INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrator of the Precipart 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Precipart 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Precipart 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institutions or insurance carriers that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Precipart 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for Precipart 401(k)

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Precipart 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Precipart 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Precipart 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Salt Lake City, Utah

Precipart 401(k) Profit Sharing Plan
Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established as two fully insured group annuity defined contribution plans for the Precipart Corporation and American Laubscher Corporation on January 1, 1960. Effective April 1, 2018, the Plan Sponsor merged the two plans and amended the Plan to be the Precipart 401(k) Profit Sharing Plan (the Plan). The Plan was established for the purpose of providing eligible employees of Precipart Corporation and American Laubscher Corporation, both wholly owned subsidiaries of Precipart Group, Inc. (the Company) and their beneficiaries, funds for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees of the Company become eligible after attaining age 20 and completing 60 days of service with the company provided that they are an eligible employee at the end of that period. If they do not meet the requirement as specified, they will also be eligible for the plan if they complete 1,000 hours of service in an eligibility computation period, provided that they are an eligible employee at the end of that period. The Plan provides for automatic enrollment of new eligible employees at a pre-tax deferral of 6% of compensation.

401(k) Contributions – Effective April 1, 2018, participants were permitted to make salary deferral contributions of up to 90% of compensation to the Plan – subject to IRS contribution limits - as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the annual limit specified by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified retirement plans and may direct the investment of their contributions into various investment options offered by the Plan.

The Company may, in its sole discretion, make a matching contribution in an amount determined by the Company. The Company made matching contributions at a rate of 25% of the first 8% of salary deferred to a maximum matching contribution equal to 2% of compensation for the years ended December 31, 2023 and 2022. The total employer matching contributions were \$301,563 and \$ 295,298 for the years ended December 31, 2023 and 2022.

Safe Harbor Profit Sharing Contributions – The Plan is also funded through safe harbor profit sharing contributions. In 2022 and 2023 the Company made Safe Harbor Profit Sharing Contributions equal to 3% of participants' gross annual compensation. The total Safe Harbor Profit Sharing Contributions were \$644,170 and \$637,123 for the years ended December 31, 2023 and 2022, respectively.

Profit Sharing Contributions – In addition, the Company may, in its sole discretion, make Discretionary Profit Sharing contributions for each eligible participant who is employed on the last day of the Plan year. Discretionary Profit Sharing contributions are determined at the end of the year by its Board of Directors. In 2023 and 2022 the Company made Discretionary Profit Sharing contributions equal to 2% of each eligible participant's gross

compensation The total Discretionary Profit Sharing contributions were \$410,564 and \$409,560 for the years ended December 31, 2023 and 2022, respectively.

Participants' Accounts – Each participant's account is credited with an allocation of the Company's contribution and Plan earnings. The participant's account is reduced by withdrawals and losses on investments as well as charged with an allocation of administrative expenses. Forfeited contributions are used to pay plan expenses and can be allocated to all participants eligible to share in the allocation in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year. Allocations are based on participant earnings, account balances or specific participant transactions, as defined.

Each participant's 401(k) account is credited with the participant's contribution, Plan earnings, plus the participant's vested portion of matching contributions (as described below). The accounts are set up in participant-directed, individual accounts administered by the plan custodian. Contributions and earnings or losses are credited to the accounts as the amounts are received by the custodian.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in all participant 401(k) contributions, safe harbor non-elective contributions, plus actual earnings thereon. The participant's interest in the matching contributions and discretionary profit-sharing contributions vests based on years of vesting service, ranging from 0% for less than two years of service, 20% for two years 40% for three years, 60% for four years, 80% for five years, and 100% for six or more years of service.

Investment Options – Participants direct the investment of their 401(k) contributions into selected investment products offered by the Plan custodian. The investment options include fixed income accounts and various income, growth, value, blend, and international mutual fund accounts. Participants may change their investment options daily for all investment options.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment, and are entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Benefits may also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Participant Loans – The Plan allows loans to participants from their 401(k) accounts from a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 minus the highest outstanding balance of loans in the past 12 months, or (2) the greater of one-half the present value of the vested account balance, or the total balance up to \$10,000, subject to the approval of a loan application. Loans are secured by the participant's Plan benefit and a promissory note. Participants may not have more than one loan outstanding at any time.

The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan Administrator. Loans are repaid through payroll deductions within a five-year period, unless the loan was made to acquire a primary residence, in which case the loan can be repaid in an extended period of up to 15 years.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. If employment with the Company is terminated, the employee receives a distribution of the entire vested portion of the account but forfeits the non-vested portion. Forfeitures can be used to offset plan expenses. Unallocated forfeitures were \$74,045 and \$48,563 as of December 31, 2023 and 2022, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, all participants become fully vested and the rights of participants to their accounts under the Plan shall be non-forfeitable. The total amount in each participant's account shall be distributed to the participant, or to the participant's beneficiary, or continued in trust for the participant's beneficiary. A further description of the Plan's termination distribution policy is available in the Plan document. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Plan follows accounting principles set forth in FASB Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Receivables/Allowance for Doubtful Accounts – The Plan estimates its allowance for doubtful accounts based on historical experience with doubtful receivables. The Plan has not experienced bad debts since inception, and accordingly has not estimated an allowance for doubtful accounts.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – In accordance with FASB ASC 962, the Plan's investments are stated at fair value except for its investment in insurance contracts, which are valued at contract value. Recent amendments to ASC 962, adopted by the Plan, designate contract value as the only required measure for fully benefit-responsive investment contracts, and eliminate fair value measurement and certain disclosures.

December 31, 2023 and 2022

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. During the year ended December 31, 2023, the Plan's investments, including net gains and losses on investments sold during the year, increased in fair value by \$2,431,812. All investments are participant directed.

Plan Administration Costs – Administrative expenses of maintaining the Plan may be paid by the Company or the Plan, as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through June 27, 2024, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C). As permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's trustee Delaware Charter Guarantee & Trust d/b/a Principal Trust Company (Principal). The Plan trustee has certified its statement of accounts as of and for the years ended December 31, 2023 and 2022. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of transactions during the

period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 – INCOME TAX STATUS

The Plan has adopted a prototype format and is relying on the prototype sponsor's IRS determination letter for qualification. In the prototype sponsor's tax determination letter dated June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.
- Level 2** Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and

See Independent Auditors' Report and the notes to financial statements

Notes to Financial Statements

December 31, 2023 and 2022

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Common and collective trusts (CCTs) - Investments in CCTs are valued at the net asset value (NAV) of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants, but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts - Valued at fair value based on NAV of the observable market prices of the underlying assets within that account, less liabilities.

Registered investment company funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

The fair value measurements for the Plan's investments at December 31, 2023 and 2022 are:

NOTE 6 – CONTRACTS WITH INSURANCE COMPANY

As of December 31, 2023 and 2022, the Plan has one fully benefit-responsive group annuity contract with Principal Life Insurance Company (Principal), which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly for Principal. The contract is included in the financial statements at contract value, as reported to the Plan by the trustees.

Because the group annuity contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed investment contracts was \$13,460,394 and \$19,601,388 at December 31, 2023 and 2022, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by economic and regulatory developments.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan expenses, including administrative and accounting fees are paid by the Company and subsequently reimbursed by the Plan. In addition, certain services to the Plan by the Company were performed at no charge.

Certain Plan investment transactions are recorded by Principal Trust Company (the custodians). The custodians provide administrative services to the Plan and, therefore, these transactions qualify as party-in-interest. Certain Plan investments are shares of mutual funds by the plan custodian as defined by the Plan.

These transactions are exempt party-in-interest transactions under ERISA.
