INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Management
SureFire, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SureFire, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), an "ERISA Section 103(a)(3)(C) audit". The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

INDEPENDENT AUDITORS' REPORT (CONTINUED)

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2023 and 2022

(1) Plan Description

The following brief description of the SureFire, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement, as amended, for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established effective March 1, 1997 and is administered by SureFire, LLC (the “Company” or the “Plan Administrator”). The Company is responsible for the day-to-day administration and operation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed to qualify under Section 401(k) of the Internal Revenue Code (the “Code”). The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as the asset custodian and record-keeper. Fidelity holds and distributes the funds of the Plan in accordance with the Plan’s provisions and the instructions of the Company.

Participant Contributions

Employees of the Company are eligible to participate in the Plan after completing three months of service and attaining the age of 18. The entry date into the Plan occurs on the first day of each month. Participants may elect to contribute to the Plan pre-tax contributions up to the lesser of 75% of their annual eligible compensation, or the annual maximum allowed under the Code, which was \$22,500 for the year ended December 31, 2023, as defined by the Plan Agreement. In addition, participants may elect to designate some or all of their contributions as a Roth deferral contribution. All employees who were eligible to make deferrals under the Plan and had attained age 50 before the close of the plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations of the Code. Participants may rollover into the Plan amounts representing distributions from other qualified plans.

Employer Contributions

The Company may make discretionary matching contributions or profit sharing contributions to the Plan. Discretionary matching contributions may not exceed 5% of a participant’s annual eligible compensation. The Company did not make any discretionary contributions during the year ended December 31, 2023.

Effective December 1, 2021, the Company implemented a 20% employer match of each full percentage of eligible compensation an employee defers, with a maximum applied to the first 5%. If 5% is contributed by a participant, the Company will provide a match equal to 1%.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, the Company's discretionary matching contributions (if any), and investment earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's matching contribution is allocated among the funds within each participant account in the same manner as the employee's contributions. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the vested benefit provided from their account.

Vesting

Eligible participants are immediately 100% vested with respect to their voluntary contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of service. Participants vest in Company discretionary contributions at the annual rate of 33% after one year of service, 66% after two years of service, and are fully vested upon three years of service. Participants also become fully vested at death, retirement and upon termination for disability.

Investment Options

Investments in the Plan consist primarily of interests in mutual funds and common/collective investment trust funds (Note 4). Participants direct the investment of their contributions and Company's discretionary contributions into 30 diverse investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates. Borrowings must be at least \$1,000 and are limited to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months on the date the new loan is made, or 50% of the participant's vested account balance. Borrowings shall be repaid within five years, unless it is used for the purchase of a primary residence.

Notes receivable from participants are repaid through bi-weekly payroll deductions in installments of principal plus interest. In addition, participants can make payments outside of payroll.

See accompanying independent auditors' report.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, retirement or disability, each participant or the participant's beneficiaries may receive all or a portion, as elected, of the vested interest in the participant's account in a lump sum payment or roll over his or her account balance into another qualified plan. Terminated participants who have account balances less than \$5,000 will receive an automatic distribution, as defined by the Plan Agreement. If subject to lifetime required minimum distribution requirements in accordance with the Plan's provisions, participants may receive distribution payments in installments. In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS").

In-service account withdrawals are also permitted for participants with 100% vested account balance upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½ are subject to ordinary personal income taxes and penalty. Additionally, withdrawals by terminated participants, prior to the attainment of age 59½, which are not rolled over into another qualified plan, are also subject to ordinary personal income taxes and penalty.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee deferral or fully vested employer matching contribution portions of their account (excluding any earnings allocated thereto) for specified financial needs, such as unreimbursed medical expenses, the purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Forfeited Accounts

Forfeited, non-vested amounts are to be applied to reduce employer contributions. As of December 31, 2023 and 2022, the forfeiture account balance was \$1,737 and \$1,770, respectively.

Administrative Expenses

A portion of administrative fees and audit fees are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in any unvested account balances.

See accompanying independent auditors' report.

Notes to Financial Statements (continued) December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan’s investments in mutual funds is determined by Fidelity using the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount that the mutual fund might reasonably expect to receive for the security upon a current sale.

Investment valuation in common/collective trust is described in Note 4.

Interest and dividend income from investments is recorded on the date received. The gain or loss on the value of the mutual funds from the cost basis is recognized as net investment gain or loss on the statement of changes in net assets available for Plan benefits.

Management fees and operating expenses for investments are charged to the participants and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction from the investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan agreement.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan as of December 31, 2023.

(3) Summary of Investment Data Certified by the Plan Asset Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified by Fidelity, except for comparing such investment information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule.

The Plan's investments were held by Fidelity at December 31, 2023 and 2022, and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023.
- Interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023.
- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2023.

(4) Investments and Fair Value

Plan investments should generally be presented at their fair value at the reporting date. GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

See accompanying independent auditors' report.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued)

December 31, 2023 and 2022

(4) Investments and Fair Value (continued)

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value:

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Such investments are valued using a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment and are therefore not classified within the fair value hierarchy. The NAV is based on the value of the underlying assets held by the fund, less its liabilities.

This practical expedient is not used when it is deemed probable that the fund will sell the investment for an amount different than the reported NAV.

Investments in the Plan are measured and reported at fair value on a recurring basis. There have been no changes in the methodologies used during the year ended December 31, 2023. The following tables show the balances of these investments based on their GAAP designated levels:

(5) Risks and Uncertainties

The Plan is exposed to market, interest rate, and credit risk due to the various investment securities that may be selected by the participant in any combination. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

See accompanying independent auditors' report.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(6) Parties-in-Interest

The Plan's investments (interest-bearing cash, common/collective trusts and mutual funds) are managed by Fidelity Investments, which is an affiliate of the asset custodian and record-keeper, Fidelity Management Trust Company. The Plan also issues notes receivable to participants. Such transactions qualify as permitted party-in-interest transactions.

(7) Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan with CODA, submitted by Fidelity Management and Research Company. The IRS has determined and notified Fidelity Management and Research Company by a letter dated June 30, 2020 that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees; therefore, exempt from Federal income taxes. The Plan has been amended since the receipt of the above described IRS determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is included in the accompanying financial statements.

GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merit, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken.

(8) Subsequent Events

The Plan Administrator evaluated subsequent events through June 19, 2024, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Management
SureFire, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SureFire, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), an "ERISA Section 103(a)(3)(C) audit". The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2023 and 2022

(1) Plan Description

The following brief description of the SureFire, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement, as amended, for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established effective March 1, 1997 and is administered by SureFire, LLC (the “Company” or the “Plan Administrator”). The Company is responsible for the day-to-day administration and operation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed to qualify under Section 401(k) of the Internal Revenue Code (the “Code”). The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as the asset custodian and record-keeper. Fidelity holds and distributes the funds of the Plan in accordance with the Plan’s provisions and the instructions of the Company.

Participant Contributions

Employees of the Company are eligible to participate in the Plan after completing three months of service and attaining the age of 18. The entry date into the Plan occurs on the first day of each month. Participants may elect to contribute to the Plan pre-tax contributions up to the lesser of 75% of their annual eligible compensation, or the annual maximum allowed under the Code, which was \$22,500 for the year ended December 31, 2023, as defined by the Plan Agreement. In addition, participants may elect to designate some or all of their contributions as a Roth deferral contribution. All employees who were eligible to make deferrals under the Plan and had attained age 50 before the close of the plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations of the Code. Participants may rollover into the Plan amounts representing distributions from other qualified plans.

Employer Contributions

The Company may make discretionary matching contributions or profit sharing contributions to the Plan. Discretionary matching contributions may not exceed 5% of a participant’s annual eligible compensation. The Company did not make any discretionary contributions during the year ended December 31, 2023.

Effective December 1, 2021, the Company implemented a 20% employer match of each full percentage of eligible compensation an employee defers, with a maximum applied to the first 5%. If 5% is contributed by a participant, the Company will provide a match equal to 1%.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, the Company's discretionary matching contributions (if any), and investment earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's matching contribution is allocated among the funds within each participant account in the same manner as the employee's contributions. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the vested benefit provided from their account.

Vesting

Eligible participants are immediately 100% vested with respect to their voluntary contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of service. Participants vest in Company discretionary contributions at the annual rate of 33% after one year of service, 66% after two years of service, and are fully vested upon three years of service. Participants also become fully vested at death, retirement and upon termination for disability.

Investment Options

Investments in the Plan consist primarily of interests in mutual funds and common/collective investment trust funds (Note 4). Participants direct the investment of their contributions and Company's discretionary contributions into 30 diverse investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates. Borrowings must be at least \$1,000 and are limited to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months on the date the new loan is made, or 50% of the participant's vested account balance. Borrowings shall be repaid within five years, unless it is used for the purchase of a primary residence.

Notes receivable from participants are repaid through bi-weekly payroll deductions in installments of principal plus interest. In addition, participants can make payments outside of payroll.

See accompanying independent auditors' report.

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, retirement or disability, each participant or the participant's beneficiaries may receive all or a portion, as elected, of the vested interest in the participant's account in a lump sum payment or roll over his or her account balance into another qualified plan. Terminated participants who have account balances less than \$5,000 will receive an automatic distribution, as defined by the Plan Agreement. If subject to lifetime required minimum distribution requirements in accordance with the Plan's provisions, participants may receive distribution payments in installments. In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS").

In-service account withdrawals are also permitted for participants with 100% vested account balance upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½ are subject to ordinary personal income taxes and penalty. Additionally, withdrawals by terminated participants, prior to the attainment of age 59½, which are not rolled over into another qualified plan, are also subject to ordinary personal income taxes and penalty.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee deferral or fully vested employer matching contribution portions of their account (excluding any earnings allocated thereto) for specified financial needs, such as unreimbursed medical expenses, the purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Forfeited Accounts

Forfeited, non-vested amounts are to be applied to reduce employer contributions. As of December 31, 2023 and 2022, the forfeiture account balance was \$1,737 and \$1,770, respectively.

Administrative Expenses

A portion of administrative fees and audit fees are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in any unvested account balances.

See accompanying independent auditors' report.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan’s investments in mutual funds is determined by Fidelity using the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount that the mutual fund might reasonably expect to receive for the security upon a current sale.

Investment valuation in common/collective trust is described in Note 4.

Interest and dividend income from investments is recorded on the date received. The gain or loss on the value of the mutual funds from the cost basis is recognized as net investment gain or loss on the statement of changes in net assets available for Plan benefits.

Management fees and operating expenses for investments are charged to the participants and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction from the investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan agreement.

(2) Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan as of December 31, 2023.

(3) Summary of Investment Data Certified by the Plan Asset Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified by Fidelity, except for comparing such investment information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule.

The Plan's investments were held by Fidelity at December 31, 2023 and 2022, and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023.
- Interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023.
- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2023.

(4) Investments and Fair Value

Plan investments should generally be presented at their fair value at the reporting date. GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

See accompanying independent auditors' report.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued)

December 31, 2023 and 2022

(4) Investments and Fair Value (continued)

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value:

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Such investments are valued using a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment and are therefore not classified within the fair value hierarchy. The NAV is based on the value of the underlying assets held by the fund, less its liabilities.

This practical expedient is not used when it is deemed probable that the fund will sell the investment for an amount different than the reported NAV.

Investments in the Plan are measured and reported at fair value on a recurring basis. There have been no changes in the methodologies used during the year ended December 31, 2023. The following tables show the balances of these investments based on their GAAP designated levels:

(5) Risks and Uncertainties

The Plan is exposed to market, interest rate, and credit risk due to the various investment securities that may be selected by the participant in any combination. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

See accompanying independent auditors' report.

SUREFIRE, LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2023 and 2022

(6) Parties-in-Interest

The Plan's investments (interest-bearing cash, common/collective trusts and mutual funds) are managed by Fidelity Investments, which is an affiliate of the asset custodian and record-keeper, Fidelity Management Trust Company. The Plan also issues notes receivable to participants. Such transactions qualify as permitted party-in-interest transactions.

(7) Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan with CODA, submitted by Fidelity Management and Research Company. The IRS has determined and notified Fidelity Management and Research Company by a letter dated June 30, 2020 that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees; therefore, exempt from Federal income taxes. The Plan has been amended since the receipt of the above described IRS determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is included in the accompanying financial statements.

GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merit, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken.

(8) Subsequent Events

The Plan Administrator evaluated subsequent events through June 19, 2024, the date the financial statements were available to be issued.
