INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Payden & Rygel as Plan Administrator of the
Capital Accumulation & Profit Sharing Plan
for the Employees of Payden & Rygel
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Accumulation & Profit Sharing Plan for the Employees of Payden & Rygel (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAPITAL ACCUMULATION & PROFIT SHARING PLAN FOR THE EMPLOYEES OF PAYDEN & RYGEL

Notes to Financial Statements
December 31, 2023 and 2022

NOTE 1. PLAN DESCRIPTION

The following description of the Capital Accumulation & Profit Sharing Plan for the Employees of Payden & Rygel (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan's sponsor and administrator is Payden & Rygel (the Company).

General: The Plan is a defined contribution 401(k) plan that became effective on June 1, 1986, and covers certain eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Eligible employees are eligible to participate in the Plan on the first day of the month or the first day of the month following the employee's start date. If an eligible employee does not opt out of enrollment, automatic enrollment begins on the first day of the month following the employee's start date.

Contributions: Participants may elect to contribute to the Plan a specific percentage or dollar amount of compensation as elective deferrals and/or Roth elective deferrals. Automatic enrollment deferrals start at 5% and are increased annually by 1% up to a maximum deferral percentage of 15%. The participant contributions are subject to the annual limits of the Internal Revenue Code (IRC). The maximum participant deferral limit was \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Catch-up contributions of \$7,500 and \$6,500 were available to participants who had attained age 50 or older by December 31, 2023 and 2022, respectively, and had not exceeded the contribution limit for the Plan year.

The Plan provides for the Company to make discretionary non-elective contributions which are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. For 2023 and 2022, the Company's discretionary profit sharing contributions amounted to \$2,620,958 and \$2,478,006, respectively.

The Company may also make a discretionary Qualified Non-Elective Contribution (QNEC) on behalf of each non-highly compensated participant equal to a uniform percentage of the participant's compensation. The percentage is determined by the Company each year. There were no QNECs in 2023 and 2022.

Upon enrollment, a participant may direct their employee and Company contributions to any of the Plan's pre-selected investment options or choose to direct their investments through individually directed investment accounts. Participants may change their investment options at any time in accordance with the Plan provisions.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) the Plan earnings (losses). Allocations are based on participant contributions or earnings (losses) of account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting: Participants are always fully vested in their employee deferral and Company qualified matching and QNEC contributions and earnings thereon. Vesting in the Company discretionary non-elective contribution portion of their accounts plus earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Company's discretionary contributions become 100% vested without regard to years of service.

Forfeitures: Participants who are not 100% vested will forfeit the non-vested portion of the Company discretionary amounts upon termination of employment. Effective January 1, 2019, the Plan was amended to allow forfeitures to be used for QNECs, QMACs, and contributions made pursuant to Code §401(k)(12), ADP Safe Harbor Contributions.

For the years ended December 31, 2023 and 2022, forfeitures totaling \$38,859 and \$101,352, respectively, were used towards the Company's discretionary profit sharing contributions.

Payment of Benefits: Upon retirement, death, disability or other termination of employment, a participant or the beneficiary is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her own account.

In-service distributions are allowed upon either attaining age 59-1/2 or experiencing a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes and may only be made with the approval of the Plan Administrator.

Notes Receivable from Participants: The Plan permits participants to borrow from their vested account balances. Participants can borrow up to 50% of their vested account balances not to exceed \$50,000. The notes receivable are secured by the vested balance in the participant's account and bear interest at the prime rate of interest. The loan must be for a term not to exceed five years, unless used for the purchase of a primary residence.

Expenses: Administrative fees charged by the trustee and recordkeeper are allocated to each Plan participant's account in proportion relative to their account balance to total Plan assets.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Basis of Accounting: The financial statements of the Plan are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments: Benefit payments are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (Continued)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Realized and Unrealized Appreciation (Depreciation): Realized and unrealized appreciation (depreciation) is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest.

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants and the schedule of assets held at end of year has been derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. TAX- EXEMPT STATUS

The Internal Revenue Service has determined and informed the Company, through the Volume Submitter program, by letter dated June 30, 2020, that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participant accounts will become fully vested in their accounts.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various funds that have investments in securities, including U.S. government securities, corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences.

Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. STABLE VALUE FUND

The Plan's MetLife Stable Value Solutions Fund J (Stable Value Fund) investment option is a fully benefit-responsive investment fund. The Stable Value Fund is held under the Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the Trust), a collective investment trust. The Trust invests in a group annuity contract where the funds are invested in three separate accounts comprised of bond funds and are owned by MetLife. The Trust through its investment in the group annuity contract, simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate and portfolio of financial instruments that are owned by the issuer, MetLife. The group annuity contract is a guaranteed investment contract which provides that participants execute Plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. MetLife utilizes wrapper agreements to protect the Stable Value Fund from price fluctuations and guarantees the rate will never be less than zero.

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as Plan termination or a Plan merger initiated by the Plan sponsor, may limit the ability of the Plan to transact at contract value. The Plan sponsor does not believe any events that may limit the ability of the Plan to transact at contract value are probable.

NOTE 8. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1* Observable quoted prices in active markets for identical assets and liabilities.
- Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of option pricing models, discounted cash flow models and similar techniques.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Mutual Funds: Valued using quoted market prices, which represent the net assets value of shares held by the Plan at year-end.

Stable Value Fund: Valued at the net asset value (NAV) of units of the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Individually Directed Accounts: Accounts consists of cash and cash equivalents where carrying value approximates fair value and investment securities that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
