INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
California Machinists 401(k) Plan:

Report on the Financial Statements

Opinion

We have audited the financial statements of California Machinists 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, California Machinists 401(k) Plan's net assets available for benefits as of September 30, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of California Machinists 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Machinists 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of California Machinists 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about California Machinists 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of California Machinists 401(k) Plan (the “Plan”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation, Transactions and Income Recognition

General

Investments are carried at fair value, which is determined, presented and disclosed in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods

In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below.

Mutual Funds, Including a Money Market Mutual Fund: The fair value of mutual funds is generally based on quoted market prices in active markets (Level 1). The money market mutual fund is valued at amortized cost, which approximates fair value. The fund seeks to provide current income while maintaining liquidity and a stable share price of \$1 (Level 2).

Common/Collective Trust Fund: Great Gray Trust for MetLife Group Annuity Contract No. 25554 (the "Great Gray Trust") is a common/collective trust that invests in fully benefit-responsive investment contracts. The fair value of the Great Gray Trust has been estimated using the net asset value of the investments as a practical expedient to estimate fair value. The Great Gray Trust invests in Metropolitan Life Insurance Company fully benefit-responsive insurance contracts. This investment is a direct filing entity with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 60-day redemption notice to liquidate its entire share in the Great Gray Trust. The Plan will receive the lesser of the guaranteed value or the market value when terminating this investment as an option in the Plan. There were no unfunded commitments related to this investment at September 30, 2023 and 2022.

Valuation Methods, Consistency

The valuation techniques used in the accompanying financial statements have been consistently applied. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of September 30, 2023 and 2022.

Contributions Receivable

Contributions due but not paid at year-end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Benefit Payments

Benefits are recorded when paid. As of September 30, 2023 and 2022, there were no participants who had elected to withdraw from the Plan but had not yet received payment.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in shares of mutual funds, a common/collective trust, and a money market fund. Such investments are exposed to various risks, such as interest rate, market price volatility and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. DESCRIPTION OF THE PLAN

The following description of California Machinists 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more complete information.

The Plan was established on October 1, 1996. It is a defined contribution plan maintained under collective bargaining agreements between Independent Garage Owners and Machinists District Lodge 190. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The purpose of the Plan is to provide retirement and other related benefits for participants and beneficiaries.

Anyone who is covered by the collective bargaining agreements is eligible to participate in the Plan. Pursuant to the collective bargaining agreements, a participant may elect to enter into a written wage reduction agreement with his or her employer. The wage reduction agreement shall provide that the participant agrees to accept a reduction in wages or salary from their employer. The total compensation deferral may not exceed the limitations prescribed by law. In accordance with such wage reduction agreement, the employer shall make monthly employee contributions to the employee's account on behalf of the participant for each such month in an amount equal to the total amount by which the participant's compensation from the employer was reduced during the month pursuant to the wage reduction agreement.

Each participant's account is credited with contributions and account earnings. Effective January 1, 2021, the participants' accounts were charged a monthly fee of \$1.50. Effective January 1, 2022, the Board approved a fee holiday to waive the participants' monthly fee of \$1.50, which was extended through September 30, 2024.

Employers may make a contribution on behalf of the participant; the rate is set forth in the collective bargaining agreements. Employer contributions, including liquidated damage payments, for the years ended September 30, 2023 and 2022 totaled \$3,805,561 and \$4,031,493, respectively.

The Board of Trustees may also deduct annual charges from the participant accounts to the extent necessary to meet administrative expenses of running the Plan. The Lifestyle Model Allocation Fund also receives an annual asset charge, which is described in detail in the prospectus. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

California Machinists 401(k) Plan
Notes to Financial Statements
September 30, 2023 and 2022

Participants are fully vested in their accounts as of the first day on which they participate in the Plan. Contributions to the Plan are invested, as directed by the participant, in various investment options. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance of the mutual funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf. Each participant's account is credited with the participant's contributions, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant's account is reduced by withdrawals, losses on investments, and expenses of the Plan.

The Plan contains a hardship loan program that allows participants to borrow against their account balances to satisfy an immediate and heavy financial need, as outlined in the Summary Plan Description. The maximum loan amount is the lesser of 50% of the participant's vested account balances or \$50,000, reduced by the excess of the participant's highest Plan loan balance during the 12-month period ending on the date of the current loan. The loan must bear a reasonable interest rate and should be repaid at least monthly in installments over no more than five years, except for the purpose of acquiring a primary home residence, in which case the term of the loan may be as long as 15 years. As of September 30, 2023 and 2022, the interest rate on loans is 4.25%–9.50% per annum.

Investment Options

Participants may change their investment options at any time. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Investment performance by the investment portfolio selected by the participants may cause their vested balances to be lower than the amounts contributed on their behalf to the Plan.

Payment of Benefits

Distribution of an account may be made to a designated beneficiary in the event of the participant's death prior to retirement. Participants of the Plan may elect distribution of their account in the form of partial distribution, equal installments, or a lump-sum payment. Participants are also allowed to take hardship distributions from pre-tax elective deferrals if participants experience an immediate and heavy financial need, and no other financial resources are available to meet this need subject to the Plan rules outlined in the Summary Plan Description.

3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated.

4. TAX STATUS

The Plan obtained its latest determination letter, dated June 9, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Internal Revenue Code Sections 410(b) and 401(a)(4). The Plan has been amended since receiving the determination letter; however, the Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

California Machinists 401(k) Plan
Notes to Financial Statements
September 30, 2023 and 2022

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at September 30, 2023 and 2022 are as follows:

Description	September 30, 2023	Fair Value Measurements at Reporting Date Using	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Assets in the fair value hierarchy			
Mutual funds	\$ 109,138,673	\$ 106,440,284	\$ 2,698,389

6. CASH CONCENTRATION

The Plan places its cash with financial institutions. The balances are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per institution. Cash balances regularly exceeded the insured deposit limits. Cash at September 30, 2023 and 2022 consisted of the following:

<u>Depository</u>	<u>2023</u>	<u>2022</u>
Comerica Bank	\$ 515,331	\$ 423,059

Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's financial condition, results of operations, and cash flows.

7. REDUCTION OF ADMINISTRATION FEES

Certain expenses for administration and bookkeeping services are reduced or completely subsidized by funds received directly by one of the Plan's service providers from various mutual fund companies ("Sub-TA fees"). These Sub-TA fees are initially paid to the Plan's record keeper under its contract with the mutual fund companies. During the years ended September 30, 2023 and 2022, expenses for administration and bookkeeping services were offset by \$212,845 and \$226,574, respectively. If these Sub-TA fees were discontinued, or if modifications were made to the agreement between the Plan and the respective service provider, the expense reduction of certain administration and bookkeeping expenses would cease, which may result in possible increases in administration expenses.

8. LATE PARTICIPANT CONTRIBUTIONS

During the years ended September 30, 2023 and 2022, the Plan's administrator identified certain employers who did not appear to have transmitted participant salary deferrals within the timeframe provided under the regulations established by the Department of Labor totaling \$205,007 and \$113,898, respectively. For the late deferrals during the year ended September 30, 2023, the Plan's administrator has made interest payments totaling \$1,762 to affected participants' accounts to compensate lost investment earnings in May 2024. For the late deferrals during the year ended September 30, 2022, the Plan's administrator has made interest payments totaling \$4,833 to affected participants' accounts to compensate lost investment earnings in May 2023 and June 2023. As required by ERISA, these transactions have been reported on the 2023 and 2022 Form 5500 Schedule H, Line 4a.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no differences in the net assets available for benefits between the financial statements and the Form 5500 as of, and for the year ended September 30, 2023. The following is a reconciliation of total additions per the financial statements to the Form 5500 for the year ended September 30, 2023:

Total additions per the financial statements	\$ 22,587,939
Less: Sub-TA recoveries from the record keeper	(212,845)
Total additions per the Form 5500	<u>\$ 22,375,094</u>

SUPPLEMENTARY INFORMATION

REPORT ON SUPPLEMENTAL SCHEDULES

INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
California Machinists 401(k) Plan:

We have audited the financial statements of California Machinists 401(k) Plan (the "Plan") as of and for the years ended September 30, 2023 and 2022, and have issued our report thereon dated June 26, 2024, which contained an unmodified opinion on those financial statements. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules, Form 5500, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, and Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2023, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
