The Trustee and Plan Administrator
EMSI Burning Glass 401(k) Plan
Moscow, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of the EMSI Burning Glass 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and (2) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the EMSI Burning Glass 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Plan effective January 1, 2022, covering employees of Economic Modeling, LLC (the “Employer”). The Plan covers substantially all employees of the Employer who have completed 2 months of service, except union employees, leased employees and temporary employees (“Participants”). Participants can enter the Plan on the first of the month after meeting the service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants direct the investments of all contributions into various investment options offered by the Plan. Substantially all investments are participant directed.

Plan Transfers

During 2021, the Plan Sponsor acquired two unrelated entities, and as part of the acquisition, employees of the other entities became employees of the Plan Sponsor. During February and March 2022, assets from two separate Plans were “Spun out” of their respective Plan and transferred into this Plan. One of the acquired entities was part of the Trinet 401(k) Plan, a Professional Employer Organization (PEO). The other entity was part of the Strada Education Network, Inc. and its Safe Harbor 401(k) Plan. As a result, approximately \$4,250,000 and \$7,340,000 were transferred into this Plan from the Trinet 401(k) Plan and Strada Education Network, Inc. Safe Harbor 401(k) Plan, respectively.

Participant Contributions

Participants may contribute a portion of their annual compensation as defined by the Plan, up to a dollar limit set by Federal law. Eligible employees are automatically enrolled in the Plan to defer 3% of their compensation increasing by 1% each year up to a maximum of 8%, once they meet the requirements of eligibility unless an alternative election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Safe Harbor Matching Contributions

The Plan is a safe harbor plan and the Employer matches 100% of each participant’s contributions up to 3% of the participant’s compensation, plus 50% of the participant’s contributions that exceed 3% of the participant’s compensation limited to 5%, subject to limits imposed by Federal law.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Employer Discretionary Matching Contributions

The Employer may contribute a discretionary matching contribution for all eligible participants equal to a percentage of each eligible participant's compensation. No discretionary matching contributions were made for the year ended December 31, 2022.

Employer Discretionary Non-Elective Contributions

Each year, the Employer may determine the amount of discretionary non-elective contributions. Eligible participants will receive a contribution based on the ratio of their compensation to total eligible compensation for all participants. Participants must be employed on the last day of the Plan year in order to receive a non-elective contribution, unless separated due to death or disability. No discretionary non-elective contributions were made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and a pro rata allocation of: (a) the Employer contributions, and (b) the Plan's investment earnings/losses. Participant accounts are also charged with an allocation of investment fees and charged with direct administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, as well as the Employer's contributions, plus actual earnings thereon.

Payment of Benefits

Participants are entitled to their vested account balance upon death, disability, retirement or termination of employment. In addition, in-service withdrawals from a participant's total vested account balance are permitted upon reaching age 59½. Participants may elect to receive a lump-sum amount or installment payments equal to their vested account balance. If a former participant's vested account is \$1,000 or less, the vested amount will be paid in a lump sum if no action is taken by the former participant.

The Plan allows for hardship withdrawals of a minimum of \$1,000 to meet a participant's immediate and heavy financial needs. Participants may take a hardship from any of their vested balances and the amount of hardship cannot exceed the amount to meet the immediate financial hardship.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in the participant's vested account and bear interest at prime plus 1%. Participants may only have one loan outstanding at a given time. Principal and interest are paid ratably through payroll deductions.

Forfeitures

A Participant who leaves the employ of the Employer forfeits any non-vested balance after the earliest of five consecutive one-year breaks in service or distribution of the entire vested portion of the Participant's account. Non-vested forfeited account balances are retained in the Plan and are used to reduce future Employer contributions. At December 31, 2022, there was \$32,026 of unused forfeited account balances. During 2022, \$0 in forfeitures were used to offset a portion of the Employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Unit Values

Individual participant accounts for the common/collective trust, commingled funds, and hedge funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the investments, but do have an interest therein represented by units which are valued daily. The investments earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the investments are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2022.

Subsequent Events

Plan management has evaluated subsequent events through July 3, 2024, the date the financial statements were available to be issued. On April 1, 2023, the Plan was restated and the name of the Plan was changed to Lightcast 401(k) Plan. No other significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by Custodian

Plan investments are held by T. Rowe Price Trust Company ("T. Rowe"). The fair value of investments and notes receivable from participants and all investment and notes receivable from participant transactions, including interest and dividend income and net depreciation in fair values as of and for the year ended December 31, 2022 are certified as to complete and accurate by T. Rowe. Information included in the Supplemental Schedule of Assets (Held at End of Year) has also been derived from information certified by T. Rowe. The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust

A stable value fund that is composed primarily of indirect fully benefit-responsive investment contracts is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Self-Directed Brokerage Accounts

Self-directed brokerage accounts consist of investments in mutual funds and are valued at the daily closing price as reported by the fund. Mutual funds held in self-directed brokerage accounts are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

<i>Description</i>	<i>Fair Value Measurements</i>				<i>Total</i>
	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>		
Mutual funds	\$ 11,673,576	\$ -	\$ -	\$	11,673,576
Self-directed brokerage accounts	<u>94,198</u>	<u>-</u>	<u>-</u>		<u>94,198</u>
Total investments in the fair value hierarchy	<u>\$ 11,767,774</u>	<u>\$ -</u>	<u>\$ -</u>	\$	11,767,774
Investments measured at NAV practical expedient (a)					<u>583,858</u>
Investments at fair value				\$	<u>12,351,632</u>

- (a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statement of Net Assets Available for Benefits.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table sets forth a summary of the Plan's investments measured at fair value based on NAV per share as of December 31, 2022.

<i>Investments</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Units in common/ collective trust (a)	\$ 583,858	\$ -	Various	Daily

(a) See Note 4 for descriptions of the investments.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 7 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by T. Rowe Price Trust Company, the custodian, and Reliance Trust Company, the trustee, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable also qualify as exempt party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

EMSI BURNING GLASS 401(k) PLAN

Notes to Financial Statements

Note 9 - Tax Status

The Plan adopted the DST Retirement Solutions LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Reconciliation of Financial Statements to Form 5500

The accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) have been prepared in accordance with accounting principles generally accepted in the United States of America. The assets listed on Schedule H of Form 5500 have been prepared in accordance with procedures established by the third-party administrator. Although the net assets agree in total, certain investment assets have been classified differently.

Note 11 - Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. While the Employer remitted substantially all participant contributions to the Plan, contributions of \$326,954 were not remitted within the required time during the year ended December 31, 2022 of which \$4,528 were remitted after year-end, as reflected in the accompanying Schedule of Delinquent Participant Contributions. The Employer is in process of calculating lost earnings to the affected participants, which will be deposited into the Plan in 2024.
