## **Independent Auditor's Report**

To the Plan Administrator  
Teradata Savings Plan  
San Diego, California

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the Teradata Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule (Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**TERADATA SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF THE PLAN**

**General**

The Teradata Savings Plan (the “Plan”) is a defined contribution plan established on October 1, 2007, by the Board of Directors of Teradata Corporation (“Teradata” or the “Company”). The Plan is designed to qualify as a profit-sharing plan with a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended. It is also subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The following description of the Teradata Savings Plan provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

**Trustee, Custodian and Administration of the Plan**

The trustee, custodian, and recordkeeper of the Plan is Fidelity Management Trust Company (“Fidelity” or “the Trustee”). The administrator of the Plan is the Company. Alliance Bernstein Trust Company, LLC (“Alliance Bernstein”) is a custodian of certain common collective trusts. The trustee and custodian hold all assets of the Plan in accordance with the service provider contract with the Company. The Teradata Benefits Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

**Eligibility**

The Plan covers substantially all eligible U.S. employees of the Company beginning on the first day of employment.

**Contributions and Funding**

All eligible employees of the Company may defer a portion of their compensation by making tax-deferred contributions, as well as after-tax and Roth contributions, to the Plan. Newly hired employees will be automatically enrolled at a 3% tax-deferred contribution unless the participant opts out or makes another election within 45 days of hire. Participants may elect to contribute up to 50% of their eligible compensation, up to certain Internal Revenue Service (“IRS”) limits. Maximum contribution percentage limits are also imposed on the tax-deferred contributions and after-tax contributions made by participants with prior year compensation of \$135,000 and over. Annual tax-deferred contributions per participant for the 2023 Plan year were limited to \$22,500.

For each dollar contributed by a participant, up to a maximum 6% of eligible compensation, the Company funds an additional matching contribution. The Company matching contribution for all participants is 100% of the first 4% of pay contributed by the participant, plus 50% of the next 2% of eligible compensation.

The Plan allows participants aged 50 and older to elect to make additional catch-up contributions, subject to IRS limits. Catch-up contribution amounts are not eligible for Company matching contributions. The annual limit on catch-up contributions was \$7,500 in 2023.

Participants may also contribute amounts representing distributions from other qualified contribution plans.

Participants direct their contributions and the Company’s matching contributions among various investment options, including mutual funds, collective trusts, and self-directed brokerage accounts.

**Vesting and Forfeitures**

Participants are immediately vested in their contributions plus actual earnings on their contributions. Company matching contributions and their earnings vest in increments of one-third each year, over a three-year period.

Participants become immediately and fully vested in their account (i) upon attainment of age 65, (ii) upon termination of employment due to a “reduction in force,” (iii) in the event of death, or (iv) in the event of total and permanent disability. Upon termination of employment, participants are entitled to full distribution of their contributions and all vested Company matching contributions; all non-vested Company matching contributions are forfeited. These forfeitures are reallocated and used to either reduce future Company matching contributions or pay certain administrative expenses of the Plan. During the Plan year ended December 31, 2023, forfeitures used to offset Company matching contributions were \$1,010,000 and the amount used to pay administrative fees were \$210,506. The amounts of unallocated forfeitures on December 31, 2023 and 2022, were \$82,808 and \$47,832, respectively.

### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions, Company matching contributions, and investment earnings. In addition, participant’s accounts are charged with an allocation of administrative expenses, investment losses, and withdrawals, if applicable. Participants’ accounts are valued on a daily basis and allocations are based on participant earnings or account balances as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans are collateralized by 50% of the vested balance in the participant’s accounts and bear interest at a fixed rate based on the prime rate in effect on the last day of the preceding month plus 1%, using the prime rate reported by Reuters. The term of the loan may be between one and five years. Principal and interest are paid ratably through bi-weekly payroll deductions. Upon default, participants are considered for tax purposes to have received a distribution and are subject to income taxes on the outstanding amount of the loan at the time of default. Participant loan interest rates range from 4.25% - 9.5% as of December 31, 2023.

### **Withdrawals and Benefits**

Participants may withdraw any employee tax-deferred contributions during their employment in the case of a “hardship” (as defined by the Plan), in the case of a qualified reservist called to active duty, or in the case of absence from employment due to qualified military service for more than 30 days, and participants may withdraw after-tax employee contributions (plus earnings) for any reason. Participants may not withdraw any Company matching contributions or any earnings on Company matching contributions until they attain age 59 1/2 or terminate employment with the Company. Participants may withdraw vested balances upon reaching age 59 1/2, or upon termination of employment.

Upon termination of employment, a participant receives a lump-sum amount equal to the value of the vested portion of their account if it is less than \$1,000 (unless the participant chooses a direct rollover within 90 days). Terminated participants with more than \$1,000 in vested benefits may elect to receive a direct rollover to another tax-qualified plan or Individual Retirement Accounts, ("IRA"), a lump-sum payment or quarterly cash installments, or, if the participant has not reached their required beginning date, may leave the vested benefits within the Plan until such date. Upon the death of a participant, the participant’s beneficiary shall be eligible to receive a distribution of the participant’s account.

### **Termination of the Plan**

The Company currently has no plans to terminate the Plan; however, the Company reserves the right to terminate the Plan at any time by action of the Teradata Board of Directors. If the Plan is terminated, amounts allocated to a participant’s account become fully vested.

### **Plan Expenses**

Most of the administrative expenses, including recordkeeping, trustee, investment advisory, audit, and legal fees, incurred in connection with the Plan are paid by the Plan. Recordkeeping fees are paid through an allocation to the participant accounts. Expenses related to specific participant transactions, such as notes receivable and distributions, are charged directly to the

participant's account. Certain investment management fees are recorded with net appreciation/ (depreciation) in the fair value of investments. Other expenses are paid from forfeitures.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

The Plan's investments as of December 31, 2023 and 2022 are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities, including gains and losses thereon, are recorded on the trade date. Dividends are recorded on the ex-dividend date, and interest is recorded on the accrual basis. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### **Payments to Withdrawing Participants**

The Plan records payments to withdrawing participants at the time of disbursement.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued (unpaid) interest. Delinquent loans are treated as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

### **Risk and Uncertainties**

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 3. FAIR VALUE MEASUREMENTS

The Plan follows the accounting standard dealing with fair value measurements for financial and non-financial assets and liabilities recorded at fair value on a recurring basis, wherein a three-tier fair value hierarchy prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets for identical assets or liabilities; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable, quoted prices in active markets for similar assets or liabilities, or quoted prices in less-active markets for identical assets; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Self-directed brokerage accounts* – These accounts may include mutual funds, common stock, and exchange-traded funds, all of which are valued at the closing price reported in the active market in which the securities are traded.

*Teradata Unitized Stock Fund* – This is a unitized fund which invested in Teradata Corporation Common Stock and short-term investments. The Plan owned units in the underlying investments of the fund. Teradata Corporation Common Stock is valued at the closing price reported in the active market in which the security is traded. Short-term investments held by the fund were money market funds valued as noted below. As discussed further in Note 7 – Elimination of Teradata Stock Fund, this has been eliminated as an investment within the Plan.

*Mutual funds* – Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value (“NAV”) per share as reported by the fund and are required to publish their daily NAV and to transact at that price. Mutual funds held by the Plan are registered with the Securities and Exchange Commission and are deemed to be actively traded.

*Money market funds* - Investments in highly liquid, near-term instruments. These instruments include cash, cash equivalent securities, and high-credit-rating, debt-based securities with a short-term maturity (such as U.S. Treasuries). Values derived from quoted market prices in active markets.

*Common/collective trust funds* - Valued at NAV of shares held by the Plan at year end, as reported to the Plan by the trustee, which represents the fair value of shares held by the Plan. A fund’s NAV reflects an exit price, is the same for all holders of the fund, and provides the basis for current transactions. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from reported net asset value. Participant transactions (purchases and sales) may occur daily. The common collective trust funds are direct filing entities. As such, significant investment strategies have not been disclosed for these investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

#### **4. CERTIFIED INVESTMENT INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### **5. RELATED PARTY TRANSACTIONS (PARTIES-IN-INTEREST)**

Party-in-interest transactions consisted of notes receivable from participants and investments in the Teradata Unitized Stock Fund. At December 31, 2023, the Plan held no shares of Teradata Corporation Common Stock. At December 31, 2022 the Plan held 307,838 shares of Teradata Corporation Common Stock valued at \$10,361,827. Fidelity serves as a manager of certain Plan investments. An affiliate of Fidelity serves as the record keeper for the Plan's participant data. Another affiliate of Fidelity serves as the trustee of the Plan. Additionally, Alliance Bernstein Trust Company, LLC is a party-in-interest serving as custodian of certain common collective trusts. The receipt of fees from the Plan by Fidelity and Alliance Bernstein constitutes party-in-interest transactions. The plan pays for investment advisory and other professional services that are considered parties-in-interest transactions. None of these party-in-interest transactions are prohibited transactions as defined under ERISA.

#### **6. TAX STATUS**

The Plan received a favorable determination letter dated March 22, 2017, from the Internal Revenue Service as to the qualified status of the Plan under Section 401(a) of the Internal Revenue Code ("the Code" or "IRC"). While the Plan has been amended since receiving the determination, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan as related trust continue to be tax-exempt. Therefore, the Plan is qualified and the related Trust is exempt from federal income taxes under Section 501(a) of the Code. Accordingly, income taxes are not provided for in the accompanying financial statements. Participant contributions, except for those contributions which participants elect to be tax-deferred under Section 401(k), are taxable to the participants in the year their contributions are made.

Participants are liable for federal income taxes relative to their Section 401(k) pre-tax contributions, the Company matching contributions, and the earnings of the Plan when the contributions are distributed to them.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to tax examinations by tax authorities for all open Plan years, but none are currently in progress.

#### **7. ELIMINATION OF TERADATA UNITIZED STOCK FUND**

One of the investment options offered under the Plan was the Teradata Unitized Stock Fund, which is invested primarily in Teradata Corporation common stock. Because this fund holds a single stock, it is not considered a diversified investment. Other investments in the Plan are mutual funds or collective investment vehicles that pool investments in many companies or other multi-security investment options, which allows for more diversification. On May 9, 2022, Teradata approved an amendment to the Plan providing that no new investments in the Teradata Unitized Stock Fund would be permitted after July 11, 2022 and further providing for the liquidation of such fund after November 30, 2023. Beginning July 11, 2022, through November 30, 2023, participants in the Teradata Unitized Stock Fund actively chose when and how to re-allocate their investments (subject to

normal restrictions and blackout periods for restricted insiders and anyone possessing material, nonpublic information). Any remaining assets in the Teradata Unitized Stock Fund after November 30, 2023 have been automatically liquidated into the Plan's Qualified Default Investment Alternative, which is the applicable Retirement Strategy Fund (an age-based fund).

## **8. SUBSEQUENT EVENTS**

Plan management has evaluated subsequent events from the date of the statement of net assets available for benefits through June 21, 2024, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified, except for the following:

Effective January 1, 2024, the Plan was amended to adopt a non-standardized pre-approved Plan document sponsored by Fidelity, who received an opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan is qualified under the appropriate sections of the IRC. The Plan Administrator believes that the Plan is currently and will continue to be designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan continues to be qualified.

Effective May 13<sup>th</sup>, 2024, the Plan was amended to replace the Retirement Strategy custom target date funds with the T. Rowe Price Retirement Blend target date funds. On June 17, 2024, as of market close the Retirement Strategy funds were removed, and all existing balances and future contributions were transferred to the new T. Rowe Price Retirement Blend target date funds.
