Mr. James Kerr and Ms. Angie Morehead
The Gorman-Rupp Company

To Mr. Kerr and Ms. Morehead:

We have audited the financial statements of The Gorman-Rupp 401(k) Plan (the “Plan”) as of and for the year ended December 31, 2023, and have issued our report thereon dated June 21, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated March 23, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risks: management override of internal controls.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2023. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. There were no sensitive estimates affecting the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan financial statements relate to:

The disclosure of the investment classifications relating to fair value in Note 3 to the financial statements. The Plan Administrator has determined the fair value measurement of those investments based on the valuation methodologies used to determine fair value.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated June 21, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Information Included in Form 5500

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, in documents containing the Plan's audited financial statements does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have:

Reviewed the Form 5500 and determined that the information presented is materially consistent with its presentation in the financial statements.

Other Matters

The ERISA-required supplemental schedules were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its

manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Compensation Committee, and management of The Gorman-Rupp 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Opinion

We have audited the financial statements of The Gorman-Rupp Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Gorman-Rupp Company 401(k) Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Gorman-Rupp Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override

(A Meaden & Moore Affiliate Company)

of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

1. Description of the Plan

The following description of The Gorman-Rupp Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Corporate, Mansfield and Industries Divisions of The Gorman-Rupp Company (Company and Plan Administrator) and Patterson Pump Company, a subsidiary of the Company. Effective November 30, 2017, the Plan was amended to include all participants who were previously members of "The National Pump Company 401(k) Savings Plan." Effective June 1, 2022, the Plan was amended to include employees of Fill-Rite Company who became employees of Fill-Rite on or about June 1, 2022, as a result of the Company's acquisition of certain assets of Tuthill Corporation. Bank of America Merrill Lynch is the trustee and record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2016 to amend for recent law changes and incorporate previous amendments. The Plan was amended January 1, 2020 to reflect the requirements of the Bipartisan Budget Act of 2018, the SECURE Act and the CARES Act to update certain definitions for benefit payments and loans.

Contributions

Each year, participants may contribute up to 50% (Plan amended July 1, 2022 to change employee deferral limit from 40% to 50%) of pretax annual compensation (15% for highly compensated employees), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 40% of the first 4% of compensation that a participant contributes to the Plan provided such participant was hired prior to January 1, 2008. For employees hired after January 1, 2008, and all previous participants in The National Pump Company 401(k) Savings Plan and Fill-Rite Company non-union employees, the Company contributes 50% of the first 6% of compensation that a participant contributes to the Plan. The Company also contributes a percentage of the employee's income based on the age of the employee and the years of service with the Company for employees hired on or after January 1, 2008. The additional contribution does not apply to Fill-Rite union employees. Union employees of Fill-Rite Company receive Company matching contributions of 100% of the first 3% of compensation and 50% of the next 3% of compensation.

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

1. Description of the Plan (Continued)

Full-time employees are eligible to participate in the Plan upon hiring. The additional Company contribution for employees hired on or after January 1, 2008 has a 90-day waiting period.

Catch up contributions are eligible under certain circumstances.

New hires are auto-enrolled in the Plan with employee deferrals at 6%. Upon enrollment, a participant may direct employee contributions in whole increments to any of the investment fund options offered by the Plan. Employees may elect to transfer all or a portion (in 1% increments) of their account balance to any fund offered in the Plan, based on the value of their account on the immediately preceding valuation date. Rollovers are currently allowed by the Plan.

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Except for Fill-Rite employees, participants are also fully vested in the Company contribution portion of their accounts plus actual earnings thereon. Fill-Rite participants' Company contributions are 100% vested after 5 years of service. Vesting in the Company age and service contribution is based on years of continuous service; a participant is 100% vested after three years of service.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a 5-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions. Unallocated forfeitures balances as of December 31, 2023 and 2022 were \$3,296 and \$586, respectively.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan shall not exceed 5 years, or 20 years for the purchase of a primary residence. A participant may not have more than one loan at any point in time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as quoted in *The Wall Street Journal* at the date of loan origination. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement or termination of employment, a participant may receive a lump-sum amount equal to the vested value of his or her account. A lump-sum payment is required at a participant's death. Participants may also receive payments upon reaching the age of 59 ½ or with proof of hardship, as determined by the Plan Administrator. Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

2. Summary of Significant Accounting Policies (Continued)

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Common Collective Trust

The Federated Capital Preservation Fund (Class R6) is a common collective trust. The Fund holds guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs) and synthetic guaranteed investment contracts (synthetic GICs). The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC. The Fund attempts to maintain a stable price per unit of \$10.00, however, there can be no assurance that the value of the units in the Fund will not fluctuate. Participants can transact with the trust on a daily basis and there are no unfunded commitments and no redemption restrictions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The Company stock is valued at its quoted market price as of the last business day of the Plan's year.

In accordance with ASC 820, *Fair Value Measurements*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets.

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

2. Summary of Significant Accounting Policies (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived from or corroborated by observable market data by correlation or other means.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through June 21, 2024, the date the financial statements were available to be issued.

The Company amended the Plan to include the merger of the AMT Pump Company 401(k) Plan with and into the Plan effective December 31, 2023, the adoption of the Plan by AMT Pump Company as a participating employer effective January 1, 2024, and revisions required to reflect new terms of the Collective Bargaining Agreement between Fill-Rite Company and Chauffeurs, Teamsters, and Helpers Local Union #414. The amount received for the merger by the Plan in January 2024 was approximately \$10,600,000.

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

2. Summary of Significant Accounting Policies (Continued)

Effective February 22, 2024 the Plan was amended to remove the annual dollar limitation of Code section 401(a) (17).

3. Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The level of the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Fair Value for Level 1 is based upon quoted market prices of common stock (unitized fund), money market and mutual funds.

Fair Value for Level 2 is determined by dividing the common collective trust's net assets by its units outstanding at the valuation dates.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
The Gorman-Rupp Company Stock Fund	\$ 10,181,230	\$ —	\$ —	\$ 10,181,230

Common Collective Trust	—	3,747,532	—	3,747,532

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

Year Ended December 31, 2023

3. Fair Value Measurement (Continued)

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
The Gorman-Rupp Company Stock Fund	\$ 7,262,151	\$ —	\$ —	\$ 7,262,151
Mutual Funds & Money Market	64,641,182	—	—	64,641,182
Common Collective Trust	—	3,996,309	—	3,996,309
Total assets at fair value	<u>\$71,903,333</u>	<u>\$3,996,309</u>	<u>\$ —</u>	<u>\$75,899,642</u>

4. Party-in-Interest Transactions

The investments held in The Gorman-Rupp Company Stock Fund received dividends of \$199,183 on the shares from the Plan Sponsor. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

5. Administrative Costs

Certain fees for legal, accounting and other services rendered to the Plan are paid by the Company.

6. Risks and Uncertainties

The Plan has investments in The Gorman-Rupp Company Stock Fund of \$10,181,230 or 10.5% of net assets as of December 31, 2023.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022, and
Year Ended December 31, 2023

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 29, 2017, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
