Independent Auditor's Report

To the Plan Administrator
Appareo Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Appareo Systems 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of January 18, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 through January 18, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Appareo Systems 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of January 18, 2023 and December 31, 2022, and for the period from January 1, 2023 through January 18, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Appareo Systems 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Emphasis of Matter - Plan Discontinuance

As discussed in Note 8 to the financial statements, the Appareo Systems 401(k) Plan was merged with the AGCO Corporation Savings Plan. All assets and liabilities of the Appareo Systems 401(k) Plan were transferred to the AGCO Corporation Savings Plan on January 18, 2023.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Appareo Systems 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Appareo Systems 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Appareo Systems 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Appareo Systems 401(k) Plan

Notes to the Financial Statements

January 18, 2023 and January 1, 2023

1. Description of Plan

The following brief description of the Appareo Systems 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on February 1, 2008. Appareo Systems, LLC. (the "Company" and the "Employer") is the Plan Sponsor and Plan Administrator. The trustee of the Plan is Bell Bank.

Plan Discontinuance

Effective May 31, 2022, the Plan was frozen and no future contributions to the Plan were permitted. Also, no new participants were allowed to enter the Plan. Participants were permitted to make loan payments through December 31, 2022, and participants were allowed to participate in the AGCO Corporation Savings Plan, effective June 1, 2022.

Eligibility

Prior to May 31, 2022, employees who were not leased or non-resident aliens during the calendar year were eligible to participate in the Plan. Eligible employees could enter the Plan on their date of hire if eligibility requirements were met. All employees could receive safe harbor matching and discretionary matching contributions immediately.

Contributions

Prior to May 31, 2022, participants were able to contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions were subject to certain Internal Revenue Code (IRC) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Plan allowed participants to designate contributions as Roth 401(k) contributions. Participants could also contribute amounts representing distributions from other qualified plans (rollover). The Company contributed a safe harbor matching contribution of 100% of the first 3% of base compensation that a participant contributes to the Plan, plus 50% of salary deferrals up to the next 2% of Plan compensation. Additional amounts could be contributed at the discretion of the Company. No such additional discretionary contributions were made for the period from January 1, 2023 through January 18, 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan's matching contribution and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are always 100% vested in their employee deferrals, rollover contributions, and employer safe harbor matching contributions. A participant is vested after six years of credit service in discretionary contributions. Effective May 31, 2022, all participants were 100% vested in their account balances.

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future Employer contributions to the Plan or pay plan expenses. There were no forfeited amounts used to reduce Employer contributions or pay plan expenses during the period from January 1, 2023 through January 18, 2023. At January 18, 2023 and December 31, 2022, there were no forfeited nonvested amounts in the Plan.

Notes to the Financial Statements

January 18, 2023 and January 1, 2023

1. Description of Plan (Continued)

Notes Receivable From Participants

Prior to May 31, 2022, participants were able borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note will be payable within a reasonable time equal to repayment periods permitted by similar commercial lender. A participant may have no more than one outstanding note at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest, partial payment, or annual installments as defined in the Plan Document upon retirement, termination, death, or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination, upon attainment of age 59½, or hardship as defined in the Plan Document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the period, as well as unrealized gains and losses on investments held during the period, are presented in the net appreciation in fair value of investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of January 18, 2023 and December 31, 2022.

Payment of Benefits

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 18, 2023 and December 31, 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commissions. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Funds – Shares of interest in the collective trust are valued at fair value as reported by the investment manager at year-end, using net asset value (NAV) as a practical expedient. The NAV is based on the fair value of the underlying securities, minus liabilities, and then divided by the number of units held by the Plan at year-end. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Appareo Systems 401(k) Plan

Notes to the Financial Statements

January 18, 2023 and January 1, 2023

2. Summary of Significant Accounting Policies (Continued)

Recently Issued Regulations

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reform that began with the 2020 CARES act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Due to the Plan's merger into the AGCO Corporation Savings Plan in January 2023, the provisions in SECURE 2.0 will not be adopted and will have no effect on the Plan.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through February 1, 2024, the date which the financial statements were available to be issued.

3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bell Bank, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of January 18, 2023 and December 31, 2022.
- Net appreciation in fair value, interest and dividends, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period from January 1, 2023 through January 18, 2023.

At the direction of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Fair Value Measurements

The following table provides information on those assets that are measured at fair value on a recurring basis:

December 31, 2022	Fair Value Measurement Using			
		Level 1	Level 2	Level 3
Mutual funds	\$ 9,221,667	\$ 9,221,667	\$ -	\$ -

Appareo Systems 401(k) Plan

Notes to the Financial Statements

January 18, 2023 and January 1, 2023

5. Tax Status

The Plan uses a pre-approved plan document sponsored by Newport Group, Inc., which received an advisory letter from the Internal Revenue Service (IRS), dated November 30, 2020, stating that the volume submitter profit sharing plan document satisfies the applicable provisions of the IRC. The Plan itself has not received an advisory letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain Plan investments are units of common collective funds managed by Bell Bank, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Transfer of All Assets of the Plan

Effective January 18, 2023, the Plan merged into the AGCO Corporation Savings Plan. As a result of the merger, the assets and liabilities of the Plan were transferred into the AGCO Corporation Savings Plan.
