Independent Auditor's Report

To the Plan Administrator of the Salem Five 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Salem Five 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Salem Five 401(k) Retirement Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and for
the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following brief description of the Salem Five 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Salem Five Cents Savings Bank (the “Bank”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Empower Trust Company, LLC is the Trustee of the Plan.

All assets acquired under this Plan as a result of participant and Bank contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Bank for the exclusive benefit of participants in the Plan and their beneficiaries. The Plan assets are invested in various investment options offered by the Plan.

Eligibility

To become eligible for participation, an employee must have reached 21 years of age.

Participant Contributions

An active participant may elect to make contributions to the Plan subject to limitations as defined in the Internal Revenue Code (“IRC”) as follows:

Elective deferrals

Each year, participants may contribute up to 75% of their compensation, as defined in the Plan document, up to the maximum limits of the IRC. The Plan includes an automatic enrollment provision whereby all eligible employees hired or rehired on or after May 1, 2016 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. If hired or rehired on or after October 1, 2019, automatically enrolled participants have their deferral rate set at 5% of eligible compensation which will increase 1% annually until it reaches a maximum of 10% of eligible compensation until changed by the participant. Prior to October 1, 2019 automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Participants hired or rehired prior to

See independent auditor’s report.

Salem Five 401(k) Retirement Plan

October 1, 2019 will not be subject to the annual increase. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may change salary deferral elections at any time which become effective as soon as administratively feasible after it is received by the plan administrator. Participants direct investment of their contributions into various investment options offered by the Plan.

Rollover contributions

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

The Bank may make discretionary employer matching contributions to eligible employees. For participants who are participants of the Bank's defined benefit pension plan, the Bank makes a matching contribution equal to 50% of participant deferrals, up to 6% of each participant's eligible compensation contributed to the Plan. For participants who are not participants of the Bank's defined benefit pension plan, the Bank makes a matching contribution equal to 50% of participant deferrals, up to 10% of each participant's eligible compensation contributed to the Plan. To be eligible for a matching contribution, participants need to complete 1 year of service and be employed on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, Bank matching contributions, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Bank's matching contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes are required to be repaid within 5 years unless the note is to be used for the purchase of a primary residence in which case the note may be repaid within a period of no more than 20 years. Prior to October 1, 2019, participants were allowed up to two loans outstanding at any time. Effective October 1, 2019, the Plan only allows employees to have one loan outstanding. Employees with two loans on October 1, 2019 may keep both loans until

Salem Five 401(k) Retirement Plan

paid. The notes are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 9.50%. The note interest rate is set at the prime rate as published by the Wall Street Journal plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, retirement, disability or death, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, installment payments or partial payments. In-service withdrawals from the participant's account are available upon reaching 59½. A participant may withdraw from their rollover account at any time. If a participant's vested account balance is \$1,000 or less, the Plan Administrator can distribute the entire balance in a lump-sum amount. Hardship withdrawals are available from the participant's elective deferral account, excluding earnings thereon, in order to meet a participant's immediate and heavy financial need.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$61,277 and \$29,414, respectively. These accounts will be used to offset future Bank matching contributions or used to pay Plan expenses. During 2023 there were no forfeitures used to reduce employer contributions or to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditor's report.

Salem Five 401(k) Retirement Plan

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged against participant accounts when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants, if applicable, are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Bank and are excluded from these financial statements. Fees related to the benefits paid to participants and processing of loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY EMPOWER

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Trust Company, LLC (collectively, "Empower") and Empower Annuity Insurance Company of America, except for comparing such information to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year). The Plan Administrator has obtained certifications as of December 31, 2023 and 2022 and for the year ended December 31, 2023, that the information is complete and accurate.

See independent auditor's report.

The Trustees also certified the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditor's report.

Salem Five 401(k) Retirement Plan

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Funds: Valued at either the closing price reported on the active market on which the individual securities are traded or valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is the basis for the current transactions. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Trust to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the Trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Salem Five 401(k) Retirement Plan

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 94,136,058	\$ -	\$ -	\$ 94,136,058
Total assets in the fair value hierarchy	<u>\$ 94,136,058</u>	<u>\$ -</u>	<u>\$ -</u>	94,136,058
Investments measured at net asset value (a)				<u>2,117,347</u>
Investments at fair value				<u>\$ 96,253,405</u>

December 31, 2022	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 85,148,802	\$ -	\$ -	\$ 85,148,802
Total assets in the fair value hierarchy	<u>\$ 85,148,802</u>	<u>\$ -</u>	<u>\$ -</u>	85,148,802
Investments measured at net asset value (a)				<u>1,955,733</u>
Investments at fair value				<u>\$ 87,104,535</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investment measured using the net asset value per share practical expedient at December 31, 2023 and 2022:

December 31, 2023	Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Putnam Stable Value Fund	\$ 2,117,347	\$ -	Daily	None
<u>December 31, 2022</u>				
Putnam Stable Value Fund	\$ 1,955,733	\$ -	Daily	None

See independent auditor's report.

Salem Five 401(k) Retirement Plan

5. TAX STATUS

The Plan adopted the Empower Trust Company, LLC prototype non-standardized profit sharing plan with CODA which received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the written form of the underlying plan document is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2020.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

7. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of shares of investments managed by Empower. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. Administrative costs to facilitate distributions and other recordkeeping fees amounted to \$18,126 for the year ended December 31, 2023. Notes receivable from participants also qualify as party-in-interest transactions.

See independent auditor’s report.

Salem Five 401(k) Retirement Plan

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 17, 2024, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.
