Report of Independent Auditors

The Plan Administrator of
Fujitsu Group Defined Contribution and 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fujitsu Group Defined Contribution and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fujitsu Group Defined Contribution and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fujitsu Group Defined Contribution and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fujitsu Group Defined Contribution and 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fujitsu Group Defined Contribution and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fujitsu Group Defined Contribution and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fujitsu Group Defined Contribution and 401(k) Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of Fujitsu Group Defined Contribution and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description (SPD) or the plan document (Plan Document) for a more complete description of the Plan's provisions.

The Plan is a multiple employer defined contribution plan established in 1985 to provide benefits to eligible employees, as defined in the Plan Document. Fujitsu North America, Inc. (the Company) sponsors the Plan. The Company and North American subsidiaries of Fujitsu, Ltd., as well as affiliates, participate in the Plan (individually, Participating Company; collectively, Participating Companies). As of December 31, 2023 and 2022, there were 12 and 13 Participating Companies, respectively. The Plan is designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company appointed the Fujitsu Group 401(k) Plan Administrative Committee (the Committee) to oversee the operation and administration of the Plan. The Company and the Committee, in their respective capacities, contracted with John Hancock Trust Company LLC (John Hancock), to act as the trustee, and an affiliate of John Hancock to act as the third-party administrator to process and maintain the records of participant data. A portion of expenses incurred for administering the Plan are paid by the Plan. Certain fees applicable to the investment options are netted from the returns of those investments.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with U.S. GAAP.

Payment of benefits – Benefits are recorded when paid.

Forfeited accounts – Forfeitures are the nonvested portion of a participant's account that is lost upon account balance distribution. Forfeitures may be used to reduce future Company contributions, to restore previously forfeited Company contributions, or to pay plan administrative expenses.

Investment valuation and income recognition – The Plan's investments are reported at fair value and contract value. John Hancock certifies the contract value of the synthetic guaranteed investment contract (Note 5) and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fujitsu Group Defined Contribution and 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued-but-unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Income taxes – The Plan has been amended since receiving its latest favorable determination letter dated May 20, 2014. The plan sponsor believes that the Plan is substantially operated in accordance with, and is intended to be qualified under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through June 24, 2024, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Fujitsu Group Defined Contribution and 401(k) Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund and common stock (included in self-directed brokerage accounts): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CCTs) are valued using the NAV practical expedient of the CCTs as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCTs minus its liabilities and divided by the number of units outstanding. The CCTs do not have any unfunded commitments and can be redeemed daily by participants or in aggregate by the Plan.

Limited partnerships in real estate: Valued at NAV practical expedient as reported by the general partners of the limited partnerships. The underlying real estate investments of the partnerships are valued using the market approach based on third-party appraisals. Under the terms of the subscription agreements of the partnerships, which are closed-end funds, the Plan is committed to fund up to \$25,000,000, of which approximately \$1,479,000 and \$1,981,000 was unfunded as of December 31, 2023 and 2022, respectively. Each of the investments has a set investment period that varies. Redemptions from these vehicles are restricted and may only occur at the end of the investment period..

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FUJITSU STABLE VALUE FUND

The objective of the Fujitsu Stable Value Fund (the Fund) is to provide principal preservation, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan. The Fund is a fully benefit-responsive synthetic investment contract. The Plan values the investment in the Fund at contract value. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The Fund invests primarily in investment contracts such as traditional guaranteed investment contracts (GICs), separate account insurance contracts, and wrapper contracts. Traditional GICs are issued by insurance companies, and the underlying investments are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Fund.

In a separate account insurance contract, the Fund purchases a contract from an insurance company and the underlying investments are segregated from the insurance company's general account in a separate account set up specifically for the Plan. In a wrapper contract structure, the Fund purchases a wrapper contract from an insurance company or bank and the underlying investments are owned by the Fund and held in trust for the participants.

Fujitsu Group Defined Contribution and 401(k) Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed upon with the contract issuer, but it may not be less than zero. Separate account and wrapper contracts' interest rates are typically reviewed on a monthly or quarterly basis for resetting.

Because changes in the market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the contract's interest crediting rate. If the contract value is greater than the market value of the underlying investments, the market value losses will be amortized in the future through lower interest crediting than would otherwise be the case. If the contract value is less than the market value of the underlying investments, the amortization of the market value gains will result in the future crediting rate to be higher than it otherwise would have been.

The key factors that could influence future interest crediting rates for a separate account or wrapper contract include: (1) the level of market interest rates, (2) the amount and timing of participant contributions, transfers, and withdrawals into/out of the contract, (3) the investment returns generated by the fixed-income investment that back the contract, and (4) the duration of the underlying investments backing the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of the Plan, (2) the Company elects to withdraw from a contract to switch to a competing investment option, or (3) other Company events (for example, merger, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Events that would permit a contract issuer to terminate a contract prior to the scheduled maturity date include the Plan's loss of its qualified status, uncured breach of contract, or material and adverse changes to the provisions of the Plan.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Eligible employees may elect to have the Company contribute their eligible pre-tax or after-tax compensation (Roth contributions or traditional after-tax contributions) to the Plan up to the amounts allowable under the Plan Document and current income tax regulations. The Plan also permits the automatic enrollment of eligible employees in the Plan with a contribution of 8% and annual increases of 1% up to a maximum of 60%, of eligible compensation, unless the eligible employee affirmatively elects otherwise. Eligible participants already contributing to the Plan at a combined deferral rate of less than 8% in November of each plan year are generally subject to annual automatic re-enrollment sweeps to raise their deferral rate to 8% of eligible compensation unless the eligible participant affirmatively elects otherwise in accordance with plan provisions. Eligible participants who have the Company contribute a portion of their eligible compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Fujitsu Group Defined Contribution and 401(k) Plan Notes to Financial Statements

Eligible participants are also allowed to make rollover contributions of amounts received from employer-sponsored retirement plans and certain individual retirement accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – A Participating Company may contribute a matching contribution for each participant who is an eligible employee of such Participating Company. The amount of the matching contribution made on behalf of a participant is determined by each Participating Company and is based on the amount of pre-tax and/or after-tax contributions made by the participant of such Participating Company, not to exceed a certain maximum.

Matching contributions by the Participating Companies are as follows:

Participating Companies	Rate of matching contributions
Fujitsu Frontech North America, Inc. GlobeRanger Corporation Fujitsu General America, Inc. Fujitsu Network Communications, Inc. Fujitsu North America, Inc.	50% of the first 8% contributed to a maximum of 4% of eligible compensation
Participating Companies	Rate of matching contributions
Fujitsu Components of America, Inc. FJ Limited - DC FJ Limited - NY Fujitsu Research of America, Inc. (fka Fujitsu Laboratories of America, Inc.) Transtron America, Inc. Fujitsu Optical Components of America, Inc. FDK America, Inc. PFU America, Inc. (through December 31, 2022)	50% of the first 12% contributed to a maximum of 6% of eligible compensation

Prior to January 1, 2019, certain Participating Companies made additional discretionary contributions in the form of basic or transition Dedicated Retirement Subaccount (DRA) contributions as defined in the Plan Document. The DRA program and related contributions were suspended January 1, 2019.

Vesting – Participants are immediately vested in their contributions – pre-tax, Roth, after-tax, and catch-up contributions. Participants are fully vested in the Participating Companies' matching contributions allocated to their account after four years of credited service. Participants are fully vested in the Participating Companies' DRA contributions allocated to their account after six years of credited service. Refer to the Plan Document for a more complete description.

Participant accounts – Each participant's account is credited with the participant's contribution, plan gains or losses, forfeitures, if any, and an allocation of the Participating Companies' contributions, if any. Allocation of the Company's contributions is based on participant contributions or eligible employee compensation, as defined by the Plan.

Notes to Financial Statements

Payment of benefits – Upon termination, retirement, or permanent disability (as defined by the Plan), the participants or beneficiaries may elect to leave their account balances in the Plan or receive their total account balances in a lump sum amount or request partial payments over a period of time equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000.

Notes receivable from participants – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2023, carry interest rates ranging from 4.25% to 10.50%.

NOTE 5 – CERTIFIED INFORMATION

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation (depreciation) in fair value of investments, dividends, and interest (which includes interest income from notes receivable of approximately \$515,000 and \$462,000 for the years ended December 31, 2023 and 2022, respectively) reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year), except for the underlying investments of the Fund that are reported at fair value on the Form 5500 which are certified by Invesco Trust Company, custodian of the assets of the Fund.

Net assets available for benefits per the Form 5500	<u><u>\$ 1,440,819,735</u></u>	<u><u>\$ 1,373,099,837</u></u>

The following is a reconciliation of the affected component of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

Total investment and other income per the financial statements	\$ 199,630,937
Adjustment from contract value to fair value for fully benefit-responsive contracts	<u>(614,122)</u>
Total investment and other income per the Form 5500	<u><u>\$ 199,016,815</u></u>

NOTE 7 – PLAN TRANSFER

During the year ended December 31, 2022, the Committee approved the election of PFU Systems, Inc. to cease participation in the Plan effective January 1, 2023. As a result, all related plan assets of PFU Systems, Inc. of approximately \$68,000,000 were transferred from the Plan on January 13, 2023, which is reported as a transfer of assets out of the Plan on the statement of changes in net assets for the year ended December 31, 2023.

NOTE 8 – PLAN TERMINATION OR MODIFICATION

The plan sponsor intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time for any reason by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
