Independent Auditor's Report

To the Plan Administrator and Plan Participants of
Aflac Incorporated 401(k) Savings and Profit Sharing Plan

Opinion on the Financial Statements

We have audited the accompanying financial statements of Aflac Incorporated 401(k) Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Aflac Incorporated 401(k) Savings and Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The Aflac Incorporated 401(k) Savings and Profit Sharing Plan (the Plan) was established for the benefit of the employees of Aflac Incorporated; American Family Life Assurance Company of Columbus (Aflac); American Family Life Assurance Company of New York; Aflac International, Inc.; Continental American Insurance Company; Communicorp, Inc.; Aflac Benefits Advisors, Inc.; Empoweredbenefits, LLC; Aflac Asset Management LLC; Aflac Global Ventures LLC; Argus Holdings, LLC; Aflac Benefits Solutions, Inc.; Tier One Insurance Company; Empowered.Insure LLC; and Aflac InfoSec Services LLC (collectively, the Company). The Plan excludes Puerto Rico residents and employees of Aflac Life Insurance Japan Ltd.

The Company stock fund investment under the Plan is an employee stock ownership plan with a dividend pass-through option. This option allows participants to make an election to receive any Company stock dividends in cash instead of using them to buy more Company stock in the participant's 401(k) account.

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees may voluntarily participate in the Plan on the first day of the payroll period following their employment date.

The Plan is administered by a plan administrator appointed by Aflac Incorporated's Board of Directors. Fidelity Management Trust Company serves as the Plan's trustee and Fidelity Workplace Services LLC serves as the Plan's recordkeeper.

(b) Contributions and Transfers

Contributions to the Plan are made by both participants and the Company. Participants may elect to contribute portions of their salary and bonus in increments of whole percentages of up to 75%, subject to aggregate limits imposed by Internal Revenue Service (IRS) regulations. Aggregate limits as prescribed by the IRS were \$22,500 for participants under the age of 50 and \$30,000 for participants age 50 and older in 2023. Participants can elect whether to make contributions on a pre-tax basis (traditional 401(k)) or on an after-tax basis (Roth 401(k)). Participants that do not make an affirmative contribution election are automatically enrolled in the Plan to contribute 6% of annual cash compensation, which will increase by 1% annually until contributions reach 10% of annual cash compensation.

The first 1% to 4% of participants' compensation contributed may be subject to a percentage matching contribution by the Company. For the year ended December 31, 2023, subject to certain limitations, the Company's matching contribution was 100% of the portion of the participants' contributions, which were not in excess of 4% of the participants' annual cash compensation. Participants may transfer into the Plan amounts representing distributions from other eligible plans.

The Company provides a nonelective contribution for employees who elected to opt out of the future benefits of the Aflac Incorporated defined benefit plan during the election period provided during the fourth quarter of 2013 and for new U.S. employees who started working for the Company after September 30, 2013. For the year ended

December 31, 2023, the nonelective contribution was 4% of annual cash compensation. Effective January 1, 2024, the nonelective contribution was extended to all participants.

(c) Participant Accounts

An account is maintained for each participant and is credited with participant contributions and investment earnings or losses thereon. Contributions may be invested in one or more of the investment funds available under the Plan at the direction of the participant. A separate account is maintained with respect to each participant's interest in the Company's matching and non-elective contributions. Amounts in this account are apportioned and invested in the same manner as the participant's account. For participants that have not made an investment election, amounts in this account are invested in a target date retirement fund determined based on the age of the participant.

(d) Vesting and Forfeited Accounts

Participants are 100% vested in their contributions plus investment earnings or losses thereon.

Participants become vested in the Company's matching contributions and nonelective contributions and the related earnings or losses thereon according to the following schedule.

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant's interest in the Company's matching contributions and nonelective contributions and the related earnings or losses thereon is also vested upon termination either because of death or disability or after attaining early retirement date or normal retirement age.

Except as previously described, participants forfeit the portion of their non-vested interest upon termination of employment. These forfeitures are available to reduce the Company's future matching contributions or plan expenses. At December 31, 2023, forfeited non-vested accounts totaled approximately \$141,000, compared with approximately \$177,000 at December 31, 2022. In 2023, forfeitures of approximately \$1,430,000 and \$363,000 were used to reduce Company matching contributions and plan expenses, respectively.

(e) Distributions

Participants may receive a distribution equal to the vested value of their account upon death, disability, retirement, or termination of either the Plan or the participant's employment. Distributions may only be made in the form of a lump-sum cash payment and/or Aflac Incorporated common stock. Certain eligible participants can elect periodic withdrawals and installment distributions.

The Plan permits in-service withdrawals from vested account balances for participants who have attained age 59 $\frac{1}{2}$. Additionally, hardship withdrawals are available under certain circumstances for which the participant must provide documentation.

(f) Notes Receivable From Participants

Participants are allowed to borrow funds from their accounts. The minimum amount of any notes receivable is \$1,000. No participant may have more than one loan outstanding at any time, except that a participant may have more than one loan outstanding if both loans were issued before August 1, 2012, or if multiple loans were transferred from predecessor plans. The maximum amount of loans made to a participant from the Plan, when added together, cannot exceed the lesser of:

- a. 50% of the participant's vested benefit (as defined by the Plan document); or
- b. \$50,000, reduced by the amount, if any, of the highest balance of all outstanding loans to the participant during the one-year period ending on the day prior to the day on which the loan is made.

All notes receivable carry a maturity date of up to five years for general purpose loans and up to 10 years for loans made to purchase the participant's principal residence and are secured by the balance in the participant's account. Interest rates on participant loans are established at the prevailing prime interest rate at the time the loan is made plus 2%. Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

(g) Transactions With Parties-in-Interest

As of December 31, 2023 and 2022, the statements of net assets available for plan benefits include the following investments and notes receivable with parties-in-interest to the Plan.

	2023	2022
Fidelity Balanced Fund	\$ 94,790,021	\$ 80,205,502
Fidelity Total Bond Fund	9,914,975	8,531,774
Fidelity U.S. Bond Index Fund	5,013,192	4,048,420
Fidelity 500 Index Fund	81,971,645	60,069,402
Fidelity Global ex U.S. Index Fund	6,665,518	5,370,919
Fidelity Extended Market Index Fund	11,407,094	9,459,974
Aflac Incorporated common stock	172,535,029	155,595,015
Notes receivable from participants	15,332,655	14,042,469

The Plan's investments include shares of common stock issued by Aflac Inc., the Plan sponsor. At December 31, 2023 and 2022, the Plan held a combined total of 2.1 million and 2.2 million shares valued at approximately \$82.50 and \$71.94 per share, respectively. Additionally, the Plan received dividends paid by the Aflac Inc. common stock totaling \$3.4 million in 2023. In 2023, the Plan paid fees totaling approximately \$474,000 to Fidelity and received approximately \$491,000 of revenue credits from Fidelity. At December 31, 2023, the Plan held unused revenue credits of approximately \$90,000, compared with approximately \$17,000 at December 31, 2022.

2. SUMMARY OF ACCOUNTING POLICIES

(a) Basis of Presentation

The accompanying statements of net assets available for plan benefits and changes in net assets available for plan benefits have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between selling price and cost on an average cost basis. Realized gains and losses and changes in the fair value of investments are included in net appreciation in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(d) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on participant loans is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

(e) Other Receivables

Other receivables consist primarily of unsettled trades of Aflac Incorporated common stock.

(f) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

(g) Distributions

Distributions to participants are recorded when paid.

(h) Expenses

The majority of the Plan's administrative expenses are paid directly by the Company and excluded from these financial statements. Administrative fees on loans and in-service withdrawal expenses are paid directly by the requesting participant and are deducted from the loan or in-service withdrawal amount. Investment-related expenses are included in net appreciation in fair value of investments.

3. FEDERAL INCOME TAXES

The IRS has determined and informed the Company by letter dated March 25, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and therefore, are exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter in 2016, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three valuation hierarchy levels. Level 1 valuations reflect quoted market prices for identical assets or liabilities in active markets. Level 2 valuations reflect quoted market prices for similar assets or liabilities in an active market, quoted market prices for identical or similar assets or liabilities in non-active markets or model-derived valuations in which all significant valuation inputs are observable in active markets. Level 3 valuations reflect valuations in which one or more of the significant inputs are not observable in an active market.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

1. **Mutual funds:** Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. **Common stock:** Valued at the closing price reported on the active market on which the individual securities are traded.
3. **Common trust funds:** The trust funds are comprised of the financial instruments outlined below.
 - a. Stable value common trust fund composed primarily of fully benefit-responsive investment contracts (FBRICs). The Plan's investment is limited to holding units of the fund and is therefore considered to have an indirect investment in the FBRICs held by the fund.
 - b. U.S. Treasury money market trust fund that invests substantially all of its assets in short-term U.S. Treasury obligations and repurchase agreements collateralized by U.S. Treasury obligations.
 - c. Target date retirement funds which invest in underlying trusts that represent various asset classes and sectors. Based on target dates, the allocation to equity-based underlying trusts is expected to become increasingly conservative over time.

The Plan values these trust funds at NAV, as provided by the Plan's trustee, and are deemed to have a readily determinable fair value in accordance with ASC 820. The NAV is calculated by its issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. NAVs are reported by the funds and are supported by the unit prices of actual purchases and sale transactions occurring as of or close to the financial statement date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31.

2023				
	Level 1	Level 2	Level 3	Total
Assets, at fair value:				
Investments:				
Mutual funds	\$ 360,065,068	\$ —	\$ —	\$ 360,065,068

Total assets at fair value	\$ 449,133,447	\$ 252,143,610	\$ —	\$ 701,277,057

⁽¹⁾ These investments have a readily determinable fair value in accordance with ASC subtopic 820-10 and have been classified as level 2 in the fair value hierarchy.

There are no restrictions on the ability of investors to redeem any of these investments at December 31, 2023 and 2022.

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2023 and 2022.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits as presented in these financial statements to the balance per Form 5500 as of December 31:
