INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

BURCH, CROOMS & COMPANY, LLP

Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

BURCH, CROOMS & COMPANY, LLP

Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERICA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at end of Year) as of or for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to and derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARBIN LUMBER COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan

The following description of the Harbin Lumber Company, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Harbin Lumber Company, Inc. (the "Company" or "Plan Administrator" or "Plan Sponsor"). The Plan Administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended on September 13, 2022 to change from a fiscal year-end to a calendar year-end resulting in an eight-month period for the year ended December 31, 2022.

Eligibility: All full-time employees of the company age eighteen or older are eligible to participate in the Plan. The Plan was amended on February 1, 2022 to allow participation after 60 days of service. Prior to the amendment, eligibility was based upon completion of 90 days of service.

Contributions: Each year, participants may elect to contribute a percentage of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100% of the first 3% and 50% of the next 2% of pretax compensation contributed to the Plan by each employee. Matching contributions are limited to 4% of compensation. Company contributions are invested according to the participant's elections for their contributions. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Participants must have completed 60 days of service and either (a) be employed on the last day of the plan year or (b) have more than 500 hours of service in the plan year in order to participate in employer discretionary profit-sharing contributions. A year of service for Plan purposes is defined as any plan year in which a participant is credited with at least 1,000 hours of service. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Effective May 1, 2007, the Plan was amended to comply with 401(k) safe harbor provisions whereby active participants employed with the Company and those who begin participating after that date are fully vested at all times in all contributions plus actual earnings (losses) thereon. Participants whose employment terminated with the Company prior to May 1, 2007 are fully vested in their salary reduction contributions, plus actual earnings (losses) thereon, but vesting in the Company's matching and non-matching contributions plus actual earnings (losses) thereon is based on years of continuous service. These participants would be fully vested if they had previously attained six years of credited service.

HARBIN LUMBER COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan - (Continued)

As of October 1, 2008, vesting in employer non-matching contributions plus actual earnings (losses) thereon is based on years of continuous service. A participant is 100% vested in non-matching contributions after six years of credited service.

Effective March 1, 2009, the Plan Sponsor amended the Plan to suspend employer matching contributions. As a result, active participants in the Plan on that date became 100% vested in their account balances. Effective May 1, 2014, employer matching contributions were reinstated.

Notes Receivable from Participants: Notes receivable from participants are not allowed under the Plan.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy (or joint life expectancy of participant and beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan may automatically distribute vested account balances to participants upon separation of service if the total vested value in the participant's account is \$5,000 or less.

Upon application of the participant and in the event of proven financial need as defined by Internal Revenue Service ("IRS") regulations, the Plan permits a distribution due to hardship from a participant's elective deferrals.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$22,625 and \$15,488, respectively. These accounts may be used to reduce future employer contributions or pay Plan expenses.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions among investment options. Participants may change their investment elections and transfer money between investment options on any normal business day. The investment options consist of various registered investment company mutual funds as well as a benefit responsive insurance contract with Transamerica (see Note 4).

Administration: The Plan's investments are governed by a custodial agreement with Transamerica. The Plan Sponsor has exclusive authority and discretion to invest, manage, and control Plan assets, subject to the participants' rights to direct the investment of the Plan assets in their individual accounts.

NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except the Plan's fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Payment of Benefits

The Plan records benefit payments to withdrawing participants when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. At December 31, 2023 and 2022, respectively, there were no unpaid distributions.

NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies - (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through June 25, 2024, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded (Level 1 input under ASC 820).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HARBIN LUMBER COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 3 - Fair Value Measurements - (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

<u>Assets at Fair Value as of December 31, 2023</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies	\$12,273,324	\$ _____	\$ _____	\$12,273,324
Investments at fair value	\$12,273,324	\$ _____	\$ _____	\$12,273,324

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies	\$9,663,208	\$ _____	\$ _____	\$9,663,208
Investments at fair value	\$9,663,208	\$ _____	\$ _____	\$9,663,208

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023 and the eight-month period ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers of investments into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023 and the eight-month period ended December 31, 2022, there were no transfers of investments into or out of Level 3.

Note 4 - Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

HARBIN LUMBER COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 4 - Fully Benefit-Responsive Investment Contract - (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$906,532 and \$1,009,813, respectively. The crediting interest rate was approximately 2.35% for the year ended December 31, 2023 and 1.71% for the eight-month period ended December 31, 2022, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 5 - Related-Party Transactions

Certain Plan investments consist of an insurance contract managed by Transamerica. Transamerica is the third-party administrator, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator fees amounted to \$47,435 and \$27,736, respectively for the year ended December 31, 2023 and the eight-month period ended December 31, 2022.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants who were not 100% vested in employer contributions would become fully vested.

HARBIN LUMBER COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - (Continued)
DECEMBER 31, 2023 AND 2022

Note 7 - Tax Status

Effective January 1, 2016, the Plan was amended and restated to adopt Transamerica Retirement Solutions Corporation Volume Submitter 401(K) Profit Sharing Plan sponsored by Transamerica Retirement Solutions Corporation, a marketing unit of Transamerica Life Insurance Company. The volume submitter plan sponsor obtained an opinion letter dated March 31, 2014, in which the IRS stated the volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations generally for three years after the Form 5500 is filed.

Note 8 - Risks and Uncertainties

The Plan invests in various registered investment companies and an insurance contract. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
