Retirement Committee and Plan Participants
Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

1) Summary of Significant Plan Provisions

The following description of Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Dekker/Perich/Sabatini, Ltd. (the “Employer”). For purposes of elective deferrals, the entry date is the first day of the month coinciding with or immediately following the date of hire. There is no age or service requirement to join the Plan. Participants become eligible for Employer matching contributions the first day of the payroll period after they have reached age twenty-one, and obtained one year with 1,000 hours of service. Prior to May 2, 2023, participants became eligible for the Employer match at the beginning of the calendar quarter after meeting the eligibility requirements. Participants become eligible for Employer profit sharing contributions on the first day of the first or seventh month after they have reached age twenty-one, and obtained one year with 1,000 hours of service, as long as they are still employed on the last day of the Plan year. The Employer serves as the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

Each year, participants may contribute pretax deferrals or after-tax Roth contributions up to the lesser of the federal statutory limit or 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (pre-tax rollovers) from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a default investment option until changed by the participant.

The Employer matches 50% of the participants’ elective contributions, up to 6% of participants’ eligible compensation. Additionally, the Employer may elect to make an annual discretionary contribution. For the years ended December 31, 2023 and 2022, no discretionary contributions were made.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, and allocations of Plan earnings (losses). Participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes Receivable From Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested account balance, not to exceed \$50,000. Loan terms are five years unless the purpose of the loan is to acquire real estate by the participant. For real estate loans, the term will be established by the Plan administrator at the time of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate which is commercially reasonable as established by the Plan administrator. The interest rate on loans initiated in 2023 ranged from 10.0% to 10.5%. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service, as defined by the Plan, and vest according to the following schedule:

Years of Service	Percent Vested
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the above, a participant is fully vested in his or her account upon reaching normal retirement age, defined as the later of attainment of age 65 or the fifth anniversary of participation in Plan.

Forfeitures

Forfeitures of nonvested Employer contributions are used to reduce future matching contributions or to pay Plan administrative expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$6,722 and \$4,126, respectively. For the years ended December 31, 2023 and 2022, no forfeitures were used to reduce matching contributions. Forfeitures of \$16,150 and \$15,933 were used to pay Plan administrative expenses for the years ended December 31, 2023 and 2022, respectively.

Investment Options

Upon enrollment in the Plan, participants may direct their investments to several registered investment company options and fixed interest accounts. Participants may change their investment options daily.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Payment of Benefits

Upon termination of employment due to death or disability, a participant becomes fully vested in the value of all accounts regardless of the years of service. For termination of employment due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Under the terms of the Plan, participants may receive a hardship distribution of the vested portion of their account balance. The hardship distribution is for qualifying expenses only as provided for under the Internal Revenue Code and is subject to qualifying conditions.

Mandatory Cash-Out

Upon termination of employment for any reason, if the amount of the participant's vested account balance is less than or equal to \$1,000, the Employer will distribute the balance in a single lump-sum payment without the consent of the participant. If the amount of the participant's vested account balance to be distributed exceeds \$1,000 but is less than or equal to \$5,000 and the participant fails to elect a lump sum payment or direct rollover to a participant designated Individual Retirement Account (IRA), then the Plan administrator will roll the entire vested balance to an IRA established by the Plan administrator at a qualified institution without the consent of the participant.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default in accordance with plan provisions, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. At any time, the Employer may elect for the Plan to pay administration costs. For the years ended December 31, 2023 and 2022, the Employer paid the majority of administrative expenses, which are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through June 28, 2024, the date which the financial statements were available to be issued.

3) Investments and Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts—The net asset value of the pooled separate accounts (PSA) is based on unit values reported by the Plan trustee as determined by the investment manager based on the fair value of the underlying assets net of liabilities divided by the number of outstanding units of the PSA on its valuation date. Management has determined that the investments using NAV as a practical expedient do not have published prices and; therefore, the investments are not assigned a level in the fair value hierarchy.

Guaranteed Interest Accounts—The fair value of the guaranteed interest accounts are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Contributions are held in John Hancock's general account. These accounts guarantee the return of principal plus compounded interest earned over a defined term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month.

The following table presents investments measured at fair value by classification within the fair value hierarchy as of December 31:

2023	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

- Investment income and interest income on notes receivable from participants as reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investments reflected on the supplemental schedule of assets held at end of year.

5) Funds Held with Insurance Company

The Plan has a group annuity contract with John Hancock whereby contributions are allocated to guaranteed interest accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account at contract value. There are certain transactions, such as inter-account transfers, that may be subject to a market value adjustment.

The group annuity contract is not fully benefit-responsive and is recorded at fair value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The 2023 average yield and crediting interest rates on the 5-year and 10-year guaranteed accounts were approximately 1.27%, and 1.29%, respectively. The 2022 average yield and crediting interest rates on the 3-year, 5-year and 10-year guaranteed accounts were approximately 0.15%, 0.25%, and 0.35%, respectively. The crediting interest rate on guaranteed accounts is based on a formula agreed upon with the issuer and has no minimum guaranteed rate of return. Such interest rates are reviewed on a monthly basis for resetting.

Certain events could cause impairment of the group annuity contract value upon liquidation or other occurrence. Such events include (1) complete or partial Plan termination or merger with another plan, (2) bankruptcy of the Plan sponsor (Employer), or (3) the disposition of all or a portion of the Plan sponsor's business. The Plan administrator believes that there have been no events that would impair the contract value.

6) Plan Termination

Although it has not expressed any intent to do so, the Employer, as the Plan's sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Dekker/Perich/Sabatini, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

7) Tax Status

The Plan is operating under a non-standardized pre-approved profit sharing plan. The Internal Revenue Service (IRS) has determined and informed the plan sponsor by letter dated June 30, 2020, that the plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended/restated since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8) Related-Party Transactions and Party-in-Interest Transactions

Certain Plan assets are shares of funds held in pooled separate accounts and guaranteed interest accounts managed by John Hancock Life Insurance Company, the trustee of the Plan's investments. These transactions qualify as exempt party-in-interest transactions.

The Employer provides certain accounting, administrative, and management services to the Plan for which no fees are charged.
