Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our

opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of 31 December 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the Air Products and Chemicals, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions. Capitalized terms used herein but not defined herein have the meanings set forth in the Plan.

(a) General

The Plan is a defined-contribution plan sponsored by Air Products and Chemicals, Inc. (the "Company") covering certain full-time and part-time salaried and hourly employees of the Company and designated subsidiaries. The Plan permits participation by employees whose terms and conditions of employment are covered by the terms of a collective bargaining agreement provided such collective bargaining agreement provides for Plan participation. Participants of the Plan are entitled to make before-tax contributions and Roth 401(k) contributions as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code ("IRC") after having completed at least 30 days of service. Company matching contributions are made under IRC Section 401(m). The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

(b) Administration

The Board of Directors of the Company (the "Board") has delegated oversight for the design and administration of the Plan to its Management Development and Compensation Committee and oversight for the funding and management of assets of the Plan to its Audit and Finance Committee. The Board has delegated authority to the Chairman, President and Chief Executive Officer (the "Chairman") to take such actions as necessary to provide employee pension, retirement savings, or welfare benefits, in accordance with its delegation with respect to the Company's pension, retirement savings, and welfare benefit plans. The Chairman has delegated some of this authority to the Senior Vice President and Chief Human Resources Officer, who has established a Benefits Committee to have fiduciary responsibility for appeals of the denial of benefits in an ERISA plan. The "Plan Administrator" means the Senior Vice President and Chief Human Resources Officer, or such other person he or she shall appoint to fill such role. The Audit and Finance Committee appointed the Pension Investment Committee to supervise, monitor and review the investment performance of the Plan's assets. Fidelity Management Trust ("Fidelity") is the trustee of the Plan. The Pension Investment Committee has appointed Willis Towers Watson to serve as the Plan's investment consultant under the ERISA definition of a 3(21) investment advisor. The Pension Investment Committee also appoints various external investment managers for the management of the Plan's assets.

(c) Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, Company contributions, and allocations of the Plan's earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on investment elections made by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

As of 31 December 2023 and 2022, and for the Year Ended 31 December 2023

(d) Contributions

Subject to certain IRC restrictions, participants may elect to contribute to the Plan on a before-tax 401(k) basis or after-tax Roth 401(k) basis from 3% to 50%, in whole percentages, of each participant's compensation, as defined in the Plan Document, through payroll deductions. The before-tax basis allows a participant to defer recognition of income for federal income tax purposes.

Participants who are at least age 50 before the close of the calendar year may make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v).

The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

The Company will match certain contributions to the Plan made by participants. The matching contribution calculation will depend on whether or not the participant receives Company core contributions under the Plan and in accordance with IRC Section 401(a). To be eligible for Company core contributions, a participant must be (1) a salaried employee hired or rehired after 31 October 2004, (2) an hourly employee who transferred to a salaried status after 31 October 2004, (3) a nonunion hourly employee hired or rehired after 31 January 2011, (4) an employee who became a nonunion hourly employee after 31 January 2011 due to a change in employment status and is not earning credited service under the Pension Plan for Hourly Rated Employees of Air Products and Chemicals, Inc., (5) a salaried employee who made an irrevocable election to receive Company core contributions under the Plan instead of continuing to earn credited service under the Air Products and Chemicals, Inc. Pension Plan for Salaried Employees, or (6) an employee covered by the terms of a collective bargaining agreement whose terms provide for a Company core contribution after 31 October 2017.

Company core contributions are cash contributions made by the Company to eligible participants' accounts in accordance with the participants' investment direction election. As of 1 January 2022, the amount of Company core contribution is based on participants' service and base pay as follows:

- 5% of base pay if credited service is less than 10 years;
- 6% of base pay if credited service is between 10 and 19 years; or
- 7% of base pay if credited service is 20 years or more.

Eligible participants are not required to contribute to the Plan in order to receive the Company core contribution.

As of 1 January 2022, for participants who are eligible to receive a Company matching contribution, the Company will match 50% of the first 6% of a Participant's annual salary that is deferred to the Plan as before-tax contributions or Roth 401(k) contributions. Catch-up contributions are not eligible for Company matching contributions.

Company matching contributions are invested in the Company's common stock ("Company stock"). Company matching contributions may be transferred by the Plan's participants to any of the Plan's other investment options at any time. As such, Company stock is deemed participant directed.

Employee contributions and employer matching contributions are recorded when earned.

Notes to Financial Statements

As of 31 December 2023 and 2022, and for the Year Ended 31 December 2023

(In thousands, except for share data)

On an annual basis, the Company shall ensure that for participants who are employed by the Company on the last day of the Plan year, that the participant's Company matching contribution is equal to the maximum contribution the participant would receive under the Company matching formula for the calendar year based upon the participant's before-tax and Roth 401(k) contributions for the entire calendar year. The Company will make the appropriate additional Company matching contribution to the Plan as needed. The additional Company matching contributions to provide participants with their maximum amount were \$798 and \$782 for the Plan years 2023 and 2022, respectively, and are reflected on the statements of net assets available for benefits within "Employer contributions receivable."

(e) Contribution Percentage Changes

Contribution percentage changes are effective as soon as administratively possible after receipt of a request from a participant.

(f) Rollovers

A participant or any other employee who is entitled to make a rollover contribution to the Plan under the IRC may make a cash contribution to the Plan of all or a portion of any such rollover contribution amount.

(g) Vesting

Participants are immediately vested in 100% of their elected salary deferrals, rollover contributions, the Company's matching contributions, Company core contributions, and earnings thereon.

(h) Forfeitures

The Company can use forfeitures to reduce the costs of administering the Plan. There were \$69 of forfeitures used to reduce the costs of administering the Plan in 2023. There were \$207 and \$253 of unallocated forfeitures at 31 December 2023 and 2022, respectively.

(i) *Withdrawal Provisions*

Upon application, but no sooner than 12 months after any earlier withdrawal:

- (a) a participant may withdraw all or a portion of after-tax contributions, which have been in the Plan for at least two years;
- (b) after withdrawing all amounts described in subparagraph (a), a participant may withdraw any Company matching contributions, which have been in the Plan for at least two years;
- (c) after withdrawing all amounts described in subparagraphs (a) and (b), a participant may withdraw before-tax contributions, Roth 401(k) contributions, and then vested Company core contributions upon:
 - (i) attaining age 59½;
 - (ii) providing satisfactory evidence that the withdrawal is required on account of a “hardship.” Hardship withdrawals will be limited to situations in which a participant has an immediate and heavy financial need and a distribution from the Plan is necessary to meet that need. A participant is not required to take a plan loan from any plan maintained by the Company or an Affiliated Company, as defined by IRC section 414, in order to obtain a hardship distribution. A hardship withdrawal may be made without regard to whether any other withdrawal has occurred within the last 12 months. Hardship distribution provisions treat expenses and losses (including loss of income) incurred by a participant on account of a disaster as an immediate and heavy financial need. To qualify, the Federal Emergency Management Agency ("FEMA") must declare a disaster under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 100-707, and the participant’s principal residence or principal place of employment at the time of the disaster must be located in an area designated by FEMA for individual assistance with respect to the disaster;
 - (iii) a Qualified Reservist Distribution; or
 - (iv) a distribution pursuant to the Heroes Earnings Assistance and Relief Tax Act of 2008.

A participant, upon separation of employment, is entitled to receive all amounts credited to his or her account, including before-tax, Roth 401(k), after-tax, catch-up, Company matching contributions, and Company core contributions. This distribution will automatically occur on or about 60 days after the end of the month in which employment ends if the participant’s account balance is less than \$1. Participants may continue to repay any outstanding loan balances; any outstanding loan balance which is not repaid within 90 days will be treated as a taxable distribution. At the discretion of the Plan Administrator, loan balances may be transferred to a successor employer for participants whose employment ends due to a divestiture of a business or segment of the Company. Participants may elect to rollover distributions directly into another qualified plan or an Individual Retirement Account.

The distribution of a participant's account balance may be deferred until the earlier of age 73 or death. The entire balance of the participant's account is required to be distributed within 10 years following a participant's death, regardless of whether the participant dies before, on, or after the age for required minimum distribution.

(j) *Notes Receivable from Participants*

The Plan may make a loan or loans to any participant upon electronic request through Fidelity. Loans may be made in an amount that, when added to the outstanding balance of any other loan, will not exceed the lesser of \$50 or one half of the present value of the participant's vested account balance. Participant loans are valued at the sum of the unpaid principal balance, plus accrued and unpaid interest. The loan must be adequately secured, bear a reasonable interest rate, and be repaid within a maximum of five years, unless such loan is for a principal residence, in which case the loan is to be repaid within a maximum of 25 years. The interest rate charged on outstanding participant loans during the Plan year ended 31 December 2023, ranged from 4.25% to 10.50%, with maturities through 2048.

Loan principal and interest repayments are credited directly to the borrowing participant's plan account and invested in accordance with the participant's then-current investment directions.

Plan participant loans may be directly rolled over to a qualified plan of a subsequent employer of the participant pursuant to an agreement between the Company and the subsequent employer at the discretion of the Plan Administrator. In addition, loan participants may repay an amount toward the outstanding loan balance at any time in accordance with the procedures established by the Plan Administrator.

(k) *Investment Directions*

Participant investment fund elections can be made in increments of 1% provided the percentages total 100%. Designated default funds for the Plan are the State Street Global Advisor Target Retirement Date Funds. Company matching contributions are invested in Company stock, which may be transferred by the Plan's participants to any other investment option at any time, provided they are not in violation of frequent trading rules as defined in the Summary Plan Description. Participants can elect to have their contributions to the Plan and Company core contributions invested in mutual funds, Company stock, commingled funds, separately managed account, and a fixed income securities fund offered by the Plan. Participants may also direct their investments through a trustee sponsored brokerage account ("Fidelity BrokerageLink"), which offers the option to invest in a range of Fidelity and non-Fidelity mutual funds. Interest-bearing cash held in the Fidelity BrokerageLink account is presented separately on the statements of net assets available for benefits.

Participant changes to investment elections can apply to future contributions, accumulated savings, or both. Participant investment election changes completed by 4:00 p.m. (Eastern Time) are effective the same New York Stock Exchange ("NYSE") business day and are reflected in the participant's account the next NYSE business day.

Participants may not redirect accumulated savings directly from the fixed income securities fund to Fidelity BrokerageLink.

(In thousands, except for share data)

(1) *Secure 2.0 Act of 2022*

On 29 December 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was signed into law. SECURE 2.0 includes provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. The Plan is continuing to evaluate the impact of SECURE 2.0 on its operations and financial statements but does not expect a significant impact at this time.

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Accounting*

The financial statements and accompanying footnotes were prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Company has elected to file these financial statements with the Securities and Exchange Commission prepared in conformity with guidelines issued under ERISA, as amended.

(b) *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value, except for fully benefit-responsive contracts which are carried at contract value (see Note 4, *Fixed Income Securities Fund*, for additional information). Quoted market prices are used to value investments.

Purchases and sales are recorded on a trade-date basis. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation on the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) *Risks and Uncertainties*

Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Market volatility risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and could materially impact participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is dependent upon the investment allocations selected by the Plan's participants. At 31 December 2023 and 2022, 19% and 24%, respectively, of the Plan's net assets available for benefits were invested in the Company stock. The underlying value of the Company's stock is impacted by the performance of the Company, the market's evaluation of such performance, and other factors.

(e) *Payment of Benefits*

Benefits are recorded when paid. Amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not yet been paid, were \$688 at 31 December 2023. There was \$369 allocated to accounts of participants who elected to withdraw from the Plan, but that had not yet been paid at 31 December 2022.

(3) *Fair Value Measurements*

Fair value is defined as an exit price, or the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

- *Level 1* – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2* – Inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the asset or liability.
- *Level 3* – Inputs that are unobservable for the asset or liability based on the Company's own assumptions about the assumptions market participants would use in pricing the asset or liability.

If the inputs used to measure the financial assets and liabilities fall within more than one level described above, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Within the Plan, investments are recorded at fair value as follows:

Interest-bearing Cash

The carrying amounts of cash and cash equivalents approximate fair value due to short-term maturity.

Mutual Funds

Shares of mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds are deemed to be actively traded and are classified as Level 1 assets.

Commingled Funds

Commingled funds are valued at NAV, determined by each fund's trustee based on the fair value of the underlying securities within the funds, which are traded on active markets. The commingled funds are not subject to redemption restrictions and are presented as a Level 1 asset.

Company Stock

Company stock is valued based on the number of shares held by the Plan at period-end multiplied by the closing price of the Company's stock on the NYSE and, therefore, presented as a Level 1 asset.

Separately Managed Account

The separately managed account consists of a portfolio of individual securities (equity securities) managed on the participant's behalf. The Plan directly owns the individual equity securities. The individual assets of the fund are held in the name of the Plan and are considered separately as individual investments for accounting, auditing and financial statement reporting purposes. The portfolio of individual equity securities are valued based on the closing price reported on the active market on which the individual securities are traded and are presented as Level 1 assets.

Fixed Income Securities Fund

The fixed income securities fund invests in fully-benefit responsive investment contracts that are held at contract value. See Note 4, *Fixed Income Securities Fund*, for additional information on the fund.

Investments measured at fair value at 31 December 2023 and 2022 are summarized below:

(4) Fixed Income Securities Fund

Contributions made to the fixed income securities fund (the "Fund") can be invested in varying allocations of traditional investment contracts with insurance companies and other financial institutions, and short to intermediate-term fixed income securities or portfolios that are "wrapped" by third-party financial institutions that guarantee principal and a predetermined interest rate yield. The contract issuers of the traditional investment contracts and the wrap providers are highly rated financial institutions. The contracts held in the Fund are currently synthetic and deemed fully benefit-responsive as they provide that the Plan's participants may make withdrawals at contract value. As described in Note 2, *Summary of Significant Accounting Policies*, contract value is the relevant measurement attributable for the contracts held in the Fund because the contracts are deemed fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

No valuation reserves were recorded against the contract value for credit risk of the contract issuers or otherwise for the Fund at 31 December 2023 and 2022.

Key factors that could influence future average interest crediting rates include, but are not limited to the following: the Fund's cash flows, changes in interest rates, total return performance of the bond strategies underlying each of the Fund's contracts, and default or credit failures of any of the securities, investment contracts, or other investments held in the Fund.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events, although considered unlikely and not probable, such as a change in administration or operation of the Plan or the Fund, group terminations, layoffs, or exclusion of group eligibility in the Plan, may limit the ability of participants to access their investments at contract value. The contract issuers may terminate the contracts in the unlikely event of a default by the Plan.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company, by letter dated 16 February 2017, that the Plan is designed in accordance with applicable sections of the IRC. The determination letter covered Plan amendments adopted through 14 December 2015. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified as tax-exempt.

(6) Expenses of the Plan

The Plan has paid all reasonable third-party fees and expenses for administration of the Plan, including (but not limited to) trustee fees, record-keeping fees, investment consulting fees, proxy voting fees, and communication expenses. Such expenses may be assessed to participant accounts as a quarterly administrative charge. Expenses incident to the management of the Plan's investments are deducted from the earnings of the respective investments.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Related-Party Transactions

The Plan holds Company stock, representing qualifying equity securities as defined by ERISA. The Plan held Company stock valued at \$502,296 and \$576,982 at 31 December 2023 and 2022, representing 19% and 24% of net assets available for benefits, respectively. At 31 December 2023 and 2022, the Plan held 1,834,399 and 1,871,659 shares with a cost basis of \$251,180 and \$233,993, respectively, of Company stock.
