INDEPENDENT AUDITORS' REPORT

To the Participants, Retirement Plan Committee, and Plan Trustees
Central Ohio Hospitalists, Inc. Cash Balance Plan

Opinion

We have audited the accompanying financial statements of Central Ohio Hospitalists, Inc. Cash Balance Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 30, 2023 and December 31, 2022 (in liquidation), and the related statements of changes in net assets available for benefits for the period ended November 30, 2023 and the year ended December 31, 2022 (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Central Ohio Hospitalists, Inc. Cash Balance Plan as of November 30, 2023 and December 31, 2022 (in liquidation), and the changes in its net assets available for benefits for the period ended November 30, 2023 and year ended December 31, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Ohio Hospitalists, Inc. Cash Balance Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note 6 to the financial statements, the governing body of Central Ohio Hospitalists, Inc. Cash Balance Plan approved a plan of liquidation on July 31, 2022, and management determined liquidation was imminent as of December 31, 2022. As a result, the Plan has changed its basis of accounting to the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are as a whole free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Ohio Hospitalists, Inc. Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions as of November 30, 2023 (in liquidation), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN:

The following description of the Central Ohio Hospitalists, Inc. Cash Balance Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a cash balance defined benefit plan that covers all eligible employees of Central Ohio Hospitalists, Inc. dba MedOne Hospital Physicians (the Employer). The Plan is covered by Pension Benefit Guaranty Corporation (PBGC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 15, 2022, the Plan was amended to freeze benefit accruals and no additional participants may enter the Plan. Interest credits continue to accrue for all participants on and after that date.

Effective July 31, 2022, a plan amendment was executed to terminate the Plan (see Note 6).

The Plan filed the appropriate paperwork with the PBGC in January 2023. Also in January 2023, the investment accounts were moved to the money market fund to facilitate liquidation of the Plan. A final contribution to the Plan of approximately \$502,000 was made in April 2023 to fully fund all participant benefits. Final distribution payments began in April 2023.

As of November 30, 2023, all Plan assets were distributed in accordance with the Plan's provisions.

The following is a description of the Plan prior to termination:

Eligibility

Employees are eligible at age 21 and upon completion of one year of service. Eligible employees become a plan participant on the first day of the month coincident with or next following meeting eligibility requirements.

Participant accounts

Under the Plan provisions, amounts are credited by the Employer to the participants' hypothetical cash balance accounts. The accounts are allocated benefit accruals and interest credits at the end of each Plan year.

Funding policy

Contributions to the Plan are made by the Employer based on the minimum funding requirements in amounts that are actuarially determined to be necessary to provide benefits to participants under the Plan. The minimum required contribution was met during the year ended December 31, 2022.

Payment of benefits

Upon termination, attaining normal retirement age, death or disability, a participant is entitled to their cash balance account benefit, payable as a monthly life annuity. Optionally, the participant may select to have a single, lump sum payment.

Vesting

Vesting in the Employer's contributions is based on years of continuous service. A participant is 100% vested after three years of credited service. (See also Note 6).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements for the Plan are prepared under the liquidation basis of accounting as required by a terminating Plan (see Note 6).

Under the liquidation basis of accounting, assets are measured to reflect the estimated amounts of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include an expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid to participants.

Administrative expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Expenses related to the compliance of the Plan are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through June 26, 2024, the date the financial statements were available to be issued.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan’s provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees’ compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Due to plan liquidation before year end, there was no actuarial report available as of November 30, 2023.

The significant actuarial assumptions used in the valuation as of December 31, 2022 are as follows:

- (a) mortality basis – Male and Female 2022 Optional Combined Table per IRS Notice 2019-67
- (b) retirement age – normal retirement on the first of the month next following the month a participant attains age 62 and 5 years of participation, and
- (c) discount rate – 5.0%

The actuarial present value of accumulated plan benefits as of November 30, 2023 and December 31, 2022 (in liquidation) is as follows:

Actuarial Present Value of Accumulated Plan Benefits	2023	2022
Vested benefits		
Other participants	\$ -	3,063,318
Total vested benefit	-	3,063,318
Nonvested benefits	-	-
Total Actuarial Present Value of Accumulated Plan Benefits	\$ -	3,063,318

Central Ohio Hospitalists, Inc. Cash Balance Plan
Notes to the Financial Statements – In Liquidation
Period Ended November 30, 2023 and Year Ended December 31, 2022

The change in accumulated plan benefits for the period ended November 30, 2023 and year ended December 31, 2022 is as follows:

	2023	2022
Actuarial Present Value of Accumulated Plan Benefits at Beginning of Year	\$ -	2,232,570
Increase (decrease) during the year attributable to:		
Benefits accumulated	-	641,946
Decrease in the discount period	-	121,596
Benefits paid	-	(11,058)
Change in actuarial assumptions	-	78,264
Net change	-	830,748
Actuarial Present Value of Accumulated Plan Benefits at End of Year	\$ -	3,063,318

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<u>Assets at Fair Value at December 31, 2022</u>					
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$	43,012	-	-	43,012
Mutual funds		<u>2,733,570</u>	<u>-</u>	<u>-</u>	<u>2,733,570</u>
Total investments at fair value	\$	<u><u>2,776,582</u></u>	<u><u>-</u></u>	<u><u>-</u></u>	<u><u>2,776,582</u></u>

5. RELATED PARTY TRANSACTIONS:

Certain plan investments were managed by Charles Schwab and Co., Inc., the custodian of the Plan and therefore, these transactions qualify as party in interest transactions.

6. PLAN TERMINATION:

The Employer elected to terminate the Plan effective July 31, 2022. As of the effective date of the termination, participants became fully vested in their hypothetical cash balance accounts, no additional benefits would be provided by the Plan, and the Plan administrator began the process of filing the appropriate paperwork with the Pension Benefit Guaranty Corporation (PBGC) to determine timing of benefit payments. See also Note 1.

7. TAX STATUS:

The Plan has not been submitted to the Internal Revenue Service (IRS) for a determination of its compliance with the Internal Revenue Code (IRC). However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
