INDEPENDENT AUDITORS' REPORT

To the Trustees
Outagamie Co-op Services, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Outagamie Co-op Services, Inc. Retirement Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Outagamie Co-op Services, Inc. Retirement Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Outagamie Co-op Services, Inc. Retirement Savings Plan, ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through May 29, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Outagamie Co-op Services, Inc. is the plan sponsor/employer and the plan administrator. Retirement Strategies LLC is the third party administrator and performs various compliance tests as tax counsel. Transamerica Life Insurance Company Inc. ("Transamerica") is the investment agent that maintains investment and participant records and is the custodian of plan assets. Investment Designers, Inc. is the plan's investment advisor. Two employees of the plan sponsor are the plan trustees.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information.

At the end of each business day, the investment agent determines the fair value of the investments and allocates the fair value to the participants. The net appreciation (depreciation) of the investments bought, sold and held during the years is reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Separate accounts - The separate accounts are direct filing entities valued at the net asset value ("NAV") as provided by Transamerica. The NAV is generally based on the fair value of the underlying investments held by the separate account less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than the reported NAV.

Outagamie Co-op Services, Inc. Retirement Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)				3,899,480
Total investments at fair value				\$3,899,480

Investments at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)				3,290,096
Total investments at fair value				\$3,290,096

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Separate accounts	\$3,899,480	n/a	Daily	n/a

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Separate accounts	\$3,290,096	n/a	Daily	n/a

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 1991 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed one year of service (defined as 1,000 hours of service in a plan year) and have reached age 21. An employee can enter the plan on January 1st or July 1st after meeting the eligibility requirements.

Outagamie Co-op Services, Inc. Retirement Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). New employees are automatically enrolled in the plan and have 3% of compensation withheld as deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans. There were no rollover contributions in 2023 or 2022.
- c. Employer safe harbor matching contributions are made equal to 100% of the first 3% of compensation that a participant contributes to the plan and 50% of the next 2% of compensation that a participant contributes to the plan. Such contributions are made coinciding with each payroll.
- d. Employer matching contributions may be made at the employer's discretion. No such contributions were made in 2023 and 2022.
- e. Employer profit sharing contributions may be made at the employer's discretion on an annual basis. Profit sharing contributions are allocated to each participant's account in proportion to his or her compensation as a percentage of the compensation of all eligible participants for the year which the contribution relates. In order to share in the profit sharing allocation, the participant must work at least 1,000 hours of service during the plan year and be employed on the last day of the plan year. These requirements are waived upon death, disability or attainment of qualified retirement age during the year to which the contribution relates.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, employer safe harbor matching contributions and related earnings. Participants begin vesting in employer matching and profit sharing contributions and related earnings upon two full years of service, at which time they are 20% vested. Participants then vest at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefit payments are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of qualified retirement age. Distributions may be in the form of a single lump sum or installment payments. In-service withdrawals can commence upon attaining the age of 59 1/2. Hardship withdrawals are not allowed by the plan.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for service and administrative fees. Nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeited nonvested accounts can be used to reduce employer contributions. There were \$2,000 and \$18,000 of forfeitures used to reduce employer contributions in 2023 and 2022. Unapplied forfeitures were \$1,000 and \$2,000 as of December 31, 2023 and 2022.

Notes receivable from participants - Loans to participants are not permitted under the plan.

Outagamie Co-op Services, Inc. Retirement Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

3. PARTY-IN-INTEREST TRANSACTIONS

The plan investments are managed by Transamerica. Transamerica is the investment agent as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid to Transamerica by the plan, included as a component of administrative expenses in the accompanying financial statements, were \$7,000 in 2023 and 2022. Transamerica also provides certain administrative services to the plan pursuant to a services agreement between the plan sponsor and Transamerica. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts that would otherwise be owed by the plan to Transamerica for its administrative services to the plan. If the revenue received by Transamerica from such service providers exceeds the amount owed under the services agreement, Transamerica remits the excess, in the form of service credits, to the plan on an annual basis. Such service credits are allocated to the accounts of the participants. No such service credits were received by the plan in 2023 and 2022.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer matching and profit sharing contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted a Retirement Strategies LLC pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion on May 20, 2021, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.
