INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
TechnoServe, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the 2022 financial statements of TechnoServe, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of TechnoServe, Inc. 401(k) Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of TechnoServe, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TechnoServe, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TechnoServe, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TechnoServe, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of TechnoServe, Inc. 401(k) Plan were audited by E. Cohen and Company, CPAs, whose practice merged with Marcum LLP as of December 1, 2022. E. Cohen and Company, CPAs performed an audit of the 2021 financial statements of TechnoServe, Inc. 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the 2021 audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. The report dated July 27, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). The report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. Description of the Plan

The following description of the TechnoServe, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of TechnoServe Inc. (the Company or the Plan Sponsor) excluding employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Participants can enter the Plan the first day of the month following meeting the eligibility criteria which is attaining age 21. The Plan Administrators and the 401(k) Committee are responsible for oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to make salary reduction contributions up to 100% of eligible compensation, as defined by the Plan, subject to the limitations under the Internal Revenue Code (IRC). Catch-up contributions are allowed for participants who reach age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan offers mutual funds and a common collective trust fund as investment options for participants. Participants may change their investment allocations daily. The Company makes a safe harbor matching contribution of 100% of participant deferrals not exceeding 3% of eligible compensation and 50% of participant deferrals between 3% and 5% of eligible compensation. The Company may also make a discretionary nonelective profit-sharing contribution which is allocated to all eligible employees, regardless of their participation in salary deferrals. For the years ended December 31, 2022 and 2021, the Plan made a discretionary nonelective profit-sharing contribution of 8% of eligible compensation. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is participant-directed and is credited with the participant's contributions, Plan earnings and losses, and any Company contributions. Participant accounts may also be charged with an allocation of certain administrative expenses and expenses specifically attributable to a participant. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company contributions plus actual earnings thereon is based on years of continuous service, as defined by the Plan. Participants vest at 33% after one year of service, 66% after two years of service and 100% after three years of service. Participants with a balance in the frozen money purchase pension source are fully vested after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a note for general purpose may not exceed five years; however, if the note is used for the purchase of a primary residence, the maximum term may not exceed ten years. Participants are allowed to have one outstanding note at any given time. Notes are secured by the balance in the participant's account and bear interest based on reasonable interest rates as determined by the plan administrator based on the prevailing rates. Principal and interest repayments are paid ratably through payroll deductions.

Payment of benefits

The Plan provides for distribution of accumulated benefits upon death, separation of service, financial hardship, in-service, disability, and retirement of participants. Participants and their beneficiaries may elect to receive a lump sum, partial withdrawal or annuity distribution. If the total benefit is \$1,000 or less, the entire amount is paid in a lump-sum distribution. If the total benefit is greater than \$1,000, but less than \$5,000, the balance may be automatically rolled into an individual retirement account, unless the participant elects otherwise. If the total benefit is greater than \$5,000 the participant must consent to the distribution.

Forfeitures

Forfeited non-vested accounts may be used to reduce Company contributions or pay administrative expenses. As of December 31, 2022 and 2021, there were unallocated forfeiture balances of \$116,951 and \$54,514, respectively. During the year ended December 31, 2022, the Company used \$114,891 to reduce Company contributions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

2. Summary of significant accounting policies (continued)

Investments valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant contributions and company safe harbor matching contributions are recognized on the pay date to which they relate. Company discretionary nonelective profit-sharing contributions are recognized in the year as designated by the Company.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent loans are reclassified as distributions based upon the terms of the Plan documents.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment fees and transaction expenses, such as loan and distribution administrative fees, are charged directly to the participant's account and are included in administrative expenses. Plan expenses, such as recordkeeping and advisory fees, may be charged directly to the participant's account on a pro-rata basis. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certification of investment information

Certain information related to investments disclosed in the accompany financial statements and ERISA-required supplemental schedules, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, investment interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity. This information has not been audited by the Plan's independent auditors.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* (FASB ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

4. Fair value measurements (continued)

Common collective trust fund: Value at the NAV of units of the common trust held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less the liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 24,792,895	\$ 24,792,895	\$ -	\$ -
Total assets in the fair value hierarchy	24,792,895	<u>\$ 24,792,895</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (*)	703,226			
Investments at fair value	<u>\$ 25,496,121</u>			
Assets at Fair Value as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 27,862,910	\$ 27,862,910	\$ -	\$ -
Total assets in the fair value hierarchy	27,862,910	<u>\$ 27,862,910</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (*)	1,462,918			
Investments at fair value	<u>\$ 29,325,828</u>			

(*) In accordance with FASB ASC 820, certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2022 and 2021, respectively.

	2022 Fair Value	2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 703,226	\$ 1,462,918	None	Immediate	None

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Related-party transactions and party-in-interest transactions

Certain Plan investments are managed by affiliates of Fidelity, and therefore, the transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions of the Plan at no charge to the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits.

8. Income tax status

The Plan has been organized as a non-standardized pre-approved profit sharing plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is, therefore, not subject to tax under current income tax law. The Plan is maintained to conform to the non-standardized pre-approved profit-sharing requirements and received an opinion letter from the IRS on June 30, 2020. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any open tax periods. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2022 and 2021.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

9. Delinquent transmittals

During the year ended December 31, 2021, the Company failed to timely remit certain employee deferrals and loan repayments to the Plan aggregating to \$138,613. All employee deferrals and loan repayments were contributed to the Plan as of December 31, 2021. Self-correction related to the lost earnings from these delinquent transmittals was not completed as of December 31, 2022.

During 2023, the Company is undergoing the self-correction process related to these delinquent transmittals by computing the lost earnings and contributing them to the impacted individual participant accounts. As part of this correction, corrective tax reporting and/or voluntary correction submissions may be made to the Internal Revenue Service and/or the Department of Labor, as the Company determines to be necessary or appropriate.

10. Plan administration

During 2022, the Plan Administrator determined that participant deferral election rates in Fidelity did not reconcile to participant deferral election rates within the payroll system, compensation used to calculate participant deferrals was not consistent with the definition of eligible wages as stated in the Plan document, and Company discretionary non-elective profit-sharing contributions were not accurately calculated for all employees. These operational failures will be corrected in accordance with Internal Revenue Service Revenue Procedure 2022-30, the Employee Plans Compliance Resolution System.

11. Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after December 31, 2022 and through June 17, 2024, the date the financial statements were available to be issued. Except as noted below, there have been no material subsequent events that require recognition or disclosure in these financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
