Report of Independent Auditors

To the Administrator of AG Savings & Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of AG Savings & Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AG SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023

1. Description of the Plan

The following description of the AG Savings & Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, combination profit sharing and 401(K) plan established on January 1, 1989. The Plan's principal purpose is to allow participants to defer receiving some of their compensation until their retirement and, in the event of death, provide for their dependents and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”, as amended). The Plan is a single-employer plan that was adopted by Angelo, Gordon & Co., L.P. (the “Company”). On November 1, 2023, an affiliate of TPG Inc. purchased the Company and has assumed oversight of the Plan. The assets of the Plan are maintained by Fidelity Management Trust Company or “Fidelity” or the “Trustee.”

Eligibility

Employees must attain the age of twenty-one to be eligible to participate in the Plan. Employees are eligible to make salary deferral contributions as of the first day of the month coincident with or following the date of hire date, except for certain excluded employees (as defined in the Plan agreement). Employees become eligible for participation in the employer's annual profit sharing contribution if they are employed as of the calendar year-end and they have completed 1,000 hours of service during the year.

Contributions and Funding Policy

Each year, participants may elect to contribute up to 75% of pre-tax annual compensation, as defined by the Plan, up to a maximum amount as prescribed by the Internal Revenue Code (“IRC”). In 2023, participants could contribute up to a maximum of \$22,500 with an additional \$7,500 catch-up contribution for employees 50 years of age or older.

Effective January 1, 2021, the Company no longer makes a matching contribution. The Company may make a discretionary profit-sharing contribution in such amount, if any, as determined by management. Employer contributions are allocated to each participant employed as of the last day of each plan year based on the participant's eligible compensation (as defined in the Plan agreement) and are recorded annually. Employer contributions receivable as of December 31, 2023 and December 31, 2022 consist of employer profit-sharing contribution of \$6,695,350 and \$5,666,568, respectively. Contributions are subject to certain limitations.

Rollover Contributions

The Plan provides for employee rollover contributions to be made by the employee from amounts received from any other qualified retirement plan subject to the provisions of applicable tax laws.

Conversions

Effective January 1, 2022, the Plan allows for After-Tax and Roth-in plan conversions.

Participant Accounts

Participants self-manage their accounts into various investments such as stocks, bonds, mutual funds and money market funds as permitted by law. The Plan does not permit its participants to execute a purchase in a single-name security.

AG SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023

1. Description of the Plan (continued)

Participant Accounts (continued)

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, the Plan's earnings and charged with an allocation of administrative expenses (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their compensation deferrals, employer contributions and any earnings.

Payment of Benefits

Benefit payments are made to participants or beneficiaries upon death, disability, termination of employment, retirement or under a grant of financial hardship. Benefits are payable in a lump sum or by other methods as described in the Plan.

Under regulations, absent any other triggering event mentioned herein, participants are required to take distribution benefits starting at age 73, as of 2023.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the highest outstanding loan balance during the one-year period on the day before the new loan is made or (2) 50% of the fair market value of the participant's vested account balance, reduced by any outstanding loan balance on the date the new loan is made. All loans shall bear a reasonable rate of interest as determined by the Plan trustee and must be repaid in five years, unless the loan is for the purchase of a principal residence which must be repaid within 20 years of the original date of the loan. Loans are secured by the participants' account balances.

2. Summary of significant accounting policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP") and in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

AG SAVINGS & INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2023

2. Summary of significant accounting policies (continued)

Fair Value (continued)

In determining fair value, the Plan uses various valuation techniques. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs are to be used when available. Valuation techniques that are consistent with the market or income approach are used to measure fair value. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access;

Level 2 - Valuations based on inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly;

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value.

Fair value is a market-based measure, based on assumptions of prices and inputs considered from the perspective of a market participant that are current as of the measurement date, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Self-directed brokerage accounts (Level 1): consisting of mutual funds, common stocks, preferred stocks, exchange traded funds and external funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund (Level 1): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds (Level 1): Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AG SAVINGS & INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2023

2 Summary of significant accounting policies (continued)

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Plan is responsible for administrative fees and related expenses. However, the Company at its discretion, can assume Plan expenses. Investment advisers are reimbursed for costs incurred or receive a management fee for providing advisory services. A 3(38) financial advisor oversees investment selections for the Plan.

Income Taxes

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by a federal or state agency. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Use of Estimates

The preparation of financial statements in conformity with GAAP and the DOL's Rules and Regulations for Reporting and Disclosure under ERISA requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued, but unpaid, interest.

AG SAVINGS & INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2023

4. Parties-in-interest

Plan investments were managed by Fidelity (amounting to \$29,435,563 at December 31, 2023) and, therefore, these transactions in such investments are deemed to be parties-in-interest transactions. As a result, the Plan had the following profit and loss balances for the period which are parties-in interest transactions:

	<u>Fidelity</u>
Dividend	\$ 411,503
Administrative expenses	(16,300)
Net appreciation	4,657,138

5. Tax status

The Plan has adopted a nonstandard prototype plan that has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2006-6, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan has been amended since receiving the opinion letter. Management believes the Plan is operating in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. Information certified by Fidelity

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity has certified to the completeness and accuracy of all investments and notes receivable from participants in the accompanying financial statements and supplemental schedule (Schedule H, Line 4i – Schedule of Assets (Held at End of Year)).

The following information represents certified investments as of December 31:

As of December 31, 2023

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Credit risk arises primarily from the potential inability of counterparties to perform in accordance with the terms of a contract. The Plan's most significant credit risk is the extent to which a broker is unable to fulfill its contractual obligations to the Plan and the resulting loss exceeds any applicable insurance coverage. Due to the level of risk associated with the Plan's investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to participant accounts will become 100% vested.

9. Subsequent events

The Plan administrator has evaluated subsequent events through June 27, 2024, the date the financial statements were available to be issued.

Effective March 1, 2024, the Company will automatically match \$1 for \$1 of eligible contributions, up to 5% of eligible pay on a per paycheck basis. Eligible pay is defined as base salary, discretionary year-end bonus, overtime, and commission, up to the 2024 IRS wage cap of \$345,000. This will result in a maximum employer match per participant of \$17,250 in 2024. The Company matches pre-tax and Roth contributions. After-tax contributions are not eligible for the employer match.
