Plan Administrator and Plan Participants
Cameron Manufacturing and Design, Inc.
Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2023 and 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended – September 30, 2023 and assets held for investment purposes at end of year – September 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAMERON MANUFACTURING AND DESIGN, INC.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2023 AND 2022

NOTE A: DESCRIPTION OF THE PLAN

The following description of Cameron Manufacturing and Design, Inc. Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Cameron Manufacturing and Design, Inc. (the Company). For the year ended September 30, 2022, an employee becomes a participant in the Plan when they have completed one year of service and attained age 21. As of October 1, 2022, the plan was amended to allow participation after completing one year of service and attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Individuals electing to participate in the Plan may contribute a percentage of their eligible compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions are subject to certain limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The pre-tax contribution of an employee who is contributing less than 10% of eligible compensation, will automatically increase annually by 1% increments up to a maximum of 10% of eligible compensation, provided the employee has not elected to opt-out of the automatic increase feature.

For the plan years ended September 30, 2023 and 2022, the Company made a non-discretionary safe harbor matching contribution equal to 100% of the participant's salary deferral not to exceed 3% of the participant's compensation plus 50% of the participant's salary deferral to the extent such salary deferrals exceed 3% but do not exceed 5% of the participant's compensation. The safe harbor match made was immediately 100% vested. The safe harbor match contributions were made directly to the Cameron Manufacturing & Design, Inc. Employee Stock Ownership Plan, which amounted to \$393,377 and \$378,888 for the plan years ended September 30, 2023 and 2022, respectively.

Diversification and transfers

Under the Cameron Manufacturing & Design, Inc. Employee Stock Ownership Plan document, participants meeting certain age and service requirements may elect to diversify the eligible portion of the Company stock held in their account. The funds elected to be diversified are transferred to the Plan and invested into funds as chosen by the participant. During 2023 and 2022, participants transferred \$219,236 and \$34,467, respectively, to the Plan.

Participant accounts

Participant contributions are deposited in the individual trust accounts according to the participant's specifications. The participant may direct investment of their funds among various investment options provided by the Plan.

SEPTEMBER 30, 2023 AND 2022

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer contributions occurs after a total of six years of service.

Forfeitures

Forfeitures of the non-vested account balances of terminated employees may be used to pay administrative expenses or to reduce Company contributions. Any remaining forfeitures are reallocated to the remaining participants.

Participant notes receivable

Participants may borrow an amount which does not exceed the lesser of \$50,000 or 50% of the vested portion of a participant's account. The loans are secured by the balance in the participant's account and currently bear interest ranging from 6.5% to 9.5% which are commensurate with local prevailing rates at the time the loan was taken as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum payment, a life annuity or installment payments. Upon termination of employment, participants may elect to receive a lump sum payment or rollover to an eligible account.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net investment gain (loss) is recorded based on the change in the fair value of the pooled separate accounts. Interest income is recorded on the accrual basis.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS, Cont'd

SEPTEMBER 30, 2023 AND 2022

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Plan expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in deductions presented in the accompanying statements of changes in net assets available for benefits.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through July 10, 2024, which is the date the financial statements are available to be issued. No events requiring disclosure were noted.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">- Quoted prices for similar assets or liabilities in active markets;- Quoted prices for identical or similar assets or liabilities in inactive markets;- Inputs other than quoted prices that are observable for the asset or liability;- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

CAMERON MANUFACTURING AND DESIGN, INC.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, Cont'd

SEPTEMBER 30, 2023 AND 2022

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Guaranteed interest accounts: Valued based on the value that will be paid when the funds are withdrawn prior to their maturing and reflects a surrender charge.

Pooled separate accounts: Unit value calculated based on the net asset value of the underlying investments or pool of securities.

The Guaranteed interest accounts provide a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. All rates credited during the 12-month 'deposit year' are averaged into a single composite rate which is the same as the plan year. The Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the Guaranteed interest accounts are considered non-benefit responsive.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, when the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023 and 2022:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended September 30, 2023 and 2022:

	<u>Guaranteed interest accounts</u>
Balance at October 1, 2021	\$ 854,336
Purchases	129,092
Sales	(20,126)
Interest	8,031
Administration expense	(1,009)
Net depreciation	<u>(59,332)</u>
Balance at September 30, 2022	<u>\$ 910,992</u>
Purchases	367,559
Sales	(382,423)
Interest	18,568
Administration expense	(910)
Net appreciation	<u>24,807</u>
Balance at September 30, 2023	<u>\$ 938,593</u>

The Plan's policy is to recognize transfers into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended September 30, 2023, there was \$112,780 transferred to level 3 investments included in purchases above and \$24,651 transferred from level 3 investments included in the sales above. For the year ended September 30, 2022, there was \$37,678 transferred to and no transfers from level 3 investments included in purchases and sales above.

The amount of appreciation (depreciation) for the periods included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to assets still held at September 30, 2023 and 2022 is \$24,807 and (\$59,332), respectively.

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

SEPTEMBER 30, 2023 AND 2022

NOTE D: TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor on June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of September 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to September 30, 2020.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the separate accounts of all participants affected shall become fully vested and nonforfeitable as of the date of termination.

NOTE F: CERTIFIED INVESTMENTS (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at September 30, 2023 and 2022, interest income and appreciation (depreciation) in fair value of investments for the years ended September 30, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, the trustee of the Plan.

SEPTEMBER 30, 2023 AND 2022

NOTE G: TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan invests in shares of pooled separate accounts managed by an affiliate of Principal Life Insurance Company (PLIC). PLIC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Additionally, as described in Note B, the plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE I: PROHIBITED TRANSACTIONS – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended September 30, 2023, the Company failed to deposit \$3,147 of participant deferrals, within the required time frame as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Plan management has corrected these non-exempt transactions outside of the Voluntary Fiduciary Correction Program.
