John Bouchard & Sons Co. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of John Bouchard & Sons Co. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022 and for the year ended September 30, 2023, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year-end - schedule h, line 4i for the year ended September 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

For the Years Ended September 30, 2023 and 2022

Note 1. Description of Plan

The following description of the John Bouchard & Sons Co. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company, excluding union employees, who have at least one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Contributions

A participant can elect to defer annually up to the amount allowed under the current IRC and is eligible to make catch-up deferrals at age 50 or older. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches a fixed amount of 50% of the first 6% of compensation that a participant contributes to the Plan and may also make discretionary matching contributions. Any matching Company contributions are allocated to the participant-directed investment options pro-rata to participant contributions. Additionally, the Company may contribute non-elective amounts to participants meeting certain conditions. For the plan year ended September 30, 2023, the Company contributed additional non-elective profit sharing amounts totaling \$1,640,950.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and non-elective contributions, and Plan earnings, and is charged with an allocation of administrative expenses that are paid by the Plan. Participants may also be charged fees related to the investment options they have selected. Allocations are based on participant earnings, account balances, and specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of service	Company match	Non-elective profit sharing
Less than 2	0%	0%
2	0%	20%
3	100%	40%
4	100%	60%
5	100%	100%

Participants terminating before these dates forfeit the right to the non-vested portion of the Company's matching and non-elective contributions and related earnings.

Note 1. Description of Plan

Payment of Benefits

On termination of services due to death, disability, retirement, or other reasons, unless participants elect otherwise, the Plan distributes vested account balances of \$5,000 or more in the form of a qualified joint and survivor annuity which is purchasable with the participant's vested account balance. If the qualified joint and survivor annuity default is waived, participants may elect a qualified optional survivor annuity, a direct rollover, or a lump-sum payment.

Payment of benefits of vested account balances below \$5,000 will be made as lump-sum distributions. Following severance of employment, mandatory distributions for vested account balances of up to \$5,000 will be made. These payments will be lump-sum distributions if vested balances are below \$1,000. If between \$1,000 and \$5,000, the participant will be notified of the potential automatic rollover and, absent an election by the participant to receive a direct rollover or to receive a distribution, the Plan will pay the distribution as a direct rollover to an individual retirement plan.

Participants who are required to receive lifetime required minimum distributions may receive installments equal to or exceeding the annual required minimum distribution amount or a distribution in the form of a lump-sum payment.

Hardship Withdrawals

A hardship distribution from a participant's elective deferral account balance may be made due to an immediate or heavy financial need of the participant, only if the distribution is on account of expenses incurred or necessary for medical care for the participant, her/his spouse, or the participant's dependents; purchase (excluding mortgage payments) of a principal residence for the participant; payment of tuition and related educational fees for the next 12 months of post-secondary education of the participant, her/his spouse, children, or other dependents; payments in order to prevent the eviction of the participant from her/his principal residence or foreclosure on the mortgage of the participant's principal residence; payment of burial or funeral expenses for the participant's deceased spouse, parent, child, or other dependent; or for repair of damage to the participant's principal residence that would qualify as a casualty loss deduction under IRC section 165.

Forfeited Accounts

Forfeited, non-vested account balances may be used to pay administrative expenses, reduce the employer matching contribution, or reduce the non-elective contribution. Total forfeitures available for future use at September 30, 2023 and 2022 were \$15,170 and \$8,001, respectively. These amounts were used to reduce non-elective employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3. Certification

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by John Hancock Life Insurance Company (USA), the custodian of the Plan:

- Investments at fair value
- Net change in fair value of investments

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and that the Plan has the ability to access.

Level 2 inputs are based on observable inputs corroborated by market data, but not quoted on active markets.

Level 3 inputs are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at September 30, 2023 and 2022.

The Plan's investments in pooled separate accounts are units of an insurance company's pooled accounts valued at the net asset value (NAV) of units of the accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The pooled separate accounts invest in guaranteed income, income, growth and income, growth, aggressive growth, target risk asset allocations, and target date asset allocation investment categories.

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth the Plan's investments at fair value as of September 30:

	2023	2022
Investments at fair value		
Pooled separate accounts measured at NAV	\$ 33,264,338	\$ 27,674,674
Stable value accounts measured at contract value	<u>-</u>	<u>112,853</u>
Total investments at fair value	\$ 33,264,338	\$ 27,787,527

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value of Investments that use NAV

The following tables summarize investments measured at fair value, based on NAV per share as of September 30:

2023	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate accounts	\$ 33,264,338	N/A	Daily	Various
2022	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate accounts	\$ 27,674,674	N/A	Daily	Various

Note 6. Investment Contract with Insurance Company

The stable value fund is a fully benefit-responsive contract. The funds are maintained in an insurance company's general account. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 7. Related Party and Party-in-interest Transactions

The third party administrator received compensation and other allowances of \$18,504 for the year ended September 30, 2023, which was included in net appreciation (depreciation) in fair value of investments.

The custodian receives revenues from mutual fund or stable value fund service providers for services the custodian provides to the funds. These revenues are used to offset certain fees owed to the custodian for its administrative services to the Plan.

If revenues received by the custodian from such mutual fund or stable value fund services exceed the amount owed, the custodian remits the excess to the Plan on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. At September 30, 2023, there were no excess amounts paid. The Plan or Plan sponsor may make a payment to the custodian for administrative expenses not covered by revenue sharing. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions plus actual earnings thereon.

Note 9. Tax Status

The Plan adopted a volume submitter form of a plan sponsored by Access Retirement Services, LLC. The volume submitter practitioner has received an opinion letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Note 9. Tax Status

US GAAP requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2023, no uncertain positions have been taken or are expected to be taken that would require recognition of a liability or an asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to IRS examination for years prior to 2020.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

Management has evaluated subsequent events through June 25, 2024, the date on which the financial statements were available for issuance.
