## **Independent Auditor's Report**

To the Administrative Committee and Plan participants of  
Southwest Gas Corporation Employees' Investment Plan  
Las Vegas, Nevada

### ***Opinion on the Financial Statements***

We have audited the financial statements of Southwest Gas Corporation Employees' Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Plan Management for the Financial Statements***

Plan management (Management) is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matter - Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## **(1) Description of the Plan**

The following description of the Southwest Gas Corporation Employees' Investment Plan (the "Plan"), as amended, provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

The Plan is a voluntary defined contribution plan covering all employees of Southwest Gas Corporation (the "Company"). However, references within these disclosures to "Company Stock" or "Company Common Stock" relate to stock of the Company's parent entity, Southwest Gas Holdings, Inc., the ticker symbol for which is "SWX." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Its assets invested in Company stock (consisting of (i) Company matching contributions and (ii) participant deferrals) are designated as an Employee Stock Ownership Plan ("ESOP"). New employees are automatically enrolled in the Plan after 30 days unless they elect not to participate.

The ESOP invests primarily in qualifying employer securities. The non-ESOP portion of the Plan is a profit-sharing plan that is qualified under Internal Revenue Code ("IRC") Sections 401(a) and 401(k). The ESOP portion of the Plan is a stock bonus plan and an employee stock ownership plan that is qualified under IRC Sections 401(a) and 4975(e)(7) and described in ERISA Section 407(d)(6). The profit-sharing plan and the ESOP together compose a single plan under Treasury Regulation Section 1.414(1)-1(b)(1). The Plan satisfies the requirements of ERISA and the trust fund maintained under the Plan is tax-exempt under IRC Section 501(a).

In January 2022, the Plan was amended with respect to employees hired or re-hired on or after January 1, 2022, who will participate in enhanced benefits under the Plan rather than in a separate defined benefit retirement plan. Enhanced benefits under the Plan are discussed below. The change is not applicable to employees hired on or before December 31, 2021.

The Plan is for the benefit of employees of the Company.

### **Contributions**

Participants may contribute from 2% to 75% of their annual base wages. However, contributions may not exceed amounts promulgated by the IRC. For participants hired prior to January 1, 2022, the Company contributes to the Plan an amount equal to 50% of a participant's contribution. The Company's maximum contribution in this case is 3.5% of a participant's annual base compensation as defined in the Plan document. For participants hired on or after January 1, 2022, the Company contributes 3% (effective upon hire) plus a matching contribution (dollar-for-dollar) up to 7% of eligible compensation, bringing the maximum Company contribution up to 10% as defined in the Plan. Deferral percentages elected by participants are also applied to overtime earnings; however, deferral of such earnings is not matched by the Company. Roth contributions, deferrals, and in-plan Roth rollovers are included in the Plan and are eligible for Company matching contributions.

Recently enacted legislation, known as the SECURE 2.0 Act of 2022 ("SECURE 2.0"), implemented or will implement changes for tax qualified retirement plans, with some changes being more significant than others. Certain provisions of SECURE 2.0 were effective in 2023, whereas other provisions are effective for 2024 or later years. Furthermore, many provisions are optional, including some that the Plan may adopt, while others it will not adopt.

Under current law, employees aged 50 or older in 2023 are permitted to make catch-up contributions of \$7,500 in excess of otherwise applicable annual limits. Effective for taxable years beginning after December 31, 2024, SECURE 2.0 creates an additional "tier" of catch-up contributions for individuals who are ages 60, 61, 62 and 63. Such individuals will have an increased catch-up limit of \$10,000 or 150% of the regular catch-up amount, whichever is greater for the applicable year. The increased amounts are indexed for inflation after 2025.

As part of SECURE 2.0, and effective for taxable years beginning after December 31, 2023, all age 50 or older catch-up contributions made by employees making more than \$145,000 per year (subject to indexing) must be made

to Roth accounts. In Notice 2023-62, the Internal Revenue Service (“IRS”) created an administrative transition period during which catch-up contributions by any Plan participant do not have to be made to Roth Accounts until 2026.

### **Participants’ Accounts**

Each participant account is credited with the participant’s contribution and amounts contributed by the Company. Participant and Company contributions are invested in the various funds according to the direction of the participant.

### **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the contributions made by the Company and in the earnings thereon is based on years of continuous service. Participants are fully vested in dividends paid in the Southwest Gas Stock Fund without regard to whether the participant is vested in the Company Common Stock with respect to which the dividend is paid. The following table shows the vesting schedule of Company contributions and the earnings thereon (other than dividends on the Southwest Gas Stock Fund).

| <b>Years of Service</b>  | <b>Vested<br/>Percentage</b> |
|--------------------------|------------------------------|
| One but less than two    | 20                           |
| Two but less than three  | 40                           |
| Three but less than four | 60                           |
| Four but less than five  | 80                           |
| Five and over            | 100                          |

In the event of death, attainment of age 65, total disability of a participant, or Plan termination, Company contributions become fully vested irrespective of the years of service. Forfeitures as a result of a participant’s termination prior to vesting, that are not utilized to restore prior benefits or to pay benefits to previously unlocated participants and beneficiaries, are reallocated to the remaining participants on a quarterly basis based on the employer contribution ratio. For the years ended December 31, 2023 and 2022, forfeitures of non-vested accounts reallocated to participants were approximately \$177,000 and \$138,000, respectively.

### **Notes Receivable from Participants (Participant Loans)**

The Plan provides that participants may borrow against the contribution and rollover balances in their accounts, subject to certain limitations specified in the Plan. Funds for loans are obtained through the liquidation of participants’ investment accounts. Payments on the loans include interest at a rate that approximates the prime rate, plus 2%. At December 31, 2023, all outstanding loans had annual interest rates ranging from 5.25% to 10.50%, maturing through 2028. Principal and interest payments on participant loans are credited to participant contribution and rollover accounts in the same ratio as ongoing investment elections. The maximum repayment period for participant loans is five years.

### **Payment of Benefits**

If a participant terminates employment with the Company as a result of retirement, death, or permanent and total disability, such participant, or designated beneficiary in the case of participant death, will be entitled to receive an amount equal to the value of their account as soon as practicable following termination of employment. Distributions from the Southwest Gas Stock Fund will be made in Company Common Stock plus cash in lieu of fractional shares. A participant may apply to the Company’s Benefits Committee (the “Committee”) to request a single lump sum payment in cash for the value of Company Common Stock otherwise distributable to the participant. Lump sum distributions from other funds will be paid in cash.

Under existing provisions of the Plan, or those applicable from SECURE 2.0, distributions under the Plan will begin as soon as practicable, but no later than April 1 following the end of the Plan year in which the participant attains age 72 (70-1/2 if you reach age 70-1/2 before January 1, 2020) or terminates employment (if occurring after age 72). SECURE 2.0 increases the required minimum distribution age to 73 (for individuals who attain age 72 after December 31, 2022 and age 73 before January 1, 2023) and age 75 (for individuals who attain age 74 after December 31, 2023).

If the participant's vested account balance is less than \$5,000, the participant may request a lump-sum distribution or direct that the amount be rolled over into an Individual Retirement Account ("IRA"). If no election is made and the balance does not exceed \$1,000, it will be distributed to the participant. If no election is made and the balance is greater than \$1,000 but does not exceed \$5,000, it will be rolled over to an IRA, designated by the Committee, for the benefit of the participant. If the participant's vested account balance is greater than \$5,000, the participant may remain in the Plan, receive a lump-sum distribution, or roll over the account into an IRA in 2024 or a later Plan year. SECURE 2.0 provides that the Plan may be amended to increase the \$5,000 limit to \$7,000. In this case, a participant who is terminated and does not elect to take a distribution will continue to receive their share of investment income on all vested portions of their account until electing to receive distributions from the Plan. SECURE 2.0 eliminates the pre-death distribution requirement for Roth accounts in employer plans for taxable years beginning after December 31, 2023. However, this change does not apply to distributions that are required with respect to years beginning before January 1, 2024 but are permitted to be paid on or after such date. Beneficiaries of a participant have no more than five years after the participant's death to request payment.

A participant or surviving spouse, if the designated beneficiary, is permitted to make partial withdrawals as long as minimum distribution requirements are met.

### **Plan Expenses**

Plan-related expenses and any other costs of administering the Plan will be paid with funds from the Plan unless paid by the Company at its discretion. The Company paid all administrative Plan expenses, except loan origination and maintenance fees, during 2023. Loan origination and maintenance fees paid by Plan participants for the year ended December 31, 2023 were \$246,352.

### **Other Income**

The Plan participates in Fidelity's revenue credit program, which allows the Plan sponsor to apply credits received to pay for ERISA qualified expenses and/or allocate credits to participants on a pro rata basis. The pro rata allocation is based on the ratio of each participant's average daily balance in a fund during the quarter to the total average daily balances for all participants in such fund during the quarter. These revenue credits qualify as party-in-interest transactions for which a statutory exemption exists.

### **Plan Administration**

The Committee is the administrator for all activities of the Plan. Fidelity Management Trust Company acts as the Trustee and Fidelity Investments Institutional Operations Company performs all recordkeeping of the Plan.

## **(2) Summary of Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States ("U.S. GAAP").

### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See **(6) Fair Value Measurements**.

Purchases and sales of securities are generally valued on an end-of-trade-date pricing basis with the exception of exchanges in and out of the Southwest Gas Stock Fund. When exchanging into Company Common Stock, the stock purchase will be processed on the trade date in real-time pricing. When exchanging out of Company Common Stock, the stock sale will be processed on the trade date in real-time pricing, and the exchange into another investment option will be processed three business days after the trade date (in accordance with normal securities settlement practice). Exchanges in and out of Company Common Stock are generally reflected in participant accounts the day following the trade date. Other purchase and sale transactions, such as contributions, loans, and withdrawals involving Company Common Stock, are not subject to real-time trading. Dividends are recorded on the ex-dividend date.

### **Notes Receivable from Participants**

Notes receivable from participants (participant loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded at December 31, 2023 or 2022. If a participant ceases to make a note repayment and the Plan administrator deems the note to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

### **Contributions Receivable**

Contributions receivable consist of employer and/or employee contributions, when applicable, made but not yet received by the Plan.

### **Risks and Uncertainties**

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks as well as changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the amount invested in Company Common Stock, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

### **Payment of Benefits**

Benefits are recorded when paid.

### **(3) Related-Party and Party-In-Interest Transactions**

Since Company Common Stock is an investment held by the Plan, investments in this common stock represent transactions with parties-in-interest. The Company and the Plan are also related parties. Certain other Plan investments represent short-term deposits and investments, as well as shares of mutual funds, collectively managed by Fidelity Management Trust Company, the Trustee as defined by the Plan. These certain plan investments qualify as party-in-interest transactions for which a statutory exemption exists. During the year ended December 31, 2023, the Plan made purchases (and share dividend accumulations) totaling approximately \$6.7 million and sales (including distributions) of approximately \$7.5 million of Company Common Stock. Participant loans also qualify as party-in-interest transactions. At December 31, 2023 and 2022, participant loans were \$7,723,271 and \$6,928,946, respectively. The following table represents investments held by parties-in-interest:

|                                   | December 31,          |                       |

### **(4) Plan Termination**

Although the Company expects to continue the Plan indefinitely, it reserves the right to amend or terminate the Plan at any time. Upon termination, partial termination, or complete discontinuance of contributions to the Plan, Company contributions will become fully vested.

## **(5) Federal Income Taxes**

In August 2016, the Company received a favorable determination letter from the IRS stating that the Plan, amended and restated effective January 1, 2015, qualifies for deferred tax treatment of contributions under Section 401(k) of the IRC. In 2015, the IRS announced that it was discontinuing its requirement that individually designed plans seeking approval be reviewed for new determination letters every five years and it will no longer review these plans except on adoption and termination. Management noted that the Plan has been amended, resulting in no significant changes, subsequent to receipt of its latest determination letter.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

## **(6) Fair Value Measurements**

U.S. GAAP requires that a fair value measurement be based on the assumptions that market participants would use in pricing the asset or liability, and establishes a fair value hierarchy that ranks the inputs used to measure fair value by their reliability. The three levels of the fair value hierarchy are as follows:

**Level 1** - quoted prices (unadjusted) in active markets for identical assets or liabilities that a company has the ability to access at the measurement date.

**Level 2** - inputs other than quoted prices included within Level 1 that are observable for similar assets or liabilities, either directly or indirectly.

**Level 3** - unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

The Plan provides for investments in various investment securities including Company Common Stock. The assets held by the Plan, excluding temporary cash investments, are generally traded in active exchange markets; their estimated fair values were determined at December 31, 2023 and 2022 using published market closing prices. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end, which is based on the fair value of the securities in these funds less any related liabilities. Common collective trust funds are valued at NAV per unit at Plan year-end. However, as the assets underlying these funds are actively traded, and the combination of adjustments to contract values, where applicable, and fund liabilities are immaterial to the NAV overall, the NAV is the fair value, and not a practical expedient utilized in lieu of an available fair value measure. There have been no changes in valuation methodologies used by the Plan.

The following table sets forth, by level within the three-level fair value hierarchy, the Plan's assets that were accounted for at fair value.

No assets fell within Level 3 of the fair value hierarchy.

As noted above, the mutual funds and Company Common Stock held by the Plan are listed and regularly traded on a national securities exchange. The common collective trust funds consist of two separate funds: one invests in a diversified portfolio of fixed income securities through guaranteed investment contracts and the other invests in a diversified portfolio of equity securities focused on growth. The funds are traded at the NAV, which is determined once each day, and the underlying investments are exchange-traded. Company Common Stock is traded in real time. The values in the above table were based on pricing as of the last business day of the calendar year.

#### **(7) Subsequent Events**

Management of the Plan monitors events occurring after the Statements of Net Assets Available for Benefits date and through the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued or disclosures to be made, and has reflected them where appropriate.
