3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒

Henny Penny Corporation Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Henny Penny Corporation Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 5, the financial statements include an investment representing 99% of total assets as of December 31, 2023 and 2022, respectively, whose fair value has been estimated by an independent appraisal, in the absence of a readily ascertainable fair value, with the assistance of management and approved by the trustee. Because of the inherent uncertainty of valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4(i), Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Henny Penny Corporation Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Henny Penny Corporation Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Henny Penny Corporation (the Company), the Plan's sponsor, established the Plan effective January 1, 2014. The Plan operates as a leveraged employee stock ownership plan and is designed to comply with §4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The ESOP Committee, which is appointed by the Company's Board of Directors, is responsible for the oversight of the Plan. The Plan's assets are held by an institutional trustee.

During the year ended December 31, 2014, the Plan purchased Company common stock using proceeds from borrowings provided by the Company (see Note 7), and holds the stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of Company common stock. The lender has no rights against the shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated).

Eligibility: Employees of the Company are generally eligible to participate in the Plan after attaining age 18 and one year of service provided they work at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such plan year. Employees may begin participating in the Plan on June 30 or December 31 after meeting the service requirements.

Employer contributions: The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Participant contributions are not permitted.

Payment of benefits: Distributions on account of death, disability, or retirement commence no later than the Plan year following the event. Distributions for other separations from service commence no later than one year after the close of the fifth plan year following the Plan year of the separation from service. The distribution of the participant's account will be made generally in substantially equal installments over a five-year period. However, if a participant's vested balance is \$5,000 or less, the participant will be paid out in a lump sum as soon as administratively reasonable after termination. Distributions are made in either cash or shares and the amount to be distributed is based upon the account valuation date immediately preceding the distribution.

Under the provisions of the Plan and at prices determined from an independent appraisal, the Company is obligated to repurchase or redeem participant shares which have been distributed under the terms of the Plan. Alternatively, the Plan may repurchase distributed shares at the discretion of the trustee.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account, with respect to limited major corporate matters, and is notified by the trustee prior to the time that such rights are to be exercised. The trustee has voting rights for all unallocated shares on behalf of the collective best interest of the Plan participants and beneficiaries. Other corporate matters, such as the annual appointment of the Board of Directors, are voted on by the Plan's trustee.

Participant accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Participants who earned compensation from the Company during the Plan year and either: (a) retired, became disabled, or died during the Plan year, or (b) were employed on the last day of such plan year, will receive an allocation. Allocations are based on a participant's eligible compensation, as defined by the Plan, relative to total eligible compensation.

Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of year account balance to all participants' beginning of year account balances.

Vesting: The vesting of plan benefits attributable to Company contributions and forfeitures will be based upon the participant's years of service. Participants are credited with a year of service for each plan year in which they have completed 1,000 hours of service. Participants become fully vested upon reaching six years of service as shown in the table below or upon death, disability, or retirement.

Less than 2 years of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 or more years of service	100%

Put option: Under federal income tax regulations, the employer stock that is held by the Plan and allocated to its participants and is not readily tradable on an established market, or is subject to trading limitations, must include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan can elect to assume the rights and obligations of the Company for the put option. The put price is representative of the fair market value of the stock. In certain situations, the Company (or the Plan) can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that participants have the ability to ultimately obtain cash.

Forfeited accounts: Forfeitures of terminated non-vested account balances, including both stock and cash accounts, are allocated to remaining participants similar to Company contributions. Total reallocated forfeitures were \$239,686 (approximately 931 shares) for the year ended December 31, 2023.

Note 1. Description of the Plan (Continued)

Diversification: Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify can receive a cash distribution from the Plan or transfer the diversification amount to another qualified plan. Participants will first be eligible to receive diversification in 2024.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions are recorded when approved by the Board of Directors.

Payment of benefits: Benefits are recorded when paid.

Plan expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through June 27, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by GreatBanc Trust Company, Trustee

Information related to investment and investment income related to Company common stock and mutual fund reflected in Note 4 and Note 5, that is included through the plan financial statements and supplemental schedule as of December 31, 2023 was prepared by or derived from the information provided by the trustee, and furnished to the Plan Administrator. Information related to the prior year investment and investment income related to Company common stock reflected in Note 4, that is included through the Plan's financial statements and supplemental schedule as of December 31, 2022, was prepared by or derived from the information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the investments noted above as of December 31, 2023 and 2022, is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule relating to those certified assets as of December 31, 2023 and 2022.

Note 4. Investments in Company Common Stock

The Plan's investment at December 31, 2023 and 2022, is presented in the following table:

	2023		2022	
	Allocated	Unallocated	Allocated	Unallocated
Company common stock:				
Number of shares	377,864	1,222,136	341,282	1,258,718
Cost	\$ 38,967,208	\$ 126,032,792	\$ 35,194,698	\$ 129,805,302
Fair value	\$ 97,281,046	\$ 314,638,954	\$ 90,200,811	\$ 332,679,189

The Trustee also certified to the completeness and accuracy of \$10,960,000 of net depreciation in fair value of investments related to the aforementioned assets for the year ended December 31, 2023.

Note 5. Fair Value Measurements

The Plan has determined the fair value of certain assets and liabilities through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Henny Penny Corporation Employee Stock Ownership Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Company common stock: The fair value of the Company common stock held by the Plan is valued based upon an independent appraisal, in the absence of a readily ascertainable fair value, with the assistance of management and approved by the trustee. This appraisal was based upon a combination of the market and income valuation techniques. The fair market value of the common stock of Henny Penny on a controlling interest basis was valued taking into consideration an appropriate discount for limited marketability. Because of the inherent uncertainty of valuation, the estimated fair value may differ significantly from the value that would have been used had a market for the investments existed, and the difference could be material.

Mutual funds: Valued at the daily closing price as reported by the fund. Shares of mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and preferred stocks, exchange-traded & closed-end funds: Valued at the closing price reported on the active market on which they are traded.

Government bonds and mortgaged-backed securities: Valued on the basis of evaluated prices provided by independent pricing services when such prices are believed to reflect the fair market value of such securities. Such prices may be determined by taking into account benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Asset at Fair Value as of December 31			
	Level 1	Level 2	Level 3	Total
2023				
Company common stock	\$ -	\$ -	\$ 411,920,000	\$ 411,920,000
Mutual fund	2,805,084	-	-	2,805,084
Total	\$ 2,805,084	\$ -	\$ 411,920,000	\$ 414,725,084
2022				
Company common stock	\$ -	\$ -	\$ 422,880,000	\$ 422,880,000
Mutual funds	2,126,691	-	-	2,126,691
Common and preferred stocks	1,821,189	-	-	1,821,189
Exchange-traded & closed-end funds	8,525	-	-	8,525
Government bonds	-	351,391	-	351,391
Mortgage-backed securities	-	197,171	-	197,171
Total	\$ 3,956,405	\$ 548,562	\$ 422,880,000	\$ 427,384,967

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers into or out of Level 3 investments during the year ended December 31, 2023.

The following table represents the Plan's Level 3 financial instrument, the valuation techniques used to measure the fair value of that financial instrument, and the significant unobservable inputs.

Instrument	Fair Value as of December 31,		Principal Valuation Techniques	Unobservable Inputs
	2023	2022		
Company common stock	\$ 411,920,000	\$ 422,880,000	Discounted cash flow	Weighted average cost of capital
				Long-term revenue growth rate
				Long-term pretax operating margin
				Discount for lack of marketability
			Market comparable companies	EBIT and EBITDA multiples
				Revenue multiple
				Discount for lack of marketability

There were no issuances or purchases of Level 3 investments during the year ended December 31, 2023. The Level 3 investment depreciated \$10,960,000 during the year ended December 31, 2023.

Notes to Financial Statements

Note 6. Risks and Uncertainties

The Plan invests in the Company's common stock and other investments which are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows of the Company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Loan Payable

During the year ended December 31, 2014, the Plan entered into a \$165,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be paid over forty-five years with annual principal and interest payments of \$6,281,366. The loan bears an interest rate of 2.74% per annum. The outstanding balance on this note at December 31, 2023 and 2022, was \$136,315,246 and \$138,793,665, respectively.

Note 8. Related-Party and Party-In-Interest Transactions

The Plan's assets, which include Company common stock, are held by the trustee of the Plan. Company contributions are held and managed by the trustee, which invests cash, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan as discussed in Note 7. These are related-party and party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time after the liquidation of the stock acquisition loans and to terminate the Plan, subject to provisions of ERISA. Upon termination of the Plan, participants will become 100% vested in their accounts and all allocated assets of the Plan will be distributed to such participants and retirees, or their beneficiaries at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Company's Board of Directors shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of unallocated Company common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay any outstanding loans.

Note 10. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 15, 2016, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the IRS letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
