Alger Precision Machining, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alger Precision Machining, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alger Precision Machining, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alger Precision Machining, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alger Precision Machining, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alger Precision Machining, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Swenson
CORPORATION

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alger Precision Machining, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the plan including summary of significant accounting policies

The following description of the Alger Precision Machining, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Human Resources Department.

General

Effective June 1, 1982 Alger Precision Machining, LLC (the "Company" or "Plan Administrator") formerly known as Alger Manufacturing, LLC, established and adopted the Plan for its employees. The Plan is a defined contribution 401(k) plan covering substantially all employees who have attained the age of 18 years and have completed 60 days of service and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by an Administrative Committee consisting of one or more persons appointed by the managing members of the Company.

Contributions

Under the terms of the Plan, participants may elect to defer a percentage of their regular earnings from the Company into the Plan. Such salary reduction contributions ("participant contributions") on a pre-tax basis shall not exceed 100% of the participants' annual base salary, up to a maximum Internal Revenue Service ("IRS") dollar limit of $22,500 and $20,500 for the years ended December 31, 2023 and 2022, respectively. In addition, participants at least 50 years of age are allowed an additional "catch-up contribution" up to $7,500 and $6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also contribute rollover distributions from other qualified plans.

The Company may also make matching and profit sharing contributions as determined by the Board of Directors. Each year, the board of directors will determine the profit sharing amount, if any, which it will contribute to the Plan. The Company's contributions to the profit sharing plan are allocated in proportion to compensation of those participants eligible to receive profit sharing contributions. For the years ended December 31, 2023 and 2022, the Company did not make any matching or profit sharing contributions.

Participants direct the investment of their deferred contributions, Company matching, and profit sharing contributions into various investment options offered by the Plan. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Participant accounts

Each participant's account is credited with their contribution and an allocation of: (a) the Company's contribution, (b) the Plan's earnings or losses, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses on account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Swenson

1. Description of the plan including summary of significant accounting policies (continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon and are vested in the Company matching and profit sharing contributions and earnings subject to the following vesting schedule and is based on vesting years of service. To earn a year of service, participants must complete at least 1,000 hours of service during the Plan year.

Vesting Years of Service	Vested Percentage
Less than 2 years	0%
At least 2 years	20%
At least 3 years	40%
At least 4 years	60%
At least 5 years	80%
At least 6 years	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan repayment terms generally shall not exceed five years and are secured by the vested balance in the participant's account. Loans made for the purchase of a primary residence may have repayment terms not to exceed 30 years. Loans bear interest at rates ranging from 4.25% to 8.5% which commensurates with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through weekly payroll deductions. In addition, participants may only have one loan outstanding at any given time.

Benefit payments

Upon retirement, disability, or termination of service, a participant may elect to receive either a lump-sum cash payment equal to the value of his or her vested account, or partial withdrawals of at least $1,000. Participants may also make a financial hardship withdrawal.

Forfeited accounts

The distribution and allocation of Company profit sharing and matching contributions forfeited are available to reduce Plan expenses, to reinstate previously forfeited Company profit sharing or matching contributions account balances of rehired, former participants provided certain provisions in the Plan are met, and are allocated to all participants eligible in accordance with Plan provisions. Forfeitures occur as of the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service, or (2) the distribution of the entire vested portion of the participant's account. For the years ended December 31, 2023 and 2022, the forfeiture account balance was $0.

Swenson

1. Description of the plan including summary of significant accounting policies (continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. For the years ended December 31, 2023 and 2022, the Plan paid administrative expenses of $862 and $861, respectively, and the Company paid administrative expenses of $10,000 for each plan year.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Termination or modification of the plan

The Plan document provides that the Company may suspend, modify or discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts.

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits

Benefits are paid directly by the custodian and are recorded when paid.

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for the guaranteed interest account). Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The guaranteed interest account is stated at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Swenson

1. Description of the plan including summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

2. Tax status

The Plan adopted a pre-approved prototype plan. The prototype plan obtained its latest opinion letter dated August 19, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The prototype plan has been amended since receiving the latest opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Swenson

3. Information certified by the custodian

The following is a summary of the information included in the Plan's financial statements that was prepared by American United Life Insurance Company, a One America Company ("Custodian"), the custodian and furnished to the Plan Administrator. The custodian has certified that such information is complete and accurate.

Notes receivable from participants	**107,220**	115,654
Total funds on deposit with investment company	**$ 5,554,338**	$ 5,936,486

Changes in total assets available for Plan benefits for the years ended December 31:

Interest income, net	**$ 45,831**	$ 35,321
Net realized and unrealized appreciation (depreciation) in fair value of investments	**$ 593,779**	$ (831,723)

4. Related party and party-in-interest transactions

Certain Plan investments are managed by American United Life Insurance Company, a OneAmerica company. OneAmerica is the custodian and the record keeper for the Plan as defined by the Plan for the years ended December 31, 2023 and 2022; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian for administrative services amounted to $862 and $861, for the years ended December 31, 2023 and 2022, respectively.

5. Guaranteed interest account

OneAmerica's investment options include a fixed interest investment option ("AUL Fixed Account") issued by American United Life Insurance Company ("AUL"). Amounts allocated to the AUL Fixed Account earn interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year following the current year. The AUL Fixed Account is not a stable value fund invested in guaranteed investment contracts. It is presented on the Plan's financial statements for the years ended December 31, 2023 and 2022, at contract value which is the equivalent to fair value. Under the terms of the contract, participant-initiated transactions for the purpose of receiving benefits allowed under the Plan, such as retirement, death, disability, hardship, loan, required minimum distribution, allowable in-service withdrawal, are completed at contract value without conditions, limits, or restrictions. A surrender charge may apply if the termination is associated with a full or partial plan termination, insolvency of plan sponsor or aggregate terminations exceed 20% of full contract value in one year.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The average crediting rate of the AUL Fixed Account at December 31, 2023 and 2022 was 1.75% and 1.50%, respectively.

6. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 3,133,024**	**$ 288,276**	**$ -**	**$ 3,421,300**
Total	**$ 3,133,024**	**$ 288,276**	**$ -**	**$ 3,421,300**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,180,963	$ 141,341	$ -	$ 3,322,304
Total	$ 3,180,963	$ 141,341	$ -	$ 3,322,304

7. Subsequent events

Management has evaluated subsequent events through May 30, 2024, the date on which the financial statements were available to be issued. There are no additional subsequent events that would require disclosure.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
