# CALLISON PROFIT SHARING AND 401(k) PLAN

## Notes to Financial Statements

June 20, 2016 and September 30, 2015

---

### NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Callison Profit Sharing and 401(k) Plan (the Plan) were effective October 1, 1978. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1, 2016, the Plan's trustees elected to merge the Plan with the RTKL Associates Inc. Thrift Plan (RTKL). Investments totaling approximately \$63 million were transferred to RTKL in the custody of T. Rowe Price Retirement Plan Services, Inc. (see Note 6).

#### General

Prior to the Plan merger, the Plan was a defined contribution plan covering substantially all employees of Callison, LLC (the Company) and Callison Architects, PC which is an adopting employer of the Plan. Participants were able to begin deferring wages and receiving matching contributions, if any, immediately upon employment. Employees were eligible for employer profit sharing contributions after attainment of age 21 and one year of service, as defined in the Plan document. Employees had to be employed on the last day of the Plan year to receive profit sharing contributions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Plan Advisory Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

#### Contributions

Prior to the Plan merger, the Plan provided automatic enrollment of employees at a rate of 3% of eligible compensation. Participants could elect to change or stop the payroll deductions at any time. Participants could contribute up to 75% of pre-tax or after-tax annual compensation, within statutory limits and as defined in the Plan document. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

At its discretion the Company could authorize matching contributions. The Company matched 50% of the first 1% of compensation that a participant contributed to the Plan. Participant and matching contributions were paid to the Plan after each pay period and placed in participant directed investments.

The Company's Board of Directors could also authorize discretionary profit sharing contribution annually. Profit sharing contributions, if any, were integrated with Social Security. No discretionary profit sharing contributions were made for the period ended June 20, 2016.

#### Participant accounts

Individual participant accounts were maintained by Milliman, Inc. (Milliman), the Plan's third party administrator. Each account was credited or charged with the participant's contribution, the Company's contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses. Loan and distribution fees were deducted from the respective participant's account. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

## **NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)**

### **Investment options**

Participants directed employee and employer contributions among various mutual funds which were held by Charles Schwab Trust Company (Schwab).

### **Vesting**

Participants are immediately vested in their own contributions plus actual earnings thereon. Prior to the Plan merger, vesting in the Company's portion of their accounts plus actual earnings thereon was based on years of credited service, as defined in the Plan document, with 20% vesting each year and 100% vesting after five years of service. Upon normal retirement (65), death, or disability, participants became fully vested in all benefits.

### **Notes receivable from participants**

Participants were allowed to borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balances. Terms of the notes receivable could not exceed five years. The notes receivable were secured by the balance in the participant's account and bore interest at a rate that is commensurate with local prevailing rates at the time of issuance, as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. As a result of the Plan merger, outstanding loans were merged into RTKL, rolled over to qualified plans, repaid, or deemed as taxable distributions. Therefore, there were no notes receivable from participants outstanding at June 20, 2016.

### **Payment of benefits**

Prior to the Plan merger, benefits were available for distribution upon retirement, death, disability, or other termination of employment. Benefits equal to the participant's vested account balance could be paid in a lump sum or installments, as defined in the Plan document and at the participant's election. Annuity contracts could also be purchased in certain circumstances as defined in the Plan document. Under certain hardship circumstances or attainment of age 59 ½, participants could request a lump-sum distribution of their vested account balances prior to retirement or other termination.

### **Forfeited accounts**

Prior to the Plan merger, upon termination, participants' non-vested account balances were forfeited. Forfeitures could first be used to reduce administrative fees and then to reduce employer contributions, if any. Any remaining forfeitures were allocated to participant accounts as an additional non-elective contribution. Forfeited non-vested accounts totaled approximately \$2,700 at September 30, 2015. There were no forfeited non-vested accounts at June 20, 2016. During 2016, approximately \$3,300 of forfeitures were used to pay administrative fees.

### **Subsequent events**

The Plan has evaluated subsequent events through March 14, 2024, the date the financial statements were available to be issued.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following are the significant accounting policies used by the Plan:

### **Basis of accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Use of estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

### **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **Payment of benefits**

Benefits are recorded when paid.

### **Administrative expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for individual transactions such as distributions and loans are deducted from the respective participant's account. Investment related expenses, and revenue sharing fees or credits, are included in net appreciation or depreciation in fair value of investments.

### NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 20, 2016 and September 30, 2015.

**Mutual funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments reported at fair value consist solely of mutual funds, which are valued as of September 30, 2015 and during 2016 using level 1 measurement.

### NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab, the trustee, has certified that the following data included in the accompanying financial statements, notes, and supplemental schedule is complete and accurate:

1. Fair value of investments as of September 30, 2015.
2. Net depreciation in fair value of mutual funds, dividends, and interest on notes receivable for the period ended June 20, 2016.
3. The information included in the supplemental schedule on page 10.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule.

### NOTE 5 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Schwab, the trustee. Therefore, transactions with Schwab and its affiliates qualify as party-in-interest transactions. Schwab and its affiliates receive revenue sharing fees from various mutual funds companies to offset their Plan administration costs and trustee fees. The Plan also paid fees to Milliman and UBS Financial for administration and advisory services.

#### **NOTE 6 – TRANSFER OF ASSETS TO ANOTHER PLAN**

During the period January 1, 2016 through June 20, 2016, as a result of the merger of the Plan with RTKL, Plan assets were liquidated and transferred to RTKL. Participant accounts totaling approximately \$63,283,000, including outstanding loan balances, were transferred from the Plan to RTKL.

#### **NOTE 7 – TAX STATUS**

The Plan operated under provisions of a Perkins Coie prototype plan, which received an opinion letter from the Internal Revenue Service dated March 15, 2011, which stated that the prototype plan and related trust, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of employees. The Plan had been amended since the date of the opinion letter. The Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan allowed participants to invest in investment securities that were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
