Independent Auditors' Report

To the Plan Administrator and Plan Participants
First Horizon Corporation Savings Plan
Memphis, Tennessee

Report on the Financial Statements

We have audited the financial statements of First Horizon Corporation Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and

Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Plan Description

The following description of First Horizon Corporation Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution retirement savings plan established April 23, 1978, for qualified employees of First Horizon Corporation and certain affiliates (the “Company” or “Plan Sponsor”) to provide a savings plan for those employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Since inception, the Plan document has been amended periodically to conform with provisions of ERISA and other laws and regulations. The Plan is administered by the Pension, Savings and Flexible Compensation Committee of the Company. State Street Bank and Trust Company serves as trustee of the Plan and Transamerica Retirement Solutions Corporation (“Transamerica”) serves as recordkeeper of the plan.

(a) Contributions

Under the terms of the Plan, full-time employees are eligible to participate in the Plan immediately. Part-time employees are eligible to participate upon completion of twelve months of service in which they have worked 1,000 hours or more. A participant may authorize payroll deductions from 1% to 60% of eligible pay (subject to certain legal limitations) as contributions, to be invested as authorized by the participant. The Plan allows participants to make Pre-tax and Roth contributions (from 1% to 50% of eligible pay) and other after-tax contributions (from 1% to 10% of eligible pay). Participants may also rollover amounts representing distributions from other defined benefit and/or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan and may elect to change their investment authorizations at any time.

Automatic savings plan enrollment deferrals for new hires, rehires, and newly eligible enrollees is 3% of eligible pay.

The Company makes three types of contributions on behalf of participants to the Plan:

Company matching contributions - After one year of service all participants are eligible for matching contributions. All participants receive 100% matching of the first 1% to 6% of participant pre-tax, catch-up, and Roth 401(k) contributions. These contributions will be invested according to a participant’s current investment elections. Matching contributions are subject to a three-year cliff vesting schedule.

Company savings contributions - The Company provides Flexible Dollars to employees to spend on benefits or to deposit into the Plan. Participants’ Flexible Dollars deposited into the Plan are

identified as Company savings contributions and are not eligible for matching contributions. These contributions are 100% vested at all times.

Employer Non-Elective Contributions (“ENECs”) - The Company may also make ENECs for employees not participating in the Management Bonus program provided by the Company. ENECs, which are based upon the Company’s performance from the previous year, are determined annually as a percentage of an eligible participant’s eligible earnings. These contributions are subject to a two-year cliff vesting schedule at which point they become 100% vested.

(b) Payment of Benefits

On termination of service due to death, disability, retirement or termination of service for other reasons, a participant or beneficiary may elect to receive a lump sum amount equal to the value of the participant’s vested interest in their account, or a direct rollover into an eligible retirement plan, as defined. Qualified retirees are also given the option of partial distributions. The Plan also provides for in-service and hardship withdrawals. A participant may request a withdrawal of all or part of their after-tax, rollover and vested ENECs at any time. Upon obtaining the age of 59 ½, a participant may request a withdrawal of all or a portion of the value of their vested account. Hardship withdrawals are allowed at any time for certain financial needs, as defined. Account balances invested in the First Horizon Corporation Common Stock Fund may be received in the form of cash or shares of Company common stock.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s contributions and Plan earnings or losses. Additionally, each participant’s account is charged a fixed amount per quarter towards the Plan’s recordkeeping expenses as well as with an allocation for asset management fees, amounts paid to other service providers, and remaining recordkeeping costs. Allocations are based upon participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

(d) Vesting

Participants are vested immediately in their personal contributions, plus actual earnings thereon. Company matching contributions are subject to a three-year cliff vesting schedule. ENEC contributions are subject to a two-year cliff vesting schedule at which point the contributions 100 become 100% vested.

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Plan Description (continued)

(e) *Forfeited Accounts*

At December 31, 2023 forfeited nonvested accounts totaled \$10,005 and \$13,514 for December 31, 2022. Forfeited amounts may be reallocated to eligible participants based upon eligible compensation as defined by the Plan document, used to offset employer contributions, be applied to restore participant's nonvested account upon timely exercise of a buy-back right, or be applied towards expenses of the administration of the Plan and its related trust. Previously forfeited amounts totaling \$0 were applied towards expenses of the administration of the Plan during 2023 and \$225,675 were applied towards employer contributions during 2023.

(f) *Notes Receivable from Participants*

Active employee participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. General purpose loan terms range from 12 to 60 months and primary residence loan terms range from 12 to 120 months. The loans are secured by the balance in the participant's account. Interest rates are set quarterly based on the interest rate on the 15th day of the month preceding the new quarter and is based on the prime rate as published in the Wall Street Journal. At December 31, 2023, interest rates ranged from 3.25% to 8.5%. Principal and interest is generally paid ratably through payroll deductions.

Participants may have either two general purpose loans outstanding or one general purpose loan and one primary residence loan. A participant is not eligible to receive more than one primary residence loan and one loan for any other purpose in any twelve-month period.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting, with the exception of benefit payments which are recorded when paid.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (continued)

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are recorded at fair value based on the funds' reported closing net asset values as of the last business day of the year. The mutual funds held by the Plan are deemed to be actively traded. The investment in the stable value fund and the common/collective trust funds are valued at the closing net asset values determined by the trustees of such funds based upon the fair value of the underlying securities held by a fund less its liabilities. The stable value fund and the common/collective trust funds provide for daily redemptions by the Plan at reported net asset value per share, with no advance notice requirement. The First Horizon Corporation Common Stock Fund is accounted for on a unit accounting basis for which the investment is stated at the closing net asset value determined by the Plan's trustee as of the last business day of the year.

Investments held in the self-directed brokerage account constitute a broad array of stocks, mutual funds, and money market funds. Fair value of these investments are determined using observable, market-based inputs such as data from Interactive Data. There were no changes in the valuation methodologies used at December 31, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or future fair value. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis and is recognized when earned. Dividend income is accrued on the ex-dividend date. Realized gains and losses from investment transactions are reported on the average cost method. Investment income (loss) includes unrealized and realized appreciation and depreciation of investments.

(d) *Contributions*

Participant and employer contributions are recognized when earned. Rollovers are recognized when received.

(e) *Benefit Payments*

Benefits paid to participants or beneficiaries are recognized when paid.

(f) *Administrative Expenses*

Administrative expenses are recognized when incurred. Certain Plan expenses are paid by the Plan Sponsor and not included in the financial statements. Certain investment expenses are included in net depreciation in investments.

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (continued)

(g) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(3) Risks and Uncertainties

Investments, including the First Horizon Corporation common stock fund, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in their fair value could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(4) Concentration of Participant Investments

The Plan has a significant portion of its assets invested in BlackRock Equity Index Fund and First Horizon Corporation common stock fund. The investment in the BlackRock Equity Index Fund approximates 18% and 16% as of December 31, 2023 and 2022, respectively. The investment in the First Horizon Corporation common stock fund approximates 10% and 19% of the Plan's net assets available for benefits as of both December 31, 2023 and 2022, respectively.

(5) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan provides that all affected participants' interests will become fully vested and nonforfeitable.

(6) Tax Status of Plan

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated August 21, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receipt of such letter; however, the Plan's management believes that the Plan remains in compliance with the applicable requirements of the IRC. Management is unaware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

(6) Tax Status of Plan (continued)

plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2020.

(7) Related-Party and Party-in-Interest Transactions

State Street Bank and Trust Company manages the Plan's shares of First Horizon Corporation common stock fund and mutual funds and common/collective trust funds. First Horizon Corporation is the Plan Sponsor. State Street Bank and Trust Company is the trustee. Therefore, these transactions with First Horizon Corporation and State Street Bank and Trust Company qualify as party-in-interest transactions. Administrative fees paid to these parties and other service providers which qualify as parties-in-interest total \$1,182,663 for 2023.

The Company also provides the Plan with certain management and administrative services for which no fees are charged.

(8) Fair Value Measurements

Accounting Standard Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

FIRST HORIZON CORPORATION SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(8) Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, as applicable, the Plan's investments at fair value as of December 31, 2023:
