INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Focus: HOPE 401(K) Retirement Plan
Detroit, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Focus: HOPE 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Focus: HOPE 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the year ended September 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Focus: HOPE 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Focus: HOPE 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Focus: HOPE 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Focus: HOPE 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) RETIREMENT PLAN

Notes to Financial Statements
September 30, 2023 and 2022

1) DESCRIPTION OF THE PLAN

The following description of the Focus: HOPE 401(K) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan document for a complete description of the Plan's provisions.

General

The Plan was established on October 1, 2001 as a defined contribution plan by Focus HOPE (the Organization), covering all employees who have attained age 18, except union employees, nonresident aliens, leased employees, pre-engineering students and work study employees as mentioned in the Plan document. For employer match and employer profit sharing contribution, any eligible employee who has completed 6 months of service and has attained age 18 shall be eligible to participate as of the date such employee has satisfied such requirements. Eligible employees are entered in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants, through an election to defer compensation, may contribute to their individual accounts not to exceed the limits established by the Internal Revenue Code, subject to certain limitations as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for two types of salary deferrals that a participant can make: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants may also rollover amounts representing distributions from other qualified retirement plans.

The Organization may elect to make matching or discretionary profit sharing contributions, as defined in the Plan document. The Organization did not make any discretionary matching or profit sharing contributions in 2023 and 2022.

Participants designate contributions among the investment options offered by the Plan at their discretion. Participants may change their investment allocation elections daily.

Vesting

Participants are always 100% vested in their accounts attributable to their salary deferrals including Roth, catch-up contributions, and rollover contributions.

Participants' vested percentages for certain employer contributions and profit sharing contributions are determined based on the participant's number of years of service. Participants' vested percentage in their accounts attributable to matching contributions and profit sharing contributions, if any, are determined under the following schedule:

Vesting (Continued)

<u>Years of Service</u>	<u>Vesting %</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Participant Accounts

Participants may elect to invest in any combination of the funds offered by the Plan. Each participant's account is credited with the participant's contributions and allocations of Plan earnings and the Organization's discretionary matching contributions (if any) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions with interest rates ranging from 4.25% to 9.25% per annum.

Forfeitures

Forfeitures may first be used to pay administrative expenses and the remaining may be used to reduce any employer contributions.

Distributions

On death, normal retirement, or termination of employment for reasons other than death, disability or retirement, a participant may elect to receive a distribution amount equal to the value of his or her vested account, in one lump sum payment or installments over a period of not more than the assumed life expectancy of their beneficiary as defined in the Plan. Also, a participant may be able to request in-service withdrawal from their Plan accounts upon fulfilling certain conditions as specified in the Plan document.

Hardship Withdrawals

Under certain conditions, as specified in the Plan Document, participants, while still employed by the Plan Sponsor, are permitted to withdraw a portion of their elective contributions account balance.

Notes to Financial Statements (Continued)
September 30, 2023 and 2022

2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance companies.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Accrued interest receivable on notes receivable from participants as of September 30, 2023 and 2022 was \$4 and \$0, respectively.

Excess Contribution Payable

Amounts payable to participants or contribution in excess of amounts allowed by the IRS are recorded as a liability with a corresponding corrective distribution expense. In the plan year 2023 and 2022, the Plan distributed excess contributions to the applicable participants in the amount of \$28,498 and \$26,474 respectively.

FOCUS: HOPE

401(K) RETIREMENT PLAN

Notes to Financial Statements (Continued)
September 30, 2023 and 2022

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3) CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at September 30, 2023 and 2022, and net appreciation in fair value of investments, interest dividends and interest income on notes receivable from participants for the years ended September 30, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Financial Life Insurance Company, the custodian of the Plan.

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

FOCUS: HOPE

401(K) RETIREMENT PLAN

Notes to Financial Statements (Continued)
September 30, 2023 and 2022

4) FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is the description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Stable Value Core Account: It is a fully benefit responsive investment contract of Transamerica Financial Life Insurance Company. This account is valued at contract value which represents contributions made under contract, plus earnings, less participant withdrawals and fees.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. After adoption of ASU 2015-17, these investments are taken out from the ASU 820 fair value hierarchy for the years ended September 30, 2023, and 2022.

FOCUS: HOPE

401(K) RETIREMENT PLAN

Notes to Financial Statements (Continued)

4) FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts (Continued): The methods described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

5) INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a Stable Value Core Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value of the Stable Value Core Account with Transamerica approximated the fair value at September 30, 2023 and 2022 at \$207,022 and \$214,217 respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6) INCOME TAX STATUS

The Plan adopted a Prototype Volume Submitter Profit Sharing Plan with CODA, which received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since adopting the prototype plan. The Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognitions of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to September 30, 2020.

7) PLAN TERMINATION

Although it intends to maintain the Plan indefinitely, the Organization reserves the right to terminate the Plan any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and participants will become 100% vested. The Organization will direct the distribution of participants' accounts in a manner prescribed in the Plan.

8) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions as defined under ERISA guidelines. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the plan's operations.

9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

10) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or \$500,000. At September 30, 2023 and 2022, the Plan's sponsor maintained bond coverage as required by ERISA.

11) LATE REMITTANCES OF CONTRIBUTIONS TO THE PLAN

During the fiscal year ended September 30, 2018, the Organization failed to remit to the Plan's custodian, a portion of the salary deferrals within the period prescribed by the Department of Labor. The delays were due to administrative errors which were resolved in the current year.

12) UNALLOCATED ASSETS

Plan assets include unallocated assets in the amount \$4,535 and \$4,220 as of September 30, 2023 and 2022, respectively. The unallocated assets represent uncashed checks as of year-end, which are included in the stable value core account.

13) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
