has entered into fixed annuity contracts issued by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including RA, GRA, Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GRSA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

CATLIN GABEL SCHOOL RETIREMENT PLAN

Notes to Financial Statements - Continued

5. Fixed Annuity Contracts (Unaudited) - Continued

The TIAA Traditional Annuity within the SRA and GRSA contracts contain no liquidity restrictions and are considered benefit-responsive. Accordingly, contract value is the relevant measurement attribute. The TIAA Traditional Annuity holdings within RA and GRA contracts have liquidity restrictions and are non-benefit responsive. Distributions, withdrawals, and transfers out of the RA and GRA contracts can only be made in 10 annual installments, except that under the GRA contracts lump sum payments are available for 120 days following termination of employment with a surrender charge. Distributions can also be made over longer periods.

Because contract value approximates fair value, the average yield earned by the Plan and the actual interest rate credited to Plan participants is the same and approximated at 3 percent for the years ended December 31, 2023 and 2022.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; 3) bankruptcy of the Plan sponsor; or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

The investment contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date. There are no reserves against the contract value for credit risk of the contracts with TIAA. The contract value for the fully benefit responsive portion of the TIAA Traditional Annuity at December 31, 2023 and 2022, was \$895,949 and \$991,133, respectively.

The Plan entered into fixed annuity contracts issued by Principal. Principal maintains these contracts in its general account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value in the accompanying statements of net assets available for benefits. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate is guaranteed to the Plan.

Contract value, as reported to the Plan by Principal, represents contributions made to the account, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the fixed income guaranteed option account at Principal at December 31, 2023 and 2022, was \$2,203,183 and \$2,268,722, respectively.

Notes to Financial Statements - Continued

6. Transactions with Parties-in-Interest

The School is the Plan sponsor and administrator and pays certain administrative costs, including accounting, legal, and consulting fees, on behalf of the Plan.

The custodians of the Plan manage certain Plan investments. These investments and investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net increase (decrease) in fair value of investments.

Participants in the Plan are permitted to borrow funds from their vested balance at Principal as described in *Note 1*. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest earned are described in *Note 3*.

7. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

8. Income Tax Status

The Plan is utilizing a volume submitter 403(b) plan document and is relying on the volume submitter's opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017. The letter states the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the volume submitter document has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 49,515,939	\$ 43,610,509
Employee contributions receivable	(100,798)	-
Employer contributions receivable	(67,691)	-
Rounding	1	-
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 49,347,451</u>	<u>\$ 43,610,509</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Schedule H of Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 5,905,430
Change in employee contributions receivable	(100,798)
Change in employer contributions receivable	(67,691)
Rounding	1
Net income per Schedule H of Form 5500	<u>\$ 5,736,942</u>

11. Subsequent Events

The Plan has evaluated subsequent events through June 5, 2024, the date the financial statements were available for issue.
