---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report of Independent Auditors

To the Administrator of Citadel Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Citadel Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1

Description of Plan

The following description of the Citadel Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan established by Citadel Enterprise Americas LLC (the "Company" or "Plan Administrator") on January 1, 2000. The Citadel Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Employees who have reached age 18 of Citadel Enterprise Americas Services LLC, Citadel Americas Services LLC, Citadel Securities Americas Services LLC, GFS LLC, and certain of their affiliates, all affiliates of the Company, are eligible to become participants in the Plan.

Fidelity Management Trust Company (the "Trustee" or "Fidelity") serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants elect to make annual pretax, Roth, and/or after-tax contributions up to a maximum of 60% of their total eligible compensation as defined in the Plan agreement, subject to certain Internal Revenue Code (the "IRC") limitations. Effective January 1, 2023, after-tax contributions are further limited to an annual maximum of the lesser of 5% of total eligible compensation or \$15. Participants may also elect to roll over part or all of an eligible rollover distribution from an eligible retirement plan as defined in the Plan agreement. Participants attaining the age of 50 before the end of the Plan year and who are making contributions to the Plan are eligible to make catch-up contributions. Participants are eligible for a discretionary matching contribution from the Company if they are employed as of the last day of the Plan year and have at least 1,000 hours of service during the Plan year. Discretionary contributions are a dollar for dollar match of a participant's contribution up to 4% of the participant's eligible compensation (subject to the Internal Revenue Service ("IRS") compensation limitations) and were made by the Company for the year ended December 31, 2023. As of December 31, 2023, the Company had employer contributions receivable of \$26,829.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of Company discretionary contributions and Plan earnings, and charged with any withdrawals by the participant. Allocations are based on participant earnings or account balances, as applicable, or as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the allocation of their accounts into investment options offered by the Plan which include registered investment funds, a collective trust, and a self-directed brokerage account with various registered investment fund investment options.

Notes Receivable from Participants

The Plan permits participants to borrow a minimum of \$1 and a maximum of \$50 reduced by the highest outstanding loan balance of the relevant participant during the prior twelve month period or 50% of the relevant participant's vested account balance, whichever is less.

Participants may only have one loan outstanding at any given time. Loans to purchase a principal residence are generally payable within ten years. All other loans are generally payable within five years.

Loans are secured by the balance of the relevant participant's account and interest rates are determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions, but a loan may be repaid in lump sum at any time.

Vesting and Forfeitures

Participants are at all times fully vested in their own contributions and earnings thereon. Vesting in employer contributions and earnings thereon is based on the following vesting schedule for all participants:

Service	Vesting Percentage
Less than three years	0 %
Three years or more	100 %

Upon termination of employment with the Company or affiliates of the Company, a participant's nonvested portions of Company discretionary contributions and earnings thereon are forfeited at the earlier of (a) after five consecutive one-year breaks in service or (b) the Plan year in which the participant receives a distribution of its entire vested balance. If a terminated participant is re-employed by the Company or an affiliated employer prior to five consecutive one-year breaks in service and (1) did not previously receive a distribution of their vested balance, or (2) received a distribution but repaid the full amount of the distribution to the Plan within five years of being re-employed, the nonvested balance in the participant's individual account prior to termination will be restored to the participant's account and the employee's post-break service will be included in determining the participant's vesting percentage in the pre-break nonvested balance.

Forfeited balances are used to pay select Plan administrative expenses (see Note 5) and to offset future Company contributions in accordance with the Plan's provisions. In the event that the Company utilizes forfeited balances that must subsequently be restored to a participant's account, the Company may be required to contribute the restored amount to the Plan in the year that the distribution repayment occurs. The Plan had \$2,470 and \$1,830 of forfeited nonvested balances available at December 31, 2023 and 2022, respectively. Available balances in the forfeiture account as of December 31, 2023 were utilized to reduce Company contributions in the amount of \$2,470 for the year ended December 31, 2023.

Payment of Benefits

Upon retirement, disability, or termination of service, a participant may elect to receive a distribution of their vested account balance in cash, direct rollovers, or a combination of both, as applicable. A participant's beneficiary or beneficiaries may request a distribution of the participant's vested account balance in the event of the participant's death. Distributions are also permitted when an employee reaches age 59½. Also, upon retirement, participants may elect to defer distribution to a future date if their vested account balance is greater than \$1, but after termination of employment, distributions must be made by the 1st of April following the year the participant reached age 72. In addition, hardship distributions are permitted if certain criteria are met.

NOTE 2

Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for fair value measurements of Plan investments.

Net appreciation in the fair value of investments consists of gains and losses on investments bought and sold during the year as well as held during the year.

Management fees and operating expenses charged by the advisor of the registered investment funds are deducted from income earned by each registered investment fund on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an increase in net depreciation in fair value of investments for such registered investment funds.

Interest income is recorded as earned on the accrual basis, net of applicable withholding taxes. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other Additions

Other additions represent a revenue credit provided by Fidelity under a revenue sharing agreement to pay certain of the Plan's administrative expenses. Refer to Note 5 for further details.

Administrative Expenses

The Company pays certain of the Plan's administrative expenses, the remaining of which are borne by the Plan. Administrative expenses related to loans are paid by the applicable participant.

Payment of Benefits

Benefit payments are recorded when paid.

Corrective Distributions

Corrective distributions are treated as an offset to participant contributions on the statement of changes in net assets available for benefits.

NOTE 3

Information Certified by the Trustee

The investment assets of the Plan at December 31, 2023 and 2022 were held, and all transactions therein were executed, by the Trustee, under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investments and notes receivable from participants information included in the accompanying financial statements and the Schedule H, Line 4i – Schedule of Assets (Held at End of Year). Information included in the accompanying financial statements and supplemental schedule relating to investments, notes receivable from participants, and the corresponding income was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Company. The Company has obtained a certification from the Trustee as of December 31, 2023 and 2022, and for the year

ended December 31, 2023 that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest and dividend income, interest income from notes receivable from participants, and net appreciation in fair value of investments as shown on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

NOTE 4

Fair Value Measurements

The accounting guidance for fair value measurements and disclosures of financial instruments establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- | | |
|----------------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

An investment's level within the fair value hierarchy is based on the lowest level of any input, individually or in the aggregate that is significant to the fair value measurement.

The following describes the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Funds

The shares of registered investment funds are valued at quoted market prices on an exchange in active markets or net asset value ("NAV") as computed by the applicable fund company, which represent the net asset values of shares held by the Plan at year end, and are classified as Level 1 investments.

Collective Trust

The collective trust is valued at the NAV of the units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective trust less its liabilities. It is the policy of the trust to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Net asset value per unit is not expressed in thousands. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. This practical expedient is not used when it is determined to be probable the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants,

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2023, compared with December 31, 2022, Plan investments measured at fair value were as follows:

AS OF DECEMBER 31, 2023

	Level 1	Investments measured at NAV as a practical expedient	Total
Investments at fair value:			
Registered investment funds	\$ 906,183	\$ —	\$ 906,183

Collective trust ⁽¹⁾	—	5,431	5,431
Total investments at fair value	\$ 939,718	\$ 5,431	\$ 945,149

⁽¹⁾ As of December 31, 2023, there were no unfunded commitments. The frequency and notice period of redemptions are not restricted.

AS OF DECEMBER 31, 2022

	Level 1	Investments measured at NAV as a practical expedient	Total
Investments at fair value:			
Registered investment funds	\$ 684,889	\$ —	\$ 684,889
Self-directed brokerage	26,329	—	26,329
Total investments in the fair value hierarchy	711,218	—	711,218
Collective trust ⁽²⁾	—	8,715	8,715
Total investments at fair value	\$ 711,218	\$ 8,715	\$ 719,933

⁽²⁾ As of December 31, 2022, there were no unfunded commitments. The frequency and notice period of redemptions are not restricted.

NOTE 5

Party-In-Interest Transactions

Certain investments in the self-directed accounts, the collective trust and certain Plan investments, including shares of registered investment funds, are managed by the Trustee or its affiliates. Additionally, certain participants have loans outstanding to the Plan, and the Plan earns interest on outstanding loans from the participants. Transactions involving these investments and notes receivable from participants qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services were paid indirectly through the investee registered investment funds and are included as a reduction of the return earned on each registered investment fund. Administrative expenses charged to the Plan for the year ended December 31, 2023 totaled \$23 of which \$4 was deducted from the Forfeiture Account and \$19 was funded through a revenue credit provided to the Plan by Fidelity to reimburse the Plan for certain audit and legal fee expenses. This revenue credit was provided by Fidelity to the Plan to share revenue earned by Fidelity for investment management services. The administrative expenses and the revenue credit provided by Fidelity have been presented on a gross basis in the accompanying statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions.

NOTE 6

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, all participants would become fully vested in their account balances.

NOTE 7

Risks and Uncertainties

The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

NOTE 8

Tax Status

The Plan is a Volume Submitter Profit Sharing Plan with CODA sponsored by Fidelity Management and Research Co. and adopted by the Company. Fidelity Management and Research Co. received an opinion letter from the IRS, dated June 30, 2020, which states that the standardized document on which the Plan is based satisfies the applicable provisions of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 9

Subsequent Events

Management has evaluated the events and transactions that have occurred through May 31, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that require disclosure in the financial statements.

Report of Independent Auditors

To the Administrator of Citadel Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Citadel Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1

Description of Plan

The following description of the Citadel Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan established by Citadel Enterprise Americas LLC (the "Company" or "Plan Administrator") on January 1, 2000. The Citadel Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Employees who have reached age 18 of Citadel Enterprise Americas Services LLC, Citadel Americas Services LLC, Citadel Securities Americas Services LLC, GFS LLC, and certain of their affiliates, all affiliates of the Company, are eligible to become participants in the Plan.

Fidelity Management Trust Company (the "Trustee" or "Fidelity") serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants elect to make annual pretax, Roth, and/or after-tax contributions up to a maximum of 60% of their total eligible compensation as defined in the Plan agreement, subject to certain Internal Revenue Code (the "IRC") limitations. Effective January 1, 2023, after-tax contributions are further limited to an annual maximum of the lesser of 5% of total eligible compensation or \$15. Participants may also elect to roll over part or all of an eligible rollover distribution from an eligible retirement plan as defined in the Plan agreement. Participants attaining the age of 50 before the end of the Plan year and who are making contributions to the Plan are eligible to make catch-up contributions. Participants are eligible for a discretionary matching contribution from the Company if they are employed as of the last day of the Plan year and have at least 1,000 hours of service during the Plan year. Discretionary contributions are a dollar for dollar match of a participant's contribution up to 4% of the participant's eligible compensation (subject to the Internal Revenue Service ("IRS") compensation limitations) and were made by the Company for the year ended December 31, 2023. As of December 31, 2023, the Company had employer contributions receivable of \$26,829.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of Company discretionary contributions and Plan earnings, and charged with any withdrawals by the participant. Allocations are based on participant earnings or account balances, as applicable, or as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the allocation of their accounts into investment options offered by the Plan which include registered investment funds, a collective trust, and a self-directed brokerage account with various registered investment fund investment options.

Notes Receivable from Participants

The Plan permits participants to borrow a minimum of \$1 and a maximum of \$50 reduced by the highest outstanding loan balance of the relevant participant during the prior twelve month period or 50% of the relevant participant's vested account balance, whichever is less.

Participants may only have one loan outstanding at any given time. Loans to purchase a principal residence are generally payable within ten years. All other loans are generally payable within five years.

Loans are secured by the balance of the relevant participant's account and interest rates are determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions, but a loan may be repaid in lump sum at any time.

Vesting and Forfeitures

Participants are at all times fully vested in their own contributions and earnings thereon. Vesting in employer contributions and earnings thereon is based on the following vesting schedule for all participants:

Service	Vesting Percentage
Less than three years	0 %
Three years or more	100 %

Upon termination of employment with the Company or affiliates of the Company, a participant's nonvested portions of Company discretionary contributions and earnings thereon are forfeited at the earlier of (a) after five consecutive one-year breaks in service or (b) the Plan year in which the participant receives a distribution of its entire vested balance. If a terminated participant is re-employed by the Company or an affiliated employer prior to five consecutive one-year breaks in service and (1) did not previously receive a distribution of their vested balance, or (2) received a distribution but repaid the full amount of the distribution to the Plan within five years of being re-employed, the nonvested balance in the participant's individual account prior to termination will be restored to the participant's account and the employee's post-break service will be included in determining the participant's vesting percentage in the pre-break nonvested balance.

Forfeited balances are used to pay select Plan administrative expenses (see Note 5) and to offset future Company contributions in accordance with the Plan's provisions. In the event that the Company utilizes forfeited balances that must subsequently be restored to a participant's account, the Company may be required to contribute the restored amount to the Plan in the year that the distribution repayment occurs. The Plan had \$2,470 and \$1,830 of forfeited nonvested balances available at December 31, 2023 and 2022, respectively. Available balances in the forfeiture account as of December 31, 2023 were utilized to reduce Company contributions in the amount of \$2,470 for the year ended December 31, 2023.

Payment of Benefits

Upon retirement, disability, or termination of service, a participant may elect to receive a distribution of their vested account balance in cash, direct rollovers, or a combination of both, as applicable. A participant's beneficiary or beneficiaries may request a distribution of the participant's vested account balance in the event of the participant's death. Distributions are also permitted when an employee reaches age 59½. Also, upon retirement, participants may elect to defer distribution to a future date if their vested account balance is greater than \$1, but after termination of employment, distributions must be made by the 1st of April following the year the participant reached age 72. In addition, hardship distributions are permitted if certain criteria are met.

NOTE 2

Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for fair value measurements of Plan investments.

Net appreciation in the fair value of investments consists of gains and losses on investments bought and sold during the year as well as held during the year.

Management fees and operating expenses charged by the advisor of the registered investment funds are deducted from income earned by each registered investment fund on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an increase in net depreciation in fair value of investments for such registered investment funds.

Interest income is recorded as earned on the accrual basis, net of applicable withholding taxes. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other Additions

Other additions represent a revenue credit provided by Fidelity under a revenue sharing agreement to pay certain of the Plan's administrative expenses. Refer to Note 5 for further details.

Administrative Expenses

The Company pays certain of the Plan's administrative expenses, the remaining of which are borne by the Plan. Administrative expenses related to loans are paid by the applicable participant.

Payment of Benefits

Benefit payments are recorded when paid.

Corrective Distributions

Corrective distributions are treated as an offset to participant contributions on the statement of changes in net assets available for benefits.

NOTE 3

Information Certified by the Trustee

The investment assets of the Plan at December 31, 2023 and 2022 were held, and all transactions therein were executed, by the Trustee, under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investments and notes receivable from participants information included in the accompanying financial statements and the Schedule H, Line 4i – Schedule of Assets (Held at End of Year). Information included in the accompanying financial statements and supplemental schedule relating to investments, notes receivable from participants, and the corresponding income was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Company. The Company has obtained a certification from the Trustee as of December 31, 2023 and 2022, and for the year

ended December 31, 2023 that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest and dividend income, interest income from notes receivable from participants, and net appreciation in fair value of investments as shown on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

NOTE 4

Fair Value Measurements

The accounting guidance for fair value measurements and disclosures of financial instruments establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- | | |
|----------------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

An investment's level within the fair value hierarchy is based on the lowest level of any input, individually or in the aggregate that is significant to the fair value measurement.

The following describes the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Funds

The shares of registered investment funds are valued at quoted market prices on an exchange in active markets or net asset value ("NAV") as computed by the applicable fund company, which represent the net asset values of shares held by the Plan at year end, and are classified as Level 1 investments.

Collective Trust

The collective trust is valued at the NAV of the units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective trust less its liabilities. It is the policy of the trust to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Net asset value per unit is not expressed in thousands. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. This practical expedient is not used when it is determined to be probable the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants,

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2023, compared with December 31, 2022, Plan investments measured at fair value were as follows:

AS OF DECEMBER 31, 2023

	Level 1	Investments measured at NAV as a practical expedient	Total
Investments at fair value:			
Registered investment funds	\$ 906,183	\$ —	\$ 906,183
Self-directed brokerage	33,535	—	33,535

Collective trust ⁽¹⁾	—	5,431	5,431
Total investments at fair value	\$ 939,718	\$ 5,431	\$ 945,149

⁽¹⁾ As of December 31, 2023, there were no unfunded commitments. The frequency and notice period of redemptions are not restricted.

AS OF DECEMBER 31, 2022

	Level 1	Investments measured at NAV as a practical expedient	Total
Investments at fair value:			
Registered investment funds	\$ 684,889	\$ —	\$ 684,889
Self-directed brokerage	26,329	—	26,329
Total investments in the fair value hierarchy	711,218	—	711,218
Collective trust ⁽²⁾	—	8,715	8,715
Total investments at fair value	\$ 711,218	\$ 8,715	\$ 719,933

⁽²⁾ As of December 31, 2022, there were no unfunded commitments. The frequency and notice period of redemptions are not restricted.

NOTE 5

Party-In-Interest Transactions

Certain investments in the self-directed accounts, the collective trust and certain Plan investments, including shares of registered investment funds, are managed by the Trustee or its affiliates. Additionally, certain participants have loans outstanding to the Plan, and the Plan earns interest on outstanding loans from the participants. Transactions involving these investments and notes receivable from participants qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services were paid indirectly through the investee registered investment funds and are included as a reduction of the return earned on each registered investment fund. Administrative expenses charged to the Plan for the year ended December 31, 2023 totaled \$23 of which \$4 was deducted from the Forfeiture Account and \$19 was funded through a revenue credit provided to the Plan by Fidelity to reimburse the Plan for certain audit and legal fee expenses. This revenue credit was provided by Fidelity to the Plan to share revenue earned by Fidelity for investment management services. The administrative expenses and the revenue credit provided by Fidelity have been presented on a gross basis in the accompanying statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions.

NOTE 6

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, all participants would become fully vested in their account balances.

NOTE 7

Risks and Uncertainties

The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Notes to Financial Statements

(Expressed in U.S. dollars in thousands)

NOTE 8

Tax Status

The Plan is a Volume Submitter Profit Sharing Plan with CODA sponsored by Fidelity Management and Research Co. and adopted by the Company. Fidelity Management and Research Co. received an opinion letter from the IRS, dated June 30, 2020, which states that the standardized document on which the Plan is based satisfies the applicable provisions of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 9

Subsequent Events

Management has evaluated the events and transactions that have occurred through May 31, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that require disclosure in the financial statements.
