To the Plan Administrator
Neva One 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Neva One 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 8, 2023 (in liquidation) and December 31, 2022 (ongoing), and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to December 8, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 8, 2023 and December 31, 2022, and for the period from January 1, 2023 to December 8, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan Administrator of the Plan approved a plan of liquidation on August 22, 2023, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2022 financial statements to the liquidation basis of accounting used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Neva One 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Neva One 401(K) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2015 by Neva One, LLC (the Company). The Plan is a defined contribution plan covering substantially all employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

On August 22, 2023, the Company signed a resolution to terminate the Plan. Effective August 22, 2023, the Plan was amended to freeze the Plan in preparation for termination. No participants were allowed to enter the Plan after the date of Plan termination. All participants were fully vested in their account balances. Participants were able to choose amongst several options regarding the type of distributions. Participants could elect a lump sum payment, a direct transfer to a different plan, or to roll the money into an individual retirement account. Participants who failed to make a distribution election within 30 days after the distribution notice was provided, had their account rolled over to an individual retirement account with Capital Bank & Trust. The Plan's assets were fully liquidated as of December 8, 2023.

Trustee and Administration of the Plan

The trustee of the plan was Capital Bank and Trust Company and recordkeeper of the Plan was American Funds. The administrator of the Plan was the Company. The trustee held all assets of the Plan in accordance with the service provider contract with the Company. Management determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Eligibility

Employees of the Company were considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; and (3) independent contractors.

Participants were eligible to participate in the Plan after attaining age 21 years of age and completing 2 months of service. An eligible participant could enter the Plan on the first day of each month upon meeting the eligibility requirements.

Neva One 401(k) Plan

Notes to the Financial Statements

Contributions

Each year, participants could contribute up to 100% of eligible compensation, as defined in the Plan. Salary deferral agreements could be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions.

Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company could have made a discretionary employer matching contribution as a percent of eligible compensation deferred by participants. Catch-up contributions were not eligible for discretionary matching contributions. There were no discretionary employer matching contributions made during 2023.

Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participants directed the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account was credited with the participant's contributions, employer contributions (if any), and an allocation of net Plan earnings or losses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants were entitled was the vested portion of their accounts.

Vesting

Participants were 100% vested in their individual deferral, and rollover contributions and the allocated earnings thereon. A participant's vested interest in the employer contributions was based upon the participant's years of continuous service. Employer contributions and earnings thereon vested according to a 6-year cliff vesting schedule. Participants became fully vested in the event of retirement, death, and disability, as defined by the Plan.

Effective August 22, 2023, the Plan was terminated, and all active participants became fully vested in their account balances.

Payment of Benefits

A participant's entire interest in the Plan was payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant could elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants could elect to rollover their vested balance to another qualified retirement plan or IRA. Immediate lump-sum distributions were to be made to terminated participants if the participant's vested account balance was \$125 or less. For terminated participants with vested balances greater than \$125, but less than \$5,000, their vested balance would be automatically rolled into an IRA unless otherwise elected.

Neva One 401(k) Plan

Notes to the Financial Statements

Withdrawals from the Plan were also able to be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Participants could also withdrawal an amount at age 59½ if certain criteria are met.

Forfeitures

As of December 8, 2023 there were no forfeitures and at December 31, 2022 forfeited non-vested accounts were de minimus. These accounts could be used to pay administrative expenses and reduce future employer contributions. During 2023, \$7 of the forfeited funds were used to pay administrative expenses in 2023.

Notes Receivable from Participants

Participants were permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants could borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans were secured by the participant's account and bear an interest rate at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and was fixed for the term of the loan. The notes were repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 30 years. Participants were allowed only one loan outstanding at any time. These loans were subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying 2022 financial statements of the Plan were prepared on the accrual basis of accounting.

The 2023 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on August 22, 2023. Under the liquidation basis of accounting, assets were measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities were measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and

Neva One 401(k) Plan

Notes to the Financial Statements

assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions were recognized in the period during which the Company made the respective payroll deductions from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus unpaid accrued interest. Interest income was recorded on the accrual basis. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were included in net appreciation (depreciation) in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank & Trust, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

Neva One 401(k) Plan

Notes to the Financial Statements

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 8, 2023 (in liquidation) and December 31, 2022 (ongoing).
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from January 1, 2023 to December 8, 2023 (in liquidation).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they were in accordance with the presentation and disclosure requirements of GAAP.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 8, 2023 or December 31, 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Neva One 401(k) Plan

Notes to the Financial Statements

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis as of December 31, 2022. There were no investments measured at fair value at December 8, 2023.

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 925,618	\$ -	\$ -	\$ 925,618
Money Market Mutual Funds	128,863	-	-	128,863
Total Investments, at fair value	\$ 1,054,481	\$ -	\$ -	\$ 1,054,481

5. Related Party and Party-in-Interest Transactions

Certain Plan investments were managed by the Trustee or its subsidiaries and affiliates. Participant loan and distribution processing fees were paid to the recordkeeper by participants. The Plan also issued loans to participants which were secured by the vested balance of the participants’ accounts. Certain management fees in the form of an expense ratio charged to each investment option were paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan held various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. On August 22, 2023, as described in Note 1, the Company resolved to terminate the Plan effective August 22, 2023. Participants became 100% vested in their accounts as of the termination date.

Notes to the Financial Statements

8. Tax Status

The Plan used a pre-approved plan document sponsored by Associated Pension Consultants. Associated Pension Consultants received an opinion letter from the IRS, dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfied the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believed that the Plan is currently designed and was being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through June 27, 2024 the date the financial statements were available to be issued.
