Investment Committee
Murphy Employee Profit Sharing
and 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Murphy Employee Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MURPHY EMPLOYEE PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 And 2022

1. Description Of The Plan

The following description of the Murphy Employee Profit Sharing and 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan was originally established in 1959 and amended at various dates thereafter, most recently in April 2022. The Plan is a defined contribution plan covering full-time salaried and hourly employees of Murphy Corporation and Subsidiaries (the Company) not covered by collective bargaining agreements. Fidelity Management Trust Company (Fidelity or the Trustee) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to participate in the Plan if they have attained at least 21 years of age and completed certain service requirements. Upon satisfying the eligibility requirements, employees are eligible to participate in the 401(k) provisions of the Plan in the month following their employment start date and eligible to participate in the profit sharing provision of the Plan the month following their one-year anniversary date. Employees must be actively employed on the last day of the Plan year to receive the 401(k) matching contribution.

The Plan provides for automatic enrollment within 30 days of meeting the eligibility requirements at a default deferral rate of 6%, unless otherwise elected.

Contributions

Participants may elect to have up to 75% (15% for highly compensated participants) of their compensation withheld by the Company and contributed to the Plan on their behalf (401(k) contribution), subject to certain Internal Revenue Service (IRS) limitations. The Plan also provides for catch-up contributions and rollover contributions, as defined in the Plan Document.

Company profit sharing and 401(k) matching contributions (collectively, Company contributions) to the Plan are determined annually at the discretion of the Company, not to exceed maximum amounts deductible for federal income tax purposes.

MURPHY EMPLOYEE PROFIT SHARING AND 401(k) PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions, Company contributions, participant forfeitures and investment earnings, and is charged with withdrawals and investment losses. Allocations of Company contributions, investment earnings and losses and participant forfeitures are based on participants' eligible earnings, as defined in the Plan Document. The benefit to which a participant is entitled is the value of the participant's vested account balance.

Investments

Participants direct the investment of their deferral contributions and Company contributions into various investment options offered by the Plan. The Plan presently offers various mutual fund investment options for participants.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to 50% of their vested account balance, not to exceed \$50,000. Participants can have up to two loans outstanding at a time. Loans are secured by the participant's account and bear interest at the prime rate fixed at the inception of the loan. Principal and interest is paid ratably through monthly payroll deductions over a five-year term (ten years for residence loans).

Vesting

Participants' elective contributions are fully vested immediately and subject to certain withdrawal provisions. Company contributions to a participant's account are subject to a vesting schedule of 20% after two years of service and increasing to 100% after six years of service. In addition, a participant becomes fully vested upon reaching normal retirement age (age 65), death or qualifying for disability retirement.

Payment Of Benefits

The vested portion of a participant's account is distributable upon death, disability, or normal retirement, in either a lump sum or periodic future installment payments. Distributions of participants' accounts after any other termination of service prior to normal retirement are limited by the Plan.

MURPHY EMPLOYEE PROFIT SHARING AND 401(k) PLAN

Notes To Financial Statements (*Continued*)

Forfeited Accounts

At December 31, 2023 and 2022, forfeited accounts totaled \$332,967 and \$344,406, respectively. The nonvested portion of a participant's benefit forfeited at termination of employment is used to reduce Company contributions or reduce expenses to the Plan after five years. Forfeitures allocated to participant accounts for the years ended December 31, 2023 and 2022 amounted to \$96,394 and \$55,398, respectively.

In-Service Distributions

Active participants who reach age 59-1/2 or experience a qualifying financial hardship may withdraw from the participants' deferral contribution account only. Hardship withdrawals will be approved only if they conform to the Plan provisions and established IRS safe harbors.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Investment Income Recognition

Mutual funds at December 31, 2023 and 2022 are stated at fair value based on current net asset values as determined by mutual fund market quotations, published daily.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from sales of investment funds/securities are determined based upon historical costs. Unrealized appreciation or depreciation represents the difference between aggregate fair value of investments at year end and their fair values at the beginning of the year, or at the date of purchase, if acquired during the year.

Notes To Financial Statements (*Continued*)

Investment management fees and operating expenses related to investments in mutual funds are deducted from income earned on a daily basis and are thus not separately stated, but reflected as a reduction of investment returns for such investments.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Notes Receivable From Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Administrative Expenses

Administrative expenses of the Plan are either paid using nonvested forfeited accounts or by the Company. Expenses for participant initiated transactions are paid by the Plan. Significant expenses of the Plan are paid by the Company.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2023 and 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan utilizes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes To Financial Statements (*Continued*)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 65,147,253	\$ —	\$ —	\$ 65,147,253
Total assets at fair value	\$ 65,147,253	\$ —	\$ —	\$ 65,147,253

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 56,272,903	\$ —	\$ —	\$ 56,272,903
Total assets at fair value	\$ 56,272,903	\$ —	\$ —	\$ 56,272,903

There have been no changes in the valuation methodology used at December 31, 2023 or 2022.

5. Exempt Party In Interest Transactions

Certain Plan investments are shares of various mutual funds managed by Fidelity Investments, an affiliate of the Trustee. In addition, certain participants have outstanding notes receivable with the Plan as of December 31, 2023 and 2022. These transactions qualify as exempt party in interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company may at any time discontinue its contributions and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Income Tax Status

The Plan adopted a standard prototype plan with Fidelity. The prototype plan sponsor has obtained an opinion letter dated June 30, 2020 in which the IRS stated that the restated prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since the date of the opinion letter; however, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
