INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Fossil Group, Inc. Savings and Retirement Plan

Opinion

We have audited the financial statements of Fossil Group, Inc. Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Fossil Group, Inc. Savings and Retirement Plan

Opinion

We have audited the financial statements of Fossil Group, Inc. Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FOSSIL GROUP, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Fossil Group, Inc. Savings and Retirement Plan, which was most recently amended and restated effective July 27, 2022 (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Plan Organization and General Provisions — The Plan is a defined contribution plan covering eligible employees of certain eligible U.S. Fossil Group, Inc. subsidiaries. The purpose of the Plan is to encourage employees to accumulate savings for their retirement. The Plan is sponsored and administered by Fossil Group, Inc. (the “Employer” or “Fossil”). The Plan’s trustee is Principal Financial Group (the “Trustee”).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Contributions — The Plan is administered and documented in a manner intended to be qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and permits elective contributions in accordance with Section 401(k) of the Code. Except as provided below with respect to temporary and seasonal employees, employees become eligible to make salary deferrals as of their date of employment.

Non-highly compensated employees are able to defer up to 100% of annual compensation into the Plan, on a pre-tax basis and/or an after-tax (Roth) basis subject to Code limitations of \$22,500 in 2023. Highly compensated employees’ contributions are capped at 5% of annual compensation for the 2023 Plan year. Participants who reached the age of 50 by the end of the Plan year were eligible to contribute catch-up contributions up to \$7,500 for 2023. Participants may also contribute amounts representing eligible rollover distributions from certain other retirement plans. Under the terms of the Plan, certain types of compensation (e.g., income from stock based programs and fringe benefits, including but not limited to, tuition reimbursements, housing and care allowances, COBRA reimbursements, international compensation and cost of living adjustments, etc.), along with deferred compensation and certain other severance payments, are excluded in determining “gross pay” for contribution purposes.

Fossil may make a discretionary matching contribution and may make additional discretionary profit sharing contributions. In general, participants are eligible to receive the discretionary matching contributions after completing three months of continuous service, provided they have completed 250 hours of service during that time. Temporary and seasonal employees are eligible to participate in the Plan for match and deferral purposes on the first day of the year after such employees actually work 750 hours. Generally, participants are eligible for discretionary profit sharing contributions after completing one year of service (generally, upon completing 1,000 hours of service during an initial or subsequent eligibility computation period). For 2023, the discretionary matching contributions were \$0.50 for every \$1.00 contributed up to 8% of the employee’s eligible compensation subject to the Plan’s limitations. Pre-tax, excluding catch-up contributions, and after tax (Roth) contributions are eligible for the discretionary Employer matching contributions. No discretionary profit sharing contributions were made for 2023.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Employer’s discretionary matching contribution, and allocations of the Employer’s discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

The participants can change elections and can also reallocate existing funds between available investment options on a daily basis. Notwithstanding the foregoing, in accordance with and by application of applicable securities laws and the Fossil Insider Trading Policy, along with the corresponding Addendum to Insider Trading Policy for Executive Officers, Directors and Designated Employees (“Policy and Addendum”), executive officers subject to Section 16 of the Securities Exchange Act of 1934, as amended, and certain designated employees of Fossil and its subsidiaries (collectively, “Covered Persons”) who have access to material nonpublic information about Fossil will be required to obtain pre-clearance from the General Counsel of Fossil or other designated officers of Fossil before engaging in any transaction involving Fossil securities, and Covered Persons will not be cleared to trade in Fossil securities in accordance with the Policy and Addendum during certain quarterly blackout periods and during certain blackout periods that may arise from time to time out of the occurrence of material nonpublic events, subject to certain exceptions as explained further in the Policy and Addendum. Each Covered Person receives a copy of the Policy and Addendum and, thus, was notified and understood that he/she should not make any elections under the Plan involving the Fossil stock fund or otherwise trade his/her shares of Fossil stock under the Plan in violation of the Policy and Addendum.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, shares of Fossil Group, Inc. Common Stock, and two common collective trusts as investment options for participants. Participants may only elect to contribute a maximum of 25% of their account or contributions to their account (i.e., current balance or future contributions) to the Fossil Group, Inc. Common Stock.

Vesting — Participants are 100% vested in their salary deferral and rollover contributions. Vesting in the Employer’s matching contributions is 20% per year of vesting service. An employee is credited with a year of vesting service for each calendar year in which the participant completes at least 1,000 hours of service. Participants are fully vested after five years of service. For purposes of calculating hours of vesting and eligibility service, salaried employees are credited with 45 hours of service for each week during which they are employed by Fossil, and hourly employees are credited with their actual hours of service.

Notes Receivable from Participants — Loans are available to all participants at the current prime lending rate of the Trustee, plus 1%, with required repayments through biweekly payroll deductions over no more than five years except in the event that loans are used to acquire the participant’s principal residence, in which case the loan term may not exceed 15 years. A participant may pay off any remaining loan balance at any time directly to the Trustee. Loan issuances must be at least \$1,000 and are limited to the lesser of \$50,000 or 50% of the participant’s vested account balance. Fossil exercises sole discretion over making loans to participants. Loan balances for active participants that have not had payments within a cure period (which shall be the last day of the calendar quarter following the calendar quarter in which the default occurs, unless a shorter cure period is provided by Fossil) are considered defaulted loans and are recorded as deemed distributions to the participant. Interest rates range from 4.25% to 9.5% and maturity dates range from 2024 to 2038.

Distribution of Benefits — Participants are entitled to receive a distribution of the vested portion of their account upon age 59 ½, termination of employment, disability, death, or in the event of financial hardship. On termination of service due to death, disability, or retirement, a participant may generally elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account (or installments in the case of certain required minimum distributions) subject to certain conditions contained in the Plan document.

A participant who has terminated employment may defer benefit payments until reaching the normal retirement age defined by the Plan, provided his or her vested account balance is greater than \$5,000. If the participant’s vested account balance is \$1,000 or less following such termination, the Plan will issue the participant a full distribution in the form of a lump sum cash payment. If the participant’s vested account balance is between \$1,000 and \$5,000 following such termination, the vested account balance will be rolled over into an individual retirement account (“IRA”) or another qualified plan per the conditions contained in the Plan document.

The Plan allows for in-service withdrawals to participants under the age of 59 ½ in the case of financial hardship as defined in Section 401(k) of the Code, subject to certain conditions contained in the Plan document. Subsequent to age 59 ½, the participant may withdraw all or any portion of his/her vested accounts at any time. Rollover contributions can also be withdrawn at any time.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future matching employer contributions or Plan administrative expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$221,643 and \$111,470, respectively. During the year ended December 31, 2023, forfeitures of non-vested employer matching contributions were used to pay Plan expenses of \$38,397 and \$11,000 was offset against Employer contributions.

Amendment or Termination — Fossil has reserved the right to amend, modify, or terminate the Plan at any time, subject to the Plan document and applicable laws and regulations. Fossil has no intentions of terminating the Plan and is not aware of any occurrences that could reasonably result in the termination of the Plan. In the event of Plan termination, participants will become 100% vested in their entire account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments including common stock, mutual funds, and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements. As of December 31, 2023 and December 31, 2022, no individual investments account for more than 20% of total investments.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements and the valuation methodologies used for assets measured at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common trust funds, are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan may be paid directly by Plan participants, from funds from forfeited accounts or by Fossil, consistent with the Plan document. Participants pay certain administrative expenses including costs for loans and distributions.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not yet been paid, were \$86,674 and \$0 at December 31, 2023 and December 31, 2022, respectively. Employee contributions and employer matching contributions are recorded when withheld.

Excess Contributions Refundable — The Plan is required to return contributions received during the Plan year in excess of the Code limits.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The description of the valuation methodologies used for assets measured at fair value are discussed below. There have been no changes in the methodologies used on December 31, 2023 and 2022.

Fossil Group Inc.'s Common Stock is valued at the closing price reported on the NASDAQ Stock Market on the last business day of the Plan year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Allspring Enhanced Stock Market CIT N - A collective trust fund that is valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee of the collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. There are no redemption notifications required or other significant redemption restrictions.

Galliard Stable Return Fund PN - A collective trust fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner. There are no other significant redemption restrictions.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023 and 2022.

	Active Markets for Identical Assets (Level 1)	2023 Total
Common Stock - Fossil Group Inc.	\$ 346,675	\$ 346,675
Mutual Funds	98,831,861	98,831,861
Investments measured at NAV	—	19,058,074

	Active Markets for Identical Assets (Level 1)	2022 Total
Common Stock - Fossil Group Inc.	\$ 868,812	\$ 868,812
Mutual Funds	87,972,737	87,972,737
Investments measured at NAV	—	19,728,958
Total	<u>\$ 88,841,549</u>	<u>\$ 108,570,507</u>

4. STABLE VALUE FUND

The Galliard Stable Return Fund PN (the "Fund") is a common collective trust fund sponsored by the Trustee. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund, when paid. It is the policy of the Fund to use its best efforts to preserve principal and achieve competitive returns by selecting investments not expected to experience price fluctuation in most economic environments, although there is no guarantee that the Fund will achieve these objectives.

Participants ordinarily may direct either the withdrawal or transfer of all or a portion of their investment at NAV. NAV represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trust funds managed by the Trustee and meet certain applicable requirements, which, therefore allow these transactions to qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to offset Participants' administrative expenses, and thereafter, to be allocated as additional earnings. For the year ended December 31, 2023, revenue sharing income of \$17,959 was used to offset expenses for Plan participants.

At December 31, 2023 and 2022, the Plan held 237,448 and 201,581 shares, respectively, of Fossil Group, Inc. Common Stock ("Common Stock"), the sponsoring employer. There were no dividends earned during 2023 on the Common Stock.

6. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee, who received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype Plan document satisfies the applicable provisions of the Code. The current version of the Plan itself has not received a determination letter from the IRS, but the last

determination letter on a prior version of the Plan was received on August 19, 2004. However, the Plan's management believes that the Plan is currently designed and being operated in material compliance with the applicable requirements of the Code, except for any operational and administrative failures which have been, or will be, corrected in all material respects in accordance with the methods and principles of the Employee Plans Compliance Resolution System (EPCRS) and/or ERISA. Subject to the directly preceding sentence, the Plan Sponsor (a) has no information to suggest that the Plan has been disqualified, (b) believes the Plan has maintained its tax-exempt status, (c) has operated the Plan to be in compliance in all material respects under the appropriate section of the Code, and (d) intends to continue operating the Plan as a qualified plan.

7. NET ASSET VALUE (NAV) PER SHARE

The following tables for December 31, 2023 set forth a summary of the Plan's investments with a reported NAV. The Galliard Stable Return Fund and Allspring Enhanced Stock Market CIT are participant benefit responsive. There is no notice period required.

Investment	Fair Value Estimated Using Net Asset Value Per Share at December 31, 2023		
	Fair Value *	Unfunded Commitment	Redemption Frequency
Allspring Enhanced Stock Market CIT N	\$ 5,659,806	\$ —	Immediate
Galliard Stable Return Fund PN	13,398,268	—	Immediate
Total	<u>\$ 19,058,074</u>	<u>\$ —</u>	

* The fair values of the investments have been estimated using the NAV of the investment as the practical expedient.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2023 and December 31, 2022 is as follows:
